RISKS IN RELATION TO THE FIRST ISSUE	
This being the first issue of Equity Shares of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares is ₹ 10 each and the Issue Price is 8.00 times the face value of the Equity Shares of our Company. The Issue Price should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed on the SME Platform of BSE. No assurance can be given regarding an active and/or sustained trading in the Equity Shares of our Company or regarding the price at which the Equity Shares will be traded after listing.	
GENERAL RISKS	
Investment in equity and equity related securities involves a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares offered in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”) nor does SEBI guarantee the accuracy or adequacy of this Prospectus. Specific attention of the investors is invited to the section titled “Risk Factors” beginning on page 22 of this Prospectus.	
ISSUER’S ABSOLUTE RESPONSIBILITY	
Our Company having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and the Issue, which is material in the context of this Issue; that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect; that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.	
LISTING	
The Equity Shares offered through this Prospectus are proposed to be listed on the SME platform of BSE. In terms of the Chapter IX of the SEBI ICDR Regulations, as amended from time to time, our Company has received ‘in-principle’ approval from BSE vide its letter dated November 19, 2018 for using its name in this offer document for listing of our Equity Shares on the SME platform of BSE. CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION, INDUSTRY AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

All references to “India” contained in this Prospectus are to the “Republic of India”.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

Financial Data

Unless the context requires otherwise, the financial data in this Prospectus is derived from our Restated Financial Information. Our Restated Financial Information has been prepared in accordance with the Companies Act, 2013 and Indian GAAP and restated in accordance with the SEBI ICDR Regulations as amended.

In this Prospectus, any discrepancies in any table between the total and the sum of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal place and all percentage figures have been rounded off to two decimal places and accordingly there may be consequential changes in this Prospectus.

Our Company’s Financial Year commences on April 1 and ends on March 31 of the following year accordingly, all references to a particular financial year, are to the 12 month period ended on March 31 of that year. Unless the context otherwise requires, all references to a year in this Prospectus are to a calendar year and references to a Financial Year are to March 31 of that calendar year.

The Restated Financial Information as of and for the Financial Years ended March 31, 2018, 2017, 2016 and as at six months ended on September 30, 2018 are included in this Prospectus.

There are significant differences between Indian GAAP and accounting principles and auditing standards with which prospective investors may be familiar in other countries, including IFRS and U.S. GAAP. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the Restated Financial Information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. Our Company does not provide a reconciliation of its financial statements to IFRS or U.S. GAAP financial statements.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 22,106 and 204 of this Prospectus, respectively, and elsewhere in this Prospectus, unless otherwise stated or context requires otherwise, have been calculated on the basis of our Restated Financial Information.

Currency and units of presentation

All references to:

- “₹” or “Rupees” or “Rs.” or “INR” are to Indian Rupees, the official currency of the Republic of India.
- “US\$” or “USD” are to United States Dollars, the official currency of the United States of America.

Our Company has presented certain numerical information in this Prospectus in “Lakh” units. The words “Lakh” or “lac” mean “1,00,000”.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Prospectus has been obtained or derived from the report titled “*Strong demand outlook for renewable energy aided by policy support and improving cost competitiveness; however, regulatory challenges persist*” July 2017 by ICRA Limited and publicly available information as well as other industry publications and sources. The Report has been prepared at the request of our Company.

Industry publications generally state that information contained in those publications has been obtained from sources believed to be reliable but their accuracy, timeliness and completeness are not guaranteed and their reliability cannot be assured. Accordingly, no investment decision should be made on the basis of such information. The industry data used in this Prospectus has not been independently verified by the LM or our Company, or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “***Risk Factors - We have referred to the data derived from industry report commissioned from the ICRA Limited.***” on page 41 of this Prospectus. Accordingly, investment decisions should not be based solely on such information.

The extent to which market and industry data used in this Prospectus is meaningful depends on the reader’s familiarity with and understanding of methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which our business is conducted, and methodologies and assumptions may vary widely among different industry sources.

Exchange rates

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and the U.S. Dollar:

Currency	As on September 30, 2018	As on March 31, 2018	As on March 31, 2017	As on March 31, 2016
1 USD	72.55	65.04	64.84	66.33

FORWARD-LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to, *inter alia*, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Our ability to obtain the necessary funding and on acceptable terms;
- The limited pool of potential purchasers of utility scale quantities of electricity;
- Risks and uncertainties when developing solar energy projects;
- Environmental conditions at our solar energy projects;
- Our PPAs may be terminated by our counterparties;
- Our ability to enter into PPA’s on favorable term under IPP in future;
- Our ability to grow revenue from CPP division;
- Decrease in electricity rate at which power is sold by DISCOM;
- Constraints in the availability of the electricity grid, including our inability to obtain access to transmission;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Increased competition in the Industry which we operate;
- Any adverse outcome in the legal proceedings in which we are involved;
- Our failure to keep pace with rapid changes in technology;
- The occurrence of natural disasters or calamities;
- Our ability to manage risks that arise from these factors;
- Changes in government policies and regulatory actions that apply to or affect our business.

For further discussion on factors that could cause actual results to differ from expectations, kindly refer “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 22, 106, and 204 respectively of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect current views as of the date of this Prospectus and are not a guarantee of future performance. These statements are based on the management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the LM nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations, our

Company and the LM will ensure that the investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II - RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this Issue including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated, the financial information of our Company used in this section is derived from our restated financial statements prepared in accordance with Indian GAAP and the Companies Act and restated in accordance with the SEBI ICDR Regulations. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with restated financial statements of our Company for the FY 2018, FY 2017 and FY 2016 and six months ended September 30, 2018 in each case prepared in accordance with Indian GAAP, including the schedules, annexure and notes thereto.

To obtain a better understanding, you should read this section in conjunction with the chapters titled “Our Business” beginning on page 106, “Industry Overview” beginning on page 93 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 204 respectively, of this Prospectus as well as other financial information contained herein.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. *Some risks may not be material individually but may be material when considered collectively.*
2. *Some risks may have material impact qualitatively instead of quantitatively.*
3. *Some risks may not be material at present but may have a material impact in the future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviation” beginning on page 3 of this Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

INTERNAL RISK FACTORS

1. ***Our Company, our Promoter, our Group Company and our Directors are parties to certain legal proceedings. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.***

Our Company, our Promoter, our Group Company and our Directors are parties to certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts, tribunals and forums.

Mentioned below are the details of the proceedings pending against our Company, our Promoter, our Group Company and our Directors as on the date of this Prospectus along with the amount involved, to

the extent quantifiable, based on the materiality policy for litigations, as approved by the Company in its Board meeting held on September 25, 2018:

Litigations against our Company / Promoter / Group Company / Directors:

Sr. No.	Nature of Cases	No. of outstanding cases	Amount to the extent quantifiable (in ₹)
(I) Litigations against our Company/ Promoter / Group Company/ Directors			
1.	Tax Income Tax	1	29,80,800
2.	Civil Insolvency Applications before the National Company Law Tribunal, Ahmedabad Bench	2	Unascertainable
3.	Civil Other pending litigations filed against our Group Companies	4	Unascertainable

Litigations filed by our Company/ Promoter / Group Company/ Directors:

Sr. No.	Nature of Cases	No. of outstanding cases	Amount to the extent quantifiable (in ₹)
(I) Litigations filed by our Company / Promoter / Group Company/ Directors			
1.	Criminal Complaints under Section 138 of the Negotiable Instruments Act, 1881 filed by our Company	2	15,73,330
2.	Tax Service Tax matter filed by our Group Company	1	4,31,62,979
3.	Civil Other Pending Litigation filed by our Group Company	1	Unascertainable

There can be no assurance that these litigations will be decided in our favour or in favour of our Promoter, group company and our Directors and consequently it may divert the attention of our management and Promoter and waste our corporate resources and we may incur significant expenses in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against us, our Promoter and our Directors, there could be a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares.

2. *Insolvency Applications before the National Company Law Tribunal, Ahmedabad Bench have been filed against our Company.*

Lanco Solar Energy Private Limited and Lanco Solar Private Limited, respectively had filed two separate Insolvency Applications against the Company before the National Company Law Tribunal, Ahmedabad Bench on account of our Company's alleged nonpayment of the outstanding amounts, aggregating to ₹ 65,81,432/- and ₹1,05,18,331/- under the respective purchase orders, towards supply of certain goods. The matters are currently at the preadmission stage. While Lanco Solar Energy Private Limited and Lanco Solar Private Limited, respectively, have filed a pursis for withdrawal of the Insolvency Applications on December 21, 2018 inter alia stating that a settlement has been arrived at between the parties by way of Settlement Agreements dated December 18, 2018 pursuant to which the Company has agreed to pay the settled amount of Rs. 36,50,000/- and Rs. 63,43,675/-, respectively by way of post dated cheques dated January 20, 2019, and accordingly, Lanco Solar Energy Private Limited and Lanco Solar Private Limited, respectively have sought to withdraw the Insolvency Application and have requested the NCLT to dispose the application by passing necessary orders. The withdrawal orders to be passed pursuant to the pursis for withdrawal filed before the NCLT is awaited. Moreover, in terms of the settlement agreements entered into between the parties, in case of non-realization of the settlement amounts, Lanco Solar Energy Private Limited and Lanco Solar Private Limited, respectively can initiate legal proceedings against the Company. The details of these cases have been disclosed in the chapter titled "Outstanding Litigation and Material Developments" beginning on page 219 of this Prospectus.

3. ***There have been some instances of non-filing / delays / incorrect filings in the past with certain statutory authorities. If the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected.***

In the past, there have been some instances of non-filings or incorrect filings or delays in filing statutory forms with the RoC, which in certain instances have subsequently been filed along with the payment of additional fees, as specified by RoC. Further, we may be liable for payment of penalty/ fees and additional expenses arising from our inability to furnish correct particulars, in respect of the RoC filings, and for misrepresentation of facts which may occur due to non-availability of documents.

Our Company had given collateral to K.P. Energy Limited, our Group Company in the year 2011 without prior approval of Central Government as per section 295 of Companies Act, 1956. Our Company has filed the compounding application under section 295 of Companies Act, 1956 (corresponding section 185 of the Companies Act, 2013) with Regional Director, North – Western Region on July 31, 2018 for compounding of the default, pursuant to which a compounding fee of Rs. 30,000/- each was paid by the Managing Director, Mr. Faruk G. Patel; Mr. Gulammahmad A. Patel, erstwhile director; and Mrs. Rashida Gulam Patel, erstwhile director of the Company and the application was disposed. As on the date of this Prospectus, the requisite approvals from the shareholders of the Company have been obtained by the Company. Further, the charge is satisfied with respect the said collateral.

Except as mentioned in this Prospectus, till date, there has been no penalty levied on the Company for such delays / defaults. However, it cannot be assured that even in future no such penalty will be levied. Therefore, if the authorities impose monetary penalties on us or take certain punitive actions against our Company or its Directors / Officers in relation to the same, our business, financial condition and results of operations could be adversely affected.

4. ***Intellectual property rights are important to our business and we may be unable to protect them from being infringed by others which may adversely affect our business value, financial condition and results of operations.***

As on the date of this Prospectus, we have not yet obtained registration for our business logo “” and hence we do not enjoy the statutory protection accorded to a registered trademark. We have made an application dated May 5, 2015 for registration of our corporate logo, which has been objected by certain third party; accordingly, there can be no assurance that our application will succeed. Grounds for refusal of registration may include the validity or scope of the application. If we are unable to obtain a registration, we may still continue to use the corporate logo but remain vulnerable to infringement and passing-off by third parties and will not be able to enforce any rights against them. We may also need to change our corporate logo which may adversely affect our reputation and business and could require us

to incur additional costs. Further, as on the date of this Prospectus, the trademark, word and logo “” does not belong to us. The said trademark belongs to our Group Company, K P Buildcon Private Limited. Our Company has entered into an agreement with KP Buildcon Private Limited, dated March 24, 2013, for the use of the said trademark by our Company. The Agreement is void until terminated by both the parties. Further, our Company had paid ₹ 1 in consideration for usage of corporate Logo to K P Buildcon Private Limited.. If our Group Company withdraws, refuses to renew or terminates this agreement, we will not be able to make use of the said trademark, name or logo in connection with our business and consequently, we may be required to invest significant resources in changing our logo which may adversely affect our reputation and business.

Although, we believe that that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, trade secrets or proprietary technology will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations. For

further details pertaining to our intellectual property, kindly refer to the chapter titled “*Our Business*” beginning on page 106 of this Prospectus.

5. ***If we are not able to obtain, renew or maintain our statutory and regulatory licenses, registrations and approvals required to operate our business, it may have a material adverse effect on our business, results of operations and financial condition.***

We require certain statutory and regulatory licenses, registrations and approvals to operate our business some of which are granted for a fixed period of time and need to be renewed from time to time. Further, in future, we may also be required to obtain new licenses, registrations and approvals for any proposed operations, including any expansion of existing operations. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. Further, these licenses, registrations and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. We may be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. Further, our Company will be responsible for bearing any and all liabilities arising out of this non-compliance. If we are unable to renew, maintain or obtain the required registrations or approvals, it may result in the interruption of our operations and may have a material adverse effect on our revenues and operations. Failure by our Company to renew, maintain or obtain the required licenses or approvals, or cancellation, suspension, or revocation of any of the licenses, approvals and registrations may result in the interruption of our Company’s operations and may have a material adverse effect on our business. For further details on the licenses obtained by our Company and licenses for which renewal applications have been made, kindly refer the chapter titled “*Government and Other Key Approvals*” beginning on page 227 of this Prospectus.

6. ***A certain portion of the land on which our solar power projects are or will be located may require certain approvals and permits in order for us to use such land for developing solar power projects. In the event we are unable to obtain such approvals and permits, our business, results of operations, cash flows and financial condition could be adversely affected.***

Some of our solar power projects are located, or will be located, on agricultural land, or land owned by private parties. The land title transfer process is dependent on the type of land on which the solar power projects are, or will be located, and the policies of the relevant state governments in the places in which such land is located. In the case of land acquired from private parties which is agricultural land, the transfer of such land from agriculturalists to non-agriculturalists such as us and the use of such land for nonagricultural purposes may require an order from the relevant state land or revenue authority allowing such transfer and use. As on date, our Company had made all the requisite applications to the relevant authorities for change in land use in respect of our existing solar projects and while some of the permissions have been granted in respect of such applications, some are still awaited. We cannot assure you that the relevant approvals will be received, or that lease deeds will be executed in a timely manner, such that the operation of our solar power projects will be unaffected. Further, the terms of lease agreements may not be coterminous with the lifetime of the solar power projects. Accordingly, we may have to obtain extensions of the terms of such leases and sub-leases for the remainder of the terms of the corresponding PPAs. In the event that the concerned parties do not wish to renew the lease agreements, we may be forced to remove our equipment at the end of the lease and our business, results of operations, cash flows and financial condition could be adversely affected.

7. ***We may not be able to identify or correct defects or irregularities in title to the properties which we own, lease or intend to acquire in connection with the development of our solar power projects as land title in India can be uncertain.***

There is no central title registry for real property in India and the documentation of land records in India has not been fully digitized. Property records in India are generally maintained at the state and district level and in local languages, and are updated manually through physical records. Therefore, property records may not be available online for inspection, may be illegible, untraceable, and incomplete, may not have been updated, may be inaccurate in certain respects, or may have been kept in poor condition, which may impede title investigations or our ability to rely on such property records. Title to land in India is often fragmented, and in many cases, land may have multiple owners. Title may also suffer from

irregularities, such as non-execution or non-registration of conveyance deeds and inadequate stamping, and may be subjected to encumbrances that we are unaware of and that may not be apparent on the face of the relevant documentation. Any defects in, or irregularities of, title may result in a loss of development or operating rights over the land, which may prejudice the success of our power projects and require us to write off substantial expenditure in respect of our solar power projects. Improperly executed, unregistered or insufficiently stamped conveyance instruments in a property's chain of title, unregistered encumbrances in favor of third parties, rights of adverse possessors, ownership claims of family members of prior owners or third parties, or other defects that a purchaser may not be aware of can affect title to a property. We may also acquire land from power of attorney holders, who are authorized to transfer land on behalf of the owners of such land. We cannot assure you that any such power of attorney that has been granted is valid or entitles the power of attorney holder to exercise the right to transfer rights over such land. As a result, potential disputes or claims over title to the land on which our solar power projects are located or will be constructed may arise. However, an adverse decision from a court or the absence of an agreement with such third parties may result in additional costs and delays in the construction and operating phases of any solar power projects situated on such land. Also, such disputes, whether resolved in our favor or not, may divert management's attention, harm our reputation or otherwise disrupt our business. Our rights to the properties used for our solar power projects may be challenged by property owners and other third parties for various other reasons as well. Any such challenge, if successful, could impair the development or operations of our solar power projects on such properties. More than 23.61% of the total land area we currently utilize or intend to utilize for our solar power projects is on leasehold land, and we may be subject to onerous conditions under the lease agreements through which we acquire rights to use such land and rights of way. All of this may adversely affect our business, results of operations and cash flows in the future. For details relating to the properties of the Company, kindly refer to the chapter titled "*Our Business*" on page 106.

8. ***We have entered into an Agreement to Sell dated June 22, 2013 which has further been amended vide amendment to Agreement to Sell dated September 8, 2018 and further entered in to Agreement to Sell dated April 7, 2018 which has further been amended vide amendment to Agreement to Sell dated December 13, 2018 with certain parties ("the Sellers") for purchase of land situated at Sudi village, Samiyala village, Tanchha village located in Amod Tehsil in Bharuch district of Gujarat, admeasuring 78.99 acres upon which the Proposed Project is to be set up. Non-completion or delay in completion of the transaction by the Sellers may materially impact the setting up of our Proposed Project and utilization of the Issue Proceeds.***

We have not yet acquired the entire portion of land upon which our proposed solar project of 25MW is to be set up and 78.99 acres out of 96.87 acres of land still remains to be acquired from certain parties. Whilst our Company has entered into an Agreement to Sell dated June 22, 2013 which has further been amended vide amendment to Agreement to Sell dated September 8, 2018 with certain parties and further entered in to Agreement to Sell dated April 7, 2018 which has further been amended vide amendment to Agreement to Sell dated December 13, 2018 for the acquisition of the 3.96 acres out of 78.99 acres of land from our Promoter Director, there can be no assurance that the transaction will be completed as envisaged within the specified time or at all. In case there is a delay in completion of the transaction, the portion of the Issue Proceeds to be utilized towards the purchase of such lands may not be effectively utilized. The funds raised from the Issue may remain idle on account of such delay in completion of the sale transactions. Moreover, the Company will also be required to obtain necessary approvals of change in land use pursuant to the acquisition of such lands. There can be no assurance that such approvals will be obtained in a timely manner or at all. Failure to obtain such approvals will restrict the Company from making use of such lands for setting up its Proposed Project. The cost of relocating a site may be very significant. There is no assurance that our Company will be able to procure alternate sites at favourable pricing terms. Any such relocation and/or increase in the costs incurred due to such relocation could cause disruption of our business and may adversely affect the setting up of our Proposed Project, and use of the Issue Proceeds. In addition, we may not always have the ability to access, analyse and verify all information regarding titles and other issues prior to entering into purchase arrangements in respect of the site of the Proposed Project and to the extent there is any defect in the titles of any of such sites, our ability to continue operating at such sites may be adversely affected.

9. ***We do not own some of the key properties from where, we carry out our operations.***

In order to meet the funding requirement of our solar power business, we have sold parcels of land to various investors and have taken the same area on lease basis for a period of 25 years. Our Solar Power

Projects are built on leasehold land and there can be no assurance that the lease agreement will be renewed upon termination or that we will be able to obtain other premises, having similar climatic conditions, on lease on same or similar commercial terms. If we fail to comply with the terms & conditions of the lease or if we fail to get the lease deed renewed, it would adversely affect our business operations, financial position.

The Registered Office of our Company situated at Shop No A-1/2, Firdos Tower, Near Fazal Tower, Adajan Patia, Surat – 395 009, Gujarat, India is owned by our Promoter and Managing Director, Mr. Faruk G. Patel and his father, Mr. Gulambhai A. Patel for which no agreement has been entered into. While our Promoter and Managing Director has given our Company the consent to use this property, this consent may be withdrawn at any time as no agreement has been entered into for use of this property. There can be no assurance that we will be able to retain the same, or find alternate locations on similar terms, or at all.

- 10. *A portion of the proceeds of the Issue will be utilized for acquiring 78.99 acres of land amounting to ₹ 1,750.78 lakh from the Promoter, Directors, their relatives and certain other parties, upon which the Proposed Project is to be set up.***

One of the Objects of the Issue is for part funding of the Proposed Project which in turn involves acquisition of lands upon which the Proposed Project is to be set up. Our Company will be utilizing a portion of the proceeds of the Issue for acquiring 78.99 acres of land amounting to ₹ 1,750.78 lakh from the Promoter, Directors, their relatives and certain other parties (out of which our Company has paid advance amounting to ₹ 345.04 Lakh to respective parties), upon which the Proposed Project is to be set up. For further details, please see the chapter titled “*Objects of the Issue*” beginning on page 75 of this Prospectus.

- 11. *Our Company has acquired immovable properties from our Promoter, Directors and their relatives in the past.***

Our Company has acquired certain immovable properties from our Promoter, Directors and their relatives in the past. Whilst, it is believed that all such transactions have been conducted on an arms-length basis, there can be no assurance that our Company could not have achieved more favourable terms had such transactions not been entered into with related parties. For further details, kindly refer “*Financial Statements*” beginning on page 162 of this Prospectus and the chapters titled “*Our Management*”, “*Our Business*” and “*Objects of the Issue*” beginning on pages 136, 106 and 75, respectively of this Prospectus.

- 12. *Our operations are sensitive to seasonal changes.***

Our operations may be adversely affected as a result of seasonal variations. The amount of electricity our solar power projects produce is dependent in part on the amount of sunlight, or irradiation, where our projects are located. Because shorter daylight hours in winter months results in less irradiation, the generation capacities of our projects will vary depending on the season. In addition, our solar power projects may be affected by the monsoon season, which generally lasts from May through September. If we fail to adequately manage the fluctuations in the timing of our projects, our business, financial condition or results of operations could be affected. The seasonality of our energy production may also create increased demands on our working capital reserves and borrowing capacity under our outstanding debt during periods where cash generated from operating activities is lower. During periods of curtailed activity due to adverse weather conditions, we may continue to incur operating expenses, but our revenues from operations may be delayed or reduced.

- 13. *Electricity generation from solar energy systems depends heavily on suitable weather and climate conditions, natural calamities and adverse work environments. If there is any change in the weather conditions or solar radiations at sites that we have previously identified as suitable for solar power projects, our business, financial condition and results of operations could be adversely affected.***

Electricity production from our solar power projects depend on the suitable solar and weather conditions, both of which are beyond our control. Furthermore, components of our systems, such as panels, could be damaged during severe weather conditions like floods, cyclone, earthquake etc. We have identified Sudi Village to carry out our solar power projects in order to have a location advantage as the area is solar rich

with solar radiation of 5.46 kWh / m² / day as per National Renewable Energy Laboratory. This has enabled us to achieve a CUF of 20.07% for FY 2018 and 17.53% for six months ended September 30, 2018. However, considering that this is a natural occurring phenomenon, if there is a reduction in the solar radiations at our site, it could reduce our CUF and could adversely affect our results of operations and financial condition. Change in weather patterns could also make it harder to predict the average annual amount of sunlight striking the location where we install. Any of these events or conditions could harm our business, financial condition and results of operations.

14. *Our business is subject to a variety of safety, health and environmental laws labour, and workplace related laws and regulations. Any failure on our part to comply with these applicable laws and regulations could have an adverse effect on our operations and financial condition.*

Our Company is subject to various central, state and local environmental and safety laws, concerning issues such as harm caused by air or wastewater emission and contamination. While we believe that our facilities are currently in compliance in all material respects with applicable environmental laws, legislations and regulatory requirements, additional costs and liabilities related to compliance with these laws and regulations may impact our business. Further, any changes in the applicable laws and regulations in the future may create substantial environmental compliance or remediation liabilities and costs, including monetary fines, criminal penalties on our Company's officers for violation of applicable laws, or imposition of restrictions on our Company's operations (which may include temporary suspension or closure of its operations). We may also, in the future, become involved in legal or regulatory proceedings, in relation to which we may be required to comply with more rigorous environmental or safety standards, or to incur significant capital and operating expenses and / or remedial costs. These factors may adversely affect our revenues and operations.

Since we need labour to run our projects, our Company is subject to variety of workplace related laws and regulations. We are required to maintain records and also file periodic returns in relation to the same. Although, we believe that we have complied with all the applicable laws and regulations, in the event of any breach of such laws and regulations, we may be subject to penal consequences which would adversely affect our operations and financial condition.

15. *The growth of our business and development of IPP solar power projects depends on securing rights to sites suitable for the development of our projects.*

Our ability to realise our business and growth plans is dependent on our ability to develop and secure rights to sites suitable for the development of viable projects. Solar energy project sites require certain geological conditions that are not available in all areas. Suitable sites are determined on the basis of cost, solar resource levels, topography, grid connection infrastructure and other relevant factors. Further, utility scale solar energy projects must be interconnected to the power grid in order to deliver electricity, which requires us to find suitable sites with adequate evacuation and transmission infrastructure. Utility scale solar energy projects also require sufficient contiguous land for development. We cannot assure you that we will be able to procure contiguous parcels of land for our utility scale solar energy projects on terms that are acceptable to us, or at all. Some locations used for evacuation and transmission facilities are not owned by us and are located on land owned by third parties. In such cases, we enter into arrangements for rights of way to construct the facilities. Some of the land area we currently utilise is on leasehold land, and we may be subject to conditions under the lease agreements through which we acquire rights to use such land. These conditions include, among others, restrictions on land use, continual operating requirements, and other obligations which include obtaining requisite approvals, payment of necessary statutory charges and giving preference to local workers for construction and maintenance. We are also exposed to the risk that these leases will not be extended or will be terminated by the relevant lessees. Any failure by us to secure suitable sites may materially impact the development of a project and may also result in non-compliance with related conditions under project agreements. If this occurs across a number of our projects, our business and prospects could be materially and adversely affected.

16. ***We face competition from conventional and other renewable energy producers. Our primary competitors include domestic and foreign conventional and renewable energy project developers, IPPs and utilities.***

We compete with renewable energy project developers in India on the basis of a number of differentiating factors in the industry, including site selection, access to vendors, access to project land, efficiency and reliability in project development and operation and auction bid terms. Further, we compete with both conventional and renewable energy companies for the financing needed to develop and construct projects. We also compete with other conventional and renewable energy companies in India for a limited pool of personnel with requisite industry knowledge and experience, equipment supplies, permits and land to develop new projects. Our operational projects may compete on price if we sell electricity into power markets at wholesale market prices. We may also compete with other conventional energy and renewable energy generators when we bid on, negotiate or renegotiate a PPA.

Some of our competitors may have greater financial, marketing, personnel and other resources than we do and may be in a position to acquire renewable energy projects by paying a significant premium or otherwise seek to grow their business more aggressively. A reduction in demand for energy from renewable energy sources or our failure to successfully acquire new renewable energy projects may have an adverse effect on our business and financial condition.

Furthermore, technological progress in conventional forms of electricity generation or the discovery of large new deposits of conventional fuels could reduce the cost of electricity generated from those sources or make them more environmentally friendly, and as a consequence reduce the demand for electricity from renewable energy sources or render our projects uncompetitive. Further, certain of our competitors may also grow through corporate reorganizations or alliances with other competitors.

Any growth in the scale of our competitors may result in the establishment of advanced in-house engineering, EPC, and O&M capabilities, which may offset any current advantage we may have over them. Moreover, any merger of our suppliers or contractors with any of our competitors may limit our choices of suppliers or contractors and reduce our overall project execution capabilities. In addition, our competitors may have greater financial resources and more localised business presence. Increased competition may result in price reductions, reduced margins and a loss of our market share, any of which may adversely affect our business, financial condition and prospects.

17. ***Our ability to deliver electricity to our various counterparties requires the availability of and access to interconnection facilities and transmission systems, and we are exposed to the extent and reliability of the Indian power grid and its dispatch regime.***

Our ability to sell electricity is impacted by the availability of, and access to, relevant and adequate evacuation and transmission infrastructure required to deliver power to our contractual delivery point and the arrangements and facilities for interconnecting our generation projects to the transmission systems, which are owned and operated by state electricity boards. The operational failure of existing interconnection facilities or transmission facilities or the lack of adequate capacity on such interconnection or transmission facilities or evacuation infrastructure may have an adverse effect on our ability to deliver electricity to our various counterparties which may subject us to penalties under our PPAs. India's physical infrastructure, including its electricity grid, is less developed than that of many countries. As a result of grid constraints, such as grid congestion and restrictions on transmission capacity of the grid, the transmission and dispatch of the full output of our projects may be curtailed. We may have to stop producing electricity during the period when electricity cannot be transmitted, for instance, when the transmission grid fails to work. This may affect our ability to supply the contracted amount of power to the off taker which may result in imposition of certain penalties on us under the terms of the relevant PPAs. Furthermore, if construction of power projects in India, particularly in the states and regions that we operate in, outpaces transmission capacity of power grids, we may not be in a position to transmit, or have dispatched, all of our potential electricity to the power grid and therefore may be dependent on the construction and upgrading of grid infrastructure by government or public entities for increased capacity.

18. *Our revenues are exposed to changes in electricity tariffs and tariff regulation and structuring.*

Our most significant source of revenue is derived from the sale of electricity based on the tariffs specified in our PPAs, which are determined in the case of sale to any captive customers and/or third party private purchaser, at a tariff which is commercially agreed between the parties and in most cases includes all taxes and access and wheeling charges which are determined by the CERC or the relevant SERC.

In relation to tariffs which are to be approved by the SERC or the CERC, the additional costs of operating our projects might not be recovered if the approved tariffs are lower than our projected tariffs. In certain cases, the term of our PPAs is less than the expected life of our projects, which may expose us to the risk of being unable to sell the power we generate after the term of the PPA or sell power at less favourable tariffs and terms than under the original PPAs for such projects. Any of the above factors may have an adverse effect on our financial condition and results of operations.

19. *The reduction, modification or elimination of government and economic incentives may reduce the economic benefits of our existing solar power projects and our opportunities to develop or acquire suitable new solar power projects.*

The development and profitability of renewable energy projects in the locations in which we operate are dependent on policy and regulatory frameworks that support such developments. Changes in policies could lead to a significant reduction in or a discontinuation of the support for solar power in such locations. Without such support, solar power markets might not be commercially viable in such locations. For example, the Government of India had provided acceleration depreciation benefit at the rate of 80% on the book value of a solar power plant. However in the union budget of 2016-17, the government reduced it to 40% (with effect from 1 April 2017) as a result, the benefit of tax savings has been spread over many years. Currently, the incentives made available to us have been primarily in the form of exemptions such as exemptions from the cross subsidy charge, additional surcharge, wheeling charge, reduced wheeling losses (3% as against 10%) and accelerated depreciation benefits provided by state governments which may vary from state to state, and other incentives to end users, distributors, system integrators and manufacturers of solar energy products. In addition, certain state policies also provide subsidies and economic incentives. The size and specified time duration of such incentives depend, to a large extent, on political and policy developments relating to environmental concerns in India. Changes in central and state policies could lead to a significant reduction in or a discontinuation of the support for renewable energies. Reductions in government and economic incentives that apply to future solar power projects could not only diminish the availability of our opportunities to continue to develop or acquire suitable newly developed solar power projects but may also apply retroactively to existing solar power projects, which could significantly reduce the economic benefits we receive from our existing solar power projects. Moreover, some of the solar programs incentives have expired or declined over time are limited in total funding, require renewal from regulatory authorities or require us to meet certain investment or performance criteria. Additionally, we may not continue to qualify for such incentives. We could also choose to implement other solar power projects that are outside the scope of such incentives.

If such direct and indirect government support for renewable energy (in particular, solar power) is terminated or reduced, it would make producing electricity from solar power projects less competitive and reduce demand for new solar power projects. As a highly regulated industry, the solar power industry is also heavily affected by those policies and regulations of the central and state governments in India that are not in favor of the industry. A significant reduction in the scope or discontinuation of government incentive programs could have an adverse effect on our business, financial condition, results of operations, cash flows and prospects.

20. *We are receiving certain tax benefits, which may not be available to us in the future. Loss of these tax benefits in the future may result in a decrease in our margins, which could in turn have a material adverse effect on our business, financial condition and results of operations.*

Loss of any of the existing tax benefits in the future may result in a decrease in our margins, which could in turn result in a material adverse effect on our business, financial condition and results of operations. For further details of the tax benefits available to us, please see the chapter titled “*Statement of Tax Benefits*” beginning on page 90 of this Prospectus.

21. *Restrictions on solar equipment imports may increase our business costs.*

A substantial part of our equipment, mainly solar cells, is imported from China and certain other countries. Any restrictions, either from the central or state/provincial governments of India or China, or from any other authorised bilateral or multilateral organisations, on such imports may adversely affect our business, results of operations and prospects. Further, there is a possibility that, as in certain countries, additional duties may be imposed in India on the equipment we import. In addition, there has been media speculation that the Indian government is considering imposing import tariffs (including anti-dumping duties and safeguard duties) on solar module panels to protect Indian manufacturers. We cannot assure that there will not be any new action by the relevant authorities imposing anti-dumping or other import duties or similar tariffs. Any such imposition will result in an increase in our input costs for our solar business, and, if the consequent increased costs cannot be passed on to off-takers, our margins will correspondingly decrease. We cannot assure you that such restrictions or tariffs will not be imposed in the future, that the scope of such restrictions or tariffs will not be extended to cover equipment that we import, or that if such restrictions or tariffs are imposed we will be able to find alternative sources to procure equipment at competitive prices.

22. *We face an increase of costs as a result of the GoI's implementation of GST on equipment used and services rendered in the development of our solar power projects.*

GST has been implemented on July 1, 2017. The implementation of GST has led to increases in tax rates on equipment used in solar power projects. There may also be discontinuance of certain exemptions from which we currently benefit, especially when imported equipment or interstate procurement is involved. There can be no assurance that our cash flows and results of operations will not be affected by the new tax regime. Further, any future increases or amendments to the GST may affect our overall tax efficiency and we may be liable to pay additional taxes. Although, GST may have positive effects simultaneously on the solar power industry, for instance, boosting the governmental initiative of "Make in India" to improve the competitiveness of Indian domestic manufacturers of solar power cells, panels and modules, we cannot guarantee that its negative impact on the whole solar power industry can be offset completely, or assure you that our existing projects will not be adversely affected by any curtailment of tax reliefs on the solar power industry.

23. *All of our experience in operating the solar power projects is derived from projects which we have acquired in the state of Gujarat. Hence, we have limited exposure in operating projects outside Gujarat which may make it difficult to evaluate our past performance and prospects with respect to different geographies.*

All of our projects are located in the state of Gujarat. Whilst we have successfully commissioned 5 MW Solar Power Project in January 2016 and installed 10 MW in July 2017, most of our experience operating projects is derived from a single state in India. The experience that we have gained from our existing projects may not be fully relevant or applicable to the development/ operation of future renewable energy projects if any in other states of India and hence we may face limitations to geographical growth of business. We face additional risks if we undertake projects in other geographic areas in which we do not possess the same level of experience.

Given our limited operating history in the solar power business, we may not succeed in addressing certain risks pertaining to companies in an early stage of growth, including our ability to acquire and retain customers or maintain adequate control of our costs and expenses. Entering into new regions or spaces may pose challenges to our management, administrative, financial and operational resources. If we are unsuccessful in addressing business risks in time or at all, our business may be materially and adversely affected. Accordingly, investors should consider our business and prospects in light of the risks, losses and challenges that we face as an early-stage company. Further, our limited operating history may not provide a meaningful basis for evaluating our business, financial performance, prospects or results of operations, or to make a decision about an investment in our Equity Shares.

24. *We face risks and uncertainties when developing solar energy projects.*

The development and construction of solar energy projects involve numerous risks and uncertainties and require extensive research, planning and due diligence. Before we can determine whether a solar energy

project is economically, technologically or otherwise feasible, we may be required to incur significant capital expenditure for land and interconnection rights, regulatory approvals, preliminary engineering, equipment procurement, legal and other work.

Success in developing a particular project is contingent upon a number of factors, including but not limited to (i) securing appropriate land, with satisfactory land use permissions on reasonable terms (ii) accurately assessing resource availability at levels deemed acceptable for project development and operations (iii) receiving critical components and equipment (that meet our design specifications) on schedule and on acceptable commercial terms (iv) securing necessary project approvals, licences and permits in a timely manner (v) availability of adequate grid infrastructure and obtaining rights to interconnect the project to the grid or to transmit energy (vi) obtaining financing on competitive terms (vii) completing construction on schedule and (viii) entering into PPAs or other arrangements on acceptable terms. There may be delays or unexpected difficulties in completing our projects as a result of these or other factors. We may also reduce the size of some of our projects due to the occurrence of one or more of these factors. If we experience such problems on a number of our projects, our business, financial condition, results of operations and prospects could be materially and adversely affected.

25. *Our in-house EPC operations expose us to certain risks.*

We undertake EPC-related services for our solar energy projects in-house, which exposes us to certain risks that would ordinarily be borne by third parties if we outsourced these services. By entering into third party EPC contracts on the basis of fixed price contracts would insulate us from adverse price fluctuations for the equipment and materials we use for constructing solar power projects. As a result, we are exposed to construction cost risks that could be caused by various factors, including but not limited to increases in the price and availability of labour, equipment and materials; inaccuracies of drawings and technical information; delays in the delivery of equipment and materials to project sites; unanticipated increases in equipment costs; delays caused by local and seasonal weather conditions; and any other unforeseen design and engineering issues, or physical, site and geological conditions that may result in delays.

Additionally, we are primarily responsible for all equipment and construction defects, potentially adding to the cost of construction of our solar power projects. Although we generally obtain warranties from our equipment suppliers, we cannot assure that we will be successful with any warranty claims against our suppliers.

