RISK IN RELATION TO THE FIRST ISSUE

This being the first Public Issue of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares is ₹ 10.00. The Issue Price (as determined by our Company in consultation with the Lead Manager as stated in '*Basis for Issue Price*' beginning on page 73 of this Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this offering. For taking an investment decision, investors must rely on their own examination of the Issuer and the Issue including the risks involved. The Equity Shares in the Issue have neither been recommended nor approved by Securities and Exchange Board of India ("SEBI") nor does SEBI guarantee the accuracy or adequacy of this Prospectus. Specific attention of the investors is invited to the section titled '*Risk Factors*' beginning on page 21 of this Prospectus.

ISSUER'S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to Our Company and the Issue which is material in the context of the Issue, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading, in any material respect.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

In this Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company” and “MTCL”, unless the context otherwise indicates or implies, refers to Markolines Traffic Controls Limited.

CERTAIN CONVENTION

All references in this Prospectus to “India” are to the Republic of India. Our Company has presented numerical information in “Lakh” units. One lakh represents 1,00,000.

Unless indicated otherwise, all references to page numbers in this Prospectus are to page numbers of this Prospectus.

FINANCIAL DATA

Unless stated otherwise, the financial data in this Prospectus is derived from our audited restated financial statements for the Financial Years ended March 31, 2021; March 31, 2020 and March 31, 2019 prepared in accordance with Indian GAAP, the Companies Act and restated in accordance with the SEBI (ICDR) Regulations, Guidance Note on “Reports in Company Prospectus (Revised 2019)” issued by ICAI and the Indian GAAP which are included in this Prospectus, and set out in “**Financial Statements as Restated**” on page 158 of this Prospectus.

In this Prospectus, any discrepancies in any table between the total and the sum of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal place and all percentage figures have been rounded off to two decimal places and accordingly there may be consequential changes in this Prospectus.

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year.

There are significant differences between Indian GAAP and IND (AS). Accordingly, the degree to which the Restated Financial Statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices, Indian GAAP, IND (AS), the Companies Act and the SEBI (ICDR) Regulations, on the Restated Financial Statements presented in this Prospectus should accordingly be limited. Although we have included a summary of qualitative and quantitative differences between Indian GAAP and IND (AS), our financial statements reported under IND (AS) in future accounting periods may not be directly comparable with our financial statements historically prepared in accordance with Indian GAAP, including disclosed in this Prospectus. You should consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management’s Discussion and Analysis of Financial Position and Results of Operations**” and elsewhere in this Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Statutory Auditor, set out in the section titled ‘**Financial Statements as Restated**’ beginning on page 158 of this Prospectus.

CURRENCY AND UNITS OF PRESENTATION

In this Prospectus, unless the context otherwise requires, all references to (a) ‘Rupees’ or ‘₹.’ or ‘Rs.’ or ‘INR’ are to Indian rupees, the official currency of the Republic of India; (b) ‘US Dollars’ or ‘US\$’ or ‘USD’ or ‘\$’ are to United States Dollars, the official currency of the United States of America. All references to the word ‘Lakh’ or ‘Lakhs’, ‘Lac’ or ‘Lacs’, means ‘One hundred thousand’ and the word ‘Million’ means ‘Ten lakh’ and the word ‘Crore’ means ‘Ten Million’ and the word ‘Billion’ means ‘One Thousand Million’.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” and elsewhere in this Prospectus, unless otherwise indicated, have been calculated based on our financial statements as restated prepared in accordance with Indian GAAP.

INDUSTRY AND MARKET DATA

Unless stated otherwise, industry and market data used throughout this Prospectus has been obtained or derived from Internal Company reports and industry and Government publications, publicly available information and sources. Industry and

Government publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although, our Company believes that industry data used in this Prospectus is reliable, it has not been independently verified either by the Company or the Lead Manager or any of their respective affiliates or advisors.