26. *Our PPAs expose us to certain risks that may affect our future performance and can lead to negative cash flows.*

We have entered into long term PPAs for distributed solar energy projects which provide for differential tariffs. However, the majority of our PPAs provide for fixed tariff rates which in turn are linked to the rates offered by DISCOM. For further details, see “*Our Business*” on page 106. Owing to the competition and decreasing rate of tariff from other sources of power producers, we are not likely to be able to renegotiate terms of the PPAs to include a higher tariff rates. Also, setting up a solar power project requires high capital investment. The cost of electricity produced by solar power projects is dependent on the cost of establishment, finance cost, maintenance cost, evacuation cost etc. These costs cannot be reduced below a certain extent. The prices at which we supply power may have little or no relationship to the costs incurred in generating power, which may lead to fluctuations in our margins. The price at which electricity can be sold depends on a rate at which electricity is sold by other competitors including players generating power from other than solar. If significant developments in technology for other sources of power generation result in reduction of their selling price, then in order to compete with them, we would have to reduce our selling price and it would lead to reduction of our return on investment and profitability. In the event of increases in operating costs or equipment costs, or increased costs as a result of changes in applicable laws, we may not be able to pass these cost increases on to our customers. Therefore, the prices at which we supply power may have little or no relationship with the costs incurred in generating power.

27. ***We cannot assure that we shall be able to utilize our existing or proposed solar projects to their full capacity or up to an optimum capacity, and non-utilisation of the same may lead to loss of profits or can result in losses, and may adversely affect our business, results of operations and financial condition.***

Our existing solar projects have an installed capacity of 15 MW of which 15 MW are currently utilised. We propose to set up a new solar power project with installed capacity of 25 MW, which would increase our total capacity to 40 MW. We will incur significant capital expenditure on setting up the same. We cannot assure that we shall be able to utilize our existing or proposed solar projects to their full capacity or up to an optimum capacity, and non-utilisation of the same may lead to loss of profits or can result in losses, and may adversely affect our business, results of operations and financial condition. There cannot be any assurance that the proposed capacity would be utilized to its full extent.

28. ***There can be no assurance that the objects of the Issue will be achieved within the time frame anticipated or at all, or that the deployment of the Net Proceeds in the manner intended by us will result in any increase in the value of your investment. Further, the plan for deployment of the Net Proceeds has not been appraised by any bank or financial institution.***

Our Company intends to use approximately ₹ 3,458.94 Lakh of the Net Proceeds to part finance setting up a 25 MW Solar Power Project at Sudi village, Samiyala village, Tanchha village located in Amod Tehsil in Bharuch district of Gujarat. Our Board will have flexibility in temporarily investing the Net Proceeds as well as its inter se allocation across various heads under the setting up of the Proposed Project, as disclosed in the section titled “*Objects of the Issue*” on page 75. Further, the plans for deployment of the Net Proceeds are in accordance with our management’s estimates and have not been appraised by any bank, financial institution or any other external agency. Our Company may have to revise its management estimates from time to time on account of various factors beyond its control, such as market conditions, competitive environment, and interest or exchange rate fluctuations and consequently its requirements may change.

29. ***In the event there is a shortfall in receipt of issue proceeds from this Issue, we may be unable to meet the equity requirement for the proposed 25 MW solar project which may have a bearing on the completion of our Proposed Project on time.***

In case of any shortfall of the proceeds raised from this Issue, there can be no assurance that we will be able to raise the funds through other sources to meet our obligations of meeting equity contribution for our Proposed Project. In case of shortfall in the proceeds of this Issue which are to be utilized for meeting the objects of the Issue, the shortfall will be met by such means as are available to our Company at such future time and at the discretion of the management, including by way of cash available with us or by any other means permissible under law. We cannot assure that we will be able to arrange for adequate cash or will be able to procure further loans to meet the funding requirements. Any failure to meet the additional funding requirements will have a material adverse effect on the implementation of the Proposed Project.

We may also be required to adhere to certain restrictive covenants as regards raising of finance for the project from means other than those sanctioned under our present financing documents. Any failure or delay on our part to raise funds from the Issue or any shortfall in the Issue proceeds and subsequent inability of our Company to source alternate means of finance may delay the implementation of our project and could adversely affect our growth plans.

30. ***The Company is yet to place orders for 98.84% of its plant & machinery for our Proposed Object, as specified in the Objects of the Issue. Any delay in placing orders, procurement of plant & machinery may delay our implementation schedule and may also lead to increase in price of these plant & machinery, further affecting our revenue and profitability.***

As on date of this Prospectus, we are yet to place orders for 98.84% of plant & machinery for our Proposed Object. Further, we have identified the type of plant and machinery required to be bought for our Proposed Object, and for which orders are yet to be placed which are amounting to ₹ 8,071.37 Lakh as detailed in the “*Objects of the Issue*” beginning on page 75 of this Prospectus. These are based on our estimates and on third-party quotations, which are subject to a number of variables, including possible

cost overruns, changes in management's views of the desirability of current plans, change in supplier of equipments, among others, which may have an adverse effect on our business and results of operations. Further, we cannot assure that we would be able to procure these plant and machinery, or procure the same within budgeted costs and timelines. Delays in acquisition of the same could result in the cost and time overrun in the implementation of the Project, which would have a material adverse effect on our business, results of operations and financial condition. For further details, kindly refer to the chapter titled "Objects of the Issue" beginning on page 75 of this Prospectus.

31. *We have certain contingent liabilities and our financial condition and profitability may be adversely affected if any of these contingent liabilities materialize.*

As on September 30, 2018, our contingent liabilities and commitments (to the extent not provided for) as disclosed in the notes to our Restated Financial Information, aggregated to ₹ 445.61 lakh. The details of our contingent liabilities are as follows:

Particulars	As at September 30, 2018 (₹ in Lakh)
a) Contingent liabilities	
i) Demand of Income Tax	113.05
ii) LC & BG issued by bank	190.56
iii) Corporate Guarantee	142.00
b) Commitments	
Estimated amount of contracts remaining to be executed on capital account and not provided for.	-
Total	445.61

If any of these contingent liabilities materialize, our results of operations and financial condition may be adversely affected. For further details of our contingent liabilities, see the chapter titled "Financial Statements" beginning on page 162 of this Prospectus. Furthermore, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future.

32. *Our Group Companies namely, KP Sor-Urja Limited and KP Human Development Foundation, have incurred losses in years as mentioned below. Sustained financial losses by our Group Companies may not be perceived positively by external parties such as customers, bankers or suppliers, which may affect our market perception, credibility, reputation and consequently, business operations.*

Our following Group Companies had incurred losses in the years mentioned below:

	(In ₹ Lakh)		
Name of the Company	FY 2018	FY 2017	FY 2016
KP Sor-Urja Limited	(0.95)	(3.43)	0.08
KP Human Development Foundation	(0.84)	0.00	0.00

If our Group Companies keeps incurring sustained losses in the future, the same may not be perceived positively by external parties including customers, bankers or suppliers, which may affect our market perception, credibility, reputation and consequently, business operations.

33. *Some of our Group Companies have objects similar to that of our Company's business and are engaged in the same and / or similar line of business / industry in which our Company operates. This may be a potential source of conflict of interest for us and which may have an adverse effect on our business, financial condition and results of operations.*

Our Promoter has interests in other companies and entities that may compete with us, including other Group Companies that conduct businesses with operations that are similar to ours. Our Promoter is also a Director on the Board of certain other Group Companies. For details please refer to the Chapter titled "Our Group Companies" on page 153 of this Prospectus. There is no requirement or undertaking for our Promoter, Promoter Group or Group Companies or such similar companies to conduct or direct any opportunities in the solar power sector only or through us. As a result, conflict of interests may arise in

allocating or addressing business opportunities and strategies amongst our Company and our Group Companies in circumstances where our interests differ from theirs. In cases of conflict, our Promoter may favour other Companies in which our Promoter has an interest. Further, the Memorandum of Association of certain of our Group Companies, namely, K P Buildcon Private Limited, K. P. Energy Ltd, K P Sor-Urja Limited entitle such Companies to undertake and carry out businesses that are similar or related to our business. There can be no assurance that such Group Companies will not provide comparable services, expand their presence or acquire interests in competing ventures in the locations in which we operate. As a result, a conflict of interest may occur between our business and the businesses of our Group Companies which could have an adverse effect on our business, financial condition, results of operations and prospects.

- 34. *Our revenues and profits are dependent on several factors. Any adverse change in these factors or in combination of these factors may affect our business operations and the financial condition and consequently, our ability to pay dividends.***

Our revenues and profits are dependent on several factors such as developing new solar projects, retaining key managerial personnel, complying with various regulatory requirements, repeat orders from our clients, managing costs and expenses and general market conditions. Any adverse change in these factors or a combination of these factors may adversely affect our business operations and financial condition. Further, although we have consistently paid dividends in the past, our ability to pay dividends will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditures, and various other factors and there can be no assurance that we shall have distributable funds or that we will declare dividends in the future as well.

- 35. *Implementing our growth strategy requires significant capital expenditure and will depend to a significant extent on our ability to obtain the necessary funding and on acceptable terms.***

We require significant capital for the installation and construction of our solar power projects and other aspects of our operations. There can be no assurance that going forward we will be able to finance our projects with a combination of equity and debt as we have done in the past or that the terms of available financing will remain attractive. Any changes to our growth strategy could affect our ability to set up new solar power projects and also force us to be more conservative with our growth strategy. There can be no assurance that we will be successful in obtaining additional financing in the time periods required or at all, or on terms or at costs that we find attractive or acceptable. Any such failures may render it impossible for us to fully execute our growth plan. In addition, rising interest rates could adversely affect our ability to secure financing on favorable terms and our cost of capital could, as a result, increase significantly.

Our ability to obtain external financing is subject to a number of uncertainties, including (i) our future financial condition, results of operations and cash flows; (ii) the general condition of global equity and debt capital markets; (iii) regulatory and government support in the form of tax credit incentives, and other incentives; (iv) the continued confidence of banks and other financial institutions in us and the solar power industry; (v) economic, political and other conditions in India; and (vi) our ability to comply with any financial covenants under our debt financing.

Any additional equity financing by our Company may be dilutive to our shareholders and any debt financing may contain restrictive covenants that limit our flexibility going forward. Failure to manage discretionary spending and raise additional capital or debt financing as required may adversely affect our ability to achieve our intended business objectives.

- 36. *We may face difficulties in implementing our strategies including our expansion and diversification plans of entering new geographical areas, development and commercialization of new products.***

We may face difficulties in implementing our strategies including our expansion and diversification plans of entering into new geographical areas and development and setting up of new solar power projects due to various factors such as entry barriers, stringent rules and regulations, fierce competition in the new markets, inadequacy of funds for expansion, high cost of debt that may be required for expansion and diversification. Implementation of our strategies may pose significant challenges to our administrative, financial and operational resources and additional risks that our Company may not be able to foresee. Failure to successfully implement some or all of our key strategic initiatives in an

effective and timely manner may adversely affect our future business prospects. For further details on our business strategies, kindly see the chapter titled “*Our Business*” beginning on page 106 of this Prospectus.

- 37. *Our success depends largely upon the knowledge and experience of our Promoter and other Key Managerial Personnel. Any loss of our Key Managerial Personnel or our ability to attract and retain them could adversely affect our business, operations and financial condition.***

Our Promoter Mr. Faruk G. Patel has a cumulative experience of more than 18 years in the field of renewable energy. Our Company depends on the management skills and guidance of our Promoter for development of business strategies, monitoring its successful implementation and meeting future challenges. Our Promoter, along with our Key Managerial Personnel, who form an integral part of our Company, have over the years built relations with suppliers, customers and other key stakeholders associated with our Company. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Key Managerial Personnel are unable or unwilling to continue in his / her present position, it could be difficult for us to find a suitable or timely replacement and our business could be adversely affected. Further, since the demand for the key managerial personnel is very robust, in order to retain them, our Company may be required to offer them higher compensation packages by way of higher pay, more perquisites and stock options. This may adversely affect our business, financial condition and results of operations.

- 38. *We rely extensively on our systems, including quality assurance and quality control systems to maintain the quality of our products. Any failure of these systems could adversely affect our business, financial condition and results of operations.***

Over the years, we have developed adequate and stringent quality assurance and quality control systems across our projects to maintain the quality of our projects. However, any failure of such systems or any failure on the part of our personnel in correctly implementing these systems could adversely affect our output and in turn may affect our business operations and financial conditions. Further, it may also lead to negative publicity for our Company, if the quality of our products is compromised due to the aforesaid reasons.

- 39. *Our future expansion plans and Proposed Project are subject to the risk of cost and time overrun, which may have a material adverse effect on our business, results of operations and financial condition.***

Our future expansion plans may be subject to delays and other risks, including, among other things, unforeseen engineering or technical problems, delays in procuring equipment such as solar modules/ other equipment, disputes with workers, force majeure events, unanticipated cost increases or changes in scope and delays in obtaining certain property rights and government approvals and consents, any of which could result in delays, cost overruns or the termination of the project and / or a breach of the financial covenants imposed by our lenders. Moreover, as we have entered into PPA's for sale of electricity generated from a particular date. In the event of any delay in the schedule of implementation or if we are unable to complete the project as per the scheduled time, it could lead to revenue loss. A part of our Proposed Project is funded by loan which has already been sanctioned. If our Proposed Project is not commissioned at the scheduled time, our Company may face cash crunch to repay the interest obligations.

While we may seek to minimize the risks from any unanticipated events, it cannot be assured that all potential delays can be mitigated and that we will be able to prevent any cost over-runs and any loss of profits resulting from such delays, shortfalls and disruptions.

- 40. *Any slowdown or work stoppages at our project sites may have a material adverse effect on our business, financial condition and results of operations.***

Our projects are subject to various operational risks including, among various factors, the breakdown or failure of equipment, natural disasters, accidents and the need to comply with applicable legal and regulatory requirements. The occurrence of any of these factors could significantly affect our results of operations and financial condition.

41. *Our inability to procure and/or maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.*

Our operations are subject to inherent risks and hazards which may adversely impact our profitability, such as breakdown, malfunctions, sub-standard performance or failures of equipment, fire, third party liability claims, accidents and natural disasters. At present our insurance policies provide for coverage against risk including machinery breakdown, electronic equipment insurance, burglary, fire, etc. however, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time. While we maintain insurance coverage in amounts consistent with industry norms, our insurance policies do not cover all risks, specifically risks such as loss of profits, and are subject to exclusions and deductibles. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance had been availed. If we suffer a significant uninsured loss or if the insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected. Further, there is no assurance that the insurance premium payable by us will be commercially viable or justifiable. For further details on the insurance policies availed by us, kindly refer the chapter titled “*Our Business*” beginning on page 106 of this Prospectus.

42. *Our Promoter, Mr. Faruk G. Patel has extended personal guarantees in relation to certain debt facilities availed by our Company. Revocation of any or all of these personal guarantees may adversely affect our business operations and financial condition.*

Our Promoter, Mr. Faruk G. Patel has extended personal guarantees in favour of certain banks with respect to various facilities availed by our Company from them. In event of default on the debt obligations, the guarantees may be invoked by our lenders thereby adversely affecting our Promoter’s ability to manage the affairs of our Company and this in turn may consequently impact our business, prospects, financial condition and results of operations. In the event any of these guarantees are revoked, our lenders may require us to furnish alternate guarantees or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If our lenders enforce these restrictive covenants or exercise their options under the relevant debt financing agreements, our operations and use of assets may be significantly hampered and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations. For further details kindly refer the chapters titled “*Our Management*” and “*Financial Statements*” beginning on page 136 and 162 of this Prospectus.

43. *Our lenders have charge over our movable and immovable properties including the property where our Company proposes to set up its new project in respect of finance availed by us.*

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our movable and immovable properties. The total amounts outstanding and payable by us as secured loans were ₹ 3,733.00 Lakh as on November 30, 2018. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further information, kindly refer the chapter titled “*Financial Indebtedness*” beginning on page 216 of this Prospectus.

44. *Our loan agreements with various lenders have several restrictive covenants and certain unconditional rights in favour of the lenders, which could influence our ability to expand, in turn affecting our business and results of operations.*

We have entered into agreements for long term borrowings with certain lenders. As on November 30, 2018, an aggregate of ₹ 3,845.60 Lakh as term loans /business loan / vehicle loan was outstanding from banks and financial institutions. The credit facilities availed by our Company are secured by way of mortgage of fixed assets, hypothecation of current assets (both present and future), pledge of shares of the Company held by our Promoter, Mr. Faruk G. Patel in favour of the lender bank and personal guarantees given by our Promoter, Mr. Faruk G. Patel. In case we are not able to pay our dues in time, the same may amount to a default under the loan documentation and all the penal and termination

provisions therein would get triggered and the loans granted to the Company may be recalled with penal interest. This could severely affect our operations and financial condition. In addition to the above, our loan documentation includes certain conditions and covenants that require us to obtain consents from the aforesaid banks prior to carrying out certain activities like entering into any amalgamation, demerger, merger and corporate reconstruction, changing our management and operating structure, making any fresh borrowings or creating fresh charges on assets. Failure or delay in obtaining such consents can have significant consequences on our capacity to expand and therefore adversely affect our business and operations. Any failure to comply with the requirement to obtain a consent, or other condition or covenant under our financing agreements that is not waived by the lending banks or is not otherwise cured by us, may lead to a termination of our credit facilities, acceleration of all amounts due under the said credit facility, which may adversely affect our ability to conduct our business and operations or implement our business plans. Further, the said credit facilities can be renewed / enhanced / cancelled / suspended / reduced and the terms and conditions of the same can be altered by the lending banks, at their discretion. In the event, the lending banks refuse to renew / enhance the credit facilities and / or cancels / suspends / reduces the said credit facilities and / or alters the terms and conditions to the derogation of our Company, our existing operations as well as our future business prospects and financial condition may be severely affected.

- 45. *Our Proposed Project is to be partly funded by the rupee term loan sanctioned by PFC which imposes several restrictive covenants on our Company and our Promoter, Mr. Faruk G. Patel, in relation to the Proposed Project and funding thereof which could adversely affect our business and results of operations. Our failure to comply with these covenants could lead to revocation of the facility which could adversely affect the implementation of our Proposed Project, business and results of operations.***

Our Company has entered into a facility agreement dated November 14, 2018 with the PFC pursuant to which the PFC has agreed to part finance the Proposed Object. The terms of the said facility agreement require us to comply with various covenants and conditions, such as creating security in accordance with the agreed security package, pledging the Equity Shares of our Company held by the Promoter in favour of PFC, bringing in certain levels of equity in the Company, entering into PPA's with third party procurers containing specific conditions including but not limited to: (i) power purchaser quantum as per PPA for each of the procurers should not exceed 50% of the contracted demand; (ii) procurers shall be having a net profit as per latest audited and provisional accounts; (iii) procurers shall not be in current default to its lenders, DISCOM or in payment of statutory obligations, etc. We have currently not yet complied with certain covenants under our financing arrangement, relating to creation of security and/or entering into the long term PPA's with third party procurers, etc. Any failure or delay on our part to comply with these covenants would constitute an event of default under the relevant facility agreement / sanction letter, and as a consequence may lead the PFC to exercise the rights available to it under the terms of its financing agreements, which include the right to cancel the sanctioned amounts with immediate effect, declare the loan amounts together with accrued interest immediately outstanding and payable, and exercise its rights over the security interests created under its financing documents, enforce the Promoter's shares pledged thereby reducing his shareholding in the Company, and exercise of rights to convert loans into equity shares of our Company. Any failure to meet our obligations under the financing documents could have an adverse effect on our financial condition and results of operations.

- 46. *Our Promoter, Mr. Faruk G. Patel has pledged, and may continue to pledge a portion of the Equity Shares of the Company, held by him in favor of lenders, who may exercise their rights under the respective pledge agreements in events of default.***

Our Promoter, Mr. Faruk G. Patel has pledged and may continue to pledge some of the Equity Shares of the Company held by him in favor of lenders as security for the loans provided to the Company. If the Company defaults on their obligations under the relevant financing documents, the lenders may enforce the pledges. In such an event, our Promoter's shareholding in the Company will be reduced which may adversely affecting our Promoter's ability to manage the affairs of our Company and this in turn may consequently impact our business, prospects, financial condition and results of operations.

- 47. *Unsecured loans taken by our Company, the Promoter, Group Companies or associates can be recalled by the lenders at any time.***

In past, our Company has borrowed unsecured loans from time to time for its operational needs. Our Company has availed unsecured loans from our Promoter Director, which are repayable on demand. As

on November 30, 2018, the balance of the said unsecured loans is ₹112.60 Lakh. In such cases, our Company may be required to repay the entirety of the unsecured loans together with accrued interest and other outstanding amounts payable in relation to the facility. Our Company may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, cash flows and financial condition.

- 48. *Our Promoter and Promoter Group will continue to retain majority control over the Company after the Issue, which will allow them to influence the outcome of matters submitted to shareholders for approval.***

Upon completion of the Issue, our Promoter and Promoter Group, will continue to hold 51.10% of the post-Issue Equity Share capital of the Company. As a result, our Promoter will have the ability to exercise significant influence over all matters requiring shareholders' approval. Accordingly, our Promoter will continue to retain significant control, including being able to control the composition of our Board of Directors, determine decisions requiring simple or special majority voting of shareholders, relating to any sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting. There can be no assurance that our Promoter will exercise their rights as shareholders to the benefit and best interests of our Company. Further, such control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it is in our Company's best interest. The interests of our Promoter could conflict with the interests of our other equity shareholders, and the Promoter could make decisions that materially and adversely affect your investment in the Equity Shares.

- 49. *Our Company has in the past entered into related party transactions and may continue to do so in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our Company's financial condition and results of operations.***

As on September 30, 2018, we have entered into related party transactions with our Promoter, Promoter Group, Directors, KMPs, their relatives and Group Companies amounting to ₹ 1,109.89 lakhs. Whilst these related party transactions have been disclosed in our financial statements as per AS-18, and we believe that all such transactions have been conducted on an arms-length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. For further details kindly refer to the chapter titled 'Financial Statements' beginning on page 162 of this Prospectus.

- 50. *Our Promoter and Managing Director have interests in our Company other than the reimbursement of expenses and normal remuneration or benefits. Any such interests may result in a conflict of interest, which may have an adverse effect on our business.***

Our Promoter and Managing Director being Mr. Faruk G. Patel may be deemed to be interested in our Company, in addition to regular remuneration or benefits and reimbursements of expenses, to the extent of Equity Shares held by him, his relatives, his dividend or bonus entitlement, benefits arising from his directorship in our Company, and to the extent of sitting fee payable to him for attending each of our Board and Committee meetings and to the extent of personal guarantees extended by him in relation to certain debt facilities availed by our Company, the pledge of the equity shares of the Company held by him in favour of certain lender banks and unsecured loans extended by him from time to time to the Company. Therefore, some of the above interests may conflict with his duties as Promoter / Director of the Company. For further details, kindly refer the chapters titled "Our Management" and "Our Promoter and Promoter Group" beginning on pages 136 and 149, respectively of this Prospectus.

- 51. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.***

Since the Issue size is less than Rs.10,000 Lakh, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this

Issue. The deployment of funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

- 52. *We derive a significant portion of our revenues from a limited pool of customers. The loss of, or a significant reduction in the revenues we receive from, one or more of these customers, may adversely affect our business.***

We derive our revenue under IPP by selling entire solar power units to our six customers at present. In the FY 2018 and for the six months period ended September 30, 2018, a mix of these customers accounted for 100% of our revenue from operations under sale of solar power as an IPP. Our other division of sale of land plots, our top 10 clients are not necessarily the same every year. Further, in the FY 2018 and for the six months period ended September 30, 2018, our Company has sold one power plant and two power plants respectively to our CPP clients. The loss of business derived from these customers or a significant reduction in, the revenues we receive from, one or more of these customers may adversely affect our business.

- 53. *The average cost of acquisition of Equity Shares by our Promoter is lower than the Issue Price.***

Our Promoter's average cost of acquisition of Equity Shares in our Company is lower than the Issue Price as decided by the Company in consultation with the LM. For further details regarding average cost of acquisition of Equity Shares by our Promoter in our Company and build-up of Equity Shares by our Promoter in our Company, kindly refer to the section titled "Offer Document Summary" and "Our Management" on page 18 and 136 respectively of this Prospectus.

- 54. *Our Company has allotted Equity Shares during the preceding one (1) year from the date of this Prospectus at a price which is lower than the Issue Price.***

In the last 12 (twelve) months, we have, vide board resolution dated September 25, 2018, issued and allotted on a preferential basis 1,30,556 equity shares of face value of Rs. 10/- each at a premium of Rs. 60/- per share, which is lower than the Issue Price, to certain shareholders. For further details in respect of the aforesaid allotment of equity shares, kindly refer to the chapter titled "Capital Structure" beginning on page 60 of this Prospectus.

- 55. *Any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in the Prospectus would be subject to certain compliance requirements, including prior shareholders' approval.***

We propose to utilise the Net Proceeds for setting up of our Proposed Project and other general corporate purposes. For further details of the proposed objects of the Issue, kindly refer to the chapter "Objects of the Issue" beginning on page 75 of this Prospectus.

In case of any exigencies arising out of business conditions, economic conditions, competition or other factors beyond our control which adversely affect our business, we may require to use the Net Proceeds to meet any other expenditure or fund which expenditure cannot be determined with certainty as on the date of this Prospectus. In terms of Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in the Prospectus without obtaining the shareholders' approval through a special resolution. In the event of any such circumstances requiring us to undertake variation in the utilisation of the Net Proceeds disclosed in the Prospectus, we cannot assure that we will be able to obtain the shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

Further, our Promoter would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to change the objects of the Issue. Additionally, the requirement on Promoter to provide an exit opportunity to such dissenting shareholders may deter the Promoter from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter of our Company will have adequate resources

at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Fresh Issue, if any, or vary the terms of any contract referred to in the Prospectus, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

56. *We have referred to the data derived from industry report commissioned from the ICRA Limited.*

We have retained the services of an independent third party research agency, ICRA Limited, to prepare a report titled "Strong demand outlook for renewable energy aided by policy support and improving cost competitiveness; however, regulatory challenges persist", excerpts from which have been included in this Prospectus. The report prepared by ICRA Limited is subject to various limitations and based upon certain assumptions that are subjective in nature. There can be no assurance that the assumptions adopted by this third party agency for the purposes of preparing their research report will prove to be accurate. If any of these assumptions are incorrect, the understanding of our industry could be materially different from that set forth in the reports.

EXTERNAL RISK FACTORS

57. *Our future fund requirements, in the form of further issue of capital or securities and / or loans taken by us, may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest / dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

58. *There is no existing market for our Equity Shares and there can be no assurance that such a market will develop in the future to provide you with adequate liquidity. Further, an active trading market for the Equity Shares may not develop and the price of the Equity Shares may be volatile.*

Prior to this Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained upon the completion of this Issue. Our Company, in consultation with the LM has determined the Issue Price. The Issue Price may be higher than the trading price of our Equity Shares following this Issue. As a result, investors may not be able to sell their Equity Shares at or above the Issue Price or at the time that they would like to sell. The trading price of the Equity Shares after the Issue may be subject to significant fluctuations in response to factors such as, variations in our results of operations, market conditions specific to the sectors in which we operate economic conditions of India and volatility of the BSE, NSE and securities markets elsewhere in the world.

59. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The Issue Price of our Equity Shares has been determined by fixed price method. The price is based on numerous factors (For further information, kindly refer chapter titled "Basis for Issue Price" beginning on 94 of this Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

60. *Conditions in the Indian securities market may affect the price or liquidity of the Equity Shares.*

Indian stock exchanges have in the past experienced substantial fluctuations in the prices of listed securities. These exchanges have also experienced problems that have affected the market price and liquidity of the securities of Indian companies, such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. In addition, the governing bodies of the Indian stock exchanges have from time to time restricted securities from trading, limited price movements and restricted margin requirements. Further, disputes have occurred on occasion between listed companies and the Indian stock exchanges and other regulatory bodies that, in some cases, have had a negative effect on market sentiment. If similar problems occur in the future, the market price and liquidity of our Equity Shares could be adversely affected.

61. *Any future issuance or sale of the Equity Shares by any existing shareholder could significantly affect the trading price of the Equity Shares.*

Any future issuance of Equity Shares by us or the disposal of Equity Shares by any of the major shareholders or the perception that such issuance or sales may occur may significantly affect the trading price of the Equity Shares. There can be no assurance that we will not issue further Equity Shares or that the shareholders will not dispose of, pledge or otherwise encumber their Equity Shares.

62. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between nonresidents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection / tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

63. *If we are unable to adapt to technological changes coupled with changes in market conditions, demands and requirements of our customers, or to identify and understand evolving industry preferences and meet our customers' demands, our business and results of operations may be adversely affected.*

Our future success will depend in part on our ability to respond to technological advances and changes in market conditions and power sector, and also changes in the businesses in which we operate, on a cost-effective and timely basis. Any advancements, changes or up gradation in the present technology being used by us may render the present technology obsolete and may require us to incur additional capital expenditure for upgrading our facilities and equipment so as to compete with our competitors on a global scale. To compete effectively in the industry, we must be able to develop advanced technology to keep up with the market's demand in a timely manner. In the event that we are not able to respond to such technological advancements or changes and demands of the market in a timely manner, we may become less competitive thereby adversely affecting our business, results of operations and financial condition.

64. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Kindly refer to “*Key Industry Regulations and Policies*” on page 121 for details of the laws currently applicable to us. There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the

jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavorable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

GST has been implemented with effect from July 1, 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state VAT and surcharge currently being collected by the central and state governments. The GST is expected to increase tax incidence and administrative compliance. Given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to the tax regime following implementation of the GST. The implementation of this new structure may be affected by any disagreement between certain state Governments, which could create uncertainty. Any future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Further, the general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18 onwards and the same may get triggered once transactions are undertaken to avoid tax. The consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and / or subject us to penalties.

65. *A slowdown in economic growth in India and globally could cause our business to suffer.*

We are highly dependent on prevailing economic conditions in India and globally and our results of operations are significantly affected by factors influencing the Indian and global economy. A slowdown in the economy and per capita income could adversely affect our business, including our ability to grow our assets, the quality of our assets, and our ability to implement our strategy.

Factors that may adversely affect the Indian and global economy and per capita income, and hence our results of operations may include:

- any increase in Indian interest rates or inflation;
- any scarcity of credit or other financing;
- prevailing income conditions among Indian and global consumers and corporations;
- volatility in, and actual or perceived trends in trading activity on, India’s principal stock exchanges;
- variations in exchange rates;
- changes in India’s tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India’s various neighbouring countries;
- prevailing regional or global economic conditions; and
- other significant regulatory or economic developments in or affecting India and other countries.

Any slowdown in the Indian or global economy and per capita income or in the growth of the sectors we participate in or future volatility in global commodity prices could adversely affect our borrowers and contractual counterparties. Specifically, it has been seen that in our industry, that general correlation exists between demand for solar power and per capita income, and therefore any slowdown in per capita income would adversely affect the Indian solar power market, as well as our business. This in turn could adversely affect our business and financial performance and the price of our Equity Shares.

66. *Any downgrading of India’s sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India’s credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other

commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

- 67. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition. India's physical infrastructure is in a developing phase, as compared to that of many developed nations.***

Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

- 68. *Terrorist attacks, civil disturbances, wars, regional and communal conflicts, natural disasters, fuel shortages, epidemics and labour strikes in India and other regions in which we operate may have a material adverse effect on our Company's business and on the market for securities in India.***

India has experienced civil and social unrest, terrorist attacks and other acts of violence in the last few years. Similarly, USA, from where we conduct some of our operations, has also experienced terrorist attacks in the past. If such tensions occur in India, USA or in the other jurisdictions in which we operate, leading to overall political and economic instability, it could adversely affect our business, future financial performance, cash flows and the market price of our Equity Shares. Additionally, any of these events could lower confidence in India's economy and create a perception that investments in companies with Indian operations involve a high degree of risk, which could have a material adverse effect on the price of the Equity Shares. Any discontinuation of business or loss of profits due to such extraneous factors may affect our operations. Further, our operations are dependent on our ability to protect our facilities and infrastructure from fire, explosions, floods, typhoons, earthquakes, power failures and other similar events. India has experienced natural disasters such as earthquakes, a tsunami, floods and droughts in the past few years. In addition, we can give no assurance that the insurance coverage we maintain for such risks will adequately compensate it for all damage and economic losses from natural or man-made catastrophes. The occurrence of a natural disaster of a significant scale could cause interruptions in our operations.

Experts Opinion

Except as stated below, our Company has not obtained any expert opinions:

Our Company has received written consent dated December 6, 2018 from the Statutory Auditors to include their name in this Prospectus as an “expert” defined under section 2(38) of the Companies Act, 2013 as amended from time to time in respect of the reports of the Statutory Auditors on the Restated Financial Statement dated December 6, 2018 and statement of tax benefits dated December 6, 2018 and such consent has not been withdrawn as on the date of this Prospectus.

Monitoring Agency

Since the size of the present Issue is less than ₹ 10,000 Lakh, our Company is not required to appoint any monitoring agency to monitor the utilization of proceeds of the Issue. Although in terms of Section 177 of Companies Act, 2013 the Audit Committee of our Company would be monitoring the utilization of the proceeds of the Issue.

Appraising Entity

None of the purposes for which the Net Proceeds are proposed to be utilized have been financially appraised by any banks or financial institution.

Credit Rating

This being a public issue of Equity Shares, there is no requirement of credit rating for the Issue.

Debenture Trustees

As the Issue is of Equity Shares, the appointment of a debenture trustee is not required.

IPO Grading

Our Company has not obtained any grading from any credit rating agency for the present Issue.

Filing of Prospectus

A copy of this Prospectus shall be filed with SEBI at the SEBI Regional Office, Western Regional Office, Unit No. 002, Ground Floor, SAKAR I, Near Gandhigram Railway Station, Opposite Nehru Bridge, Ashram Road, Ahmedabad - 380009. Change in Auditors

Pursuant to resolution passed by our members at the 8th Annual General Meeting of our Company held on September 29, 2016, M/s. K A Sanghavi & Co. LLP, Chartered Accountants have been appointed as statutory auditors of our Company on account of resignation of M/s. Bipinchandra J. Modi & Co., Chartered Accountants, the erstwhile auditors.

Except as mentioned above, there have been no changes in the Auditors in last three financial years preceding the date of this Prospectus.

Issue Schedule

An indicative timetable in respect of the Issue is set out below:

Event	Indicative Date
Issue Opening Date	January 8, 2019
Issue Closing Date	January 11, 2019
Finalisation of Basis of Allotment with the Designated Stock Exchange	On or before January 17, 2019
Unblocking of Funds	On or before January 18, 2019
Credit of Equity Shares to demat accounts of Allottees	On or before January 21, 2019
Commencement of trading of the Equity Shares on the Stock Exchange	On or before January 22, 2019

The above timetable is indicative and does not constitute any obligation on our Company or the LM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Issue Closing Date, the timetable may change due to various factors, such as extension of the Issue Period by

our Company, any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Applications and revision of Applications shall be accepted only between 10.00 a.m. and 5.00 p.m. (IST) during the Issue Period as mentioned above at the Collecting Centers and designated branches of SCSBs as mentioned in the Application Form. On the Issue Closing Date, the Applications and any revision in the Applications shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and shall be uploaded until (i) 4.00 p.m. (IST) in case of Applications by QIB Applicants and Non-Institutional Applicants, and (ii) until 5.00 p.m. (IST) or such extended time as permitted by the Stock Exchange, in case of Applications by Retail Individual Applicants after taking into account the total number of applications received up to the closure of timings and reported by the LM to the Stock Exchange. It is clarified that Applications not uploaded on the electronic bidding system would be rejected. Applications will be accepted only on Working Days, i.e. Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Issue Closing Date, the Applicants are advised to submit their Applications one day prior to the Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Issue Closing Date. All times mentioned in this Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Applications will be accepted only on Business Days. Neither our Company nor the Lead Manager or the Syndicate Member is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

QIBs and Non-Institutional Investors shall neither withdraw nor revise their Applications so as to lower the size of their Application at any stage after they have bidden in the Issue. QIBs and Non-Institutional Investors may revise their Applications upwards during the Issue Period. Such upward revision must be made using the Revision Form.

Any revision in the Issue Period will be widely disseminated by notification to the Stock Exchange, by issuing a press release and also by indicating the changes on the websites of the Lead Manager and at the terminals of the Syndicate Member(s).

In case of discrepancy in the data entered in the electronic system vis-à-vis the data contained in the physical Application Form, for a particular Applicant, the details as per the Bid file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic system vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / Syndicate Member / RTAs / DPs / Stock Brokers, as the case may be, for rectified data.

Withdrawal of the Issue

Our Company in consultation with the LM, reserve the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue anytime after the Issue Opening Date but before the allotment of Equity Shares, a public notice within two (2) Working Days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly.

The LM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction. Our Company shall also inform the same to the Stock Exchange, i.e. BSE SME on which Equity Shares are proposed to be listed.

If our Company withdraws the Issue at any stage including after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will file a fresh offer document with the stock exchange where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity

Shares issued through this Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

Underwriting and Underwriting Agreement

The Company and the Lead Manager to the Issue hereby confirm that the Issue is 100% Underwritten.

The Underwriting Agreement is dated December 6, 2018 and pursuant to the terms of the Underwriting Agreement, obligations of the Underwriter(s) are subject to certain conditions specified therein. The Underwriter(s) has indicated their intention to underwrite the following number of specified securities being offered through this Issue. In terms of Chapter IX of SEBI ICDR Regulations, the Market Making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the BSE and SEBI regarding this matter from time to time.

Summary of Market Making Arrangement

1. The Market Maker(s) (*individually or jointly*) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of BSE SME and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to offer their holding to the Market Maker(s) (*individually or jointly*) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on BSE SME (in this case currently the minimum trading lot size is 1,600 equity shares; however the same may be changed by the BSE SME from time to time).
6. There would not be more than five (5) Market Makers for a scrip at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
7. **Inventory management by the Market Maker:**

The following shall apply to market maker while managing his inventory during the market making process:

- a. For the first three months of market making, the Market Maker shall provide two way quotes irrespective of his holding.
- b. After a period of three months of market making, the Market Maker is exempted from providing buy quote in the event his inventory crosses the limits on the upper side for market makers during market making process prescribed by SEBI vide its Circular no. CIR/MRD/DSA/31/2012 dated November 27, 2012. The limits on upper side prescribed by SEBI are set forth hereunder:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue size)
Up to ₹ 20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

- c. The Market Maker will give two way quotes till he reaches the upper limit threshold prescribed hereinabove, thereafter he has the option to give only sell quotes.
 - d. The Market Maker will resume providing two way quotes the moment his inventory reaches the prescribed re-entry threshold.
 - e. In view of the market maker obligation, there shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.
8. The Equity Shares of the Company will be traded in the continuous trading session from the date of listing on the BSE SME and the Market Maker will remain present as per the guidelines issued by BSE and SEBI

from time to time. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.

9. The Marker Maker may also be present in the opening call auction, but there is no obligation on him to do so.
10. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

11. Termination of Market Making Arrangement:

The Market Maker(s) shall have the right to terminate said arrangement by giving a one (1) months' notice or on mutually acceptable terms to the LM, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the LM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261(1) of the SEBI ICDR Regulations. Further our Company and the LM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five (5) or as specified by the relevant laws and regulations applicable at that particulars point of time.

12. Risk containment measures and monitoring for Market Makers:

BSE SME will have all margins, which are applicable on the BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.

13. Price Band and Spreads:

The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

14. Punitive Action in case of default by Market Makers:

BSE SME will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

15. The trading shall take place in TFT segment for first 10 days from commencement of trading as per SEBI Circular no. CIR/MRD/DP/02/2012 dated January 20, 2012.

*22,49,402 Equity Shares are pledged with State Bank of India ("SBI"). In order to facilitate the lock-in of these Equity Shares, SBI has temporarily released the pledge for limited purpose of placing them under lock-in as per the SEBI ICDR Regulations. The said Equity Shares shall, immediately after being locked-in, be again pledged in favour of the SBI.

6. PROMOTER'S CONTRIBUTION AND LOCK-IN PERIOD

In terms of Regulation 236 of SEBI ICDR Regulations, minimum promoters' contribution should be not less than 20% of the post Issue equity share capital of our Company. Mr. Faruk G. Patel, our Promoter, has *vide* his letter dated December 19, 2018 consented to hold the required minimum promoter's contribution.

Eligibility of Equity Shares forming part of minimum promoters' contribution

In terms of Regulation 237 of SEBI ICDR Regulations, our Company confirms that none of the Equity Shares forming part of minimum promoter's contribution –

- a. Are acquired by our Promoter during preceding three financial years:
 - For consideration other than cash and where revaluation of assets or capitalization of intangible assets was involved; or
 - Through bonus issue of Equity Shares made by utilizing the revaluation reserves or unrealized gain or through bonus issue against equity shares which are ineligible for minimum promoter's contribution;
- b. Are pledged by our Promoter with any creditor;
- c. Consist of Equity Shares acquired by our Promoter during preceding one year at a price lower than the Issue Price.

Further, our Company was incorporated under the Companies Act, 1956 and was not incorporated by converting the partnership firm(s) or LLP(s).

Our Promoter will not participate in the Issue and there is no promoter's contribution brought in as a part of the Issue.

Lock-in period

For the build-up of share capital of Mr. Faruk G. Patel, Promoter of our Company, kindly refer to Point 3(a) above - "History of Equity Share capital held by our Promoter" on page 65 of this Prospectus.

Our Promoter has confirmed that the acquisition of the Equity Shares forming part of the Promoter's Contribution have been financed from owned funds/surpluses and no loans or financial assistance from any banks or financial institution has been availed for this purpose.

Our Promoter has *vide* his letter dated December 19, 2018 given undertaking that he will keep his shareholding under lock-in for the period mentioned hereinbefore and shall not sell or dispose off or transfer the same save as permissible under Regulations 242 and 243 of the SEBI ICDR Regulations.

Total shareholding of our Promoter, post completion of the present Issue, will be 92,20,000 Equity Shares, constituting 51.03% of post Issue paid up equity share capital of our Company.

B. Equity Shares held by persons other than Promoters:

In terms of Regulation 239 of SEBI ICDR Regulations, entire pre-Issue equity share capital of our Company held by persons other than our Promoter will be locked-in for a period of one year from the date of Allotment in the Issue.

The Equity Shares which are under lock-in shall carry inscription "non-transferable" on the face of share certificate along with the period of lock-in and in respect of Equity Shares which are in dematerialized form, the lock-in will be recorded by the respective depository.

Other requirements in respect of lock-in

Pledge of Locked-in Equity Shares

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by the Promoter, as specified above, can be pledged with any scheduled commercial banks or public financial institutions or systemically important non-banking finance company or housing finance company as collateral security for loans granted by such scheduled commercial banks or public financial institutions or systemically important non-banking finance company or housing finance company, subject to fulfilment of following conditions:

- In respect of Equity Shares which are locked in for a period of one year, the pledge of the Equity Shares is one of the terms of the sanction of the loan;
- In respect of Equity Shares which are locked in for a period of three years, the loan has been granted by such scheduled commercial bank or public financial institution or systemically important non-banking finance company or housing finance company to our Company or our Subsidiary (ies) for the purpose of financing one or more of the objects of the Issue and the pledge of the Equity Shares is one of the terms of the sanction of the loan.

We have entered into a facility agreement with PFC dated November 14, 2018 ("**Facility Agreement**"), pursuant to which PFC has agreed to part finance the Objects of the Issue. The said Facility Agreement, *inter alia*, provide for creation of collateral security by way of pledge of specified percentage of Equity Shares held by our Promoter before the disbursement of loans by them. Accordingly, the Equity Shares held

by our Promoter will be pledged in terms of the Facility Agreement and in compliance with the provisions of Regulation 242 of the SEBI ICDR Regulations and other applicable laws.

Transfer of Locked-in Equity Shares

Pursuant to Regulation 243 of the SEBI ICDR Regulations, the Equity Shares held by the Promoter may be transferred to and amongst the Promoter, the Promoter Group or to new promoters or persons in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and in compliance with the SEBI Takeover Regulations.

Further, pursuant to Regulation 243 of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoter prior to the Issue may be transferred to any other person (including to the Promoter or Promoter Group) holding the Equity Shares which are locked-in as per Regulation 238 or 239 of the SEBI ICDR Regulations, provided that lock-in on such Equity Shares will continue for the remaining period with the transferee and such transferee shall not be eligible to transfer such Equity Shares till the lock-in period stipulated under the SEBI ICDR Regulations has ended, subject to compliance with the SEBI Takeover Regulations, as applicable.

7. Our Company, our Directors, our Promoter and the Lead Manager have not entered into any buy-back and/or standby and/or similar arrangements for the purchase of Equity Shares from any person.
8. Neither the Lead Manager to the Issue nor any associate thereof hold any Equity Shares in our Company.
9. Except as disclosed in the chapter titled “*Our Management*” beginning on page 136 of this Prospectus, none of our Directors or Key Managerial Personnel holds any Equity Shares in our Company.
10. As on the date of this Prospectus, our Company has 196 (One Hundred and Ninety Six) shareholders.
11. Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.
12. Our Company does not have any employee stock option or employee stock purchase scheme.
13. As on the date of this Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoter or any shareholders or any other person any option to acquire our Equity Shares after this Issue. However, in terms of requirement prescribed by PFC, members of our Company have, *vide* special resolution dated September 22, 2018, approved an option in favour of PFC to convert, upon occurrence of default in repayment, the portion of outstanding loans into fully paid up Equity Shares of our Company in accordance with the Facility Agreement entered by our Company with PFC.
14. No further issue of capital by way of issue of bonus shares, preferential allotment, rights issue or public issue or in any other manner which will affect the equity capital of our Company, shall be made during the period commencing from the filing of this Prospectus to the date on which the Equity Shares allotted pursuant to the Issue are listed or application moneys refunded on account of the failure of the Issue.
15. The Equity Shares offered in the present Issue will be fully paid up at the time of allotment.
16. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
17. An over-subscription to the extent of 10% of the Net Issue to Public can be retained by our Company for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. In such an event, the amount of post Issue paid equity share capital of our Company will be increased to the extent of over-allotment.
18. The present Issue is made in terms of Chapter IX of the SEBI ICDR Regulations read with Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rule, 1957 wherein not less than twenty five percent of post Issue paid up equity share capital of our Company is being offered to the public for subscription.

- 19.** Except for reservation of 2,49,600 Equity Shares in favour of Market Maker, no reservation of Equity Shares offered in the present Issue is made in favour of any other person(s).
- 20.** The allocation and allotment in Retail Individual Investors Category and Other Investors Category shall be decided by our Company in consultation with the LM and Designated Stock Exchange subject to compliance with the provisions of the SEBI ICDR Regulations. In case of under-subscription in either category, spill-over to the extent of under-subscription from other category will be made.
- 21.** Our Company shall ensure that transactions, if any in Equity Shares of our Company by our Promoter and members of the Promoter Group between the date of registering the Prospectus with the RoC and the Issue Closing Date are reported to the Stock Exchange within 24 hours of such transactions being completed.
- 22.** Our Company shall comply with such disclosures and accounting norms as specified by SEBI from time to time.
- 23.** No payment, direct or indirect in the nature of discount, commission and allowance or otherwise shall be made either by our Company or Promoter, to the persons who are allotted Equity Shares pursuant to the Issue.
- 24.** Our Company has not raised any bridge loan against the proceeds of the Issue.

***Based on the certificate dated December 21, 2018 from M/s. K A Sanghavi & Co. LLP, Chartered Accountants.*

The fund requirements are based on internal management estimates and have not been appraised by any bank or financial institution. However, PFC has sanctioned loan based on its own internal assessment of the Proposed Project and entered into a facility agreement dated November 14, 2018 with our Company. However, any disbursement to the project by PFC is contingent upon the compliance of various pre-disbursement and others conditions as set out in the Rupee Term Loan Agreement, including the submission of dismissal order of NCLT/NCLAT under IBC in relation to the legal proceedings by Lanco Solar Private Limited and Lanco Solar Energy Private Limited against Our Company.

The fund requirements are based on current conditions and are subject to change on account of changes in external circumstances or costs or in our financial situation, business or strategy. The actual costs would depend upon the negotiated prices with the suppliers and may vary from the above estimates. Consequently, the fund requirements of our Company are subject to revisions in the future at the discretion of the management. In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to compliance with applicable laws. Further, in case of a shortfall in the Net Proceeds or cost overruns, our management may explore a range of options including utilising our internal accruals or seeking debt financing.

Funding Arrangement

The total funds required for setting up 25 MW solar power project is ₹13,203.76 Lakh. 75% of the stated means of finance, excluding funds to be raised through the Issue and deployed from internal accruals & preferential issue of Equity Shares have been arranged as follows:

We have entered into facility agreement dated November 14, 2018 with PFC for finance through rupee term loan aggregating to ₹8,600.00 Lakh for this 25MW DC Solar Photovoltaic (PV) Power Plant. For details of the said rupee term loan, please refer the chapter “Financial Indebtedness” on page 216 of this Prospectus.

However, any disbursement to the project by PFC is contingent upon the compliance of various pre-disbursement and others conditions as set out in the Rupee Term Loan Agreement, including the submission of dismissal order of NCLT/NCLAT under IBC in relation to the legal proceedings by Lanco Solar Private Limited and Lanco Solar Energy Private Limited against Our Company.

Accordingly, we confirm that we are in compliance with the requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing internal accruals & preferential issue of Equity Shares.

Our fund requirements and deployment thereof are based on the internal management estimated of our Company and have not been appraised by any bank, financial institution or any other external agency. These are based on current circumstances of our business and our Company may have to revise its estimates from time to time on account of various factors beyond its control, such as market conditions, competitive environment, changes in our financial condition, costs of commodities and interest or exchange rate fluctuations. The actual costs would depend upon the negotiated prices with the suppliers/contractors and may vary from the above estimates. Our

management, in response to the dynamic nature of the industry, will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may also change. This may also include rescheduling the proposed utilization of Proceeds and increasing or decreasing expenditure for a particular object vis-à-vis the utilization of Proceeds. In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to compliance with applicable laws. In case of a shortfall in the Net Proceeds, our management may explore a range of options which include utilization of our internal accruals or debt. Our management expects that such alternate arrangements would be available to fund any such shortfall.

Details of the Objects of the Issue

(1) To part finance setting up a 25 MW Solar Power Project at Sudi village, Samiyala village and Tanchha village located in Amod Tehsil in Bharuch District of Gujarat.

Our Company proposes to set up a 25 MW Solar Power Project at Sudi village, Samiyala village and Tanchha village located in Amod Tehsil in Bharuch District of Gujarat, India. The Company proposes to set up this project as Unit II.

Our Company has already implemented two Solar Power Projects in Unit I:

- (i) 5 MW capacity project was commissioned on March 30, 2016
- (ii) 10 MW capacity project was installed by September 07, 2017.

Our Company plans to set up the 25 MW Solar power project at an estimated cost of ₹ 13,203.76 Lakh. The detailed bifurcation of cost for Proposed Project is as follows:

Sr. No.	Particulars	Amount (₹ in Lakh)
I	Acquisition of Land	2,099.88

IV. Interest during construction period:

As per the management estimates, interest on borrowing during construction of proposed Project has been calculated considering the construction schedule. The project will be part financed by way of rupee term loan from PFC for an amount of ₹ 8,600.00 Lakh. Our Company has estimated an amount of approx. ₹250.00 Lakh as interest cost during construction period after considering an implementation period for the proposed Project.

V. Preliminary and preoperative expenses:

As per the management estimates, preliminary and preoperative expenses of ₹100.00 Lakh has been considered which mainly comprise of expenses such as loan syndication fees, documentation charges and all upfront / appraisal fee required for raising the debt, travelling, insurance, salary, legal, processing fees, upfront and other expenses. Our Company has already deployed ₹ 89.40 Lakh till November 30, 2018.

VI. Provision for contingencies:

As per the management estimates, provision for contingencies of ₹ 252.03 Lakh, at 2% of ₹ 12,601.73 Lakh, i.e. the total estimated cost before incorporating the Interest during construction period and the preliminary & preoperative expenses, has been estimated to meet any unforeseen expenses/cost for the project including funding the requirement of margin money for working capital.

Government and other approvals

We have applied for and received approvals for the proposed Solar Project. For details in relation to the approvals sought and received, kindly refer the chapter titled “Government and other Key Approvals” on page 227 of this Prospectus.

Manufacturing Process

The generation of solar power will be same as per the present process being undertaken by the Company and there will be no special technical know-how required for the proposed project. For details in relation to the manufacturing process, kindly refer the chapter titled “Our Business” on page 106.

- c. Amount to be paid on actuals, and shall be capped at ₹ 5.00 Lakh that would be paid on a proportionate basis based on the qualifying criteria.*

Appraisal Report

None of the Objects for which the Net Proceeds will be utilized have been appraised by any agency.

Bridge Financing Facilities or other financial arrangements

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Prospectus, which are proposed to be repaid from the Net Issue Proceeds. However, depending upon business requirements, our Company may consider raising bridge financing facilities pending receipt of the Net Proceeds.

Interim use of proceeds

Pending utilisation of the Net Proceeds for the purposes described above, we undertake to temporarily deposit the funds from the Net Proceeds only in the scheduled commercial banks included in the Second

Schedule of the Reserve Bank of India Act, 1934, for the necessary duration. Such deposits will be approved by our management from time to time. Further, in accordance with Section 27 of the Companies Act, 2013, our Company confirms that pending utilisation of the Net Proceeds, it shall not use the funds for any buying, trading or otherwise dealing in any equity or equity linked securities of any listed company or for any investment in the equity market.

Variation on Objects

In accordance with Section 13(8) and 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the Objects of the Issue without our Company being authorised to do so by the shareholders by way of special resolution through postal ballot. Our Promoters or controlling shareholders will be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as prescribed by SEBI, in this regard.

Shortfall of Funds

In case of a shortfall in the Net Proceeds, our management may explore a range of options which include utilisation of our internal accruals, debt or equity financing. Our management expects that such alternate arrangements would be available to fund any such shortfall.

Monitoring of Issue proceeds

As the size of the Issue will not exceed ₹10,000 Lakh, the appointment of Monitoring Agency would not be required as per Regulation 262 of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Proceeds through our Audit Committee. Pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in the Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Other confirmations

Except as disclosed in the chapter “*Our Business*”, “*Our Management*”, “*Our Promoter and Promoter Group*”, there is no material existing or anticipated transactions with our Promoter, our Directors, our Company’s key Managerial personnel and Group Entities, in relation to the utilisation of the Net Proceeds. Except the amount as disclosed above and in the normal course of business and in compliance with the applicable laws, no part of the Net Proceeds will be paid by us as consideration to our Promoter, our Directors or key managerial personnel or our Group Entities.

BASIS FOR ISSUE PRICE

The Issue Price has been determined by our Company in consultation with the LM on the basis of the following qualitative and quantitative factors as described below. The face value of the Equity Shares of our Company is ₹10 each and the Issue Price is ₹ 80 each which is 8.00 times of the face value.

Qualitative Factors

We believe the following are our key strengths:

- Favorable geographical location of our solar power plant
- Optimal design and structure of our solar power plant
- Established infrastructure for evacuating power
- Higher per unit revenue realization and assured revenue from PPAs
- Experienced Promoter and management team
- Existing synergies within the Promoter Group

For further details, kindly refer chapter titled “Our Business” on page 106 and section titled “Risk Factors” on pages 22 of this Prospectus.

Quantitative Factors

Some of the information presented in this section relating to our Company is derived from the Restated Financial Statements prepared in accordance with Indian GAAP, the Companies Act, 2013 and restated in accordance with the SEBI ICDR Regulations. Some of the quantitative factors, which form the basis for computing the Issue Price, are as follows:

1. Basic and Diluted Earnings per Share (“EPS”)

As per our Restated Financial Statements:

Year ended	Basic and Diluted EPS (in ₹)*	Weight
March 31, 2016	8.09	1
March 31, 2017	7.95	2
March 31, 2018	9.39	3
Weighted Average	8.69	
For the 6 months period April 1, 2018 to September 30, 2018^	2.99	

* The number of Equity Shares and the resultant EPS in respect of the financial years ended March 31, 2018, March 31, 2017 and March 31, 2016 considered above is adjusted for the issue of bonus shares issued on March 5, 2018.

^not annualised

Note:

1. Basic and Diluted EPS calculations are in accordance with Accounting Standard 20 (AS-20) 'Earnings per Share', notified under Section 133 of Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The above statement should be read with Significant Accounting Policies and notes thereto.
2. The face value of each Equity Share of the Company is ₹10.
3. Earnings per share (Basic) = (Net Profit After Tax as restated, attributable to the owners of the Company)/(Weighted average number of Equity Shares outstanding during the year / period).
4. Earnings per share (Diluted) = (Net Profit After Tax as restated, attributable to the owners of the Company)/(Weighted average number of dilutive Equity Shares outstanding during the year / period).

2. **Price Earnings Ratio (P/E) in relation to the Issue Price of ₹ 80 per Equity Share:**

Sr. No.	Particulars	P/E at the Issue Price (no. of times)
1.	Based on Basic and Diluted EPS as per our Restated Financial Statements for the Financial Year ended March 31, 2018	9.20

Industry Peer Group (P/E) Ratio

We believe that there are no comparable listed companies of our size in India, which are engaged in selling Solar Power directly to any third party under open access contracts or selling Solar Power projects or selling solar project land plots. Hence, the Industry PE ratio cannot be ascertained by us.

3. **Return on Net Worth (“RoNW”)**

Financial Year ended	RoNW (%)	Weight
March 31, 2016	56.64 %	1
March 31, 2017	25.65%	2
March 31, 2018	20.12%	3
Weighted Average	28.05%	
For the 6 months period April 1, 2018 to September 30, 2018 [^]	6.30%	

[^]not annualised

Note:

1. *Return on net worth (%) = Net Profit After Tax as restated, attributable to the owners of the Company *100 / Net worth as restated at the end of the year / period.*
2. *Net Worth = Equity Share Capital + Securities Premium Account + General Reserve + Surplus / (Deficit) in the statement of profit and loss + Reserves created out of profits but does not include revaluation reserve.*

4. **Minimum Return on the Net Worth after the Issue needed to maintain pre-Issue EPS (Basic and Diluted) for the Financial Year ended March 31, 2018**

Particulars	At the Issue Price
To maintain pre- Issue EPS (Basic and Diluted)	16.72%

5. **Net Asset Value (“NAV”) per Equity Share of face value of ₹10 each**

NAV	Amount (in ₹)
As on March 31, 2018	43.80
As on September 30, 2018	47.02
After the Issue	
At the Issue Price	56.14
Issue Price	80.00

Notes:

1. *Net Asset Value per Equity Share = Net Worth as per the restated at the end of year/period / Number of Equity Shares outstanding as at the end of year/period*

6. **Comparison with listed industry peers**

We believe that there are no comparable listed companies of our size in India, which are engaged in selling Solar Power directly to any third party under open access contracts or selling Solar Power projects or selling solar project land plots. There are large listed companies whose business segments cater to solar power generation but their business also includes activities other than solar power generation. Hence, their accounting ratios are not considered for comparing with industry peers.

7. The Issue Price is 8.00 times of the face value of the Equity Shares.

The Issue Price of ₹ 80 has been determined by our Company in consultation with the LM and is justified by our Company in consultation with the LM in view of the above qualitative and quantitative parameters.

Investors should read the above mentioned information along with “*Risk Factors*”, “*Our Business*”, “*Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 22, 106, 162 and 204, respectively, to have a more informed view. The trading price of the Equity Shares of our Company could decline due to the factors mentioned in “*Risk Factors*” on page 22 and you may lose all or part of your investments.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS

To

The Board of Directors

K.P.I Global Infrastructure Limited

Shop No. A1/2, Firdous Tower,

Near Fazal Tower,

Adajan Patia,

Surat, Gujarat 395009

Dear Sirs,

Subject: Statement of Possible Special Tax Benefits available to K.P.I Global Infrastructure Limited (the “Company”) and its shareholders prepared in accordance with the requirements under Schedule VI – Clause 9 (L) of the SEBI (ICDR) Regulations, 2018 (“the Regulations”)

We refer to the proposed SME initial public offering of the equity shares (“Equity Shares”) of K.P.I Global Infrastructure Limited (the “Company”, and such offering, the “Offer”). We enclose herewith the statement showing the current position of special tax benefits available to the Company and to its shareholders as per the provisions of the Income-tax Act 1961, as amended, and The Central Goods and Services Act, 2017, The State Goods and Services Tax Act, 2017 and The Integrated Goods and Services Tax Act, 2017 (together referred to as “GST Law”) for inclusion in the Draft Prospectus (“DP”) and Prospectus (“Offer Documents”) for the proposed Offer.

Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the aforesaid tax laws. Hence the ability of the Company or its shareholders to derive these tax benefits is dependent upon their fulfilling such conditions.

The benefits discussed in the enclosed statement are neither exhaustive nor conclusive. The contents stated in the Annexure are based on the information and explanations obtained from the Company. This statement is only intended to provide general information to guide the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

We do not express any opinion or provide any assurance whether:

- The Company or its shareholders will continue to obtain these benefits in future;
- The conditions prescribed for availing the benefits have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to include the enclosed statement regarding the special tax benefits available to the Company and to its shareholders in the Offer Documents for the Offer which the Company intends to file and/or submit to the Securities and Exchange Board of India, Registrar of Companies and stock exchange, provided that the below statement of limitation is included in the Offer Document.

LIMITATIONS

Our views expressed in the statement enclosed are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the Offer relying on the statement.

This statement has been prepared solely in connection with the Offer under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO K.P.I GLOBAL INFRASTRUCTURE LIMITED (“COMPANY”) AND ITS SHAREHOLDERS UNDER:

A. DIRECT TAXATION

The information provided below sets out the possible direct tax benefits available to the Company and its shareholders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the subscription, ownership and disposal of the equity shares of the Company (“Equity Shares”), under the current tax laws presently in force in India. Several of these benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the relevant tax laws. Hence the ability of the shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which, based on commercial imperatives a shareholder faces, may or may not choose to fulfill. The following overview is not exhaustive or comprehensive and is not intended to be a substitute for professional advice.

INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX CONSULTANT WITH RESPECT TO THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN THEIR PARTICULAR SITUATION.

Our views expressed in this statement are based on the facts and assumptions as indicated in the statement. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on this statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed issue relying on this statement.

This statement has been prepared solely in connection with the offering of Equity Shares by the Company under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018.

I. Special tax benefits available to the Company

As per section 80-IA of the Act, units set up to undertake power generation at any time beginning from 1 April 1993 but before 31 March 2017 are entitled to special tax benefits, which entitle such units to deduction of 100% of the profits and gains derived from power generation for a period of 10 consecutive years out of 15 years beginning the year in which the unit begins power generation. The Company has installed 8.48 MW capacity solar plant till March 31, 2017 and entitled to the said tax holiday under section 80-IA of the Act.

The Company will be eligible to claim depreciation on assets used for generation or generation and distribution of power at a higher rate of 40% based on WDV method and additional depreciation @20% under section 32(1)(iia) of the Act.

II. Special tax benefits available to Shareholders

There are no special tax benefits available to the shareholders under the provisions of the Income Tax Act, 1961.

NOTES:

1. The above position is as per the current tax law as contained in Finance Act, 2018.
2. This statement does not discuss any tax consequences in the country outside India of an investment in the Equity Shares. The shareholders / investors in any country outside India are advised to consult their own professional advisors regarding possible Income tax consequences that apply to them.

B) INDIRECT TAXATION

1) Benefits available under The Central Goods and Services Act, 2017, The State Goods and Services Tax Act, 2017 and The Integrated Goods and Services Tax Act, 2017 (together referred to as “GST Law”):

I. Special tax benefits available to the Company

No special tax benefit is available to the Company under the GST law

II. Special tax benefits available to Shareholders

No special tax benefit is available to the Shareholder under the GST law

Outlook of the Indian Economy

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India’s GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3 per cent in 2018-19.

India's gross domestic product (GDP) at constant prices grew by 7.2 per cent in September-December 2017 quarter as per the Central Statistics Organisation (CSO). Corporate earnings in India are expected to grow by 15-20 per cent in FY 2018-19 supported by recovery in capital expenditure, according to JM Financial.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 422.53 billion in the week up to March 23, 2018, according to data from the RBI.

Overview of Indian Power Sector

India has the fifth largest power generation capacity in the world. The country ranks third largest producer and third largest consumer of electricity in the world, with the installed power capacity reaching 343.90 GW as of June 2018. During the FY18, the electricity production in India was 1,201.543 BU, which has been growing at a CAGR of 5.69 percent over the period of FY10–FY18.

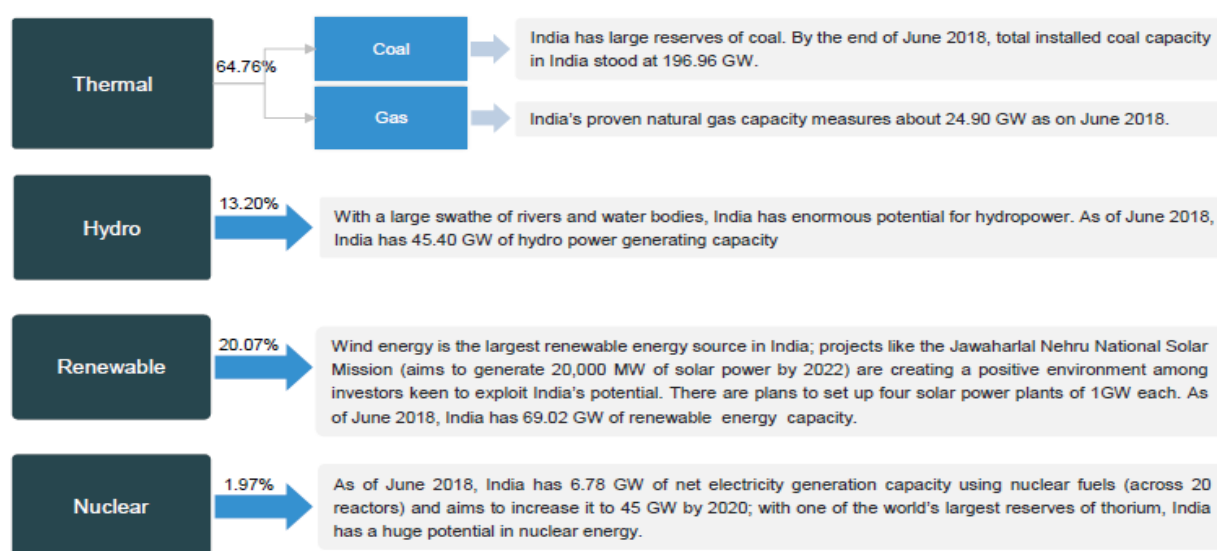

Renewable energy is fast emerging as a major source of power in India. Wind energy is the largest source of renewable energy in India, accounting for 49.33 percent of total installed capacity 69.02 GW. There are plans to

double wind power generation capacity to 60 GW by 2022. India has also raised the solar power generation capacity addition target by five times to 100 GW by 2022. The Union Government of India is preparing a 'rent a roof' policy for supporting its target of generating 40 GW of power through solar rooftop projects by 2022.

In March 2017, the Power Ministry has launched an application named - GARV-II, to provide real time data related to rural electrification regarding all un-electrified villages in India. A total of 18,374 villages out of 18,452 un-electrified villages in India have been electrified up to June 2018. All un-electrified inhabited census villages have been electrified on April 4, 2018 ahead of the deadline May 1, 2018.

India has witnessed a total FDI inflows in the power sector reached US\$ 12.97 billion during April 2000 to March 2018, accounting for 13.21 per cent of total FDI inflows in India. Further, India's power sector is forecasted to attract investments worth Rs 11.56 lakh crore (US\$ 179.31 billion) between 2017-2022 in thermal, hydro, nuclear and renewables segment.

(Source: India Brand Equity Foundation (IBEF))

I. Overview on renewable energy capacity

The installed RE-based power generation capacity in India has increased from 16.8 GW as on March 31, 2010 to 57.2 GW as on March 31, 2017 and the share of RE-based capacity in the overall power generation capacity in India increased from 10.5% as on March 31, 2010 to 17.5% as on March 31, 2017. The RE sector reported a record capacity addition of 11.3 GW in FY2017, an increase of around 60% over 7.1 GW achieved in FY2016. This was driven by large capacity additions in the wind and solar power segments at 5.50 GW and 5.53 GW respectively, which in turn was supported by factors such as favourable policy and a regulatory framework, shorter gestation period and the improving tariff competitiveness for solar PV energy.

In case of solar energy, the actual capacity addition in FY2017 has remained lower than the target set by the Government of India and the same has been due to the delays in tendering and the project award process as well as execution delays to some extent. Nonetheless, the solar capacity addition increased by 83% in FY2017 as compared to capacity addition seen in FY2016. This has allowed the share of solar power capacity in the RE mix to increase to 21.5% as on March 31, 2017 from 15.8% as on March 31, 2016. The wind-based capacity continues to occupy a dominant share in the RE mix at 56.4% as on March 2017

The solar power capacity is spread across Tamil Nadu, Rajasthan, Gujarat, Telangana, Andhra Pradesh and Madhya Pradesh, which together account for 75% of the all India solar power capacity as of January 2017.

Government of India's target for RE sector

With a strong focus on promotion of RE and also in view of the multiple challenges associated with the traditional sources of energy, the Government of India has initiated measures to augment RE capacity with a target to achieve 175 GW by FY2022. The 175 GW is proposed to comprise 100 GW solar power generation capacity (comprising 60 GW utility scale and 40 GW roof-top based), 60 GW wind power generation capacity, 10 GW biomass power generation capacity and 5 GW small hydro power generation capacity. In case of solar power, the target capacity is more widely distributed across the states, with major contribution expected from Andhra Pradesh, Gujarat, Haryana, Karnataka, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh and West Bengal. The following charts illustrate the state wise capacity target to be achieved for solar power by FY2022.

II. Demand outlook is positive supported by policy and regulatory measures

Renewable Purchase Obligation (RPO) norms approved by SERCs

Both the Electricity Act, 2003 and the National Tariff Policy, 2006 have stipulated provision of RPO i.e. a certain fixed proportion out of the overall energy requirements in the distribution licensee area is to be sourced from RE sources. Subsequently, the National Action Plan on Climate Change (NAPCC) released in June, 2008 by the Government of India suggested a minimum RPO target of 5% of the total energy procurement in FY2010, to be increased by 1% every year for a period of 10 years to reach 15% by FY2020. Further, the Ministry of Power vide its order dated July 22, 2016 has issued guidelines for long-term RPO trajectory for a three-year period from FY2017 to FY2019. This is in view of the target of achieving 175 GW RE capacity by FY2022. The overall RPO target is set at 11.50% for FY2017, which is being increased to 14.25% in FY2018 and to 17.00% in FY2019. The obligation will be on the total consumption of electricity, excluding the consumption met from hydro sources. Over the last three-five year period, the SERCs in many of the states have put in place regulations for compliance of RPO norms, comprising non-solar and solar RPO, which are required to be met by the obligated entities.

Source: ICRA research, RPO regulations by SERCs; *draft regulations

As per the RPO regulations, the obligated entities are distribution licensees, group captives and customers availing open access. The RPO norms can be met by the obligated entities either by entering into power purchase agreements (PPAs) with RE assets and/or by purchasing renewable energy certificates (REC). RPO regulations laid out by the SERCs also specify the provision of RPO regulatory charges to be paid by the obligated entity, in case it fails to comply with the RPO target and as per the same, the SERC may direct the obligated entity to deposit a certain amount as the SERC may determine on the basis of the shortfall in units of RPO, and the forbearance price of the REC as decided by the Central Electricity Regulatory Commission (CERC); separately in respect of solar and non-solar RPO.

REC framework in place to facilitate obligated entities to meet RPO norms

The CERC introduced the REC mechanism in January 2010 to promote the development of RE and to facilitate obligated entities to meet the RPO targets set by the respective SERCs. Under this mechanism, obligated

entities, which are unable to meet the RPO targets, can meet the shortfall by purchasing the RECs from the RE generators in other states. For eligibility under the REC framework, renewable projects: (a) would require accreditation from the state agency as notified by the SERC concerned; (b) will not have any PPA with distribution utility at a preferential tariff determined by the SERC; and (c) will sell the electricity generated either to the distribution licensee of the area in which the eligible entity is located, at a price not exceeding the average pooled purchase cost (APPC) of such distribution licensee, or to any other licensee or to an open access consumer at a mutually agreed price, or through power exchange at the market-determined price.

The RECs are of two types – a) solar RECs for solar power generators and b) non-solar RECs for other renewable power generators. The CERC has set the price range for RECs, called the cap price and floor price, which is determined separately for solar and non-solar RECs. The RECs are traded on the power exchanges for market-based price discovery, based on the actual demand and supply situation, although subject to the price range i.e. floor and cap levels as set by the CERC.

Policy support for solar power sector

Policy support in respect of the solar energy segment for development of grid-connected solar capacity continues to remain strong and the Government of India has provided support essentially in two modes so far i.e. 1) mechanism of “bundling” of solar power with relatively inexpensive thermal power from the unallocated quota of Central public sector units; and 2) mechanism of providing Viability Gap Funding (VGF) to make available solar power at reduced prices. Also, the Central Government has amended the provisions in the National Tariff Policy (NTP), related to the RE sector such as increase in solar RPO to 8% by FY2022 and introduction of renewable energy generation obligation (RGO) for entities who intend to set up thermal-based capacity. These NTP provisions remain significantly positive and if implemented, would also be the key drivers for growth in the sector.

In addition, the MNRE announced a scheme in December 2014 to set up at least 25 solar parks, each with a capacity of 500 MW and above, targeting over 20,000 MW of installed solar power capacity in five years from FY2015 to FY2019, with an estimated Central financial assistance (CFA) of Rs. 4050 crore. In October 2015, the MNRE issued the guidelines for the development of solar parks in the country. The Government has received a healthy response from various state governments / nodal agencies to set up solar parks in their respective states. The Government has sanctioned 34 solar parks spread across 21 states with cumulative capacity of 20,000 MW and has tasked Power Grid Corporation of India Limited to manage the grid integration process for this 20,000 MW solar capacity, which is slated to come on-line over the next few years. The solar parks aid the private project developers to secure developed land for solar power projects with evacuation infrastructure. The projects set up in a solar park also benefit from shared common costs and economies of scale while facing relatively low execution risks. The plug and play model offered by these parks has attracted both international and domestic developers.

Accelerated depreciation benefit

Accelerated depreciation of 40% for tax purpose is the key financial incentive for the solar power projects. Also, an additional 20% depreciation has been allowed for the first year of operations.

III. Incremental capacity addition required to meet the RPO norms remain significant

India is endowed with rich solar energy resources due to its location in the equatorial sunbelt. The daily average solar energy incident over India varies from 4 to 7 kWh/m² with about 2,300–3,200 sunshine hours per year, depending upon the location. This compares favourably with many other regions in the world. The National Institute of Solar Energy (NISE) has assessed the solar power potential in India at about 749 GW, with the highest potential in the state of Rajasthan at 142 GW. As against the estimated potential of 749 GW, the actual installed solar power capacity stands at 12.3 GW as on March 31, 2017, highlighting the large untapped solar power potential in the country.

Assuming that the overall RPO would increase to 20.5% by FY2022 (including 8% solar RPO) and assuming an energy demand growth of 6% on a YoY basis, the incremental RE-based energy capacity requirements till FY2022 would amount to 108 GW, as per our estimates. Even under a conservative assumption of overall RPO at 15% (including 5.0% solar RPO) by FY2022 on all India, the incremental cumulative RE requirement is estimated to remain healthy at 65 GW.