Further, the extent to which the industry and market data presented in this Prospectus is meaningful depends on the reader's familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

EXCHANGE RATE

This Prospectus may contain conversion of certain other currency amounts into Indian Rupees that has been presented solely to comply with the SEBI (ICDR) Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

FORWARD LOOKING STATEMENTS

All statements contained in this Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the Infrastructure sector in India where we have our businesses and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and / or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

1. Impact of the COVID-19 pandemic on our business and operations;
2. General economic and business conditions in India and other countries;
3. Our reliance on internet network and our ability to utilize systems in an uninterrupted manner;
4. Effect of lack of infrastructure facilities on our business;
5. Our ability to attract, retain and manage qualified personnel;
6. Dependence on our information technology system;
7. Our ability to successfully implement our growth strategy and expansion plans, technological changes;
8. Changes in fiscal, economic or political conditions in India;
9. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
10. The performance of the Infrastructure Industry in India;
11. Any adverse outcome in the legal proceedings in which we are involved;
12. The occurrence of natural disasters or calamities;
13. Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;
14. Failure to obtain any approvals, licenses, registrations and permits in a timely manner;
15. Conflict of Interest with group companies, the promoter group and other related parties;

16. Changes in the value of the Rupee and other currencies;
17. Other factors beyond our control; and
18. Our ability to manage risks that arise from these factors.

For further discussions of factors that could cause our actual results to differ, please see the section titled “**Risk Factors**”, chapters titled “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on pages 21, 94 and 159 of this Prospectus, respectively

Neither our Company, our Directors, our Promoters, the Lead Manager nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company will ensure that investors in India are informed of material developments from the date of this Prospectus until the time of the grant of listing and trading permission by the Stock Exchange

SECTION II: SUMMARY OF ISSUE DOCUMENT

A. OVERVIEW OF INDUSTRY

Infrastructure Industry: Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development.

According to the Department for Promotion of Industry and Internal Trade (DPIIT), FDIs in the construction development sector (townships, housing, built up infrastructure and construction development projects) and construction (infrastructure) activities stood at US\$ 26.08 billion and US\$ 24.72 billion, respectively, between April 2000 and March 2021. In FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion.

Road Industry: India has the second-largest road network in the world, spanning a total of 5.89 million kilometers (kms). This road network transports 64.5% of all goods in the country and 90% of India's total passenger traffic uses road network to commute. Road transportation has gradually increased over the years with improvement in connectivity between cities, towns and villages in the country. In India, sale of automobiles and movement of freight by roads is growing at a rapid rate.

Highway construction in India increased at 17.00% CAGR between FY16-FY21. Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. In FY21, 13,298 kms of highway was constructed across India. In May 2021, the Ministry of Road Transport and Highways constructed 1,470 kms of national highways compared with 847 kms in May 2020. In October 2020, the foundation stone was established for nine National Highway projects—with a total length of ~262 kms—worth >Rs. 2752 crore (US\$ 371.13 million) in Tripura. The Government of India has allocated Rs. 111 lakh crore (US\$ 1.4 trillion) under the National Infrastructure Pipeline for FY 2019-25. The roads sector is likely to account for 18% capital expenditure over FY 2019-25. In October 2020, The National Investment and Infrastructure Fund (NIIF) is making progress towards integrating its road and highway portfolio. The NIIF has acquired Essel Devanahalli Tollway and Essel Dichpally Tollway through the NIIF master fund. These road infra-projects will be supported by Athaang Infrastructure, NIIF's proprietary road network, assisted by a team of established professionals with diverse domain expertise in the transport field.

Service Industry: The services sector is not only the dominant sector in India's GDP, but has also attracted significant foreign investment, has contributed significantly to export and has provided large-scale employment. India's services sector covers a wide variety of activities such as trade, hotel and restaurants, transport, storage and communication, financing, insurance, real estate, business services, community, social and personal services, and services associated with construction.