For solar energy, there is a temporary lull in announcement of fresh bids, as the plans for tendering of solar power projects are being re-evaluated, post the bid results for the Rewa, Kadapa and Badla solar parks. Nonetheless, the magnitude of solar project awarded in the past 12-18 months has been quite significant. The backlog against these awards itself would, in ICRA's estimates, support a solar capacity addition of about 7-7.5 GW in grid connected utility segment in FY2018.

IV. Improving tariff competitiveness of solar PV against conventional fuel sources

Source: ICRA research

The introduction of competitive bidding has significantly improved the cost competitiveness of solar power tariffs as against the tariffs for conventional power projects. Further, the solar PV-based tariffs have seen a sharp reduction over the past three to four years led by the reduction in the price of PV modules, along with aggressive bidding by solar developers. In addition, this was also supported by ready land availability for projects in solar power parks as well as lower counter-party credit risks for projects with SECI and NVVN as the buyers. The tariff discovered in the recent bids for solar power projects have been in the range of Rs. 3.33 per unit to Rs. 2.44 per unit. The lowest tariff of Rs. 2.44 per unit was seen in the bid for Badla solar park phase-III in the state of Rajasthan. This is much lower than the cost of generation from coal-based power projects.

Source: ICRA research

In addition, wind and solar-based power projects remain favourably placed with relatively much lower construction period in comparison to the thermal and hydro power projects, which are exposed to significant execution-related risks due to long delays in land acquisition and statutory clearances. The lower tariff from wind and solar power projects is a favourable development for the distribution utilities and would allow them to honour their RPO commitments at a highly competitive cost.

V. Viability of the competitive bid-based tariffs

The viability of the competitive bid-based tariffs for the winning developers in solar power sector would be critically dependent on capital cost, PLF, debt tenure and cost of funding. Further, the developers' ability to complete land acquisition and secure connectivity with the transmission system remain crucial for commissioning the project within the stipulated timelines.

The lowest competitively bid-based solar tariff of Rs. 2.44 per unit was discovered in May 2017 in the bidding for Badla solar park phase-III in Rajasthan. This is subsequent to the tariff discovered at Rs. 3.15 per unit for the 250 MW project awarded in Kadapa Solar Park, Andhra Pradesh by NTPC/NVVN in April 2017 and the tariff of Rs. 3.3 per unit for award of 750 MW in Rewa Solar Park, Madhya Pradesh in February 2017. The following tables illustrates the sensitivity of project IRR and DSCR to PLF and capital cost for a solar power project with tariff of Rs. 2.44 per unit. As seen here, the IRR is estimated to increase from 3.5% to 7.8% as the capital cost decreases from Rs. 5 crore per MW to Rs. 3.5 crore per MW, at a given PLF of 22%. Also, the cumulative DSCR is estimated to increase from 0.96 times to 1.33 times as the capital cost decreases from Rs. 5 crore per MW to Rs. 3.5 crore per MW, at a given PLF of 22%. Incremental upside is possible for the developers in case of further reduction in module price level and by using optimal AC-DC mix while installing the plant.

VI. Regulatory challenges persist as evident from inconsistency in RPO norms and weak RPO compliance

RPO norms vary across states and remain lower than norms prescribed: The SERCs in 22 out of the total 29 states have put in place regulations (including draft RPO regulations) stipulating RPO norms till FY2018, which are required to be met by the obligated entities, including distribution licensees, group captive and open access consumers. Of the remaining seven states, the SERCs in some of the states have put in provisions for continuation of the RPO for subsequent years at the levels approved for earlier years, i.e. until new RPO norms are approved by them. Further, the RPO norms continue to vary across the states in terms of both, quantum of RPO and also the period of RPO trajectory approved by the SERCs. The RPO levels vary from 2.5% to 14.25% in FY2018 across the states. Also, the SERCs in only 19 out of the 29 states have stipulated RPO norms till FY2019, while only seven states have stipulated RPO norms till FY2022 (including draft regulations). The RPO levels for a majority of the states continue to remain lower than the RPO trajectory suggested under the NAPCC (which specifies a minimum RPO target of 5% in FY2010, to be increased by 1% every year for a period of 10 years to reach 15% by FY2020) as well as lower than the RPO recommended under the guidelines issued by the Ministry of Power in July 2016.

Source: ICRA research, MNRE

Weak compliance of RPO norms adversely affects REC demand: One of the key demand drivers for RE power capacities is the compliance of RPO norms by the obligated entities, including distribution utilities. However, the RPO compliance at an all India level remains weak. This is owing to weak enforcement of the RPO norms by the SERCs and also unwillingness of the distribution utilities to meet the RPO norms through procurement of RECs. As seen from Chart above here, compliance to RPO targets remains less than 100% across a majority of the larger states except Andhra Pradesh, Himachal Pradesh and Karnataka in FY2016. The compliance levels remain very low at less than 60% in states such as Assam, Bihar, Odisha, Telangana, Uttar Pradesh and West Bengal. The compliance level is in the range of 70%-85% in the states of Chhattisgarh, Gujarat, Haryana, Madhya Pradesh, Maharashtra, Rajasthan and Tamil Nadu. The RE sector thus continues to face a major regulatory challenge with regard to compliance of the RPO targets by the distribution utilities. In the past, SERCs in few states as well as the Appellate Tribunal for Electricity (APTEL) and the Supreme Court have intervened in this matter and given various favourable judgments to implement and enforce the RPO framework. However, the actual RPO achievement continues to remain lower than the approval levels. As a result, the demand for the RECs from obligated entities has been adversely affected over the last three year period.

Forecasting, scheduling and deviation settlement mechanism as approved by SERC in Karnataka is a key regulatory challenge for solar power generators: Subsequent to the notification of regulations on scheduling and forecasting framework for solar power projects by the CERC in August 2015, the Karnataka Electricity Regulatory Commission (KERC) vide its notification dated May 31, 2016 has approved similar regulations. This is the first such regulation to be approved by a state regulator. Also, the SERCs in the states of Andhra Pradesh, Gujarat, Madhya Pradesh, Rajasthan, Tamil Nadu, Odisha and Jharkhand have issued draft regulations in this regard. The objective of these regulations is to facilitate the integration of solar power projects with the grid, while maintaining grid security, stability and reliability. As per the framework approved by the KERC, scheduling and forecasting of generation is required on a day ahead and week ahead basis at intervals of 15 minutes for solar power projects connected to the intra-state grid and selling power within the state, with the permissible deviation in scheduled generation in the range of +/- 15% and deviation charges applicable for a higher range. The forecasting and scheduling regulations pose a regulatory challenge to solar power generation entities, given that solar-based energy generation is variable and intermittent by nature and given that Indian RE players have limited experience in forecasting with such accuracy. While forecasting and scheduling can be made possible through the use of robust technical/statistical modeling based on past generation/weather conditions data, it is still at a nascent stage in India with a limited experience and that in turn, would make it challenging for solar energy generation entities to comply with this requirement.

Grid Evacuation Challenges: Generation by solar power projects is exposed to weather conditions and seasonality. The solar power generation is variable on a daily basis, with generation from solar power projects being primarily during the day. This poses a significant challenge to grid stability and also in scheduling power for the load dispatch centers. The risk to grid stability is also accentuated due to inadequate inter-state transmission infrastructure for exporting power from states with high solar power potential to other states with limited availability of RE sources. This has led to backing down of solar power projects in a few states such as

Tamil Nadu and Rajasthan. This is a matter of concern, given that it has a direct impact on the generation profile and consequently, on the revenues due to a single part nature of tariff and absence of any deemed generation clause in tariff. While the solar generation projects are supposed to operate on a “must run” principle basis under the grid code, any such forced back-down by the state-owned utilities on the grounds of inadequate transmission capacity and/or grid stability remains a concern area for the developers. The draft bidding guidelines notified by the Central Government for solar power projects includes a clause for compensation in case of generation loss due to grid unavailability or back down, which if approved, will be positive for new projects.

VII. UDAY: Improvement in operating efficiency and tariff adequacy crucial for sustainable financial turnaround of distribution utilities

State-owned distribution utilities, being key obligated entities to meet RPO norms, are off-takers for RE projects in most cases. RE players remain exposed to significant counter-party credit risk, given that utilities in a majority of the states have weak financial profile and, as the tariff rates for RE projects have been relatively higher than tariffs for conventional fuel-based projects so far. The median cost coverage ratio for distribution segment still remains below 0.9 times for FY2016 and accumulated book losses for the distribution utilities is about Rs. 4.1 trillion as on March 2015. This is on account of the inadequate tariffs in relation to the cost of supply, higher than allowed distribution loss levels for utilities in many states, and inadequate and untimely subsidy support by state governments in a few states. Lack of or inadequate implementation of fuel and power purchase cost adjustment (FPPCA) framework, by distribution utilities in many states, has also adversely affected the credit profile of the distribution utilities. This in turn results in delays in making payments by the distribution utilities to the power generating companies.

In November 2015, the Government of India has approved Ujwal DISCOM Assurance Yojana (UDAY) with an objective of a financial turnaround of state-owned DISCOMs. Apart from the improvement in operational efficiencies of DISCOMs and reduction in cost of power purchase, the scheme envisages a significant State Government support, mainly in the form of taking over of 75% of DISCOM debt (50% in H2 FY2016 & 25% in FY2017) by the respective state governments. The Union Cabinet in its meeting held on June 22, 2016 accorded an extension of timeline by a year, for taking over 50% of the outstanding debt on the books of DISCOMs as on September 30, 2015 by the respective State Governments under UDAY.

State governments in 27 states/UTs namely Andhra Pradesh, Arunachal Pradesh, Assam, Bihar, Chhattisgarh, Goa, Gujarat, Himachal Pradesh, Haryana, Jharkhand, Jammu & Kashmir, Karnataka, Kerala, Manipur, Meghalaya, Mizoram, Madhya Pradesh, Maharashtra, Pondicherry, Punjab, Rajasthan, Sikkim, Telangana, Tamil Nadu, Tripura, Uttar Pradesh and Uttarakhand have signed MoUs with the Ministry of Power for implementation of the scheme. The combined debt of the distribution utilities (including dues to Central PSUs) of these states accounts for 97% of the overall debt on the books of distribution utilities as on September 30, 2015. In case of Arunachal Pradesh, Gujarat, Goa, Karnataka, Kerala, Manipur, Mizoram, Sikkim, Pondicherry, Tripura and Uttarakhand, while there is no debt takeover by the State Governments, the DISCOMs are proposing to improve the operational efficiencies and lower the cost of procurement.

Source: ICRA research, UDAY website

As per information available on the UDAY website, bonds worth Rs 2.32 lakh crore have been issued by states towards refinancing the debt on the books of the DISCOMs under the UDAY scheme, representing 86.3% of the total bonds to be issued as per MoUs signed. This in turn has improved the liquidity profile of the DISCOMs to some extent. The takeover of debt on the books of the DISCOMs by the respective state governments is expected to happen in a gradual manner in the larger states, with part of the refinanced debt being retained as state government loans to the DISCOMs, which will be subsequently converted to equity or grant over the period from FY2018 to FY2021. But in some states, the debt takeover as per MoUs has not materialized fully. As a result, while there has been a reduction in interest costs to DISCOMs, it is not likely to be the extent as anticipated earlier. The details of the bond issued by states are provided in Chart above.

Source: ICRA research, UDAY MoUs signed between Ministry of Power, DISCOMs and State Governments

Apart from the debt takeover, the financial turnaround of the DISCOMs under this scheme is linked to improvement in AT&C losses as per the stipulated loss trajectory, timely filing of tariff petitions by DISCOMs, timely issuance of tariff orders by the SERCs and adequacy of tariff hikes by the SERCs. Given the high AT&C loss levels (28-61%) for the DISCOMs in Bihar, Chhattisgarh, Haryana, J&K, Jharkhand, Rajasthan and Uttar Pradesh, the ability of these DISCOMs to reduce losses to stipulated levels in a timely manner remains critical. Also, the average tariff hike stipulated for the period FY2016-FY2019 as per UDAY MoUs remains in the range of 5% to 10% across majority of the states. However, tariff orders for FY2017 and FY2018 have not been issued in all the states where MoUs are signed. Further, the tariff hike approved has remained lower than the proposed hike under UDAY in states like Andhra Pradesh, Punjab, Maharashtra and Uttar Pradesh for these years.

While coal reform measures such as coal swapping and linkage rationalisation are expected to be more driven by the efforts at the Ministry of Coal level, achieving the benefits under efficiency improvement, the demand side interventions and savings in interest costs would require continued focus and efforts by the state governments and distribution utilities. Achieving a sustainable improvement in the financial profile of the distribution utilities would require adequate and timely tariff revision by the regulators, including periodic pass-through of fuel and power purchase cost fluctuations and timely and adequate subsidy release by the state governments. The timely implementation of these measures remains critical for the improvement in the financial profile of the distribution utilities, thus enabling them to off-take power and make timely payments to the generation companies.

Overview

We are a solar power generating Company focused on providing solar power, both as an Independent Power Producer (“IPP”) under the brand name of ‘Solarism’ and as service provider to Captive Power Producer (“CPP”) customers. We build, own, operate and maintain grid connected solar power projects as IPP and generate revenue by entering into Power Purchase Agreements (“PPA”) with third parties for selling power units generated through our solar projects. We also develop, transfer, operate and maintain grid connected solar power projects for CPP customers and generate revenue by selling these projects to CPP customers for their captive use requirements. Both these businesses, IPP and CPP, are currently carried out at our plant located at Sudi & Tanchha village, Amod, Bharuch, Gujarat (Solarism Plant). Our Company has also established a ~13.25 km long 66 KV transmission line from our Solarism Plant to the Gujarat Energy Transmission Corporation Limited (“GETCO”) substation located at Amod, Bharuch, Gujarat (Amod Substation), for evacuation of the solar power generated at our Solarism Plant.

Our Company was incorporated as “K.P.I. Global Infrastructure Limited” on February 01, 2008 under the Companies Act, 1956 in the state of Maharashtra. In the initial years of our business operations, we were engaged in the sale of land parcels to third parties, which were leased back for foraying into solar power generation. In 2013, we received a feasibility study from GETCO for evacuation of the solar power, proposed to be generated at our Solarism Plant, to Amod Substation. In 2014, we initiated construction of a ~13.25 km long 66 KV transmission line for power evacuation from our Solarism Plant to Amod Substation. In 2016, we commissioned our first solar power plant for 5 MW on the leased land at Solarism Plant and in 2017, we installed another solar power plant for 10 MW on our owned land at Solarism Plant (both projects referred to as Unit I). Till September 30, 2018, we completed CPP sales of 1.90 MW of solar power plant for our CPP clients.

We propose to increase our solar power generation capacity by setting up another solar power project for 25 MW at Sudi, Samiyala & Tanchha village, Amod, Bharuch, Gujarat (Referred to as Unit II). The estimated cost of this project would be ₹13,203.76 Lakh and the proposed date of commercial commencement is July 2019. We have entered into either PPAs with customers for the proposed sale of power of 25 MW. Post the

commercial commencement, our total solar power generation capacity would increase to 40 MW. For further details, kindly refer the chapter titled “*Objects of the Issue*” beginning on page 75 of this Prospectus.

We have entered into bilateral PPA’s for a period of 3 years with reputed industrial consumers such as Mafatlal Industries Limited (for their two units located at Navsari and one unit located at Nadiad), Best Paper Mills Private Limited (for their two units located at Vapi) and Meghmani Organics Limited (for their three units located at Dahej, Ankleshwar and Panoli) for direct sale of the solar power generated at our Solarism Plant. The rate of our PPAs are currently at around ~₹ 6.58 per unit, which have been priced to arrive at an average of around 7% discount to the prevailing per unit price of the power rates of the DISCOMs, less other adjustments.

Our Company is promoted by Mr. Faruk G. Patel, having more than 18 years of experience in diversified sectors including solar and wind energy space. Our COO, Mr. Shaheedul Hasan, has a bachelor’s degree in Engineering in Electronics from Aligarh Muslim University and has more than 28 years of experience, across the lifecycle of a telecom network and solar power plant. Both of them have completed a solar workshop organized by GERMI. Our Company’s registered office is located at Shop A-1/2, Firdos Tower, Near Fazal Tower, Adajan Patia, Surat – 395009, Gujarat, India. As on September 30, 2018, our Company had 47 full time employees. We have received “Excellence In Solar Park Award – 2016” from Mission Energy Foundation, Mumbai. Our Promoter, has received “Legends of Surat – 2018” award from Gujarat Mitra, a leading newspaper in Gujarat.

On the basis of our restated financial statements for FY 2018, FY 2017 and FY 2016 our total revenue was ₹ 3,158.28 Lakh, ₹2,602.09 Lakh, and ₹2,751.12 Lakh, respectively, our EBIDTA was ₹ 1,854.01 Lakh, ₹ 1,746.14 Lakh and ₹ 1,473.48 Lakh respectively, our net profit was ₹ 1,140.92 Lakh, ₹ 812.49 Lakh and ₹ 767.97 Lakh respectively. Our total revenue has grown from ₹2,751.12 Lakh in FY 2016 to ₹ 3,158.28 Lakh in FY 2018 at a CAGR of 7.14%, our EBIDTA has grown from ₹ 1,473.48 Lakh in FY 2016 to ₹ 1,854.01 Lakh in FY 2018 at a CAGR of 12.17% and our net profit has grown from ₹767.97 Lakh in FY 2016 to ₹ 1,140.92 Lakh in FY 2018 at a CAGR of 21.89% respectively. For the six months period ended September 30, 2018, our total revenue, EBIDTA and net profit was ₹1,820.80 Lakh, ₹ 857.42 Lakh and ₹387.16 Lakh respectively. The brief details of our select financial performance are provided as below:

Period	Total Revenue (in ₹ Lakh)	EBIDTA (in ₹ Lakh)	Net Profit (in ₹ Lakh)	Total Revenue CAGR FY 2016- 2018	EBIDTA CAGR FY 2016- 2018	Net Profit CAGR FY 2016- 2018

2018	3,158.28	1,854.01	1,140.92			
2017	2,602.09	1,746.14	812.49	7.14%	12.17%	21.89%
2016	2,751.12	1,473.48	767.97			

Key strengths

We believe that the below mentioned are our key strengths:

(1) Favorable geographical location of our solar power plant

Our solar power plant of Unit I is located at Sudi & Tanchha village, Amod Tehsil, Bharuch, Gujarat and our proposed solar power plant of Unit II will be located at Sudi Samiyala and Tanchha, village of Amod Tehsil, Bharuch, Gujarat. The solar radiation at the said location is comparatively more favorable for generation of solar power. (Source: National Renewable Energy Laboratory, US Department of Energy). We currently operate our solar power plant totaling to a capacity of 15 MW, at a Capacity Utilisation Factor (“CUF”) which averages to more than 20%. Our solar power plant, which is located in the shadow free and open area, receives sunrays from all the sides without any obstacles / shading. The nominal temperature at the location is around ~27° C, with about 300 sunny days, which is ideally suitable for the solar power project. (Source: <https://en.climate-data.org>).

Our solar power plant has an easy availability of soft water which is crucial for panel cleaning. Our solar power plant and nearby surrounding area consist of black cotton soil land which is considered good for solar power generation because the dust generated is comparatively lower as compared to other types of land which reduces the annual maintenance cost and results into a higher CUF. Dahej GIDC, Vilayat GIDC and Vagra GIDC, which are located in the vicinity of our solar power project, have a high power demand, which can absorb our solar power. Skilled manpower is also easily available in the nearby surroundings. Considering these advantages, we believe that our solar power project is located at a favourable geographical site for solar power.

(2) Optimal design and structure of our solar power plant

We had engaged GERMI as a technical consultant for designing & developing specifications of each network element, defining quality criteria of panels' inspection, pre-dispatch inspection and supervision of project execution. Our Promoter has completed a solar workshop organized by GERMI and is committed to evolving the solar power project's design to utilize the sunrays in generating power even within the fading hours of sunlight. While designing the system, it is important to analyze shading caused by surrounding objects and/or vegetation. We believe that the solar array layout is planned, connected and optimized in such a way that no shadow is created by the arrays during effective sunshine hours even when the sunlight is at an extreme angle.

While preparing the site plan, positioning of the boundary fence, control room, administrative building, switchyard and security house, inverter rooms and transformers has been done so as to avoid shadows. Our Company has installed high-resolution, rotating CCTV cameras covering a majority of the area of our solar power project location, through dedicated high bandwidth capacity radio/OFC network, telecasting a live feed through specifically installed towers from the solar power plant to the head office at Surat. Our team is able to continuously monitor and take corrective action by having a watch over the solar power plant, which enables minimum loss of resources and maximizes output without any need of frequent physical travelling to the site.

(3) Established infrastructure for evacuating power

We have acquired the land and established the requisite infrastructure for the 66 KV transmission line, switchyard, power transformers and a main control station. We have established a ~13.25 km long 66 KV transmission line from our Solarism Plant to the Amod Substation, using towers which are suitable for double circuit of 'panther' conductors enabling transmission upto 100 MW capacity of power. This infrastructure is utilised to generate revenue from our IPP customers and our CPP customers, by providing them infrastructure to transmit the solar power units generated from their respective CPP power plants located at the solar power plant.

We have obtained the evacuation approval from GETCO for transmitting power upto 30 MW through the transmission line and have filed an application for transmitting an additional 10 MW. Our Company also signed the connectivity agreement and O&M agreement with GETCO for a period of 25 years for this 66 KV transmission line. Amod substation has already been approved for upgradation from 66 KV to 220 KV by GETCO which would result in not only enhancement in power intake capacity at that substation but will also offer reliability and availability of the network. Apart from Amod substation, we have Kurchan, Dahej, Vagra and Vilayat substations within a radius of 15 km from our solar power plant, which gives us an opportunity to transmit power to these substations, once the receiving capacity of the Amod substation has been exhausted.

(4) Higher per unit revenue realization and assured revenue from PPAs

As per the current regulatory scenario, there are two options for selling power generated from our solar power projects. Under the first option, we can sell the power to the DISCOMs, who in turn would sell the electricity to the ultimate consumers. The Government has adopted reverse bidding mechanism to achieve the lowest rate from the prospective bidders. In such a scenario, any solar power producer, who bids to sell the power at the lowest rate, is awarded the contract. Under the second option, instead of selling power to the DISCOMs, we can sell power directly to private entities. We have opted for the second option by selling power directly to the ultimate consumers at around ~Rs. 6.58 per unit, which has been priced at an average of around 7% discount to the prevailing per unit price of the power rates of the DISCOMs, less other adjustments. This rate is comparatively much higher than the rates under the first option, which currently averages to around ~Rs. 2.44 per unit. This linkage of rates to DISCOM rates provides us with flexibility in pricing, is easily acceptable to the customers and also provides us with an edge for marketing. Also under the current scenario, the units injected and not utilized by our customers are compensated by the DISCOMs at APPC (Average Pooled Purchase Cost) rate which is also higher than the rate quoted by the bidders under reverse bidding option under the first option.

As a result, even after offering a discount to the prevailing per unit price of the power rates of the DISCOMs, as per our management's estimates, our Company's tariff realization is much higher than that of other solar power producers who sell power under the first option. Our Company is one of the few solar IPPs who have entered into third party sale of solar power through open access contracts and sell power directly to the open access users. This gives both the parties a win-win situation, as we are getting a higher tariff realization than other players who have not opted to enter into third party sale of solar power through open access contracts and the ultimate consumer has a definite saving on the electricity charges. Further, our Company has an assured source of revenue by having entered into a PPA for off-take of our entire existing generating capacity of 15 MW. We have entered into PPAs for a period of 3 years with our customers to sell the power from Unit I of our solar power plant.

(5) Experienced Promoter and management team

Our Company is promoted by Mr. Faruk G. Patel, having more than 18 years of experience in diversified sectors including solar and wind energy space. Our COO, Mr. Shaheedul Hasan, has a bachelor's degree in Engineering in Electronics from Aligarh Muslim University and has more than 28 years of experience, across the entire lifecycle of operating a telecom network and solar power plant. Both of them have successfully completed a solar workshop organized by GERMI. Our Director, Mr. Santosh Singh, who is spearheading project execution, has a bachelor's degree in Engineering in Electrical & Electronics with expertise in project management and has completed several telecom projects and solar projects. Also, our Vice President (Projects), Mr. C.N. Raval, is a retired superintendent engineer from DGVCL and is the backbone of our backend design and operation team.

We believe that our management team is well qualified with vast industry experience and is instrumental for the growth in our operations. We also believe that the experience and relationships of our management team has extended our operating capabilities, improved the quality of our services and facilitated access to our customers. Due to the active involvement of our experienced Promoter and management team, our organization has achieved the desired results in time and cost-effective manner. We would continue to depend on the experience, leadership and vision of our Promoter and our management team to grow our business operations further.

(6) Existing synergies within the promoter group

Our promoter group entity, K P Buildcon Private Limited ("KPBPL") is involved in carrying out EPC activities for solar power projects with a capacity of more than 100 MW. KPBPL has the required manufacturing expertise of steel structures and has provided our Company with the required module mounting structure (MMS) and other steel structures needed in the solar power plant which has helped our Company to further reduce costs.

The existing infrastructure and engineering experience of our promoter group entity helps our Company to take advantage of various synergies within the group. Our promoter group entity involved in fabrication and galvanizing, is used by us as a vendor for construction of module mounting structure (MMS), the structure used to hold modules in place, at a desired angle and direction required in solar power project. We also believe that the business relations developed by our promoter group entities help us with cross-selling of our services.

Key strategies

We plan to enhance our position within the solar power sector by implementing the below mentioned strategies:

(1) Capitalizing on the growth opportunities available in the renewable energy sector

We believe that the renewable energy sector in India has strong development potential in light of the prevailing demand-supply gap, favorable government policies, related legislation promoting the use of renewable energy resources and growing awareness of the importance of reducing dependency on fossil fuels for environmental and energy security reasons. Electricity consumption in India is increasing rapidly, largely due to India's rapid industrial and economic growth. According to Central Electricity Authority, 9,363 MW of solar power capacity has been added in the FY 2018, increasing the capacity by 69% over the previous year addition of 5,526 MW of solar capacity in FY 2017 which in turn increased by 83% over the earlier capacity addition of 3,019 MW in FY 2016 (Source: www.cea.nic.in). The growth has been driven by favorable policy support by the Government of India, State Governments and improving regulatory framework by central electricity regulatory commission (CERC) and state electricity regulatory commissions (SERCs).

According to MNRE, India has solar power potential of ~749 GW out of which Gujarat has the potential of ~ 35 GW solar powers. According to the data available with SLDC, Gujarat's installed capacity is ~1,514 MW excluding rooftop solar and has targeted total solar installed capacity of 8,020 MW by FY 2022 (*Source: MNRE*). To help meet the growing demand for electricity and cope with continuing supply deficits, the Government of India has put in place relevant policies to encourage private sector investment in the creation of additional power generation capacity and, in particular, the development of the renewable energy sector, such as exemptions from the cross subsidy charge, additional surcharge, wheeling charge, reduced wheeling losses (3% as against 10%) and accelerated depreciation benefits. We believe that the confluence of these factors driving the growth in demand for electricity in India as well as the Government of India's policies aimed at incentivizing the development of the renewable energy sector will provide us with significant growth opportunities in the solar sector. We intend to continue to capitalize on these opportunities which will help us achieve growth objectives.

(2) Enhancement of installed capacity as an Independent Power Producer (IPP)

Currently, our installed solar power projects have a capacity totaling to 15 MW. In order to cater to the proposed increased power requirement, we intend to increase our capacity and accordingly we are setting up a new solar power project with an additional capacity of 25 MW. Our Company has signed or is in the advanced stages of negotiations with few reputed entities for the purchase of solar power from our upcoming project through bilateral PPA for an initial period of 15 years, which can be extended on mutual agreement basis. Further, the terms of these PPA's would be backed by a bank guarantee to be provided by the customer, for an amount equal to the estimated average of 2 months billing amount, based on 20% CUF, thereby reducing our financial risk.

Further, our project site is surrounded by an adequate amount of vacant land which gives our Company an opportunity to further expand our capacity by acquiring such land and increasing our solar power generation capacity in future. Our transmission line to Amod Substation is capable of evacuating power upto 100 MW. Amod substation has already been approved for upgradation from 66 KV to 220 KV by GETCO which would result in not only enhancement in power intake capacity at that substation but will also offer reliability and availability of the network. Apart from Amod substation, we have Kurchan, Dahej, Vagra and Vilayat substations within a radius of 15 km from our solar power plant, which gives us an opportunity to transmit power to these substations, once the receiving capacity of the Amod substation has been exhausted. Accordingly, we will continue to increase our installed capacity for solar power project as an IPP in the future.

(3) Focus on sales from Captive Power Producer (CPP)

We develop, transfer, operate and maintain grid connected solar power projects for CPP customers and generate revenue by selling these projects to CPP clients for their captive use requirements. Our focus area of business is the CPP segment wherein we develop the solar plant and sell it to potential customers, proposing to install a captive power plant. Our Company intends to increase specifically in the CPP segment. Further, the operations and maintenance of these CPP plants will also be a part of our agreement with CPP customers which results in an assured income of our Company for the definite period. Our Company has already successfully completed few CPP project totaling to 1.90 MW for our clients i.e. Laser Fibers Private Limited, Heema Processors and Rays Energy. Further, we have entered into LOI's with Shree Sachidanand Industries Private Limited, Prayagraj Dyeing & Printing Mills Private Limited, Shree Sant Krupa Silk Mills Private Limited, M S Synthetics and Sri Mahavir Crimpers for building upto 1.780 MW CPP projects which are in different stages of execution. We intend to focus at this segment for our future expansion.

(4) Optimal utilization of resources

The solar power panels are designed to absorb the sunrays as a source of energy for generating electricity. Our company used 250 W panel solar modules for Unit I and the company proposes to use more efficient 320W-330W solar modules for the proposed Unit II. The use of higher efficiency solar panels helps to reduce the land and other BOS requirements and ultimately leads to cost savings. We constantly endeavor to modernize our infrastructure and improve methods of processing to optimize the utilization of resources. Our Company is successful in operating the plant with a capacity of 15 MW at a CUF of around 20.07% for FY 2018 and 17.53% for six months ended September 30, 2018. Our Company has an in house research and development team that oversees the solar power plant on a continuous basis and makes modification in the module positioning and string box arrangement to generate maximum electricity from sunlight. We plan to monitor the solar power plant on a continuous basis to make modifications which would lead to incremental CUF. We regularly analyze

existing policies and operations which enable us to identify areas of improvements and act on the same, which improves our efficiency and utilization of resources.

Business description

In FY 2014, our Company diversified into renewable energy business to capitalize on the opportunities in the Indian solar power industry. Our Company started acquiring large parcels of lands at Sudi village and divided those into solar project industrial plots and converted the land into non-agricultural land for the purpose of setting up of solar power projects. Subsequently, we have forayed into solar power generation and have established a solar power plant of 15 MW (Unit I) at Solarism Plant, as an Independent Power Producer. We are also proposing to establish another 25 MW (Unit II) at this site. We have also initiated Captive Power Producer sales at this site. We had also undertaken construction of a residential flat earlier, which was since discontinued.

Solarism Plant

Our Solarism Plant, comprising of land from Sudi, Samiyala & Tanchha village, Amod, Bharuch, Gujarat, is situated on the stretch of road from Bharuch to Jambusar. We are currently operating our Unit I, totaling to 15 MW from this site. We had earlier sold 49.22 acres of land at this site, which have been leased back to us. Our 5 MW solar power project is operating on this leasehold land of 20.40 acres situated at this site, while the balance 20.12 acres of leasehold land are earmarked for our future. We already own 74.08 acres of land at this site, wherein we have utilised 37.41 acres of land for our 10 MW solar power plant, have earmarked 17.88 acres of land for our proposed 25 MW solar power plant and further 18.79 acres of land for future. The current CPP project is on 6.13 acres of land sold and 2.57 acres of lease land. Additionally, for 40.74 acres of land, advance has been paid and for 38.25 acres of land, agreement to sell has been executed. The relevant details of the land are as provided as under:

Sr. No.	Particulars	Land for 5 MW (in acres)	Land for 10 MW (in acres)	Proposed Land for 25 MW (in acres)	Land sold/leased for 3.68MW CPP (in acres)	Proposed Land for future (in acres)	Total Land (in acres)*

**Note: Out of the above 7.75 acre of land amounting to ₹ 145.00 Lakh has been acquired from our Promoter Director vide Agreement for sale dated March 01, 2014 read with amendment agreement dated April 06, 2015 further amended vide agreement dated December 13, 2018. Our Company has already paid full consideration and acquired possession of the said land. The final sale deed is yet to be executed.*

Business verticals

We broadly classify our business operations into the following three segments:

(A) Independent Power Producer (IPP) Sales

Our primary business is generating and selling electricity from our own solar power projects as IPP under our brand 'Solarism'. Our Company had initially commissioned and started commercial production of solar power project of 5 MW capacity on March 30, 2016 on 20.40 acres of land at Sudi & Tanchha village, Amod Tehsil, Bharuch District, Gujarat, taken on lease for a period of 25 years. Subsequently, our Company purchased another 55.29 acres of land at Sudi village, Amod Tehsil, Bharuch District, Gujarat, out of which approximately 37.41 acres of land is utilized for additional 10MW project which was installed by September 07, 2017 (both projects referred to as Unit I) and a balance of 17.88 acres of land at Sudi village was proposed to be utilised for our proposed 25MW solar power project (referred to as Unit II). For FY 2017 and FY 2018, Unit I has generated 55.32 Lakh units and 125.63 Lakh units of electricity with an average CUF of 20.01% and 20.07% respectively. For six months period ended September 30, 2018, Unit I has generated 66.45 Lakh units of electricity with an average CUF of 17.53% respectively. The average CUF during the 1st half of the year is generally lower as compared to the 2nd half of the year due to monsoon season. We are using the Poly Crystalline Technology for solar power generation for Unit I and plan to use the same for Unit II, as it is techno-commercially considered to be a viable option for solar power generation.

We have established a ~13.25 km long 66 KV transmission line from our Solarism Plant to the Amod Substation, using towers which are suitable for double circuit of 'panther' conductors enabling transmission upto 100 MW capacity of power. We have already obtained evacuation approval of 30 MW with application of additional 10MW evacuation permission submitted to GETCO. Further, our Company has already signed the connectivity agreement with GETCO, O&M Agreement with GETCO for 66 KV Transmission Line for 25 years.

We have entered into bilateral PPA's for a period of 3 years with reputed industrial consumers such as Mafatlal Industries Limited (for their two units located at Navsari and one unit located at Nadiad), Best Paper Mills Private Limited (for their two units located at Vapi) and Meghmani Organics Limited (for their three units located at Dahej, Ankleshwar and Panoli) for direct sale of the solar power generated at our Solarism Plant. The rate of our PPAs are comparatively higher at around ~₹. 6.58 per unit, which have been priced at an average of around 7% discount to the prevailing per unit price of the power rates of the DISCOMs, less other adjustments.

For FY 2018 and six months period ended September 30, 2018, our total revenue from operations consisted of ₹ 795.65 Lakh and ₹ 422.41 Lakh respectively from IPP sales, which contributed around 25.21% and 23.27% respectively of our revenue from operations. Currently, after commencement of the further 10 MW and the proposed 25 MW, our IPP sales are proposed to grow. The following table illustrates some of the key details of our project:

Project Name	Capacity	Location	Commissioned / Installation date	Approximate Project Cost	Units Generated in FY 2018	Average CUF in FY 2018	Units Generated 6 month period September 30, 2018	Average CUF in six months period
Unit I	5 MW	Sudi & Tanchha village, Amod Tehsil, Bharuch, Gujarat	March 30, 2016	₹3,250 Lakh	125.63 Lakh	20.07%	66.45 Lakh	17.53%
	10 MW	Sudi village, Amod Tehsil, Bharuch, Gujarat	September 07, 2017	₹5,626 Lakh				

(B) Captive Power Producer (CPP) Sales

Captive Power Producers (CPP's) are those entities who install a power project for their own consumption. The units generated from such projects are directly credited to the CPP's bill and subtracted from the units supplied by DISCOM, proving to be economically more viable and prudent source of power. According to Gujarat Solar Power Policy 2015, any electricity consumer can install its own solar power plant for its captive use. The Policy and Gujarat Electricity Regulatory Commission (GERC) Tariff Order also incentivize such solar captive plants by giving certain additional benefits, such as energy banking, exemptions from the cross subsidy charge, additional surcharge, wheeling charge, reduced wheeling losses (3% as against 10%) and accelerated depreciation benefits as well.

Additionally, as per the GERC (Procurement of Energy from Renewable Sources) Regulations, 2010, Renewable Purchase Obligation ("RPO") is applicable to Distribution Licensees and any other Captive & Open-Access users consuming electricity (i) generated from conventional Captive Generating Plant having capacity of 5 MW and above for his own use and/ or (ii) procured from conventional generation through open access and third-party sale ("Obligated Entities"). As per GERC, the RPO for all states and union territories of India, being the minimum quantum of purchase from Solar, for the FY 2017 and 2018 was 2.75% and 4.75% respectively of total consumption of electricity by an Obligated Entity and for the FY 2019, the RPO is 6.75% of total consumption of electricity by an Obligated Entity.

Our CPP customers will benefit by generating power for their captive use, thereby reducing their overall power cost and would also enable our CPP customers, who are Obligated Entities, for meeting their respective RPOs.

Our Company is developing and selling solar power plants to CPP customers. Under this business segment, our Company would either sell or lease, part of the solar power project land at Sudi village, Amod Tehsil, Bharuch, Gujarat (Solarism Plant), for the solar power plant of CPP customers, and develop the solar power project on behalf of the customers, by entering into a turnkey agreement for supplying the developed solar power project. This would enable the CPP customers to not only use a common pool of grid connected land to generate solar power, but also provide the ready-made infrastructure to evacuate power, using our transmission line from Solarism Plant to the Amod Substation. Additionally, our Company has the proven experience of building and operating similar sized solar power plants in the past, which would be an added benefit to our CPP customers.

The operations, maintenance and evacuation of power of our CPP customers are carried out by utilising our existing common infrastructure. Our Company collects charges from the customers for leasing the solar power project land as well as for operation and maintenance services. Under the CPP model, our Company shall receive income from sales at the time of selling the developed power plant to CPP customers as well as receive an annuity for operations, maintenance and evacuation of power. Our Company has successfully completed CPP project of 1.90 MW for our clients i.e. Laser Fibers Private Limited, Heema Processors and Rays Energy, which are commercially operational. Further, we have entered into LOI's with Shree Sachidanand Industries Private Limited, Prayagraj Dyeing & Printing Mills Private Limited, and Shree Sant Krupa Silk Mills Private Limited, M S Synthetics and Sri Mahavir Crimpers for building upto 1.780 MW CPP projects which are in different stages of execution.

For FY 2018 and six months period ended September 30, 2018, our total revenue from operations consisted of ₹ 397.74 Lakh and ₹ 860.14 Lakh respectively from CPP sales, which contributed around 12.60% and 47.38% respectively of our revenue from operations. Currently, after operationalization of the LOIs totaling upto 1.780 MW and the proposed utilisation of land earmarked for the purpose of CPP sales, our CPP sales are proposed to grow.

(C) Sale of solar power project land plots

In the initial years of our business operations, we were engaged in sale of land parcel for solar project to third parties. Post sale of land parcels, if these parties were willing to lease it back to us on a long term basis for a period of 25 years, for establishing the solar power project, then we would enter into a lease agreement with them, whereby we would pay them a fixed lease rental for the period. Our Company had established our initial solar power plant of 5 MW on the plots from this leased land. The lease rentals on this leased land are ₹6,390 per month per plot comprising of around 150 square yards, totaling the leased rent to ₹ 522 Lakh and ₹ 329.84 Lakh for FY 2018 and six months period ended September 30, 2018 respectively.

For FY 2018 and six months period ended September 30, 2018, our total revenue from operations consisted of ₹1,962.15 Lakh and ₹ 474.43 Lakh respectively from sale of solar power project land, which contributed around 62.18% and 26.14% and respectively of our revenue from operations. Going forward, this activity is expected to reduce.

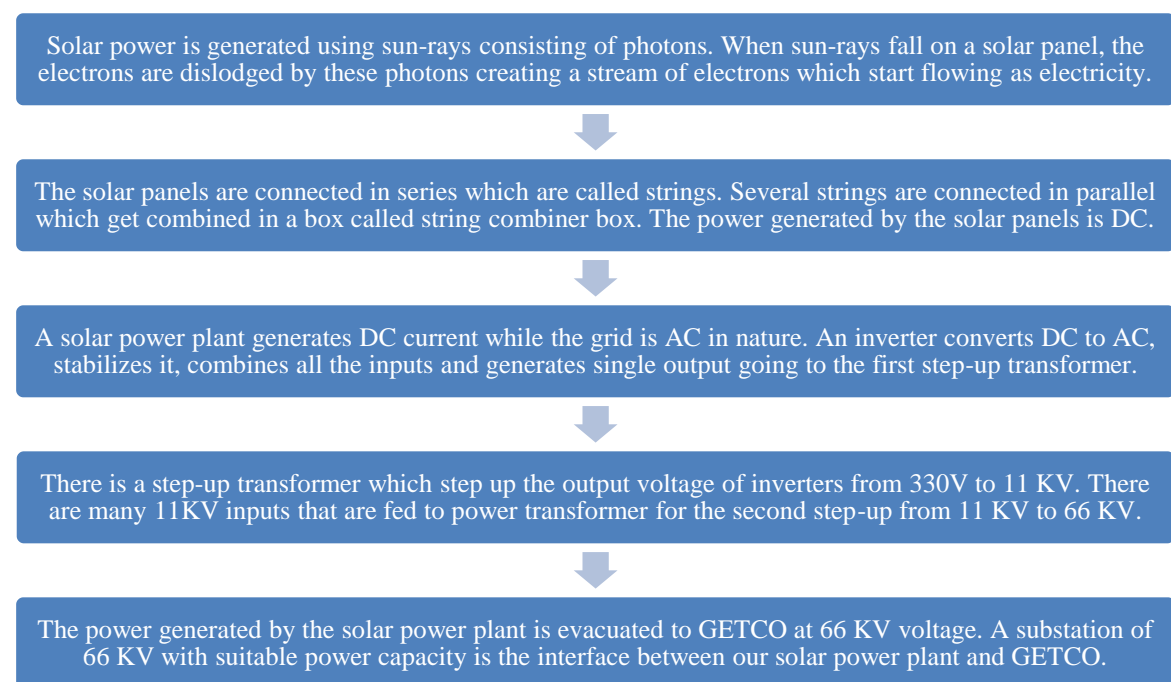

Group Companies

K P Buildcon Private Limited (“K P Buildcon”) has a manufacturing facility of 1,25,000 square feet land area, having fabrication and hot dip galvanizing facility, all under one roof located at Dabhasa, Padra, Vadodara, Gujarat – 391440 with an annual installed capacity of 24000 MTs, equipped with latest modern machineries to handle heavy fabrication jobs. K P Buildcon is a GETCO approved supplier of up to 66 KV transmission line towers and substation structures and is also a MNRE and GEDA approved company for providing rooftop solar power plants and has successfully installed several power plants for various customers in the past few years.

K.P. Energy Limited (“KPEL”) is a BSE listed Company creating wind farm projects on turnkey basis for WTG manufacturers and investors or Independent Power Producers (IPPs). KPEL is primarily engaged in wind energy business which can be further classified into 3 activities (a) Wind Farm EPC (b) O&M of Wind Farms and (c) Energy Generation through its own 8.40 MW wind assets. KPEL has successfully commissioned wind power projects with a cumulative capacity of 170.40 MW at Ratdi, Kuchhdi, Matalpar and Mahuva in the districts of Porbandar and Bhavnagar of Gujarat while 38 MW is under commissioning in Mahuva and 300 MW project consisting of GE wind turbines are under progress in the windfarm of Kutch (Bhuj), Gujarat.

Technology and process

The following is a detailed depiction of the process of generation of solar power:

Metering: There is a suitable metering facility at our end of the Substation and at GETCO end for recording the number of units generated and injected. These meters as per the statutory requirements that records the units at an interval of every 15 minutes and stores the data for a definite period. These meters are connected to the State Load Dispatch Centre (SLDC) using a Remote Terminal Unit (RTU), consisting of a GPRS modem and a SIM card for data transmission which ensures that the on-line data is always available at SLDC end. The SLDC uploads the meter reading at its website every month which is final and binding for each party. Finally, there is an Availability Based Tariff (ABT) meter installed by DISCOM at consumer end recording the units consumed by the consumer. The available energy for set-off between injection points and drawl point is done after deducting the T&D losses from the injected units. These units are finally credited to the customer’s monthly energy bill.

Power Generation Process from a Solar Photovoltaic Power Plant

Photovoltaic (PV) is the nomenclature for the method of converting solar energy into direct current electricity using semiconducting materials that exhibit the photoelectric effect. It is understood that light travels in form of packets of energy known as Photons. When a beam of light falls on the surface of photoelectric material like silicon, cadmium telluride, etc., then at the atomic level, the photons pass on the energy to the electrons orbiting on the outermost orbit around the nucleus of the atom. On receipt of energy, the electrons move to the excited state and subsequently float out as free electrons. The movement of these electrons (which are negatively charged) across the PV cell generates a potential difference (voltage difference), which in turn generates electricity. A number of solar cells electrically connected to each other, laminated under a glass and framed in aluminum support structure or frame is called a photovoltaic module or simply solar module or solar panel. Modules are designed to supply electricity at a certain voltage. Multiple modules can be wired together to form a solar photovoltaic array. The solar panel generates electricity in form of Direct Current (DC), while the power is supplied to the grid in form of Alternating Current ('AC'). Hence inverters, which are an electrical device for conversion of DC to AC, are used to convert the electricity generated by the arrays. Subsequently it is fed to the transformer for stepping up the voltage, from where it is connected to the grid. This has been depicted here:

Installed capacity and capacity utilization

Capacity utilization factor ("CUF") is the ratio of the actual output of our solar power plants over the reporting period to their potential output if it were possible for them to operate uninterruptedly at full rated capacity for that entire operating period. The variability in CUF is a result of differences in radiation at various times of the day as well as during different seasons in a year, cloud covers, the daily rotation of the earth, equipment efficiency, cable losses, breakdowns of transmission systems and grid availability. We track CUF as a core measure of the performance of our solar power projects. A high CUF results in increased electricity generation and indicates high operating efficiency and also validates our value engineering and operations research. The actual installed capacity and capacity utilization factor for the previous years are given in the below table:

Particulars	FY 2017			FY 2018			Six months period ended September 30, 2018		
	Installed Capacity (MW)	Units generated (in Lakh)	CUF (%)	Installed Capacity (MW)	Units generated (in Lakh)	CUF (%)	Installed Capacity (MW)	Units generated (in Lakh)	CUF (%)
Solar Power	5 MW	55.32 Units	20.01%	15 MW	125.63 Units	20.07%	15 MW	66.45 Units	17.53 %

Key Processes

Power evacuation arrangements

Our Company has already established a ~13.25 km long 66 KV transmission line and connected it to the GETCO substation at Amod, District Bharuch, Gujarat through a network of 56 transmission tower / poles. We have already entered into Connectivity Agreement and O&M Agreement with GETCO for the existing 15 MW capacity. We have also received evacuation approval for additional 15 MW from GETCO taking total

evacuation to 30 MW capacity. Additionally, an approval for another 10 MW evacuation has been sought from GETCO. The necessary transmission charges are paid to GETCO, as determined by GERC on an annual basis.

Environmental matters

Our operations do not generate any effluent. The generation of solar power is eco-friendly and pollution free and is categorized as 'Green Power'. Our company is committed to provide a safe, clean and healthy environment.

Our Customers / Marketing and Selling Arrangements

Our Company has entered into Power Purchase Agreement (PPA) for our previous two projects of 5 MW and 10 MW initially for 3 years which are proposed to be extended on expiry of the term. Our Company proposes to enter into long term power purchase agreement (PPA) with subsequent private entities for a period of 15 years. The rate of our PPAs are around ₹ 6.58 per unit, which have been priced at an average of around 7% discount to the prevailing per unit price of the power rates of the DISCOMs, less other adjustments. This linkage of rates to DISCOM rates provides us with flexibility in pricing, is easily acceptable to the customers and also provides us with an edge for marketing. Also under the current scenario, the units injected and not utilized by our customers are being compensated by the DISCOMs at APPC (Average Power Purchase Cost) rate. The following is the list of the PPAs entered into by our Company for off-take of power from Unit I (15 MW):

Sr. No.	Customer Name	PPA Capacity (in MW)*	Location
1.	Mafatlal Industries Limited	2.875 MW	Nadiad
2.	Mafatlal Industries Limited	2.000 MW	Navsari
3.	Mafatlal Industries Limited	1.750 MW	Navsari
4.	Best Paper Mills Private Limited, Unit-1	1.250 MW	Vapi
5.	Best Paper Mills Private Limited, Unit-2	2.000 MW	Vapi
6.	Meghmani Organics Limited	1.250 MW	Dahej
7.	Meghmani Organics Limited	1.350 MW	Ankleshwar
8.	Meghmani Organics Limited	2.000 MW	Panoli
9.	L&T-MHPS Boilers Private Limited	1.250 MW	Hazira

* With +/- 5% tolerance

We have entered into PPAs for Unit II (25 MW) as below:

Sr. No.	Customer Name	PPA Capacity (in MW)	Location
1.	United Phosphorous Limited	7.000 MW	Jhagadia
2.	United Phosphorous Limited	1.800 MW	Ankleshwar
3.	United Phosphorous Limited	2.200 MW	Vapi
4.	L&T MHPS Turbine and Generators Private Limited	2.575 MW	Hazira
5.	Larsen & Toubro Limited	1.700 MW	Hazira
6.	Larsen & Toubro Limited	1.500 MW	Hazira
7.	Colourtex Industries Private Limited	5.000 MW	Sachin
8.	Colourtex Industries Private Limited	5.000 MW	Pandesara

* With +/- 5% tolerance

Competition

India is facing a power deficit scenario where demand for electricity outstrips its supply. Currently in FY 2018 the average demand deficit is at 0.7% while peak demand deficit is 2.0% (Source: www.powermin.nic.in). Because of this demand-supply gap signifying the potential of power generation in general and green power in particular, we feel that there is space for all existing players. However, we believe that due to our continued commitment to quality, past record and transparency, this will provide us with an edge over our competitors.

Collaborations

We have not entered into any technical or other collaboration till date for any of our business segments.

Awards & Achievements

Our Company and our Promoter have received the following awards and recognitions for our business, till date:

- (1) 2016: Excellence In Solar Park Award – 2016 from Mission Energy Foundation, Mumbai, India.
- (2) 2017: Sthapatya – From The Institute of Civil Engineers & Architects
- (3) 2018: Udyog – Road towards Globalization
- (4) 2018: Legends of Surat – 2018 Award from Gujarat Mitra (Newspaper) to our Promoter Mr. Faruk G Patel

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our Company being a part of the new and renewable energy industry. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional advice. Our Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, kindly refer to the chapter on “Government and other Key Approvals”.

INDUSTRY-SPECIFIC REGULATIONS

Central Electricity Laws/Regulations/Policies

The Electricity Act, 2003 and the Energy Conservation Act, 2001 and rules and regulations made there under primarily govern the legislative framework of the electricity sector in India.

The Electricity Act, 2003 (“Electricity Act”)

The Electricity Act repealed the previous Indian legislation pertaining to electricity in India, namely the Indian Electricity Act, 1910, the Electricity (Supply) Act, 1948 and the Electricity Regulatory Commissions Act, 1998. The object of the Electricity Act is to consolidate the laws relating to *inter-alia* the generation, transmission, distribution, trading and use of electricity. The Electricity Act *inter-alia* provides for constitution of the Central Electricity Authority to exercise such functions and perform such duties as are assigned to it thereunder, including *inter-alia* advising the Central Government on matters relating to national electricity policy, formulating short term and perspective plans for development of the electricity system. It also provides for the constitution of the Central Electricity Regulatory Commission for exercising the powers and discharging the functions assigned to it thereunder, including *inter-alia* regulating tariffs of generating companies, granting of licenses, formulating the Grid Code as well as advising on formulation of the National Electricity Policy and Tariff Policy. It also *inter-alia* provides for constitution of the State Electricity Regulatory Commissions for formulating the State Grid Code, granting licenses to electricity traders/distributors, facilitate intra-state transmission and wheeling of electricity.

The National Electricity Policy, 2005

On February 12, 2005, the Ministry of Power notified the National Electricity Policy. The National Electricity Policy lays down guidelines for accelerated development of the power sector, providing supply of electricity to all areas and protecting interests of consumers and other stakeholders keeping in view availability of energy resources, technology available to exploit these resources, economics of generation using different resources, and energy security issues. The National Electricity Policy aims to address the following issues:

Rural Electrification;
Generation;
Transmission;
Distribution;
Recovery of Cost of services and targeted subsidies;
Technology development and Research and Development;
Competition aimed at consumer benefits;
Financing power sector Programmes including private sector participation;
Energy conservation;
Environmental issues;
Training and Human Resource Development;
Cogeneration and Non-Conventional Energy Sources; and
Protection of consumer interests and Quality Standards.

The National Electricity Plan, 2016

The National Electricity Plan was prepared by the Central Electricity Authority (“CEA”) and may be used by prospective generating companies, transmission utilities and transmission/distribution licensees as reference document. The National Electricity Plan is a short-term framework of five years with a 15 (fifteen) year perspective to *inter-alia* identify areas/locations for capacity additions in generation and transmission of electricity keeping in view the economics of generation and transmission, losses in the system, load centre requirements, grid stability, security of supply, quality of power including voltage profile, etc.; integration of such possible locations with transmission system and development of national grid including type of transmission systems and different technologies available for efficient generation, transmission and distribution.

The National Tariff Policy, 2016 (“National Tariff Policy”)

The Electricity Act *inter-alia* empowers the Central Government to formulate the National Tariff Policy and also *inter-alia* requires that the Central Electricity Regulatory Commission and State Electricity Regulatory Commissions are guided by the tariff policy in discharging their functions. Accordingly, the Ministry of Power has formulated the National Tariff Policy which lays down the following objectives:

1. Ensuring availability of electricity to consumers at reasonable and competitive rates;
2. Ensuring financial viability of the sector and attracting investments;
3. Promoting transparency, consistency and predictability in regulatory approaches across jurisdictions and minimizing perception of regulatory risks;
4. Promoting competition, efficiency in operations and improvement in quality of supply.

The National Tariff Policy has *inter-alia* laid emphasis on the importance of providing adequate return on investment in the power sector. Accordingly, the Central Electricity Regulatory Commission (“CERC”) in consultation with the Central Electricity Authority would be required to formulate operating norms for generation and transmission and tariff structures on the basis of the aforesaid objectives embodied in the National Tariff Policy. The State Electricity Regulatory Commissions are further required to adopt such norms formulated by the CERC in consultation with the CEA. The National Tariff Policy also mandates that in terms of the Electricity Act, the Appropriate Commission shall specify the minimum percentage for purchase of energy produced from non-conventional energy sources.

Strategic Plan for New and Renewable Energy Sector for the Period 2011-17 (“Strategic Plan”)

The Ministry of New and Renewable Energy (“MNRE”) has prepared this Strategic Plan for the period 2011-17 (covering the last year of the 11th plan and the next 5 years period of the 12th plan) and perspective till 2022, which seeks to articulate the goals of the Ministry, the strategy to be adopted by it during this period to achieve these goals and the corresponding action plan. MNRE’s Strategic Plan *inter-alia* sets out as its key components:

1. Vision, Mission and Objectives to be achieved by the end of the year 2022;
2. Strategy for promoting the sector and achieving desired outcomes;
3. Implementation plan outlining the timelines, resources required and tools for tracking and measuring success.

The vision of MNRE is to upscale and mainstream the use of new and renewable energy sources in furtherance of the national aim of energy security and energy independence, with attendant positive impact on local, national and global environment. One of the key objectives of the MNRE is promotion of grid-interactive renewable power generation projects.

In terms of the Strategic Plan, the MNRE is to continue to work closely with Central and State Regulatory Agencies to promote facilitative framework for promotion of renewable energy technologies which includes a wide array of issues.

The Legal Metrology Act, 2009 (“Legal Metrology Act”)

The Legal Metrology Act replaces the Standards of Weights and Measures Act, 1976 and the Standards of Weights and Measures (Enforcement) Act, 1985. The Legal Metrology Act seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto.

The Legal Metrology Act *inter-alia* requires any person who manufactures, repairs or sells, or offers, exposes or possesses for repair or sale, any weight or measure, to obtain a license issued by the Controller of Legal Metrology. It has been clarified that no license to repair is required by a manufacturer for repair of his own weight or measure in a State other than the State of manufacture of the same. The Legal Metrology Act *inter-alia* provides that any person who is required to obtain a license under the Legal Metrology Act or the rules made thereunder, repairs or sells, or offers, exposes or possesses for repair or sale, any weight or measure, without being in possession of a valid license, will be punished in the first instance with fine and for a subsequent offence, with imprisonment and/or fine.

Authorities and Organizations

Ministry of Power

The Ministry of Power governs the electricity sector in India and is responsible for perspective planning, policy formulation, processing of projects for investment decisions, monitoring of the implementation of power projects, training and manpower development and the administration and enactment of legislation in regard to thermal, hydro power generation, transmission and distribution. The Ministry of Power is also responsible for the administration of the Electricity Act, 2003, the Energy Conservation Act, 2001 and the rules and regulations made there under.

Ministry of New and Renewable Energy

MNRE is the nodal ministry for all matters relating to renewable energy. MNRE was established in 1992 as Ministry of Non-Conventional Energy. In the year 2006, it was renamed as MNRE. The MNRE aims to develop new and renewable energy technologies, processes, materials, components, sub-systems, products and services pertaining to renewable energy in India thereby assisting in meeting the demand for power in India. The MNRE has announced various schemes for generation of power from renewable energy sources. It has further established specialist financial and technical institutions to complement its role in development of the solar energy sector in India. The Solar Power Division of MNRE has been dedicated by MNRE to facilitate solar power projects in India. The MNRE also aims to become a net foreign exchange earner in the renewable energy sector.

National Institute of Solar Energy (“NISE”)

National Institute of Solar Energy (NISE), an autonomous institution of Ministry of New and Renewable (MNRE), is the apex National R&D institution in the field Solar Energy. The Government of India has converted 25 year old Solar Energy Centre (SEC) under MNRE to an autonomous institution in September, 2013 to assist the Ministry in implementing the National Solar Mission and to coordinate research, technology and other related works. National Institute of Solar Energy as an apex institute of the Ministry of New and Renewable Energy, in the area of solar energy is undertaking activities related to research & development, testing, certification, standardization, skill development, resource assessment and awareness in the field of solar energy and associated technologies. .

Gujarat Urja Vikas Nigam Ltd. (“GUVNL”)

The Gujarat Electricity Industry (Reorganization & Regulation) Act, 2003, was passed by the Government of Gujarat to restructure the electricity industry with an aim to improve efficiency in management and delivery of services to consumers. Under the provisions of the Electricity Act, 2003 and the Gujarat Electricity Industry (Reorganization & Regulation) Act, 2003, the Government of Gujarat framed the Gujarat Electricity Industry Re-organization & Comprehensive Transfer Scheme, 2003, to facilitate transfer of assets/liabilities etc. of the erstwhile Gujarat Electricity Board to the successor entities. Assets of the erstwhile Gujarat Electricity Board were dis-aggregated into six companies – one company each engaged in generation and transmission of electricity and four in distribution of electricity. GUVNL was mainly incorporated to take over the assets, liabilities & personnel of the erstwhile Gujarat Electricity Board and to carry out the residual functions of the erstwhile Gujarat Electricity Board. GUVNL is *inter-alia* engaged in the business of bulk purchase and sale of electricity, supervision, co-ordination and facilitation of the activities of its six subsidiary companies. Gujarat Energy Transmission Corporation Limited (“GETCO”) was set up in May 1999 and was promoted by erstwhile Gujarat Electricity Board as its wholly owned subsidiary. Presently, GETCO is a wholly owned subsidiary of GUVNL and is *inter-alia* engaged in the activity of transmission of electricity.

Gujarat Energy Development Agency (“GEDA”)

The Gujarat Energy Development Agency is one of the premier organizations in India working in the field of renewable energy development and energy conservation. GEDA shoulders the responsibility of a state nodal agency for the Ministry of New and Renewable Energy Sources and the state designated agency for Bureau of Energy Efficiency. GEDA has played a pioneering role in the development of a long-term renewable policy and implementation of sustainable energy programmes across the State of Gujarat. GEDA *inter-alia* aims at making renewable energy and energy efficient technologies economically and commercially viable.

Gujarat Electricity Regulatory Commission (“GERC”)

The Gujarat Electricity Regulatory Commission has the mandate to regulate the Electricity Sector in the State of Gujarat in a transparent, effective and efficient manner so as to safeguard the interests of consumers. GERC has been taking effective steps in promoting renewable sources of energy. The GERC has as its functions various activities, *inter-alia* including to the promote generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, determine the tariff for generation, supply, transmission and wheeling of electricity and issue licenses to persons seeking to act as transmission licensees, distribution licensees and electricity traders with respect to their operations within the State of Gujarat.

State Electricity Laws/Regulations/Policies

In the State of Gujarat, the regulatory authority responsible for the development and promotion of renewable energy is Gujarat Energy and Development Agency (“GEDA”). The Government of Gujarat and GEDA play an active role in development of renewable energy by implementing various guidelines issued by MNRE.

Gujarat Wind-Solar Hybrid Power Policy, 2018 (“the Gujarat Wind-Solar Power Policy”)

The Gujarat Wind-Solar Hybrid Power Policy shall come into effect from the date of issuance and shall be operative for a period of 5 (five) years from the date of issuance. The Gujarat Wind- Solar Hybrid Power Policy *inter-alia* provides that *inter-alia*, a company shall be eligible for setting up Solar Power Plants either for captive use and/or for sale of electricity, in terms of the Electricity Act, 2003 as amended from time to time. It has been clarified that the use of electricity for own consumption at his end use location/s by the owner of the Solar Power Plants shall be considered as captive use. Further, the Gujarat Wind-Solar Power Policy, 2018 stipulates that the Solar Power Plants may be set up at sites notified by Gujarat Energy Development Agency and/or any other sites identified as potential site, within the State by the Nodal Agency or Developer/s. The Solar Power Plants may be set up on private land, or revenue wasteland allotted by the State Government/GEDA land, if available. The allotment of GEDA land on lease shall be done upon approval of a Coordination Committee as constituted under the Gujarat Wind-Solar Power Policy. With respect to sale of electricity the Gujarat Wind-Solar Power Policy provides for both, sale to distribution utilities, being GUVNL and/or any distribution licensee as well as to third parties. Moreover, the Gujarat Wind-Solar Power Policy *inter-alia* provides that each distribution licensee shall purchase electricity generated from all renewable energy sources including solar energy, as per orders of the Gujarat Electricity Regulatory Commission (“GERC”). Solar Power Plants installed and commissioned during the operative period shall be eligible for the incentive under this policy for a period of twenty five years from the date of commissioning or of the life span of the solar panels, whichever is earlier. Under the Gujarat Wind-Solar Power Policy the electricity generated from the solar panels shall be exempted from payment of electricity duty in accordance with Gujarat Electricity Duty Act, 1958 as amended from time to time. Wheeling of solar energy for third party sale and captive use shall be exempted from cross subsidy charge. Further, in terms of the Gujarat Wind-Solar Power Policy, the evacuation facility from the solar plant sub-station to the Gujarat Energy Transmission Corporation Limited (“GETCO”) sub-station within the range of 100km shall be erected by the developer at their own cost and beyond this limit, GETCO shall erect the evacuation facilities.

Gujarat Electricity Industry (Reorganization and Regulation) Act, 2003 (“GEI Act”)

The GEI Act seeks to provide for reorganization and rationalization of electricity industry in the State of Gujarat and for establishing an Electricity Regulatory Commission in the State for regulating the electricity industry and for matters connected therewith or incidental thereto. The GEI Act *inter-alia* provides for the establishment of the Gujarat Electricity Regulatory Commission (“GERC”). The GERC is to perform functions as stipulated in the GEI Act, *inter-alia* including (a) the regulation of purchase, transmission, distribution, supply and utilization

of electricity, the quality of service and the tariff and charges payable for the transmission, distribution or supply of electricity; (b) the issue of licenses in the manner provided; (c) formulation of standards, codes and practices for operation of the State Grid and the power system; and (d) promotion of efficient utilization and conservation of electricity, reduction of wastes and losses in the use of electricity.

LABOUR LAWS

The Employees State Insurance Act, 1948

The Employees State Insurance Act, 1948 (“ESI Act”) provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. Employers of factories and establishments covered under the ESI Act are required to pay contributions to the Employees State Insurance Corporation, in respect of each employee at the rate prescribed by the Central Government. Companies which are controlled by the Government are exempt from this requirement if employees receive benefits similar or superior to the benefits prescribed under the ESI Act. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

Employees Provident Fund and Miscellaneous Provisions Act, 1952 (“EPF Act”)

Under the EPF Act, compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee’s provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee’s contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972 provides for payment of gratuity to employees employed in factories, shops and other establishments who have put in a continuous service of 5 (five) years, in the event of their superannuation, retirement, resignation, death or disablement due to accidents or diseases. The rule of ‘five year continuous service’ is however relaxed in case of death or disablement of an employee. Gratuity is calculated at the rate of 15 (fifteen) days’ wages for every completed year of service with the employer. Presently, an employer is obliged for a maximum gratuity payout of Rs.10,00,000/- (Rupees Ten Lakh Only) for an employee.

Payment of Gratuity (Gujarat) Rules, 1973

Every employee who has rendered continuous service for not less than 5 (five) years shall be entitled to gratuity on his superannuation or on his retirement or resignation or on his death or disablement application can be mute in Form-I. In case of seasonal establishments, gratuity shall be payable at the rate of 7 (seven) days wages for each season. The maximum gratuity payable under this Act is Rs.3,50,000/- (Rupees Three Lakh Fifty Thousand Only).

The Minimum Wages Act, 1948 (“MW Act”)

The MW Act was enacted to establish minimum wages for certain categories of employees. Under this Act, the Central and the State Governments stipulate the scheduled industries and establishments and fix minimum wages.

Gujarat Minimum Wages Rules, 1961 (“GMW Rules”)

The minimum wages are fixed in Gujarat on the advice of the State level minimum wage advisory committee. This advisory committee consists of the members of both employers and employees and also other experts. The GMW Rules *inter-alia* provides that every employer shall pay the minimum wages for the scheduled employment under the Minimum Wages Act, 1948. There is also a provision to fix hours of work overtime and

wages for overtime. The claim for non-payment of minimum wages shall be filed before the concerned area Labour Court. Penalties are provided in the Act for violations of provision of Act read with the Rules.

Payment of Bonus Act, 1965

Pursuant to the Payment of Bonus Act, 1965, as amended, an employee in a factory and every other establishment where 20 (twenty) or more persons are employed on any day during an accounting year, who has worked for at least 30 (thirty) working days in a year, is eligible to be paid a bonus. Contravention of the provisions of the Payment of Bonus Act, 1965 by a company is punishable with imprisonment upto 6 (six) months or a fine up to Rs.1,000/- (Rupees One Thousand Only) or both.

The Maternity Benefit Act, 1961

The purpose of the Maternity Benefit Act, 1961 is to regulate the employment of pregnant women in certain establishments for certain periods and to ensure that they get paid leave for a specified period before and after childbirth, or miscarriage or medical termination of pregnancy. It *inter-alia* provides for payment of maternity benefits, medical bonus and prohibits the dismissal of and reduction of wages paid to pregnant women.

The Payment of Wages Act, 1936 ("PW Act")

The PW Act is applicable to the payment of wages to persons in factories and other establishments. The PW Act ensures that wages that are payable to the employee are disbursed by the employer within the prescribed time limit and no deductions other than those prescribed by the law are made by the employer.

The Gujarat Payment of Wages Rules, 1963

The Gujarat Payment of Wages Rules, 1963 provides for instructions and directions of payment and wages to the workmen and employers. The employer is bound to maintain the register with the details of name of the employee, his wages, D.A. etc. If there is any breach of contract, the employer is not supposed to deduct the wages without any proper reason and serving a notice to the concerned employee. Any officer can visit the factory or any industrial unit for inspection as per the Act and ask for the register and other documents which are to be maintained by the employer.

Equal Remuneration Act, 1976

Equal Remuneration Act, 1976 provides for payment of equal remuneration to men and women workers and for prevention discrimination, on the ground of sex, against female employees in the matters of employment and for matters connected therewith.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act")

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 provides for the protection of women at work place and prevention of sexual harassment at work place. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

Industrial Disputes Act, 1947 ("ID Act") and Industrial Dispute (Central) Rules, 1957

The ID Act and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The ID Act was enacted to make provision for investigation and settlement of industrial disputes and for other

purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond a prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The ID Act also sets out certain requirements in relation to the termination of the services of the workman. The ID Act includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment.

Industrial Disputes (Gujarat) Rules, 1966

The Rules provide for investigation and settlement of industrial disputes through Conciliation, Board of Conciliation, Labour Courts, Industrial Tribunals, National Industrial Tribunals, Arbitrators, etc. The Rules cover all aspects of strikes & lockouts, unfair labour practices on the part of employers and employees.

ENVIRONMENT RELATED LAWS

Environment Protection Act, 1986 and Environment (Protection) Rules, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for co-ordination of the activities of various Central and State authorities established under various laws. The potential scope of the Act is broad, with "environment" defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures, plants, micro-organisms and property. Further, The Ministry of Environment and Forests looks into Environment Impact Assessment. The Ministry receives proposals for expansion, modernization and setting up of projects and the impact which such projects would have on the environment is assessed by the Ministry before granting clearances for the proposed projects.

TAX RELATED LEGISLATIONS

Income-tax Act, 1961 ("IT Act")

The IT Act is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its "Residential Status" and "Type of Income" involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such company is also required to file its returns by September 30 of each assessment year.

Central Goods and Services Tax Act, 2017

The Central Goods and Services Tax Act, 2017 ("CGST Act") regulates the levy and collection of tax on the intra- State supply of goods and services by the Central Government or State Governments. The CGST Act amalgamates a large number of Central and State taxes into a single tax. The CGST Act mandates every supplier providing the goods or services to be registered within the State or Union Territory it falls under, within 30 days from the day on which he becomes liable for such registration. Such registrations can be amended, as well as cancelled by the proper office on receipt of application by the registered person or his legal heirs. There would be four tax rates namely 5%, 12%, 18% and 28%. The rates of GST applied are subject to variations based on the goods or services.

Under GST, SGST is a tax levied on Intra State supplies of both goods and services by the State Government and will be governed by the SGST Act. CGST will also be levied on the same Intra State supply but will be governed by the Central Government. The Gujarat Goods and Services Tax Act, 2017 are applicable to the Company.

Integrated Goods and Services Tax Act, 2017

Integrated Goods and Services Tax Act, 2017 (“IGST Act”) is a Central Act enacted to levy tax on the supply of any goods and/ or services in the course of inter-State trade or commerce. IGST is levied and collected by Centre on interstate supplies. The IGST Act sets out the rules for determination of the place of supply of goods. Where the supply involves movement of goods, the place of supply shall be the location of goods at the time at which the movement of goods terminates for delivery to the recipient. The IGST Act also provides for determination of place of supply of service where both supplier and recipient are located in India or where supplier or recipient is located outside India. The provisions relating to assessment, audit, valuation, time of supply, invoice, accounts, records, adjudication, appeal etc. given under the CGST Act are applicable to IGST Act.

Gujarat State Tax On Profession, Trades, Callings and Employment Act, 1976 (“Professional Tax Act”)

This Professional Tax Act aims to provide for the levy and collection of a tax on professions, trades, callings and employments for the benefit of the State. The tax payable under the Professional Tax Act by any person earning a salary or wage, shall be deducted by his employer from the salary or wage payable to such person, before such salary or wage is paid to him, and such employer shall, irrespective of whether such deduction has been made or not, when the salary or wage is paid to such person, be liable to pay tax on behalf of all such persons. The Professional Tax Act *inter-alia* requires every employer liable to pay tax under the Professional Tax Act to obtain a certificate of registration from the prescribed authority. The Professional Tax Act also *inter-alia* requires every person liable to pay tax under the Professional Tax Act (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), to obtain a certificate of enrolment from the prescribed authority.

For details of our Company’s material registrations under the applicable the tax legislations, kindly refer to the Chapter titled “*Government and Other Key Approvals*” beginning on page 227 of this Prospectus.

OTHER LAWS

Gujarat Shops and Establishments Act, 1948

Our Company has its registered office at: Shop No A-1/2, Firdos Tower, Near Fazal Tower, Adajan Patia, Surat – 395 009, Gujarat, India. Accordingly, the provisions of the Gujarat Shops and Establishments Act, 1948 are applicable to our Company. These provisions regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of *inter-alia* registration, opening and closing hours, daily and weekly working hours, holidays, leave, health and safety measures, and wages for overtime work.

Transfer of Property Act, 1882 (“TP Act”)

The transfer of property, including immovable property, between living persons, as opposed to the transfer property by operation of law, is governed by the TP Act. The TP Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes enacted for the purposes which have been dealt with hereinafter.

The TP Act recognizes, among others, the following forms in which an interest in an immovable property may be transferred:

Sale: The transfer of ownership in property for a price, paid or promised to be paid.

Mortgage: The transfer of an interest in property for the purpose of securing the payment of a loan, existing or future debt, or performance of an engagement which gives rise to a pecuniary liability. The TP Act recognises several forms of mortgages over a property.

Charges: Transactions including the creation of security over property for payment of money to another which are not classifiable as a mortgage. Charges can be created either by operation of law, e.g. decree of the court attaching to specified immovable property, or by an act of the parties.

Leases: The transfer of a right to enjoy property for consideration paid or rendered periodically or on specified occasions.

Leave and License: The transfer of a right to do something upon immovable property without creating interest in the property.

Further, it may be noted that with regards to the transfer of any interest in a property, the transferor transfers such interest, including any incidents, in the property which he is capable of passing and under the law, he cannot transfer a better title than he himself possesses.

The Registration Act, 1908 (“Registration Act”)

The Registration Act was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed was to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

The Indian Stamp Act, 1899 (“Stamp Act”)

Stamp duty in relation to certain specified categories of instruments as specified under Entry 91 of the list, is governed by the provisions of the Stamp Act which is enacted by the Central Government. All others instruments are required to be stamped, as per the rates prescribed by the respective State Governments. Stamp duty is required to be paid on all the documents that are registered and as stated above the percentage of stamp duty payable varies from one State to another. Certain State in India have enacted their own legislation in relation to stamp duty while the other State have adopted and amended the Stamp Act, as per the rates applicable in the State. On such instruments stamp duty is payable at the rates specified in Schedule I of the Stamp Act. Instruments chargeable to duty under the Stamp Act which are not duly stamped are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments which are not sufficiently stamped or not stamped at all. Unstamped and deficiently stamped instruments can be impounded by the authority and validated by payment of penalty. The amount of penalty payable on such instruments may vary from State to State.

Gujarat Stamp Act, 1958 (“Gujarat Stamp Act”)

The Gujarat Stamp Act prescribes the different rates of duties on the instruments falling within the various descriptions set-out in Schedule I of the Gujarat Stamp Act. Such instruments are chargeable with the highest of the duty prescribed. In addition, the Gujarat Stamp Act also prescribes methodology for adjudication, refund of duties, grievance processes and prosecutions. The Collector is normally vested with the power of adjudication. If a document is not stamped or adequately stamped, it is likely to be impounded.

The Indian Contract Act, 1872 (“Contract Act”)

The Contract Act codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

The Specific Relief Act, 1963 (“Specific Relief Act”)

The Specific Relief Act is complimentary to the provisions of the Contract Act and the TP Act, as the Specific Relief Act applies both to movable property and immovable property. The Specific Relief Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. ‘Specific performance’

means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Competition Act, 2002 (“Competition Act”)

The Competition Act aims to prevent anti-competitive practices that cause or are likely to cause an appreciable adverse effect on competition in the relevant market in India. The Competition Act regulates anti-competitive agreements, abuse of dominant position and combinations. The Competition Commission of India (“**Competition Commission**”) which became operational from May 20, 2009 has been established under the Competition Act to deal with inquiries relating to anti-competitive agreements and abuse of dominant position and regulate combinations. The Competition Act also provides that the Competition Commission has the jurisdiction to inquire into and pass orders in relation to an anti-competitive agreement, abuse of dominant position or a combination, which even though entered into, arising or taking place outside India or signed between one or more non-Indian parties, but causes an appreciable adverse effect in the relevant market in India.

The Companies Act, 1956

The Companies Act, 1956 deals with laws relating to companies and certain other associations. It was enacted by the parliament in 1956. The Act primarily regulates the formation, financing, functioning and winding up of companies. The Companies Act, 1956 prescribes regulatory mechanism regarding all relevant aspects, including organizational, financial and managerial aspects of companies. It deals with issue, allotment and transfer of securities and various aspects relating to company management. It provides for standard of disclosure in public issues of capital, particularly in the fields of company management and projects, information about other listed companies under the same management, and management perception of risk factors. In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act, 1956 plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Companies Act, 2013

The Companies Act, 2013, has been introduced to replace the existing Companies Act, 1956 in a phased manner. The Ministry of Corporate Affairs has vide its notification dated September 12, 2013 has notified 98 Sections of the Companies Act, 2013 and the same are applicable from the date of the aforesaid notification. A further 183 Sections have been notified on March 26, 2014 and have become applicable from April 1, 2014. The Companies (Amendment) Act, 2015 has *inter-alia* amended various Sections of the Companies Act, 2013 to take effect from May 29, 2015. Further, vide the Companies (Amendment) Act, 2015, Section 11 of the Companies Act, 2013 has been omitted and Section 76A has been inserted in the Companies Act, 2013. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

The Trademarks Act, 1999 (“Trademarks Act”)

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A ‘mark’ may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colours or any combination thereof. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The trademark, once applied for and which is accepted by the Registrar of Trademarks (“**the Registrar**”), is to be advertised in the trademarks journal by the Registrar. Oppositions, if any, are invited and, after satisfactory adjudications of the same, a certificate of registration is issued by the Registrar. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

The Copyright Act, 1957 (“Copyright Act”)

The Copyright Act grants protection to the authors of literary, artistic, dramatic, musical, photographic, cinematographic or sound recording works from unauthorized uses. Various rights including ownership and

economic rights are conferred on the author. These include the right to reproduce the work in any form, issue copies to the public, perform it, and offer for sale and hire. The penalty for general infringement of copyright is imprisonment of maximum 3 (three) years and a fine of up to Rs.2,00,000/- (Rupees Two Lakh Only).

REGULATIONS REGARDING FOREIGN INVESTMENT

Foreign Exchange Management Act, 1999 (“the FEMA”)

Foreign investment in companies in the trading sector is governed by the provisions of the Foreign Exchange Management Act, 1999 (“**FEMA**”) read with the applicable regulations. The Department of Industrial Policy and Promotion (“**DIPP**”), Ministry of Commerce and Industry has issued the Consolidated FDI Policy which consolidates the policy framework on Foreign Direct Investment (“**FDI Policy**”), with effect from August 28, 2017. The FDI Policy consolidates and subsumes all the press notes, press releases, and clarifications on FDI issued by DIPP till August 27, 2017. All the press notes, press releases, clarifications on FDI issued by DIPP till August 27, 2017 stand rescinded as on August 28, 2017.

In terms of the FDI Policy, Foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which foreign investment is sought to be made. In terms of the FDI Policy, the work of granting government approval for foreign investment under the FDI Policy and FEMA Regulations has now been entrusted to the concerned Administrative Ministries/Departments.

FDI for the items or activities that cannot be brought in under the automatic route may be brought in through the approval route. Where FDI is allowed on an automatic basis without the approval of the Government, the RBI would continue to be the primary agency for the purposes of monitoring and regulating foreign investment. In cases where Government approval is obtained, no approval of the RBI is required except with respect to fixing the issuance price, although a declaration in the prescribed form, detailing the foreign investment, must be filed with the RBI once the foreign investment is made in the Indian company.

In terms of the FDI Policy, no sectoral cap has been provided for the sector in which our Company operates accordingly, foreign investment is allowed up to 100% under automatic route in our Company.

RBI has issued Master Direction- Foreign Investment in India dated January 4, 2018. In terms of the Master Direction, an Indian company may issue fresh shares to persons resident outside India (who are eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions.

The RBI, in exercise of its power under the FEMA, has also notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 to prohibit, restrict or regulate, transfer by or issue of security to a person resident outside India. Foreign investment limit is allowed up to 100% under automatic route in our Company, subject to appropriate approvals of the shareholders in general meeting.

This Guidance Note requires us to obtain reasonable assurance based on verification of evidence supporting the Restated Financial Information. This Guidance Note also requires

that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

4. These Restated Financial Information have been compiled by the Management from the Audited Financial Statements of the Company for the six months period ended September 30, 2018 and each of the years ended March 31, 2018, 2017 and 2016 which have been approved by the Board of Directors of the Company at their meetings held on November 19, 2018, August 10, 2018, September 01, 2017 and July 07, 2016 respectively and books of accounts underlying those financial statement and other records of the Company, to the extent considered necessary for the preparation of Restated Financial Information, are the responsibility of the Company's Management. The Financial Statement of the company for the six months period ended September 30, 2018 and the financial years ended March 31, 2018 and March 31, 2017 has been audited by us and for March 31, 2016 have been audited by Bipinchandra J. Modi & Co., Chartered Accountants as a sole statutory auditor and had issued unqualified reports for these years.
5. For the purpose of our examination, we have relied on:
 - a. Auditor's Report issued by us dated November 19, 2018, August 10, 2018 and September 01, 2017 on the Financial Statements of the Company as at and for the six months period ended September 30, 2018 and years ended March 31, 2018 and March 31, 2017 respectively as referred in Para 4 above;
 - b. Auditor's Report issued by previous auditor, M/s Bipinchandra J. Modi & Co., Chartered Accountants, dated July 07, 2016 on the Financial Statements of the Company as at and for the year ended March 31, 2016 as referred in Para 4 above;
 - c. The audit for the year ended March 31, 2016 was conducted by previous auditors, M/s. Bipinchandra J. Modi & Co., and accordingly reliance has been placed on the audit undertaken by them and in view of the non-availability of the previous auditor to issue examination report for the previous period on the Restated Financial Information, we have undertaken adequate additional procedures to identify and deal with the material adjustments in those period on the Restated Financial Information.
6. Based on our examination, we report that:
 - a) The Restated Summary Statement of Assets and Liabilities of the Company as at September 30, 2018, March 31, 2018, March 31, 2017 and March 31, 2016 examined by us, as set out in Annexure-I to this report, are after making adjustments and regrouping/reclassifications as in our opinion were appropriate and are more fully described in Annexure IVA: Notes on material adjustments and regrouping to Restated Summary Statement to Audited Financial Statements;
 - b) The Restated Summary Statement of Profit and Loss of the Company for the six months period ended September 30, 2018 and each of years ended March 31, 2018, March 31, 2017 and March 31, 2016 examined by us, as set out in Annexure-II to this report are after making adjustments and regrouping/reclassifications as in our opinion were appropriate and more fully described in Annexure IVA: Notes on material adjustments and regrouping to Restated Summary Statement to Audited Financial Statements.
 - c) The Restated Summary Statement of Cash Flows of the Company for the six months period ended September 30, 2018 and each of years ended March 31, 2018, March 31, 2017 and March 31, 2016 examined by us, as set out in Annexure-III to this report are after making adjustments and regrouping/reclassifications as in our

opinion were appropriate and more fully described in Annexure IVA: Notes on material adjustments and regrouping to Restated Summary Statement to Audited Financial Statements.

- d) Based on the above, according to the information and explanations given to us, we are of opinion that the Restated Financial Information:
- i.) do not contain any changes in accounting policies which require any adjustment retrospectively in respective financial years to reflect the same accounting treatment as per changed accounting policy for all the reporting periods except that the Company has changed depreciation method from written down value method to straight line method during the six months period ended September 30, 2018 for which retrospective adjustments has been made in the previous financial years to reflect the same accounting treatment as for the six months period ended September 30, 2018;
 - ii.) have been made after incorporating adjustments for the material amounts in the respective financial years to which they relate;
 - iii.) do not contain any extra-ordinary items that need to be disclosed separately in the Restated Summary Statements;
 - iv.) There are no qualifications in the auditors' reports on the Financial Statements of the Company as at and for the six months period ended September 30, 2018 and each of the years ended March 31, 2018, 2017 and 2016 which require any adjustments to the Restated Summary Statements; and
 - v.) **The Company has not provided for any gratuity liability in the audited and restated financial statement for a period up to March 31, 2017 in accordance with AS – 15. However, during the period ended as on March 31, 2018, the Company recognized the entire amount by way of gratuity provisioning of Rs 5.27 lacs based on Actuarial valuation carried out by LIC under the Group Gratuity Plan using Projected Unit Credit (PUC) method in the audited as well as restated financial statement. Our examination report on the restated financial statement so far as it relates recognition of gratuity for the period prior to March 31, 2018 is qualified to such extent of non-provisioning of gratuity for the respective years.**
 - vi.) - v. Adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the audited financial statements of the Company as at and for the period ended 30 September 2018 and the requirements of the SEBI Regulations, if any

vi. The resultant impact of tax due to the aforesaid adjustments, if any.

III. Significant Accounting Policies

(i) Basis of preparation of Financial Statements :

These financial statements of the company have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on accrual basis, except in case of assets for which provision for impairment for certain financial instruments which are measured at fair value.

(ii) Presentation and disclosure of financial statements :

The company has presented the financial statements as per the Schedule III notified under the Companies Act, 2013. The company has also reclassified the previous figures in accordance with the requirements applicable in the current period.

(iii) Use of Estimates :

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, if any at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(iv) Property, Plant and Equipment (AS 10) :

Property, plant and equipment are carried at cost of acquisition and other applicable costs less accumulated depreciation and accumulated impairment loss, if any. The cost of fixed assets includes cost of acquisition plus, any freight, taxes, duties and other incidental expenses that are directly attributable to bring the assets to their working conditions for their intended use. Borrowing costs directly attributable to the qualifying assets are capitalized as part of the cost. The costs of internally generated assets comprise direct costs attributed to the generation of the assets.

Capital work in progress comprises of the cost of fixed assets that are not yet ready for their intended use at the balance sheet date. Assets held for disposal, if any are stated at the lower of net book value and the estimated net realizable value.

When parts of the items of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to the property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

Gain / loss arising from de-recognition / sale / disposal of fixed assets are measured as the difference between the net disposal / sale proceeds and the carrying amount of the assets and are recognized in the statement of profit or loss when the asset is derecognized / disposed off.

Advances paid towards the acquisition of fixed assets, if any outstanding as of balance sheet date is disclosed under long term loans and advances. No assets have been revalued during the periods.

(v) Intangible Assets :

Intangible assets are stated at the consideration paid for acquisition less accumulated amortization and accumulated impairment losses, if any.

Intangible assets, if any are amortized on a straight line basis over the estimated useful economic life.

Amortization methods and useful lives are reviewed periodically including at each financial period end.

(vi) Borrowing Costs (AS 16):

Borrowing cost primarily includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

(vii) Depreciation / Amortization :

Depreciation on tangible fixed assets is calculated on the Stright Line Method (SLM) Method based on the useful lives and residual values estimated by the management in accordance with Schedule II to the Companies Act, 2013. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. No assets have been revalued during the year.

Type of assets	Useful lives (in years)
Plant & machineries	15
Computers	3
Office equipments	5
Furniture and fixtures	10
Motor vehicles	8
Vehicles (2 wheelers)	10
Electrical installations	10

(viii) Impairment of Tangible and Intangible Assets (AS 28):

As per the estimates made by the management and as per the various assessments made by the management, there were no indicators whether internal or external (as provided in para 8 of AS 28) which has led to the impairment loss to any assets. Since there are no such indicators which suggest that the net value of the assets would fall significantly by passage of time and normal use, the company has not provided for any impairment loss for any assets during the financial period. The company has chosen the “value in use” technic and as per the measurement of future cash flow, the management is of the opinion that the future cash flow and the terminal value of the assets would not be significantly less than the carrying value and hence no impairment for any assets has been provided for in the financial statements.

No reversal of impairment loss has been recognized in the Profit & loss Account.

Since the company has not carried out the activities in segments, the impairment loss or reversal of the impairment loss has not been provided for the segments.

In the opinion of the Board of Directors and to the best of their knowledge and belief the aggregate value of the current assets , loans and advances on realization in the ordinary course of business, will not be less than the amount at which they are stated in the Balance Sheet.

(ix) Investments (AS 13):

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value, if any is made to recognise a decline other than temporary in the value of the investments. On disposal of an investment, if any, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(x) Government grants and subsidies (AS 12):

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant / subsidy will be received.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where

the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

During the year, the Company has not applied for any Grants / subsidies related to the Revenue or specific Fixed Assets nor the Company has received any such Grants / subsidies during the year.

(xi) Inventories (AS 2):

Inventories of plots, components, work-in-progress, project work-in-progress are valued at the lower of cost and estimated net realisable value. Cost in case of work in progress is determined on the basis of the actual expenditure attributable to the said work till the end of the reporting period.

(xii) Revenue recognition (AS 9):

Revenue comprises sale of plots, sale of power plant and sale of solar power generated by the Company. Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and that the revenue can be reliably measured. The Company collects sales taxes, value added taxes (VAT), goods and services tax (GST) as applicable on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

Sales :

Revenue from sale of plots and sale of power plant is recognised in the statement of profit and loss when the significant risks and rewards in respect of ownership of plots and power plants have been transferred to the buyer as per the terms of the respective agreement and possession has been handed over to the buyer and the income can be measured reliably and is expected to be received. Revenue from sale of electricity (power) is recognised in the statement of profit and loss when the same is sold and transmitted to the customers. In case of sale of plots the registered sale deeds are not executed in the name of the buyers however, the company has transferred the physical possession of plots to the buyers and the possession receipts have been duly executed by the company in favour of buyers.

Interest income :

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

(xiii) CENVAT, Gujarat VAT Credit & GST :

CENVAT, Gujarat VAT credit till the date of applicability and GST credit available on purchase of materials, purchase of capital goods and input services is not charged to cost of material, capital goods and services. CENVAT VAT credit and GST Credit availed is accounted by way of adjustment against excise duty, VAT payable GST payable on outward taxable supply of goods and services.

(xiv) Retirement and other Employee benefits (AS 15) :

Defined contributions to Provident Fund are charged to the statement of Profit & Loss of the year, when the employee renders the related service. There are no other obligations other than the contribution payable to the respective statutory authorities.

The company does not pay Leave Salary on accumulated leaves. In accordance with the Payment of Gratuity Act, 1972, the company provides for an amount for gratuity to eligible employees, to be paid at retirement or termination of employees. The company's obligation in respect of the Gratuity Plan, which is defined benefit plan, is provided for, based on Actuarial valuation carried out by LIC under the Group Gratuity Plan using Projected Unit Credit (PUC) method. The company has not recognized actuarial gain or loss in the statement of profit & loss.

(xv) Foreign Exchange Transactions (AS 11):

Transactions in foreign currencies other than those covered by forward contracts entered into by the Company are accounted at the exchange rates prevailing on the date of transactions or at rates that closely approximate the rate at the date of the transaction.

Monetary assets (debtors for exports) and liabilities (Creditors for imports) relating to foreign currency transactions remaining unsettled at the end of the period are translated at the period-end rate and the difference in translation and realized gain and losses on foreign exchange transactions are recognized in the statement of profit and loss.

Non-monetary foreign currency items are carried at historical cost determined on the date of transaction.

Exchange difference in respect of liability incurred to acquire fixed assets is charged to revenue account.

Forward premium in respect of forward exchange contracts, if any is recognized over the life of contract. There is no carry forward of Forward contract as at the end of the year. The company has not entered into any forward exchange contracts intended for trading or speculation purposes.

The Company has not entered into any Foreign Exchange Transactions during the year under consideration.

(xvi) Taxation (AS 22):

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT credit entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period in future. Separate and detailed calculation of deferred tax is appended in notes.

(xvii) Provisions and Contingent Liabilities, Contingent Assets (AS 29):

A provision is recognised when the Company has a present obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made of the amount of obligation. Provisions are not discounted to their present value and are determined based on best estimate

required to settle the obligation at the balance sheet date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions of various expenses are recognized in the financial statements since there exists present obligations as a result of event and the expenses are accrued and incurred during the year.

The opening balances of provisions are used during the year against the payments during the year. The closing balances of provisions are the expenses accrued during the year and provided.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

The Company does not recognise a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow is remote.

A contingent asset is not recognized in the financial statements and hence not disclosed.

(xviii) Earnings / (loss) per share (AS 20) :

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the balance sheet date but before the date the financial statements are approved by the board of directors for the purpose of calculating diluted earnings / (loss) per share. The net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity .

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares if any as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

(xix) Cash and Cash Equivalents :

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand, cheques on hand and short-term investments with an original maturity of three months or less.

(xx) Operating leases :

Where the Company is a lessee in sale and lease back transaction :

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on the basis of the lease (rent agreements). Initial direct costs such as legal costs, brokerage costs, etc. if any, are recognised immediately in the statement of profit and loss. Any profit or loss arising out of sale and lease back transaction is recognized immediately when sale price is equal to fair value.

3. Operating leases :

Where the Company is a lessee in sale and lease back transaction :

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on the basis of the lease (rent agreements). Initial direct costs such as legal costs, brokerage costs, etc. if any, are recognised immediately in the statement of profit and loss. Any profit or loss arising out of sale and lease back transaction is recognized immediately when sale price is equal to fair value.

Premises

The Company has taken office on lease rental agreement of 5 years with fixed rental on monthly basis for each of the years included in the lease period which is increasing every year. Each renewal is at the option of lessee. There are no restrictions placed upon the company by entering into these leases.

The company has not entered into any lease agreements with any person during the year whereby any operating lease incomes are generated. The company has not acquired any fixed assets under finance lease / operating lease agreements during the year.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated financial information as of and for the years ended March 31, 2016, 2017 and 2018 and for six months period ended September 30, 2018, all prepared in accordance with the Companies Act and Indian GAAP and restated in accordance with the SEBI ICDR Regulations, including the schedules, annexures and notes thereto and the reports thereon, included in the section titled "Financial Information" on page 162 of this Prospectus. Unless otherwise stated, the financial information used in this section is derived from the restated financial statements of our Company.

This discussion contains forward looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward looking statements as a result of certain factors such as those set forth in the sections titled "Risk Factors" and "Forward-Looking Statements" on pages 22 and 16 respectively, of this Prospectus.

These financial statements have been prepared in accordance with Indian GAAP and the Companies Act. Indian GAAP differs in certain significant respects from U.S. GAAP, IFRS and Ind AS. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Prospectus nor do we provide a reconciliation of our financial statements to those under U.S. GAAP or IFRS or Ind AS. Accordingly, the degree to which the Indian GAAP financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with the Companies Act, Indian GAAP and the SEBI ICDR Regulations. Any reliance on the financial disclosure in this Prospectus, by persons not familiar with Indian Accounting Practices, should accordingly be limited.

References to the "Company", "we", "us" and "our" in this chapter refer to K. P. I. Global Infrastructure Limited, as applicable in the relevant fiscal period, unless otherwise stated.

OVERVIEW OF OUR BUSINESS

We are a solar power generating Company focused on providing solar power, both as an Independent Power Producer ("IPP") under the brand name of 'Solarism' and as service provider to Captive Power Producer ("CPP") customers. We build, own, operate and maintain grid connected solar power projects as IPP and generate revenue by entering into Power Purchase Agreements ("PPA") with third parties for selling power units generated through our solar projects. We also develop, transfer, operate and maintain grid connected solar power projects for CPP customers and generate revenue by selling these projects to CPP customers for their captive use requirements. Both these businesses, IPP and CPP, are currently carried out at our plant located at Sudi & Tanchha village, Amod, Bharuch, Gujarat (Solarism Plant). Our Company has also established a ~13.25 km long 66 KV transmission line from our Solarism Plant to the Gujarat Energy Transmission Corporation Limited ("GETCO") substation located at Amod, Bharuch, Gujarat (Amod Substation), for evacuation of the solar power generated at our Solarism Plant.

Our Company was incorporated as "K.P.I. Global Infrastructure Limited" on February 01, 2008 under the Companies Act, 1956 in the state of Maharashtra. In the initial years of our business operations, we were engaged in the sale of land parcels to third parties. Post sale of land parcels, if these parties were willing to lease it back to us on a long term basis for a period of 25 years, for establishing the solar power project, then we would enter into a lease agreement with them, whereby we would pay them a fixed lease rental for the period.

In 2013, we received a feasibility study from GETCO for evacuation of the solar power, proposed to be generated at our Solarism Plant, to Amod Substation. In 2014, we initiated construction of a ~13.25 km long 66 KV transmission line for power evacuation from our Solarism Plant to Amod Substation. In 2016, we commissioned our first solar power plant for 5 MW on the leased land at Solarism Plant and in 2017, we installed another solar power plant for 10 MW on our owned land at Solarism Plant (both projects referred to as Unit I). Till September 30, 2018, we completed CPP sales of 1.90 MW of solar power plant for CPP clients.

We propose to increase our solar power generation capacity by setting up another solar power project for 25 MW at Sudi, Samiyala & Tanchha village, Amod, Bharuch, Gujarat (Referred to as Unit II). The estimated cost of this project would be ₹ 13,203.76 Lakh and the proposed date of commercial commencement is July 2019. We have entered into PPAs with customers for the proposed sale of power of 25 MW. Post the commercial

commencement, our total solar power generation capacity would increase to 40 MW. For further details, kindly refer the chapter titled “*Objects of the Issue*” beginning on page 75 of this Prospectus.

We have entered into bilateral PPA’s for a period of 3 years with reputed industrial consumers such as Mafatlal Industries Limited (for their two units located at Navsari and one unit located at Nadiad), Best Paper Mills Private Limited (for their two units located at Vapi) and Meghmani Organics Limited (for their three units located at Dahej, Ankleshwar and Panoli) for direct sale of the solar power generated at our Solarism Plant. The rate of our PPAs are comparatively higher at around ~ ₹ 6.58 per unit, which have been priced at an average of around 7% discount to the prevailing per unit price of the power rates of the DISCOMs, less other adjustments.

Our Company is promoted by Mr. Faruk G. Patel, having more than 24 years of experience in diversified sectors including solar and wind energy space. Our COO, Mr. Shaheedul Hasan, has a bachelor’s degree in Engineering in Electronics from Aligarh Muslim University and has more than 28 years of experience, across the lifecycle of a telecom network and solar power plant. Both of them have completed a solar workshop organized by GERMI. Our Company’s registered office is located at Shop A-1/2, Firdos Tower, Near Fazal Tower, Adajan Patia, Surat – 395009, Gujarat, India. As on September 30, 2018, our Company had 47 full time employees. We have received “Excellence In Solar Park Award – 2016” from Mission Energy Foundation, Mumbai. Our Promoter, has received “Legends of Surat – 2018” award from Gujarat Mitra, a leading newspaper in Gujarat.

On the basis of our restated financial statements for FY 2018, FY 2017 and FY 2016, our total revenue was ₹ 3,158.28 Lakh, ₹2,602.09 Lakh and ₹2,751.12 Lakh respectively, our EBIDTA was ₹ 1,854.01 Lakh, ₹ 1,746.14 Lakh and ₹ 1,473.48 Lakh respectively, our net profit was ₹1,140.92 Lakh, ₹812.49Lakh and ₹767.97 Lakh respectively. Our total revenue has grown from ₹2,751.12 Lakh in FY 2016 to ₹3,158.28 Lakh in FY 2018 at a CAGR of 7.14 %, our EBIDTA has grown from ₹ 1,473.48Lakh in FY 2016 to ₹ 1,854.01Lakh in FY 2018 at a CAGR of 12.17 % and our net profit has grown from ₹767.97 Lakh in FY 2016 to ₹1,140.92 Lakh in FY 2018 at a CAGR of 21.89% respectively. For the six months period ended September 30, 2018, our total revenue, EBIDTA and net profit was ₹1,820.80 Lakh, ₹ 857.42 Lakh and ₹387.16 Lakh respectively.

SIGNIFICANT FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our financial condition and results of operations are affected by numerous factors and uncertainties, including those discussed in the section entitled “*Risk Factors*” on page 22 of this Prospectus. The following is a discussion of certain factors that have had, and we expect will continue to have, a significant effect on our financial condition and results of operations:

Macro-Economic Factors

Macroeconomic factors, both in the national and international contexts, such as economic instability, political uncertainty, social upheavals could influence our business and, as a result, our results of operations. In addition, fluctuations in interest rates, exchange rates and inflation could have an effect on certain key aspects of our operations, the prices at which we can sell our products, our finance costs required to fund our operations and profit margins.

Project operations and generation

Our revenue under IPP is primarily dependent on the volume of electricity generated and sold by our projects. Our ability to generate electricity in an efficient and cost-effective manner is affected by our ability to maintain and utilize the electrical generation capacity of our projects. The electrical generation capacity of our solar projects is dependent on the solar conditions. One element of our efficient production of energy is the CUF of a project, which is the actual power output of the project against the maximum output of the solar power project. It is an important operating statistic through which to determine the efficiency of operating a solar power project. Equipment performance often represents the primary factor affecting our operating results because equipment downtime affects the volume of the electricity that we are able to generate from our projects. The volume of electricity generated and sold by our projects will be negatively affected if any of our projects experience higher than normal downtime as a result of equipment failures, electrical grid disruption or curtailment, weather disruptions, short to medium term weather variations from long-term averages or other events beyond our control. We use reliable and proven solar panels, inverters and other equipment for each of our solar projects. We believe this significantly reduces the probability of unexpected equipment failures.

Terms of our PPAs

One of our segments of revenue consists of receipts for the sale of electricity from our solar power projects, as provided by the terms of the PPAs. As a result, the key factor which affects our results of operations is our ability to enter into PPAs for the power we produce. Currently, for Unit I we have entered into 3 year PPAs with different entities for sale of solar power under third party open access mechanism. Under the current mechanism, we sell the power directly to the ultimate consumers at a discounted rate as compared to the prevailing tariff of DISCOM to these consumers. We intend to set up a new solar power project and have entered into new power purchase agreements of approx. 15 years with other entities. We believe that setup/operation/maintenance of solar power projects in India will likely continue in a manner consistent with current practices for the foreseeable future, although costs of development and operation and tariffs for the sale of solar power could evolve. As a result, such costs, the terms of the power purchase agreements, tariff rate at which DISCOM supply power and sales of solar power, are likely to have a substantial effect on our future revenues.

Creditworthiness of off-takers

The counterparties to the PPAs are private entities that have good credit worthiness. We have generally received payments due to us under the PPAs in full, and on a timely basis. However, if any of the off-takers under the PPAs was to default on, or delay, its payment obligations, such default or delay could have an adverse effect on our results of operations and/or cash flows. However as per the terms of PPAs, we may terminate the PPA by giving prior notice and can easily locate an alternative purchaser for the power we generate.

Government Policies and Regulations

The development and profitability of renewable energy projects in Gujarat location in which we operate are dependent on policy and regulatory frameworks that support such developments. These incentives help catalyze private sector investments in renewable energy. Our operations benefit from these government incentives, and any adverse change or termination of these incentives could have an adverse effect on our business, financial condition, results of operations and cash flows.

Our ability to retain our skilled personnel

Our Promoter and Key Managerial Personnel have significant knowledge and experience in solar and wind energy space, which is one of the most important aspects of our business operations. Their experience & expertise across the entire lifecycle of operating a solar power plant and project management has been responsible for the growth in our operations. We also believe that the experience and relationships of our management team has extended our operating capabilities, improved the quality of our services and facilitated access to our clients. Due to the active involvement of our Promoter and management team, our organization has achieved the desired results in time and cost-effective manner. Our management team is supported by a team of technical qualified personnel to provide solutions across our business verticals. Factors like technical nature of the business, and lack of qualified professionals with experience operates as an entry barrier to new players in the market. Accordingly, we will continue to depend on the experience, leadership and vision of our Promoter and our management team to grow our business further.

Success of our expansion plan under IPP

We intend to set up a new 25 MW solar power project at Sudi village, Samiyala village, Tanchha village located in Amod Tehsil in Bharuch district of Gujarat which will increase our capacity from 15 MW to 40 MW capacities. The successful implementation of our expansion plan will be crucial to our future revenue and profitability. For further details, kindly refer the chapter titled “*Objects of the Issue*” beginning on page 75 of this Prospectus.

Success of our CPP business

We also intend to develop and sell solar power projects on a larger scale as well as provide operation and maintenance services to third parties under CPP. Further, the operations and maintenance of CPP plants will result in an assured income of our Company for definite period. We intend to remain focused in this segment for our business expansion as this is crucial for scaling our future revenue and profitability.

SIGNIFICANT ACCOUNTING POLICIES

The accounting policies have been applied consistently to the periods presented in the Restated Financial Statements. For details of our significant accounting policies, please refer section titled “*Financial Information*” on page 162 of this Prospectus.

CHANGE IN ACCOUNTING POLICIES IN PREVIOUS 3 YEARS:

Except for change in accounting policy for depreciation from written down value to straight line method with effect from April 01, 2018 and except as otherwise mentioned in chapter “*Financial Information*” on page 162, there has been no change in accounting policies in last 3 years.

RESERVATIONS, QUALIFICATIONS AND ADVERSE REMARKS

For details kindly refer section titled “*Financial Information*” on page 162 of this Prospectus.

Principal components of our statement of profit and loss account

Revenue

Our total revenue for the six months period ended September 30, 2018 was ₹ 1,820.80 and for the FY 2018, 2017 and 2016 was ₹ 3,158.28 Lakh, ₹ 2,602.09 Lakh and ₹ 2,751.12 Lakh respectively. Our revenue comprises of:

Revenue from operations

Our revenue from operations comprises of revenue from the sale of land plots, sale of solar power as IPP, sale of power plant to CPP clients and sale of REC credit received on sale of power unit earlier.

Other revenue

Other revenue primarily comprises of interest income, rental income, discount received and receipt of insurance claim.

Expenses

Our total expenses for six months period ended September 30, 2018 was ₹ 1,279.88 and for the FY 2018, 2017 and 2016 were ₹ 1,993.90 Lakh, ₹ 1,236.95 Lakh and ₹ 1,601.58 Lakh respectively. Our expenses primarily comprise cost of materials consumed, purchase of stock in trade, changes in inventories of finished goods and stock-in-trade, employee benefit expenses, finance costs, depreciation and amortization expenses and other expenses.

Cost of materials consumed

The cost of material consumed comprises of purchase of land for setting up the solar power project, land development expenses, land registration expenses etc.

Purchase of stock-in-trade

The purchase of stock-in-trade comprises of purchase of land for solar power project.

Changes in inventories of finished goods and stock-in-trade

Changes in inventories of finished goods and stock-in-trade comprises of difference in closing balance vis a vis opening balance of finished goods and stock in trade.

Employee benefit expenses

Employee benefit expense consists of salaries, wages and bonus, contributions to provident fund and staff welfare expenses.

Finance cost

Finance cost comprises interest expense and other finance costs. Interest expense, generally, comprises interest on secured loans and unsecured loans, if any, interest on income tax, TDS and VAT. Other finance costs relate to bank commission, credit rating expense, LC charges, loan processing charges, loan repayment charges, term loan renewal charges and bank charges.

Depreciation and Amortisation Expense

Depreciation and amortization expense comprise depreciation plant and machinery, office equipment, furniture and fixtures and vehicles and amortization of intangible assets.

Other expenses

Other expenses comprise of other manufacturing expenses, administrative expenses and marketing, selling & distribution expenses. Other manufacturing expenses mainly include power and fuel expenses and other manufacturing expenses. Marketing, selling and distribution expenses include sales promotion expenses and commission expenses. Administrative expenses include rent on leasehold land, repairs and maintenance expenses, insurance expenses, legal and professional charges, printing and stationery, office and general maintenance, loss on sale of fixed assets etc.

Tax expenses

Current tax

Our Company is liable to pay current tax as per Tax laws including taxes under paid under Minimum Alternate Tax.

Deferred tax

Deferred tax arises from timing differences between book profits and taxable (accounting) profits that originates in one period and is capable of reversal in one or more subsequent periods. It is measured using tax rates and laws that have been enacted or substantively enacted as on the date of the balance sheet.

Results of our Operations

The following table shows our Company's restated profit and loss statement for the six months ended September 30, 2018 and for the FY ended March 31, 2018, 2017 and 2016.

Details of default, if any, including therein the amount involved, duration of default and present status, in repayment of statutory dues or repayment of debentures or repayment of deposits or repayment of loans from any bank or financial institution during the last three financial year.

There are no defaults, in repayment of statutory dues or repayment of debentures or repayment of deposits or repayment of loans from any bank or financial institution during the last three financial years.

Material Frauds

There are no material frauds committed against our Company, in the last three financials year.

Unusual or Infrequent Events or Transactions

Except as described elsewhere in this Prospectus, since September 30, 2018, there have been no events or transactions to our knowledge which may be described as “unusual” or “infrequent”.

Significant economic/regulatory changes

Government policies governing the sector in which we operate as well as the overall growth of the Indian economy has a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

There are no significant economic changes that materially affected our Company's operations or are likely to affect income except as mentioned in the section titled "*Risk Factors*" on page 22 of this Prospectus.

Except as described in the chapter titled "*Key Industry Regulations and Policies*" beginning on page 121 of this Prospectus, to our knowledge, there are no significant regulatory changes that materially affected or are likely to affect our income from continuing operations.

Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations

Other than as described in the section titled "*Risk Factors*" and chapter titled "*Management's Discussion and Analysis of Financial Conditions and Results of Operations*" beginning on pages 22 and 204, respectively, of this Prospectus, to our knowledge there are no known trends or uncertainties that have or are expected to have a material adverse impact on our income from continuing operations.

Future changes in relationship between costs and revenues, in case of events such as future increase in labour or material costs or prices that will cause a material change are known

Other than as described in the section titled "*Risk Factors*" and chapter titled "*Management's Discussion and Analysis of Financial Conditions and Results of Operations*" beginning on pages 22 and 204, respectively, and elsewhere in this Prospectus, there are no known factors to our knowledge which would have a material adverse impact on the relationship between costs and income of our Company. Our Company's future costs and revenues will be determined by demand/supply situation, government policies and prices per unit of sale of electricity by DISCOMs.

The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices

Increase in revenues is by and large linked to increase in energy units post commissioning of 10 MW capacity and starting of new business segment of sale of power plant under CPP.

Competitive Conditions

We expect competition in the sector from existing and potential competitors to intensify. However, on account of discounted pricing, cordial customer relationships, we are able to manage our competition. For further details, kindly refer the chapter titled "*Our Business*" beginning on page 106 of this Prospectus.

New Product or Business Segment

We do not intend to enter into any new business segment. The object of the Issue is to part finance the setting up of 25 MW Solar Power Project at Sudi village, Samiyala village, Tanchha village located in Amod Tehsil in Bharuch district of Gujarat which will increase our capacity from 15 MW to 40 MW capacity. For further details, kindly refer the chapter titled "*Objects of the Issue*" beginning on page 75 of this Prospectus.

Seasonality of Business

Our business division of sale of solar power has experienced seasonal fluctuations in the past as our solar power unit output is dependent on the amount of sunlight our projects receive during the different part of the year. Our other business divisions are not seasonal in nature. Further, our level of our operations, income and profitability has been and may be affected by the dates when our projects became operational.

Significant Dependence on a Single or Few Suppliers or Customers

We derive our revenue under IPP by selling entire solar power units to our six customers at present. In the Financial Year 2016, 2017 and 2018 and for the six months period ended September 30, 2018, a mix of these customers accounted for 100% of our revenue from operations under sale of solar power as an IPP. Our other division of sale of land plots, our top 10 clients are not necessarily the same every year. Further, till September 30, 2018, our Company has sold three power plants under CPP to our clients. However going forward, under all our divisions in which we operate, we expect customer concentration to reduce with a number of other entities becoming our customers in respective divisions.

Related Party Transactions

For details please refer to the discussion in the chapter titled “*Financial Statements*” beginning on page 162 of this Prospectus.

Significant developments after September 30, 2018 that may affect our future results of operations

In the opinion of Directors of our Company, no circumstances have arisen since September 30, 2018 which materially and adversely affect or are likely to affect the profitability of our Company, or the value of its assets, or its ability to pay its liabilities within the next twelve months except –

In pursuance of the said demand notice, as the Company had already paid all amounts due to Lanco Solar Energy Limited, the Company vide its letter dated May 29, 2018 issued to the Lanco Solar Energy Private Limited has responded to the said demand notice, with the requisite supporting documents, by inter alia stating that no amount was due and payable to them as there was no debt owed by the Company to them and that the claim made by them was not sustainable under the provisions of the Insolvency and Bankruptcy Code, 2016. It was also inter alia stated by the Company that they had placed a purchase order with Lanco Solar Energy Private Limited in respect of supply of 0.5 MW of Solar PV Module of Type – Poly Crystalline for a total amount of Rs. 1,13,43,675/- on January 25, 2018 via email. Further, an amount of Rs. 50,00,000/- had already been paid to Lanco Solar Energy Private Limited by the Company as admitted by them in the aforesaid demand notice, as regards the remaining amount on Rs. 63,43,675/-, part payment of Rs. 25,00,000/- was made to Lanco Solar Energy Private Limited by the Company vide cheque no. 953815 dated February 6, 2018 drawn on State Bank of India. Thereafter a payment of Rs. 40,00,000/- was made by the Company to Lanco Solar Energy Private Limited on February 7, 2018 which was evident from their ledger account maintained by the Company. Accordingly, the Company has made a payment of 65,00,000/- as against the pending amount of Rs. 63,43,675/-, therefore, there was no question of paying any amounts towards interest or otherwise to Lanco Solar Energy Private Limited by the Company. Subsequently, Lanco Solar Energy Private Limited (Operational Creditor) has filed an Insolvency Application before the National Company Law Tribunal, Ahmedabad Bench in CP (I.B.)/ 7/ NCLT/ AHM/ 2018 (now Company Petition (IB) No. 338 of 2018) under Section 9 of Insolvency and Bankruptcy Code, 2016 against the Company inter alia stating that they had supplied Solar PV Modules to the Company and that the Company has failed to make payment amounting to Rs. 63,43,675/- along with interest at 18% p.a. on the aforesaid amount i.e. Rs. 2,37,757/-. The matter is at the pending for hearing before admission stage before the National Company Law Tribunal and the Company has already filed an appropriate response vide its Affidavit-in-Reply/ objections on behalf of the corporate debtor on September 19, 2018, to the aforesaid Insolvency Application, as the subject matter of the same is in dispute and as the claim made by Lanco Solar Energy Private Limited is not sustainable under the provisions of the Insolvency and Bankruptcy Code, 2016. Subsequently, Lanco Solar Energy Private Limited has filed a pursis for withdrawal of the Insolvency Application on December 21, 2018 inter alia stating that a settlement has been arrived at between the parties by way of a Settlement Agreement dated December 18, 2018 pursuant to which the Company has agreed to pay the settled amount of Rs. 36,50,000/- by way of post dated cheque dated January 20, 2019, and accordingly, Lanco Solar Energy Private Limited has sought to withdraw the Insolvency Application and has requested the NCLT to dispose the application by passing necessary orders. The withdrawal order to be passed pursuant to the pursis for withdrawal filed before the NCLT is awaited.
- ii. Lanco Solar Private Limited through their advocates, issued a demand notice, under Section 8 of the Insolvency and Bankruptcy Code, 2016, dated May 18, 2018, inter alia alleging that payment of an unpaid Operational Debt of Rs.1,05,18,331/-, inclusive of interest, was due from the Company. It was also stated, in the aforesaid demand notice, that in the event the Company believed that the debt had been repaid before the receipt of the aforesaid notice, such repayment was to be demonstrated with the prescribed supporting documents, by sending the same to Lanco Solar Private Limited, within ten days of receipt of the said notice. In pursuance of the said demand notice, as the Company had already paid all amounts due to Lanco Solar Energy Limited as per products supplied by them, the Company vide its letter dated May 29, 2018 issued to Lanco Solar Private Limited, has responded to the said demand notice, with the requisite supporting documents, by inter alia stating that no amount was due and payable to them as there was no debt owed by the Company to them and that the claim made by them was not sustainable under the

provisions of the Insolvency and Bankruptcy Code, 2016. It was also inter alia stated by the Company that they had placed a purchase order with Lanco Solar Private Limited in respect of supply of 10 MW of Solar PV Module of Type – Poly Crystalline for a total amount of Rs. 21,75,00,000/- on May 15, 2017 vide purchase order no. 50. As per payment and delivery schedule provided for under Annexure D of the Purchase Order, Lanco Solar Private Limited was required to supply 10 MW of Solar PV Module by July 22, 2017, however, Lanco Solar Private Limited only supplied 3 MW of Solar PV Module by July 22, 2017. It was also stated that the Company had made last installment of payment of Rs. 1,25,00,000/- by July 29, 2017 and a total payment of Rs. 6,65,00,000/- as against a supply of only 3 MW of Solar PV Module instead of 10 MW of Solar PV Module which was also admitted by Lanco Solar Private Limited in paragraph 2(d) of their demand notice. Furthermore, it was stated that in spite of Lanco Solar Private Limited inadequately supplying the Solar PV Modules, the Company had still made payments to them and accordingly, the amounts claimed by Lanco Solar Private Limited were seriously disputed. It was also stated the claims raised by Lanco Solar Private Limited in their demand notice was pertaining to an alleged purchase order no. 77 for supply 4 MW Solar Module whereas there was no such purchase order issued by the Company to Lanco Solar Private Limited. Accordingly, it was stated that the demands raised by Lanco Solar Private Limited were misconceived and not sustainable in law. Subsequently, Lanco Solar Private Limited (Operational Creditor) has filed an Insolvency Application before the National Company Law Tribunal, Ahmedabad Bench in CP (I.B.)/7/ NCLT/ AHM/ 2018 (now Company Petition (IB) No. 339 of 2018) under Section 9 of Insolvency and Bankruptcy Code, 2016 against the Company inter alia stating that they had supplied Solar PV Modules to the Company and that the Company has failed to make payment amounting to Rs. 1,51,67,572/- along with interest at 18% p.a. on the aforesaid amount. The matter is at the pending for hearing before admission stage before the National Company Law Tribunal and the Company has already filed an appropriate response vide its Affidavit-in-Reply/ objections on behalf of the corporate debtor on September 19, 2018, to the aforesaid Insolvency Application, as the subject matter of the same is in dispute and as the claim made by Lanco Solar Private Limited is not sustainable under the provisions of the Insolvency and Bankruptcy Code, 2016. Subsequently, Lanco Solar Private Limited has filed a pursis for withdrawal of the Insolvency Application on December 21, 2018 inter alia stating that a settlement has been arrived at between the parties by way of a Settlement Agreement dated December 18, 2018 pursuant to which the Company has agreed to pay the settled amount of Rs. 63,43,675/- by way of post dated cheque dated January 20, 2019, and accordingly, Lanco Solar Private Limited has sought to withdraw the Insolvency Application and has requested the NCLT to dispose the application by passing necessary orders. The withdrawal order to be passed pursuant to the pursis for withdrawal filed before the NCLT is awaited.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien and/or consolidation/splitting, kindly refer the chapter titled “*Main Provisions of Articles of Association*” beginning on page 269 of this Prospectus.

Market Lot and Trading Lot

In terms of Section 29 of the Companies Act, 2013, the Equity Shares shall be allotted only in dematerialised form. As per the existing SEBI ICDR Regulations, the trading in the Equity Shares shall only be in dematerialised form for all Applicants. In this context, 2 (two) agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Agreement dated January 19, 2017 among NSDL, our Company and the Registrar to the Issue; and
- Agreement dated February 15, 2017 among CDSL, our Company and the Registrar to the Issue.

Trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares in terms of the SEBI circular no. CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by BSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of 1,600 Equity Share subject to a minimum allotment of 1,600 Equity Shares to the successful Applicants.

Minimum Number of Allottees

In accordance with the Regulation 268 of SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of issue.

Joint Holders

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-owners with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/authorities in Surat, Gujarat, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933 (“Securities Act”) and may not be offered or sold within the United States (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Nomination Facility to Applicants

In accordance with Section 72 of the Companies Act, 2013, the sole or first Applicant, along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the equity share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the

prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the Registrar. A nomination may be cancelled, or varied by nominating any other person in place of the present nominee, by the holder of the Equity Shares who has made the nomination, by giving a notice of such cancellation or variation to our Company in the prescribed form.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, our Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective depository participant.

Period of operation of subscription list

For details, kindly refer the chapter titled “*General Information –Issue Schedule*” on page 55 of this Prospectus.

Minimum Subscription and Underwriting

In terms of Section 39 of the Companies Act and the SEBI ICDR Regulations, if our Company does not receive the minimum subscription of 90% of the Issue on the Issue Closing Date or in case of failure to obtain the listing or trading permission from the stock exchange, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond 15 days after our Company becomes liable to pay the amount, our Company shall pay interest at the rate of fifteen per cent per annum.

In terms of Regulation 260(1) of the SEBI ICDR Regulations, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled “*General Information - Underwriting and Underwriting Agreement*” on page 57 of this Prospectus.

Further, in accordance with Regulation 267 of the SEBI ICDR Regulations, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Withdrawal of the Issue

Our Company in consultation with the LM, reserve the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue anytime after the Issue Opening Date but before the allotment of Equity Shares, a public notice within two (2) Working Days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly.

The LM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction. Our Company shall also inform the same to the Stock Exchange, i.e, BSE on which Equity Shares are proposed to be listed.

If our Company withdraws the Issue at any stage including after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will file a fresh offer document with the stock exchange where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through this Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

Arrangements for Disposal of Odd Lots

The trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares in terms of the SEBI circular no. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261(5) of the SEBI ICDR Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the BSE.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for (a) the lock-in of the pre-Issue capital of our Company and the Promoters' Contribution as provided in "*Capital Structure*" on page 60 and (b) otherwise provided in our Articles of Association, as described in the chapter titled "*Main Provisions of the Articles of Association*" beginning on page 269, there are no restrictions on transfer and transmission of shares/ debentures and on their consolidation/ splitting.

New Financial Instruments

There are no new financial instruments like deep discount bonds, debentures with warrants, secured premium notes etc. issued by our Company.

Option to Receive Securities in Dematerialized Form

Pursuant to Section 29 of the Companies Act, 2013, the Equity Shares being offered through the Prospectus can be applied for and will be allotted in dematerialized form only. Applicants will not have the option of Allotment of the Equity Shares in physical form. Further, as per the SEBI Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchange.

Migration to Main Board

In accordance with the BSE Circular dated November 26, 2012, our Company will have to be mandatorily listed and traded on the BSE for a minimum period of two years from the date of listing and only after that our Company can migrate to the Main Board of the BSE as per the guidelines specified by SEBI and as per the procedures laid down under Chapter IX of the SEBI ICDR Regulations. However, our Company may migrate to the Main Board of the BSE within a period of two years from the date of listing if the conditions mentioned in BSE Circular dated August 10, 2018 are complied with by our Company.

As per the provisions of the Chapter IX of the SEBI ICDR Regulations, the migration to the Main board of BSE from the SME Exchange on a later date shall be subject to the following:

- If the face value capital of our Company is likely to increase above ₹ 2,500 Lakh by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which our Company has obtained in-principal approval from the Main Board), we shall have to apply to BSE for listing of our shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.
- If the face value capital of our Company is more than ₹ 1,000 Lakh but below ₹ 2,500 Lakh, we may still apply for migration to the Main Board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares issued through this Issue are proposed to be listed on BSE SME, wherein the LM to this Issue shall ensure compulsory Market Making through a registered Market Maker of the SME Exchange for a minimum period of three years from the date of listing on BSE SME.

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular (CIR/CFD/DIL/12/2013) dated October 23, 2013 notified by SEBI and updated pursuant to the circular (CIR/CFD/POLICYCELL/11/2015) dated November 10, 2015 as amended and modified by the circular (SEBI/HO/CFD/DIL/CIR/P/2016/26) dated January 21, 2016, and SEBI Circular bearing number (SEBI/HO/CFD/DIL2/CIR/P/2018/22) dated February 15, 2018 and Circular (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018, notified by SEBI ("**General Information Document**"), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the Securities Contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957 and the SEBI ICDR Regulations. The General Information Document is available on the websites of the Stock Exchanges and the LM. Please refer to the relevant portions of the General Information Document which are applicable to this Issue.

Additionally, all Applicants may refer to the General Information Document for information, in addition to what is stated herein, in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Application size; (iii) price discovery and allocation; (iv) payment Instructions for ASBA Applicants and Retail Individual Applicants applying through the United Payments Interface channel; (v) issuance of Confirmation of Allocation Note ("**CAN**") and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

Our Company and the LM do not accept any responsibility for the completeness and accuracy of the information stated in this chapter and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that their Applications do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Prospectus.

Please note that all Applicants applying in the Issue can participate in the Issue only through the ASBA process. Applicants should carefully read the provisions applicable before making their application through the ASBA process. Applicants are required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Application Amount can be blocked by the SCSB at the time of submitting the Application.

Phased implementation of Unified Payments Interface

SEBI has issued a circular (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018 in relation to streamlining the process of public issue of equity shares and convertibles ("**UPI Circular**"). Pursuant to the circular, Unified Payments Interface ("**UPI**") is proposed to be introduced in a phased manner (phase I will be effective from January 1, 2019) as an additional mode of payment with ASBA Form for applications by Retail Individual Investors through intermediaries (i.e., Syndicate members, Registered Stock Brokers, Registrar and Transfer Agents and Depository Participants) ("**UPI Channel**"). The UPI Channel for making Applications by Retail Individual Investors will be made available in accordance with the UPI Circular. The UPI Circular is available on the website of the LM.

Retail Individual Investors should note that the Application using UPI Channel is optional and they can make Applications by submitting Application Forms, in physical form or in electronic mode, to the members of the Syndicate, the sub-Syndicate, SCSBs, the Registered Brokers, Registrars to an Issue and Share Transfer Agents and Depository Participants.

Fixed Price Issue Procedure

The Issue is being made in compliance with the provisions of Chapter IX of the SEBI ICDR Regulations, and through the Fixed Price Process wherein 50% of the Net Issue to Public is being offered to the Retail Individual Applicants and the balance is being offered to Other Investors including QIBs and Non-Institutional Applicants.

However, in case of under-subscription in either category, unsubscribed portion shall be allocated to investors in other category subject to valid Applications being received from them at the Issue Price.

Subject to the valid Applications being received at the Issue Price, allotment to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Individual Investors Category where Allotment to each Retail Individual Applicants shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Individual Investors Category, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange.

Investors should note that the Equity Shares will be Allotted to all successful Applicants only in dematerialised form. It is mandatory to furnish the details of Applicant's depository account along with Application Form. The Application Forms which do not have the details of the Applicants' depository account, including the DP ID Numbers and the beneficiary account number shall be treated as incomplete and rejected. Application Forms which do not have the details of the Applicants' PAN, (other than Applications made on behalf of the Central and the State Governments, residents of the state of Sikkim and official appointed by the courts) shall be treated as incomplete and are liable to be rejected. Applicants will not have the option of being Allotted Equity Shares in physical form. The Equity Shares on Allotment shall be traded only in the dematerialised segment of the Stock Exchanges.

The Equity Shares have not been and will not be registered under the U.S. Securities Act, 1933 (the “**U.S. Securities Act**”) or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Minimum and maximum Application Size

a. For Retail Individual Applicants:

The Application must be for a minimum of 1,600 Equity Shares. As the application price payable by the Retail Individual Applicants cannot exceed Rs. 2,00,000, they can make Application only for minimum Application size i.e. for 1,600 Equity Shares.

b. For Other Applicants (including Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares in Minimum Bid Lot such that the Application Amount exceeds Rs. 2,00,000 and in multiples of 1,600 Equity Shares thereafter. An application cannot be submitted for more than the Issue Size. However, the maximum application by a QIB investor should not exceed the investment limits prescribed for them under applicable laws. Under existing SEBI ICDR Regulations, a QIB Applicant or an NII Applicant cannot withdraw or lower their Application at any stage of the Issue. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of equity shares that can be held by them under prescribed law or regulation or as specified in this Prospectus.

c. Minimum Bid Lot: 1,600 Equity Shares

Participation by Promoter, Promoter Group and persons related to them, associates and affiliates of LM and Syndicate member(s)

The LM and the Syndicate member(s) shall not be entitled to purchase in this Issue in any manner except towards fulfilling their underwriting obligations. However, the associates and affiliates of the LM and the Syndicate member(s) may subscribe to or acquire Equity Shares in the Issue, in the Other Investors Category, where the allocation is on a proportionate basis. Such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates and affiliates of LM and Syndicate member(s), shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Applications by Mutual Funds

Applications made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Applications are made. Further, a certified copy of their certificate of registration issued by SEBI must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

No mutual fund scheme shall invest more than 10% of its net asset value in the equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No mutual fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

Applications by Eligible NRIs

Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs intending to make payment through freely convertible foreign exchange and Applying on a repatriation basis could make payments through the ASBA process only by blocking the funds for the amount payable on application in their NRE Account or FCNR Accounts, maintained with banks authorised by the RBI to deal in foreign exchange.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents, accompanied by a bank certificate confirming that the payment has been made by blocking the relevant funds in their NRE or FCNR account, as the case may be. Payment for Application by non-resident Applicants applying

on a repatriation basis will not be accepted out of NRO accounts for the full Application amount, at the time of submission of the Application Form.

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour). Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta".

Application by HUFs will be considered at par with Applications by individuals.

Applications by FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) is not permitted to exceed 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased upto the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to the RBI.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with 'know your client' norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. In case of Applications made by FPIs, a verified true copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached along with the Application form, failing which our Company reserves the right to reject the Application without assigning any reasons thereof.

Applications by banking companies

In case of Applications made by banking companies registered with the RBI, certified copies of: (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Application Form, failing which our Company reserves the right to reject any Application by a banking company without assigning any reason therefor.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "**Banking Regulation Act**"), and the Reserve Bank of India (Financial Services

provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

Applications by SCSBs

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for ASBA applications.

Applications by SEBI registered Venture Capital Funds, Alternative Investment Funds and Foreign Venture Capital Investors

The SEBI VCF Regulations and the SEBI FVCI Regulations, as amended, inter alia prescribe the investment restrictions on VCFs and FVCIs, respectively, registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs.

Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only upto 33.33% of the investible funds in various prescribed instruments, including in public offerings.

The category I and II AIFs cannot invest more than 25% of the corpus in one investee company. A category III AIF cannot invest more than 10% of the corpus in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulations.

All Non-Resident Applicants including Eligible NRIs, FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and / or commission. There is no reservation for Eligible NRIs, FIIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

Further, according to the SEBI Regulations, the shareholding of VCFs, category I or II AIFs and FVCIs held in a company prior to making an initial public offering would be exempt from lock-in requirements only if the shares have been held by them for at least one year prior to the time of filing the Red Herring Prospectus with SEBI. However, such equity shares shall be locked in for a period of at least one year from the date of purchase by the VCF, category I or II AIF or FVCI, as the case may.

Applications by limited liability partnerships

In case of Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof.

Applications by Insurance Companies

In case of Applications made by Insurance Companies, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (the “**IRDAI Investment Regulations**”) are broadly set forth below:

1. equity shares of a company: the lower of 10% of the outstanding Equity Shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
2. the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
3. the industry sector in which the investee company belong to: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) and (iii) above, as the case may be.

The above limit of 10.00% shall stand substituted as 15.00% of outstanding equity shares (face value) for insurance companies with investment assets of ₹2,500,000 million or more and 12.00% of outstanding equity shares (face value) for insurers with investment assets of ₹500,000.00 million or more but less than ₹2,500,000.00 million.

Insurance companies participating in this Issue, shall comply with all applicable regulations, guidelines and circulars issued by IRDA from time to time.

Applications by provident funds/ pension funds

In case of Applications made by provident funds/ pension funds, subject to applicable laws, with minimum corpus of ₹ 250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application, without assigning any reason thereof.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the FEMA and various regulations made thereunder. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”) makes policy announcements on FDI through press notes and press releases which are notified by the RBI as amendments to the FEMA. The DIPP also issues the Consolidated Foreign Direct Investment Policy from time to time. The regulatory framework pertaining to foreign investment, over a period of time, thus, consists of acts, regulations, master circulars, press notes, press releases, and clarifications among other amendments.

The current consolidated FDI policy circular of 2017, dated August 28, 2017 issued by the DIPP (“**FDI Policy**”) consolidates the policy framework which was in force as on August 28, 2017. All the press notes, press releases, clarifications on FDI issued by DIPP till August 27, 2017 stand rescinded as on August 28, 2017. In terms of the FDI Policy, Foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which foreign investment is sought to be made. In terms of the FDI Policy, the work of granting government approval for foreign investment under the FDI Policy and FEMA Regulations has now been entrusted to the concerned Administrative Ministries/Departments. FDI for the items or activities that cannot be brought in under the automatic route may be brought in through the approval route.

In terms of the FDI Policy, no sectoral cap has been provided for the sector in which our Company operates accordingly, foreign investment is allowed up to 100% under automatic route in our Company. For further details, kindly refer the chapter titled “*Key Industry Regulations and Policies*” beginning on page 121 of this Prospectus.

RBI has also issued Master Direction- Foreign Investment in India dated January 4, 2018. In terms of the Master Direction, an Indian company may issue fresh shares to persons resident outside India (who are eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions.

The RBI, in exercise of its power under the FEMA, has also notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment limit is allowed up to 100% under automatic route in our Company, subject to appropriate approvals of the shareholders in general meeting. SEBI registered FPIs have been permitted to purchase shares of an Indian company through the Offer, subject to total FPI investment being within the individual FPI investment limit of 10% subject to the total sectoral cap of all FPIs put together being 24% of the paid-up capital of the Indian Company. Further, eligible NRIs and OCIs investing on repatriation basis are subject to individual investment limit of 5% subject to the aggregate paid-value of the shares purchased by all NRIs and OCIs put together on repatriation basis not exceeding 10%. The aggregate limit of 24% in case of FPIs may be increased up to the sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing of a special resolution to that effect by its Shareholders. The aggregate limit of 10% in case of NRIs and OCIs together may be raised to 24 % if a special resolution to that effect is passed by the Shareholders of the Indian company concerned. Currently, vide the Shareholders’ Resolution dated September 22, 2018, passed in the Annual General Meeting of the members of the Company, the investment by FPIs in our Company have been increased from 24% to 100% of the paid-up equity share capital, and the investment by NRIs on repatriation basis in our Company have been increased from 10% to 24% of the paid-up equity share capital.

The transfer of shares between an Indian resident and a Non-resident does not require prior approval of RBI, subject to fulfillment of certain conditions as specified by DIPP / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the foreign direct investment (“FDI”) Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

40.	<p>If any share stands in the names of two or more persons, the person first named in the Register shall as regard receipts of dividends or bonus or service of notices and all or any other matter connected with the Company except voting at meetings, and the transfer of the shares, be deemed sole holder thereof but the joint-holders of a share shall be severally as well as jointly liable for the payment of all calls and other payments due in respect of such share and for all incidentals thereof according to these articles and the terms of issue.</p>

41.	The Company shall not be bound to register more than two persons as the joint holders of any share.
42.	Except as ordered by a Court of competent jurisdiction or as by law required, the Company shall not be bound to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share or any interest in any fractional part of a share, or (except only as is by these Articles otherwise expressly provided or by law otherwise provided) any right in respect of a share other than an absolute right thereto, in accordance with these Articles, in the person from time to time registered as the holder thereof but the Board shall be at liberty at its sole discretion to register any share in the joint names of any two or more persons or the survivor or survivors of them.
43.	Company shall not give whether directly or indirectly, by means of a loan, guarantee, the provision of security or otherwise, any financial assistance for or in connection with the purchase or subscription of any shares in the Company or in its holding Company, save as provided by Section 67 of the Act.
44.	If by the conditions of allotment of any share the whole or part of the amount or issue price thereof shall be payable by installment, every such installment shall when due be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative.
45.	If and whenever as a result of issue of new or further shares or any consolidation or sub-division of shares or otherwise, any shares held by members become fractional shares, all such fractional entitlement shall be consolidated into whole shares and be allotted to such person, persons or entities as may be nominated by the Board as trustee for sale thereof in open market through SEBI registered share broker at such price as may be approved by such Trustee(s) in this regard and the net proceeds of such sale shall be distributed to the persons entitled thereto in proportion to their respective fractional entitlement.
UNDERWRITING AND BROKERAGE	
46.	Subject to the provisions of Section 40 (6) of the Act, the Company may at any time pay a commission to any person in consideration of his subscribing or agreeing to subscribe (whether absolutely or conditionally) for any securities in the Company, or procuring, or agreeing to procure subscriptions (whether absolutely or conditionally) for any securities in the Company but so that the commission shall not exceed the maximum rates laid down by the Act and the Rules made in that regard. Such commission may be satisfied by payment of cash or by allotment of fully or partly paid shares or partly in one way and partly in the other.
47.	The Company may pay on any issue of securities such brokerage as may be reasonable and lawful.
CALLS	
48.	<p>(a) The Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board and not by a circular resolution, make such calls as it thinks fit, upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board.</p> <p>(b) A call may be made payable by installments.</p> <p>(c) The option or right to call of shares shall not be given to any person except with the sanction of the Issuer in general meetings.</p>
49.	A call may be revoked or postponed at the discretion of the Board.
50.	Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.
51.	A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorizing such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.
52.	Whenever any calls for further share capital are made on shares, such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class.
53.	The joint-holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

54.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member shall be entitled to such extension save as a matter of grace and favour.
55.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding ten per cent per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.
56.	<p>(a) If by the terms of issue of any share or otherwise any amount is made payable at any fixed time (whether on account of the nominal value of the share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.</p> <p>(b) In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise, shall apply mutatis mutandis as if such sum had become payable by virtue of a call duly made and notified.</p>
57.	On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered, was on the Register of Members as the holder, on or subsequent to the date at which the money sought to be recovered is alleged to have become due, of the shares in respect of which such money is sought to be recovered; that such money is due pursuant to the terms on which the share was issued; that the resolution making the call was duly recorded in the minute book; and that notice of such call was duly given to the Member or his representatives sued in pursuance of these Articles; and it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board meeting at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.
58.	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.
59.	<p>(a) The Board may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the amounts of his respective shares beyond the sums, actually called up and upon the moneys so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made the Board may pay or allow interest, at such rate as the member paying the sum in advance and the Board agree upon. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member three months' notice in writing: provided that moneys paid in advance of calls on shares may carry interest but shall not confer a right to dividend or to participate in profits.</p> <p>(b) No Member paying any such sum in advance shall be entitled to voting rights in respect of the moneys so paid by him until the same would but for such payment become presently payable. The provisions of this Article shall mutatis mutandis apply to calls on debentures issued by the Company.</p>
LIEN	
60.	<p>(a) The Company shall have a first and paramount lien upon all the shares/debentures (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that Article 42 will have full effect. And such lien shall extend to all dividends, onuses or interest from time to time declared in respect of such shares/ debentures. Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the Company's lien if any, on such shares/debentures.</p> <p>(b) The Directors may at any time declare any shares/debentures wholly or in part to be exempt from</p>

	the provisions of this clause.
61.	<p>(a) For the purpose of enforcing such lien the Board may sell the shares subject thereto in such manner as they think fit but no sale shall be made unless a sum in respect of which the lien exists is presently payable and until notice in writing of the intention to sell shall have been served on such Member, his executors or administrators or his committee or other legal representatives as the case may be and default shall have been made by him or them in the payment of the sum payable as aforesaid for seven days after the date of such notice.</p> <p>(b) To give effect to any such sale the Board may authorize some person to transfer the shares sold to the purchaser thereof and purchaser shall be registered as the holder of the shares comprised in any such transfer.</p> <p>(c) Upon any such sale as the Certificates in respect of the shares sold shall stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a new Certificate or Certificates in lieu thereof to the purchaser or purchasers concerned.</p>
62.	The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue, if any, shall (subject to lien for sums not presently payable as existed upon the shares before the sale) be paid to the person entitled to the shares at the date of the sale.
	FORFEITURE AND SURRENDER OF SHARES
63	If any Member fails to pay the whole or any part of any call or installment or any moneys due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same or any such extension thereof, the Directors may, at any time thereafter, during such time as the call or installment or any part thereof or other moneys as aforesaid remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such Member or on the person (if any) entitled to the shares by transmission, requiring him to pay such call or installment of such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all reasonable expenses (legal or otherwise) that may have been accrued by the Company by reason of such non-payment.
64.	<p>(a) The notice shall name a day (not being less than fourteen days from the date of notice) and a place or places on and at which such call or installment and such interest thereon as the Directors shall determine from the day on which such call or installment ought to have been paid and expenses as aforesaid are to be paid.</p> <p>(b) The notice shall also state that, in the event of the non-payment at or before the time and at the place or places appointed, the shares in respect of which the call was made or installment is payable will be liable to be forfeited.</p>
65.	If the requirements of any such notice as aforesaid shall not be complied with, every or any share in respect of which such notice has been given, may at any time thereafter but before payment of all calls or installments, interest and expenses, due in respect thereof, be forfeited by resolution of the Board to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited share and not actually paid before the forfeiture.
66.	When any shares have been forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof shall forthwith be made in the Register of Members but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid. Provided that option or right to call of forfeited shares shall not be given to any person.
67.	Any shares so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted, or otherwise disposed of, either to the original holder thereof or to any other person, upon such terms and in such manner as the Board in their absolute discretion shall think fit.
68.	Any Member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company, on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of the forfeiture until payment, at such rate not exceeding two per cent per annum more than the bank lending rate as the Board may determine and the Board may enforce the payment of the whole or a portion thereof as if it were a new call made at the date of the forfeiture, but shall not be under any obligation to do so.
69.	The forfeiture shares shall involve extinction at the time of the forfeiture, of all interest in all claims and demand against the Company, in respect of the share and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.

70.	A declaration in writing that the declarant is a Director or Secretary of the Company and that shares in the Company have been duly forfeited in accordance with these Articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the shares.
71.	The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposition thereof and the person to whom such share is sold, re-allotted or disposed of may be registered as the holder of the share and he shall not be bound to see to the application of the consideration: if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the shares.
72.	Upon any sale, re-allotment or other disposal under the provisions of the preceding Article, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a new certificate or certificates in respect of the said shares to the person or persons entitled thereto.
73.	In the meantime, and until any share so forfeited shall be sold, re-allotted or otherwise dealt with as aforesaid, the forfeiture thereof may at the discretion and by a resolution of the Board, be remitted or annulled as a matter of grace and favour but not as of right, upon such terms and conditions as they think fit.
74.	Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
75.	The Directors may, subject to the provisions of the Act, accept a surrender of any share from or by any Member desirous of surrendering on such terms the Directors may think fit.
TRANSFER AND TRANSMISSION OF SHARES	
76.	(a) The instrument of transfer of any share in or debenture of the Company shall be executed by or on behalf of both the transferor and transferee. (b) The transferor shall be deemed to remain a holder of the share or debenture until the name of the transferee is entered in the Register of Members or Register of Debenture holders in respect thereof.
77.	The instrument of transfer of any share or debenture shall be in writing and all the provisions of Section 56 (statutory modification thereof) including other applicable provisions of the Act and Rules made thereunder shall be duly complied with in respect of all transfers of shares or debenture and registration thereof.
78.	(a) The Company shall not register a transfer in the Company (other than the transfer between persons both of whose names are entered as holders of beneficial interest in the records of a depository), unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee and specifying the name, address and occupation if any, of the transferee, has been delivered to the Company along with the certificate relating to the shares or if no such share certificate is in existence along with the letter of allotment of the shares within sixty days from date of execution: Provided that where, on an application in writing made to the Company by the transferee and bearing the stamp, required for an instrument of transfer, it is proved to the satisfaction of the Board of Directors that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost or the instrument of transfer has not been delivered within the prescribed period, the Company may register the transfer on such terms as to indemnity as the Board may think fit, provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares in the Company has been transmitted by operation of law. (b) The Transferor shall be deemed to be the holder of such shares until the name of the Transferee shall have been entered in the Register of Members in respect thereof. Before the registration of a transfer the certificate or certificates of the shares must be delivered to the Company.

79.	Subject to the provisions of Section 58 of the Act and Section 22A of the Securities Contracts (Regulation) Act, 1956, the Board may, at its own absolute and uncontrolled discretion and after assigning the reason for same, decline to register or acknowledge any transfer of shares, whether fully paid or not (notwithstanding that the proposed transferee be already a member), send to the transferee and the transferor notice of the refusal to register such transfer provided that registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except a lien on shares.
80.	If the Company refuses to register the transfer of any share or transmission of any right therein, the Company shall within 30 days from the date on which the instrument of transfer or intimation of transmission was lodged with the Company, send notice of refusal to the transferee and transferor or to the person giving intimation of the transmission, as the case may be, and there upon the provisions of Section 56 of the Act or any statutory modification thereof for the time being in force shall apply.
81.	There shall be paid to the Company, in respect of the transfer or transmission of any number of shares to the same party such fee, if any as the Directors may require. Provided that the Board shall have the power to dispense with the payment of this fee either generally or in any particular case.
82.	The Board of Directors shall have power on giving not less than seven days previous notice in accordance with section 91 and Rules made thereunder close the Register of Members and/or the Register of debentures holders and/or other security holders at such time or times and for such period or periods, not exceeding thirty days at a time, and not exceeding in the aggregate forty five days in each year as it may seem expedient to the Board.
83.	The instrument of transfer shall after registration be retained by the Company and shall remain in its custody. All instruments of transfer which the Directors may decline to register shall on demand be returned to the persons depositing the same. The Directors may cause to be destroyed all the transfer deeds with the Company after such period as they may determine.
84.	Where an application of transfer relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice.
85.	Subject to the power of the Board stated in these Articles, transfer of shares in whatever lot should not be refused. However, the Company may refuse to split a share certificate into several scrips of very small denominations or to consider a proposal of transfer of shares comprised in a share certificate to several parties, involving such splitting if on the face of it such splitting/transfer appears to be unreasonable or without a genuine need or not of a marketable lot.
86.	(a) In the case of the death of any one or more of the persons named in the Register of Members as the joint-holders of any share, the survivor or survivors shall be the only persons recognised by the Company as having any title to or interest in such share (b) Nothing in clause (a) above shall release the estate of the deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
87.	Before recognizing any executor or administrator or legal representative, the Board may require him to obtain a Grant of Probate or Letters Administration or other legal representation as the case may be, from some competent court in India. Provided nevertheless that in any case where the Board in its absolute discretion thinks fit, it shall be lawful for the Board to dispense with the production of Probate or letter of Administration or such other legal representation upon such terms as to indemnity or otherwise, as the Board in its absolute discretion, may consider adequate.
88.	The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members, and the Company shall not be bound to recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate, as the case may be from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks fit, the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member, as a Member. However, provisions of this Article are subject to Section 72 of the Companies Act.

89.	Subject to the provisions of the Act and these Articles, any person becoming entitled to any share in consequence of the death, lunacy, bankruptcy, insolvency of any member or by any lawful means other than by a transfer in accordance with these presents, may, with the consent of the Directors (which they shall not be under any obligation to give) upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of this title as the Director shall require either be registered as member in respect of such shares or elect to have some person nominated by him and approved by the Directors registered as Member in respect of such shares; provided nevertheless that if such person shall elect to have his nominee registered he shall testify his election by executing in favour of his nominee an instrument of transfer in accordance with the provisions as prescribed under Act and Rules, and, until he does so, he shall not be freed from any liability in respect of such shares. This clause is hereinafter referred to as the 'Transmission Clause'.
90.	Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse or suspend register a person entitled by the transmission to any shares or his nominee as if he were the transferee named in an ordinary transfer presented for registration.
91.	Every transmission of a share shall be verified in such manner as the Directors may require and the Company may refuse to register any such transmission until the same be so verified or until or unless an indemnity be given to the Company with regard to such registration which the Directors at their discretion shall consider sufficient, provided nevertheless that there shall not be any obligation on the Company or the Directors to accept any indemnity.
92.	The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of shares made, or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register or Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound or require to regard or attend or give effect to any notice which may be given to them of any equitable right, title or interest, or be under any liability whatsoever for refusing or neglecting so to do though it may have been entered or referred to in some book of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto, if the Directors shall so think fit.
93.	In the case of any share registered in any register maintained outside India the instrument of transfer shall be in a form recognized by the law of the place where the register is maintained but subject thereto shall be as near to the form prescribed in as prescribed under the relevant Rules hereof as circumstances permit.
94.	No transfer shall be made to any minor, insolvent or person of unsound mind.
NOMINATION	
95.	<p>(a) Notwithstanding anything contained in the articles, every holder of securities of the Company may, at any time, nominate a person in whom his/her securities shall vest in the event of his/her death and the provisions of Section 72 of the Companies Act, 2013 shall apply in respect of such nomination.</p> <p>(b) No person shall be recognized by the Company as a nominee unless an intimation of the appointment of the said person as nominee has been given to the Company during the lifetime of the holder(s) of the securities of the Company in the manner specified under Section 72 of the Companies Act, 2013 read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014.</p> <p>(c) The Company shall not be in any way responsible for transferring the securities consequent upon such nomination.</p> <p>(d) If the holder(s) of the securities survive(s) nominee, then the nomination made by the holder(s) shall be of no effect and shall automatically stand revoked.</p>
96.	<p>A nominee, upon production of such evidence as may be required by the Board and subject as hereinafter provided, elect, either-</p> <p>(a) to be registered himself as holder of the security, as the case may be; or</p> <p>(b) to make such transfer of the security, as the case may be, as the deceased security holder, could have made;</p> <p>(c) if the nominee elects to be registered as holder of the security, himself, he shall deliver or send to the Company, a notice in writing signed by him stating that he so elects and such notice shall be accompanied with the death certificate of the deceased security holder;</p> <p>(d) a nominee shall be entitled to the same dividends and other advantages to which he would be entitled to, if he were the registered holder of the security except that he shall not, before being registered as a member in respect of his security, be entitled in respect of it to exercise any right</p>

	<p>conferred by membership in relation to meetings of the Company.</p> <p>Provided further that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share or debenture, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable or rights accruing in respect of the share or debenture, until the requirements of the notice have been complied with.</p>
	DEMATERIALISATION OF SHARES
97.	<p>Subject to the provisions of the Act and Rules made thereunder the Company may offer its members facility to hold securities issued by it in dematerialized form and will offer the Securities for subscription in dematerialized form.</p> <p>Notwithstanding anything contained herein, the Company shall be entitled to treat the person whose names appear in the register of members as a holder of any share or whose names appear as beneficial owners of shares in the records of the Depository, as the absolute owner thereof and accordingly shall not (except as ordered by a Court of competent jurisdiction or as required by law) be bound to recognise any benami trust or equity or equitable contingent or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof.</p>
	CONVERSION OF SHARES INTO STOCK
98.	<p>The Company may, by ordinary resolution in General Meeting.</p> <p>a) convert any fully paid-up shares into stock; and</p> <p>b) re-convert any stock into fully paid-up shares of any denomination.</p>
99.	<p>The holders of stock may transfer the same or any part thereof in the same manner as and subject to the same regulation under which the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit, provided that, the Board may, from time to time, fix the minimum amount of stock transferable so however that such minimum shall not exceed the nominal amount of the shares from which the stock arose.</p>
100.	<p>The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, participation in profits, voting at meetings of the Company, and other matters, as if they hold the shares for which the stock arose but no such privilege or advantage shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.</p>
101.	<p>Such of the regulations of the Company (other than those relating to share warrants), as are applicable to paid up share shall apply to stock and the words "share" and "shareholders" in those regulations shall include "stock" and "stockholders" respectively.</p>
	COPIES OF MEMORANDUM AND ARTICLES TO BE SENT TO MEMBERS
102.	<p>A copy of the Memorandum and Articles of Association of the Company and of any other document referred to in Section 17 of the Act shall be sent by the Company to a Member at his request on payment of Rs. 100 or such reasonable sum for each copy as the Directors may, from time to time, decide. The fees can be waived off by the Company.</p>
	BORROWING POWERS
103.	<p>Subject to the provisions of the Act and these Articles, the Board may, from time to time at its discretion, by a resolution passed at a meeting of the Board generally raise or borrow money by way of deposits, loans, overdrafts, cash creditor by issue of bonds, debentures or debenture-stock (perpetual or otherwise) or in any other manner, or from any person, firm, company, co-operative society, anybody corporate, bank, institution, whether incorporated in India or abroad, Government or any authority or any other body for the purpose of the Company and may secure the payment of any sums of money so received, raised or borrowed; provided that the total amount borrowed by the Company (apart from temporary loans obtained from the Company's Bankers in the ordinary course of business) shall not without the consent of the Company in General Meeting exceed the aggregate of the paid up capital of the Company and its free reserves that is to say reserves not set apart for any specified purpose. Nevertheless no lender or other person dealing with the Company shall be concerned to see or inquire whether this limit is observed.</p>
104.	<p>Subject to the provisions of the Act and these Articles, any bonds, debentures, debenture-stock or any other securities may be issued at a discount, premium or otherwise and with any special privileges and conditions as to redemption, surrender, allotment of shares, appointment of Directors or otherwise; provided that debentures with the right to allotment of or conversion into shares shall not be issued except with the sanction of the Company in General Meeting.</p>

105.	Subject to the provisions of Article 107, the payment and/or repayment of moneys borrowed or raised as aforesaid or any moneys owing otherwise or debts due from the Company may be secured in such manner and upon such terms and conditions in all respects, as the Board may think fit by a resolution passed at a meeting of the Directors, and in particular by mortgage, charge, lien or any other security upon all or any of the assets or property (both present and future) or the undertaking of the Company including its uncalled capital for the time being, or by a guarantee by any Director, Government or third party, and the bonds, debentures and debenture stocks and other securities may be made assignable, free from equities between the Company and the person to whom the same may be issued and also by a similar mortgage, charge or lien to secure and guarantee, the performance by the Company or any other person or company of any obligation undertaken by the Company or any person or Company as the case may be.
106.	Any bonds, debentures, debenture-stock, Global Depository Receipts or their securities issued or to be issued by the Company shall be under the control of the Board who may issue them upon such terms and conditions, and in such manner and for such consideration as they shall consider being for the benefit of the Company.
107.	If any uncalled capital of the Company is included in or charged by any mortgage or other security the Directors shall subject to the provisions of the Act and these Articles, make calls on the members in respect of such uncalled capital in trust for the person in whose favour such mortgage or security is executed.
108.	Subject to the provisions of the Act and these Articles if the Directors or any of them or any other person shall incur or be about to incur any liability whether as principal or surety for the payment of any sum primarily due from the Company, the Directors may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of the Company by way of indemnity to secure the Directors or person so becoming liable as aforesaid from any loss in respect of such liability.
109.	The Board shall cause a proper Register to be kept in accordance with the provisions of Section 85 of the Act of all mortgages, debentures and charges specifically affecting the property of the Company.
110.	(a) The Company shall, if at any time it issues debentures, keep a Register and Index of Debenture holders in accordance with Section 88 of the Act. (b) The Company shall have the power to keep in any State or Country outside India a branch Register of Debenture holders resident in that State or country.
111.	The Directors shall arrange to maintain at the Registered office of the Company a Register of Directors, Key Managerial Personnel, containing the particulars and in the form prescribed by Section 170 of the Act. It shall be the duty of every Director and other persons regarding whom particulars have to be maintained in such Registers to disclose to the Company any matters relating to himself as may be necessary to comply with the provisions of the said sections. The Directors shall cause to be kept at the Registered Office (a) a Register in accordance with Section 170 and (b) a Register of Contracts or arrangements of which they are interested, containing the particulars required by Section 189 of the Act. The Registers can be maintained in electronic form subject to the provisions of the Act.
112.	The provisions contained in Article 194 relating to inspection and taking copies shall be mutatis mutandis be applicable to the registers specified in this Article.
113.	Notwithstanding anything contained in these Articles but subject to all applicable provisions of the Act or any other law for the time being in force, the Company may purchase its own shares or other specified securities whether or not there is any consequent reduction of capital. If and to the extent permitted by law, the Company shall also have the power to re-issue the shares so bought back.
MEETINGS OF MEMBERS	
114.	All the General Meetings of the Company other than Annual General Meetings shall be called Extraordinary General Meetings.
115.	The Company shall in each year hold a General Meeting as its Annual General Meeting in addition to any other meetings in that year. The Annual General Meeting shall be held within a period of six months, from the date of closing of the financial year; provided that not more than fifteen months shall elapse between the date of one Annual General Meeting and that of the next. Nothing contained in the foregoing provisions shall be taken as affecting the right conferred on the Registrar under the provisions of Section 96 (1) of the Act to extend the time within which any Annual General Meeting may be held. Every Annual General Meeting shall be called during business hours on any day that is not a National Holiday, and shall be held at the Registered Office of the Company or at some other

	place within the city, town or village where the Registered Office of the Company is situated and the Notices calling the Meeting shall specify it as the Annual General Meeting. Every Member of the Company shall be entitled to attend either in person or by proxy or by other authority including by resolution of the Board of the Company or by power of attorney and the Auditor of the Company shall have the right to attend and to be heard at any General Meeting which he attends on any part of the business which concerns him as Auditor. At every Annual General Meeting of the Company there shall be laid on the table the Directors' Report and Financial Statements, Auditors' Report (if not already incorporated in the Financial Statements), the Proxy Register with proxies and the Register of Directors' shareholding which latter Register shall remain open and accessible during the continuance of the Meeting.
116.	<p>(a) The Directors may, whenever they think fit, convene an Extra-Ordinary General Meeting and they shall on requisition of Member or Members holding in the aggregate not less than one-tenth of such of the paid up capital of the Company as at the date of deposit of the requisition and in compliance with Section 100 of the Act, forthwith proceed to convene Extra-Ordinary General Meeting.</p> <p>(b) If at any time there are not within India sufficient Directors capable of acting to form a quorum, or if the number of Directors be reduced in number to less than the minimum number of Directors prescribed by these Articles and the continuing Directors fail or neglect to increase the number of Directors to that number or to convene a General Meeting, any Director or any two or more Members of the Company holding not less than one-tenth of the total paid up share capital of the Company may call for an Extra-Ordinary General Meeting in the same manner as nearly as possible as that in which meeting may be called by the Directors.</p>
117.	Any valid requisition so made by Members must state the object or objects of the meeting proposed to be called, and must be signed by the requisitionists and be deposited at the Registered Office; provided that such requisition may consist of several documents in like form, each signed by one or more requisitionists.
118.	Upon the receipt of any such requisition, the Board shall forthwith call an Extraordinary General Meeting, and if they do not proceed within twenty-one days from the date of the requisition being deposited at the Registered Office, to cause a meeting to be called for a day not later than forty-five days from the date of deposit of the requisition, meeting may be called and held by the requisitionists themselves within a period of three months from the date of the requisition.
119.	Twenty-one days' notice at the least (either in writing or electronic mode) of every General Meeting, Annual or Extraordinary, specifying the place, date, day, hour, and the general nature of the business to be transacted thereat, shall be given in the manner hereinafter provided, to such persons, as given under Act, entitled to receive notice from the Company. A General Meeting may be called after giving shorter notice if consent is given in writing or by electronic mode by not less than ninety-five percent of the members entitled to vote at such meeting. In the case of an Annual General Meeting, if any business other than (i) the consideration of financial statements and the reports of the Board of Directors and auditors, (ii) the declaration of dividend, (iii) the appointment of Directors in place of those retiring, (iv) the appointment of, and fixing of the remuneration of, the Auditors is to be transacted, there shall be annexed to the notice of the Meeting a statement setting out all material facts concerning each such item of business, including in particular the nature or concern (financial or otherwise) and extent of the interest, if any, therein of every Director, Manager, Key Managerial Personnel, and their relatives (if any). Where any item of business consists of the approval of any document the time and place where the document can be inspected shall be specified in the statement aforesaid.
120.	The accidental omission to give any such notice as aforesaid to any member, or other person to whom it should be given or the non-receipt thereof, shall not invalidate any resolution passed at any such Meeting.
121.	No General Meeting, Annual or Extraordinary shall be competent to enter upon, discuss or transfer any business which has not been mentioned in the notice or notices upon which it was convened.
122.	No business shall be transacted at any General Meeting, unless the requisite quorum is present at the time when the meeting proceeds to business. The quorum for a general meeting shall be the presence in person of such number of members as specified in Section 103 of the Act. A body corporate being a Member shall be deemed to be personally present if represented in accordance with Section 113 of the Act.

123.	If, at the expiration of half an hour from the time appointed for the Meeting a quorum of Members is not be present, the Meeting, if convened by or upon the requisition of Members, shall be dissolved, but in any other case it shall stand adjourned to the same day in the next week or if that day is a public holiday until the next succeeding day which is not a public holiday, at the same time and place or to such other day and at such other time and place as the Board may determine; and if at such adjourned Meeting a quorum of Members is not present at the expiration of half an hour from the time appointed for the Meeting, those Members who are present shall be a quorum, and may, transact the business for which the Meeting was called.
124.	The Chairman of the Board shall be entitled to take the chair at every General Meeting, whether Annual or Extraordinary. If there be no such Chairman, or if at any Meeting the Chairman is not present within fifteen minutes of the time appointed for holding such Meeting or is unwilling to act as a Chairman, then the Directors present shall elect one of them as Chairman of the meeting, and if no Director be present or if all the Directors present decline to take the chair, then the Members present shall elect one of their number to be Chairman.
125.	No business, except the election of a Chairman, shall be discussed at any General Meeting whilst the Chair is vacant.
126.	<ul style="list-style-type: none"> a) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place. b) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. c) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. d) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
127.	In the case of an equality of votes the Chairman shall on a poll (if any) and e-voting, have casting vote in addition to the vote or votes to which he may be entitled as a Member.
128	Unless a Poll is demanded or voting is carried out electronically, a declaration by the Chairman that a resolution has, on a show of hands, been carried or carried unanimously, or by a particular majority, or lost, and an entry to that effect in the books containing the minutes of the proceedings of the Company shall be conclusive evidence of the said fact, without proof of the number or proportion of the votes recorded in favour of or against such resolution.
129	The Board may in its absolute discretion, on giving not less than 7 (seven) clear days' notice in accordance with these Articles, postpone or cancel any meeting of members except a meeting called pursuant to members requisition.
130.	If a poll is demanded as aforesaid the same shall, be taken in such manner as prescribed under the Act.
131.	Any poll duly demanded on the election of Chairman of the meeting or any question of adjournment shall be taken at the meeting forthwith.
132	The demand for a poll except on the question of the election of the Chairman and of an adjournment shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded.
133	The Board, and the persons authorized by it, shall have the right to take and/or make suitable arrangements for ensuring the safety of any meeting – whether a general meeting or a meeting of any class of Security, or of the persons attending the same, and for the orderly conduct of such meeting, and notwithstanding anything contained in this Articles, any action, taken pursuant to this Article in good faith shall be final and the right to attend and participate in such meeting shall be subject to the decision taken pursuant to this Article.
VOTES OF MEMBERS	
134.	No Member shall be entitled to vote either personally or by proxy at any General Meeting or Meeting of a class of shareholders either upon a show of hands, upon a poll or electronically, or be reckoned in a quorum in respect of any shares registered in his name on which any calls or other sums presently payable by him have not been paid or in regard to which the Company has exercised, any right or lien.
135.	Subject to the provision of these Articles and without prejudice to any special privileges, or restrictions as to voting for the time being attached to any class of shares for the time being forming part of the capital of the company, every Member, not disqualified by the last preceding Article shall be entitled to be present, and to speak and to vote at such meeting, and on a show of hands every member present in person shall have one vote and upon a poll (including voting by electronic means) the voting right of every Member present in person or by proxy shall be in proportion to his share of

	the paid-up equity share capital of the Company, Provided, however, if any preference shareholder is present at any meeting of the Company, save as provided in sub-section (2) of Section 47 of the Act, he shall have a right to vote only on resolution placed before the meeting which directly affect the rights attached to his preference shares.
136.	A Member of unsound mind, or in respect of whom an order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll by his Committee or other legal guardian: and any such Committee or guardian may, on a poll, vote by proxy; if any Member be minor, the vote in respect of his share shall be by his guardian, or any one of his guardians if more than one, to be selected in case of dispute by the Chairman of the Meeting.
137.	On a poll taken at a meeting of the Company a member entitled to more than one vote or his proxy or other person entitled to vote for him, as the case may be, need not, if he votes, use all his votes or cast in the same way all the votes he uses.
138	Where a poll is to be taken, the Chairman of the meeting shall appoint such number of Scrutineer(s) who need not be members of the Company, to scrutinize the poll process, votes casted by poll and to report thereon to him subject to provisions of Act for the time being in force. The Chairman shall have power, at any time before the result of the Poll is declared to remove a scrutinizer from office and to fill vacancies in the office of scrutinizer arising from such removal or from any other cause.
139.	Notwithstanding anything contained in the provisions of the Act and the Rules made there under, the Company may, and in the case of resolutions relating to such business other than the Ordinary business as may be prescribed by such authorities from time to time, declare to be conducted only by postal ballot, shall, get any such business/ resolutions passed by means of postal ballot, instead of transacting the business in the General Meeting of the Company.
140.	A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
141.	<p>a) If there be joint registered holders of any share any one of such persons may vote at any Meeting either personally or by proxy in respect of such shares, as if he were solely entitled thereto.</p> <p>b) If more than one of such joint-holders be present at any Meeting either personally or by proxy, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. If more than one of the said persons remain present than the senior shall alone be entitled to speak and to vote in respect of such shares, but the other or others of the joint holders shall be entitled to be present at the meeting. Several executors or administrators of a deceased Member in whose name share stands shall for the purpose of these Articles be deemed joints holders thereof.</p> <p>c) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.</p>
142.	Votes may be given either personally or by attorney or by proxy or in case of a company, by a representative duly Authorized by way of Board Resolution as mentioned in Articles. At any General Meeting, a resolution put to vote of the meeting shall, unless a poll is demanded under Section 109, or if the voting is carried out electronically be decided on a show of hands. Such voting in a general meeting or by postal ballot shall also include electronic voting in a General Meeting or Postal Ballot as permitted by applicable laws from time to time.
143.	A body corporate (whether a company within the meaning of the Act or not) may, if it is member or creditor of the Company (including being a holder of debentures or any other Securities) authorize such person by resolution of its Board of Directors, as it thinks fit, in accordance with the provisions of Section 113 of the Act to act as its representative at any Meeting of the members or creditors of the Company or debentures holders of the Company. A person authorized by resolution as aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the body corporate as if it were an individual member, creditor or holder of debentures of the Company.
144.	<p>(a) A member paying the whole or a part of the amount remaining unpaid on any share held by him although no part of that amount has been called up, shall not be entitled to any voting rights in respect of the moneys paid until the same would, but for this payment, become presently payable.</p> <p>(b) A member is not prohibited from exercising his voting rights on the ground that he has not held his shares or interest in the Company for any specified period preceeding the date on which the vote was taken.</p>

145.	Any person entitled under Article 89 (transmission clause) to transfer any share may vote at any General Meeting in respect thereof in the same manner as if he were the registered holder of such shares, provided that at least forty-eight hours before the time of holding the meeting or adjourned meeting, as the case may be at which he proposes to vote he shall satisfy the Directors of his right to transfer such shares and give such indemnity (if any) as the Directors may require or the directors shall have previously admitted his right to vote at such meeting in respect thereof.
146.	No Member shall be entitled to vote on a show of hands through Proxy unless such member is present personally or by attorney or is a body Corporate present by a representative duly Authorized under the provisions of the Act in which case such members, attorney or representative may vote on a show of hands as if he were a Member of the Company. In the case of a Body Corporate the production at the meeting of a copy of such resolution duly signed by a Director or Secretary of such Body Corporate and certified by him as being a true copy of the resolution shall be accepted by the Company as sufficient evidence of the authority of the appointment.
147.	The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
148.	The instrument appointing a proxy and the power of attorney or other authority (if any), under which it is signed or a notarially certified copy of that power of attorney, shall be deposited at the office not less than forty-eight hours before the time for holding the Meeting at which the person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid. No instrument appointing a proxy shall be valid after the expiration of twelve months from the date of its execution.
149.	An instrument appointing a proxy shall be in the form as prescribed in the Rules made under section 105.
150.	A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the Member, or revocation of the proxy or of any power of attorney which such proxy signed, or the transfer of the share in respect of which the vote is given, provided that no intimation in writing of the death or insanity, revocation or transfer shall have been received at the office before the meeting or adjourned meeting at which the proxy is used.
151.	An instrument of proxy may appoint a proxy either for the purpose of a particular meeting specified in the instrument and every adjournment thereof or every meeting of the Company or every meeting to be held before a date not being later than twelve months from the date of the instrument specified in the instrument and every adjournment of every such meeting.
152.	No objection shall be made to the validity of any vote, except at the Meeting or poll at which such vote shall be tendered, and every vote, whether given personally or by proxy, not disallowed at such Meeting or poll shall be deemed valid for all purposes of such Meeting or poll whatsoever.
153.	The Chairman of any Meeting shall be the sole judge of the validity of every vote tendered at such Meeting. The Chairman present at the taking of a poll shall be the sole judge of the validity of every vote tendered at such poll.
154.	<p>(a) Every company shall cause minutes of the proceedings of every general meeting of any class of shareholders or creditors, and every resolution passed by postal ballot to be prepared and signed in such manner as may be prescribed and kept within thirty days of the conclusion of every such meeting concerned, or passing of resolution by postal ballot in books kept for that purpose with their pages consecutively numbered.</p> <p>(b) The minutes of each meeting shall contain a fair and correct summary of the proceedings thereat.</p> <p>(c) Each page of every such book shall be initialed or signed and the last page of the record of proceedings of each meeting or each report in such books shall be dated and signed by the chairman of the same meeting within the aforesaid period of thirty days or in the event of the death or inability of that chairman within that period, by a director duly authorised by the Board for the purpose. 157	The Board shall arrange to maintain at the office of the Company, a Register in the Form prescribed under the Act, containing the particulars of the Directors and Key Managerial Personnel. It shall be the duty of every Director and other persons regarding whom particulars have to be maintained in such Registers to disclose to the Company any matters relating to himself as may be necessary to comply with the provisions of the Act.
158.	A Director of the Company shall not be bound to hold any Qualification Shares in the Company.
159.	<p>(a) Whenever the Company enters into a contract with any Government, Central, State or Local, any bank or financial institution or any person or persons (hereinafter referred to as “the appointer”) for borrowing any money or for providing any guarantee or security or for technical collaboration or assistance or for under-writing the Directors shall have, subject to the provisions of the Act and notwithstanding anything to the contrary contained in these Articles, the power to agree that such appointer shall have the right to appoint by a notice in writing addressed to the Company, one or more persons as a Director or Directors of the Company for such period and upon such conditions as may be mentioned in the agreement and that such Director or Directors may not be liable to retire by rotation nor be required to hold any qualification shares. Any Director so appointed is herein referred to as a Nominee Director.</p> <p>(b) The Nominee Director/s so appointed shall not be required to hold any qualification shares in the Company nor shall be liable to retire by rotation. The Board of Directors of the Company shall have no power to remove from office the Nominee Director/s so appointed. The said Nominee Director/s shall be entitled to the same rights and privileges including receiving of notices, copies of the minutes, sitting fees, etc. as any other Director of the Company is entitled.</p> <p>(c) If the Nominee Director/s is an officer of any of the financial institution the sitting fees in relation to such nominee Directors shall accrue to such financial institution and the same accordingly be paid by the Company to them. The Financial Institution shall be entitled to depute observer to attend the meetings of the Board or any other Committee constituted by the Board.</p> <p>(d) The Nominee Director/s shall, notwithstanding anything to the contrary contained in these Articles, be at liberty to disclose any information obtained by him/them to the Financial Institution appointing him/them as such Director/s.</p>

160.	If it is provided by the Trust Deed, securing or otherwise, in connection with any issue of debentures of the Company, that a trustee appointed under the Trust Deed shall have power to appoint a Director of the Company, then in the case of any and every such issue of debentures, the person or persons having such power may exercise such power from time to time and appoint a Director accordingly. Any Director so appointed is herein referred to as a Debenture Director. A Debenture Director may be removed from office at any time by the trustee in whom for the time being is vested the power under which he was appointed and another Director may be appointed in his place. A debenture Director shall not be liable to retire by rotation. A debenture Director shall not be bound to hold any qualification shares.
161.	The Board may appoint an Alternate Director to act for a Director (hereinafter called "The Original Director") during his absence for a period of not less than three months from India. An Alternate Director appointed under this Article shall not hold office for period longer than that permissible to the Original Director in whose place he has been appointed and shall vacate office if and when the Original Director returns to India. If the term of office of the Original Director is determined before he so returns to India, any provision in the Act or in these Articles for the automatic re-appointment of retiring Director in default of another appointment shall apply to the Original Director and not to the Alternate Director.
162.	Subject to the provisions of the Act, the Board shall have power at any time and from time to time to appoint any other person to be an Additional Director but so that the total number of Directors shall not at any time exceed the maximum fixed under Article 159. Any such Additional Director shall hold office only up to the date of the next Annual General Meeting but shall be eligible for appointment by the Company as a Director at that Meeting subject to the provisions of the Act.
163.	Subject to the provisions of the Act, the Board shall have power at any time and from time to time to appoint a Director, if the office of any director appointed by the company in general meeting is vacated before his term of office expires in the normal course, who shall hold office only up to the date up to which the Director in whose place he is appointed would have held office if it had not been vacated by him.
164.	The Company shall appoint such number of Independent Directors as it may deem fit, for a term specified in the resolution appointing him. An Independent Director may be appointed to hold office for a term of up to five consecutive years on the Board of the Company and shall be eligible for re-appointment on passing of Special Resolution and such other compliances as may be required in this regard. No Independent Director shall hold office for more than two consecutive terms. The provisions relating to retirement of directors by rotation shall not be applicable to appointment of Independent Directors.
165.	The Company, subject to the provisions of the Act, shall have the power to determine the Directors whose period of office shall be liable to determination by retirement of Directors by rotation or not.
166.	Until otherwise determined by the Company in General Meeting, each Director other than the Managing/Whole-time Director (unless otherwise specifically provided for) shall be entitled to sitting fees not exceeding a sum prescribed in the Act (as may be amended from time to time) for attending meetings of the Board provided that Independent Directors and Women Directors, the sitting fee shall not be less than the sitting fee payable to other directors.
167.	The Board of Directors may subject to the limitations provided in the Act allow and pay to any Director who attends a meeting at a place other than his usual place of residence for the purpose of attending a meeting, such sum as the Board may consider fair, compensation for travelling, hotel and other incidental expenses properly incurred by him, in addition to his fee for attending such meeting as above specified.
168.	Any one or more of the Directors shall be paid such additional remuneration as may be fixed by the Directors for services rendered by him or them and any one or more of the Directors shall be paid further remuneration if any as the Company in General Meeting or the Board of Directors shall from time to time determine. Such remuneration and/or additional remuneration may be paid by way of salary or commission on net profits or turnover or by participation in profits or by way of perquisites or in any other manner or by any or all of those modes. If any director, being willing shall be called upon to perform extra services, or to make any special exertion for any of the purposes of the Company, the Company in General Meeting or the Board of Directors shall, subject as aforesaid, remunerate such Director or where there is more than one such Director all or such of them together either by a fixed sum or by a percentage of profits or in any other manner as may be determined by the Directors and such remuneration may be either in addition to or in substitution for the remuneration above provided.
169.	Subject to Section 167 of the Act, the office of a Director shall be vacated if: (a) he incurs any of the disqualifications specified in section 164 of the Act;

	<p>(b) he absents himself from all the meetings of the Board of Directors held during a period of twelve months with or without seeking leave of absence of the Board;</p> <p>(c) he acts in contravention of the provisions of section 184 relating to entering into contracts or arrangements in which he is directly or indirectly interested;</p> <p>(d) he fails to disclose his interest in any contract or arrangement in which he is directly or indirectly interested, in contravention of the provisions of section 184;</p> <p>(e) he becomes disqualified by an order of a court or the Tribunal;</p> <p>(f) he is convicted by a court of any offence, whether involving moral turpitude or otherwise and sentenced in respect thereof to imprisonment for not less than six months:</p> <p>Provided that the office shall be vacated by the director even if he has filed an appeal against the order of such court;</p> <p>(g) he is removed in pursuance of the provisions of this Act;</p> <p>(h) he, having been appointed a director by virtue of his holding any office or other employment in the holding, subsidiary or associate company, ceases to hold such office or other employment in that company.</p>
170.	The Company may by an ordinary resolution remove any Director (not being a Director appointed by the Tribunal in pursuance of Section 242 of the Act) in accordance with the provisions of Section 169 of the Act.
171.	Subject to the provisions of Section 168 of the Act a Director may at any time resign from his office upon giving notice in writing to the Company of his intention so to do, and thereupon his office shall be vacated.
PROCEEDING OF THE BOARD OF DIRECTORS	
172.	<p>(a) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings as it thinks fit.</p> <p>(b) The Chairman or any one Director with the previous consent of the Chairman may, or the Company Secretary on the direction of the Chairman shall, at any time, summon a meeting of the Board.</p>
173.	The Board of Directors shall be entitled to hold its meeting through video conferencing or other permitted means, and in conducting the Board meetings through such video conferencing or other permitted means the procedures and the precautions as laid down in the relevant Rules shall be adhered to. With regard to every meeting conducted through video conferencing or other permitted means, the scheduled venue of the meetings shall be deemed to be in India, for the purpose of specifying the place of the said meeting and for all recordings of the proceedings at the meeting.
174.	Subject to provisions of Section 173 (3) of the Act, notice of not less than seven days of every meeting of the Board of Directors of the Company shall be given in writing to every Director at his address registered with the company and shall be sent by hand delivery or by post or through electronic means. The meeting of the Board may be called at a shorter notice to transact urgent business subject to the condition that at least one Independent Director of the Company shall be present at the meeting. In the event, any Independent Director is not present at the meeting called at shorter notice, the decision taken at such meeting shall be circulated to all the directors and shall be final only on ratification thereof by at least one Independent Director.
175.	<p>The quorum for a meeting of the Board shall be one-third of its total strength (any fraction contained in that one third being rounded off as one), or two directors whichever is higher and the directors participating by video conferencing or by other permitted means shall also counted for the purposes of this Article. Provided that where at any time the number of interested Directors exceeds or is equal to two-thirds of the total strength, the number of the remaining Directors, that is to say, the number of the Directors who are not interested, being not less than two, shall be the quorum during such time.</p> <p>Explanation: The expressions “interested Director” shall have the meanings given in Section 184(2) of the said Act and the expression “total strength” shall have the meaning as given in Section 174 of the Act.</p>
176.	<p>a) The Directors may from time to time elect from among their members a Chairperson of the Board and determine the period for which he is to hold office. If at any meeting of the Board, the Chairman is not present within fifteen minutes after the time appointed for holding the same, the Directors present may choose one of the Directors then present to preside at the meeting.</p> <p>b) Subject to Section 203 of the Act and rules made there under, one person can act as the Chairman as well as the Managing Director or Whole-time Director or Chief Executive Officer at the same time.</p>

176A	<p>1) The Board shall be entitled to appoint any person who has rendered significant or distinguished services to the Company or to the industry to which the Company's business relates or in the public field, as the Chairman Emeritus of the Company.</p> <p>2) The Chairman Emeritus shall hold office until he resigns his office or a special resolution to that effect is passed by the members in a general meeting.</p> <p>3) The Chairman Emeritus may attend any meetings of the Board or Committee thereof but shall not have any right to vote and shall not be deemed to be a party to any decision of the Board or Committee thereof.</p> <p>4) The Chairman Emeritus shall not be deemed to be a director for any purposes of the Act or any other statute or rules made there under or these Articles including for the purpose of determining the maximum number of Directors which the Company can appoint.</p> <p>5) The Board may decide to make any payment in any manner for any services rendered by the Chairman Emeritus to the Company.</p> <p>6) If at any time the Chairman Emeritus is appointed as a Director of the Company, he may, at his discretion, retain the title of the Chairman Emeritus.”</p>
177.	Questions arising at any meeting of the Board of Directors shall be decided by a majority of votes and in the case of an equality of votes, the Chairman will have a second or casting vote.
178.	The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
179.	Subject to the provisions of the Act, the Board may delegate any of their powers to a Committee consisting of such member or members of its body as it thinks fit, and it may from time to time revoke and discharge any such committee either wholly or in part and either as to person, or purposes, but every Committee so formed shall in the exercise of the powers so delegated conform to any regulations that may from time to time be imposed on it by the Board. All acts done by any such Committee in conformity with such regulations and in fulfillment of the purposes of their appointment but not otherwise, shall have the like force and effect as if done by the Board.
180.	The Meetings and proceedings of any such Committee of the Board consisting of two or more members shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Directors so far as the same are applicable thereto and are not superseded by any regulations made by the Directors under the last preceding Article.
181.	<p>a) A committee may elect a Chairperson of its meetings.</p> <p>b) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within fifteen minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.</p>
182.	<p>a) A committee may meet and adjourn as it thinks fit.</p> <p>b) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.</p>
183.	Subject to the provisions of the Act, all acts done by any meeting of the Board or by a Committee of the Board, or by any person acting as a Director shall notwithstanding that it shall afterwards be discovered that there was some defect in the appointment of such Director or persons acting as aforesaid, or that they or any of them were disqualified or had vacated office or that the appointment of any of them had been terminated by virtue of any provisions contained in the Act or in these Articles, be as valid as if every such person had been duly appointed, and was qualified to be a Director.
184.	A resolution not being a resolution required by the said Act or otherwise to be passed at a meeting of the Directors, may be passed without any meeting of the Directors or of a committee of Directors provided that the resolution has been circulated in draft, together with the necessary papers, if any, to all the Directors, or to all the members of the Committee as the case may be, at their addresses registered with the Company, by hand delivery or by post or courier or through electronic means as permissible under the relevant Rules and has been approved by a majority of the Directors as are entitled to vote on the resolution.
185.	Subject to the provisions of Section 161 of the Act, if the office of any Director appointed by the Company in General Meeting vacated before his term of office will expire in the normal course, the resulting casual vacancy may in default of and subject to any other regulation contained in this Articles be filled by the Board of Directors at the meeting of the Board and the Director so appointed shall hold office only up to the date up to which the Director in whose place he is appointed would

	have held office if had not been vacated as aforesaid.
	RETIREMENT AND ROTATION OF DIRECTORS
186.	Not less than two-thirds of the total number of the Directors of the Company, other than Independent Directors appointed on the Board of the Company, be persons, whose period of office is liable to determination by retirement of Directors by rotation and save as otherwise expressly provided in the said Act, be appointed by the Company in General Meeting. The remaining Directors of the Company shall also be appointed by the Company in General Meeting except to the extent that the Articles otherwise provide or permit.
	Subject to the provisions of Section 152 of the Act, at every Annual General Meeting of the Company, one-third of such of the Directors for the time being as are liable to retire by rotation, or if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office.
187	A retiring Director shall be eligible for re-election.
	POWERS OF THE BOARD
188.	The business of the Company shall be managed by the Board who may exercise all such powers of the Company and do all such acts and things as may be necessary, unless otherwise restricted by the Act, or by any other law or by the Memorandum or by these Articles required to be exercised by the Company in General Meeting. However, no regulation made by the Company in General Meeting shall invalidate any prior act of the Board which would have been valid if that regulation had not been made.
189.	Without prejudice to the general powers conferred by these Articles or the governing laws of the Country and so as not in any way to limit or restrict these powers, and without prejudice to the other powers conferred by these Articles, but subject to the restrictions contained in the Articles, it is hereby, declared that the Directors shall have the following powers, that is to say –

195.	<p>(a) The Board at their option can provide a Common Seal for the purposes of the Company, and shall have power from time to time to destroy the same and substitute or not substitute a new Seal in lieu thereof, and the Board shall provide for the safe custody of the Seal for the time being, and the Seal shall never be used except by the authority of the Board or a Committee of the Board previously given.</p> <p>(b) The Company shall also be at liberty to have an Official Seal in accordance with of the Act, for use in any territory, district or place outside India.</p> <p>(c) As authorized by the Act or amendment thereto, if the company does not have a common seal, the authorisation under this clause shall be made by two directors or by a director and the Company Secretary, wherever the company has appointed a Company Secretary or persons acting on behalf of the Directors under a duly registered Power of Attorney and (2) the Secretary or some other person authorized by the Board for the purpose; a Director may sign a share certificate by affixing signature thereon by means of any machine, equipment or other mechanical means such as engraving in metal or lithography but not by means of rubber stamp.</p>
196.	<p>The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of at least one director or the manager, if any, or of the secretary or such other person as the Board may appoint/authorize for the purpose; and such director or manager or the secretary or other person aforesaid shall sign every instrument to which the seal of the Company is so affixed in their presence.</p>

	DIVIDEND AND RESERVES
197.	<p>(1) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares.</p> <p>(2) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.</p>
198.	The Company in General Meeting may declare dividends, to be paid to members according to their respective rights and interests in the profits and may fix the time for payment and the Company shall comply with the provisions of Section 127 of the Act, but no dividends shall exceed the amount recommended by the Board of Directors, but the Company may declare a smaller dividend in general meeting.
199.	<p>(a) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, thinks fit.</p> <p>(b) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.</p>
200.	Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
201.	The Directors may retain any dividends on which the Company has a lien and may apply the same in or towards the satisfaction of the debts, liabilities or engagements in respect of which the lien exists.
202.	No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this articles as paid on the share.
203.	All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid but if any share is issued on terms providing that it shall rank for dividends as from a particular date such share shall rank for dividend accordingly.
204.	The Board of Directors may retain the dividend payable upon shares in respect of which any person under Articles has become entitled to be a member, or any person under that Article is entitled to transfer, until such person becomes a member, in respect of such shares or shall duly transfer the same.
205.	No member shall be entitled to receive payment of any interest or dividend or bonus in respect of his share or shares, whilst any money may be due or owing from him to the Company in respect of such share or shares (or otherwise however, either alone or jointly with any other person or persons) and the Board of Directors may deduct from the interest or dividend payable to any member all such sums of money so due from him to the Company.
206.	A transfer of shares does not pass the right to any dividend declared thereon before the registration of the transfer.
207.	Any one of several persons who are registered as joint holders of any share may give effectual receipts for all dividends or bonus and payments on account of dividends in respect of such share.
208	<p>a) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct or electronically by ECS/NEFT/RTGS.</p> <p>b) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. The Company shall not be liable or responsible for any cheque or warrant lost in transmission or for any dividend lost to the member or person entitled thereto by forged endorsements on any cheque or warrant, or the fraudulent or improper recovery thereof by any other means.</p>
209.	Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
210.	No unclaimed dividend shall be forfeited before the claim becomes barred by law and no unpaid dividend shall bear interest as against the Company.
	CAPITALIZATION

211.	<p>(1) The Company in General Meeting may, upon the recommendation of the Board, resolve:</p> <p>(a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the Profit and Loss account, or otherwise available for distribution; and</p> <p>(b) That such sum be accordingly set free for distribution in the manner specified in clause (2) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.</p> <p>(2) The sums aforesaid shall not be paid in cash but shall be applied subject to the provisions contained in clause (3) either in or towards:</p> <p>(a) paying up any amounts for the time being unpaid on any shares held by such members respectively;</p> <p>(b) paying up in full, unissued shares of the Company to be allotted and distributed, credited as fully paid up, to and amongst such members in the proportions aforesaid; or</p> <p>(c) partly in the way specified in sub-clause (a) and partly in that specified in sub-clause (c).</p> <p>(3) A Securities Premium Account and Capital Redemption Reserve Account may, for the purposes of this regulation, may be applied by the Company for the purposes permissible pursuant to the Act.</p> <p>(4) The Board shall give effect to the resolution passed by the Company in pursuance of this regulation.</p>
212.	<p>(1) Whenever such a resolution as aforesaid shall have been passed, the Board shall —</p> <p>(a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby and all allotments and issues of fully paid shares, if any, and</p> <p>(b) generally to do all acts and things required to give effect thereto.</p>
	<p>(2) The Board shall have full power —</p> <p>(a) to make such provision, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, in case of shares becoming distributable in fractions; and also</p> <p>(b) to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid up, of any further shares to which they may be entitled upon such capitalization, or (as the case may require) for the payment by the Company on their behalf, by the application thereto of their respective proportions, of the profits resolved to be capitalized, of the amounts or any part of the amounts remaining unpaid on their existing shares.</p> <p>(3) Any agreement made under such authority shall be effective and binding on all such members.</p> <p>(4) That for the purpose of giving effect to any resolution, under the preceding paragraph of this Article, the Directors may give such directions as may be necessary and settle any questions or difficulties that may arise in regard to any issue including distribution of new equity shares and fractional certificates as they think fit.</p>
213.	No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law.