Share of the services sector accounted for 55.39% of the total GVA in FY21. India's services sector GVA increased at a CAGR of 11.43% to Rs. 101.47 trillion (US\$ 1,439.48 billion) in FY20, from Rs. 68.81 trillion (US\$ 1,005.30 billion) in FY16. Between FY16 and FY20, financial, real estate and professional services augmented at a CAGR of 11.68% (in Rs. terms), while trade, hotels, transport, communication and services related to broadcasting rose at a CAGR of 10.98% (in Rs. terms). According to RBI, in April 2021, service exports stood at US\$ 21.17 billion, while imports stood at US\$ 10.61 billion. The India Services Business Activity Index/ Nikkei/IHS Markit Services Purchasing Managers' Index fell to 46.4 in May 2021 from 54.0 in April 2021, as output and new orders declined due to COVID-19-induced restrictions to contain the spread of coronavirus.

B. OVERVIEW OF BUSINESS

We are a Highway Operations & Maintenance (**O&M**) Service providing company. We thrive to make Highway Operations & Maintenance cost effective and easier with the help of Innovation, Technology & out-of-the-box solutions. Our vast experience of 19 years in offering superior services in the Highway Operations & Maintenance (**O&M**) have earned us name in the (**O&M**) domain. Our principal business operations are broadly divided into three categories:

- i) Highway Operations under which we provide services like Toll operations, Route Patrolling and Incident management;
- ii) Highway Maintenance under which we provide services like Routine Maintenance, Preventive Maintenance and Major Maintenance & Repairs (MMR);
- iii) Specialized Maintenance Services under which we provide services which enhance the life and quality of road, these are Microsurfacing (MS), Base / Sub base Stabilization (FDR) and Cold In Place Recycling (CIPR).

Our company was incorporated on November 08, 2002 and since our inception we have gradually increased our execution capabilities in terms of the size and Number of projects that we have executed. We started our business operation with a single product that was thermoplastic road marking and over the years we have transformed into a well-known Highway Operations & Maintenance (O&M) service provider in India. For example, one of the first road projects that we executed was for Larsen & Toubro Limited, in the year 2003 with a Project Cost of ₹ 97.05 Lakh, whereas the project recently awarded to us by Mumbai Metropolitan Region Development Authority, for Execution of Rehabilitation, Overlay and Microsurfacing in the State of Maharashtra in 2021 involves a Project Cost of ₹ 13,262 Lakh. In over a decade and a half, we have transitioned from a single product company to a multi-product company and aspire to be an Indian Multinational Company (MNC) in Highway Operations & Maintenance (O&M). We have, since 2002, executed over 90+ Highway Operations & Maintenance (O&M) projects. As on date of this Prospectus we have projects for Major Maintenance & Repairs of around 285.71 km of National Highways in the state of West Bengal, Maharashtra and Rajasthan. SECTION III: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this Issue including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated, the financial information of our Company used in this section is derived from our restated financial statements prepared in accordance with Indian GAAP and the Companies Act and restated in accordance with the SEBI ICDR Regulations. To obtain a better understanding, you should read this section in conjunction with the chapters titled “***Our Business***” beginning on page 94 “***Our Industry***” beginning on page 78 and “***Management’s Discussion and Analysis of Financial Condition and Results of Operations***” beginning on page 159 respectively, of this Prospectus as well as other financial information contained herein.

The following factors have been considered for determining the materiality of Risk Factors:

- Some events may not be material individually but may be found material collectively;
- Some events may have material impact qualitatively instead of quantitatively;
- Some events may not be material at present but may have material impact in future.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “***Definitions and Abbreviations***” beginning on page 1 of this Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISKS**A. BUSINESS RELATED RISKS****1. There are outstanding legal proceedings involving our Company, Promoters, Directors and Group Companies. Any adverse decision in such proceeding may have a material adverse effect on our business, results of operations and financial condition.**

We are involved in certain legal proceedings which are pending at different levels of adjudication before various courts, tribunals, enquiry officers, and appellate authorities. We cannot provide assurance that these legal proceedings will be decided in our favour. Any adverse decisions in any of the proceedings may have a significant adverse effect on our business, results of operations, cash flows and financial condition. A summary of the pending civil and other proceedings involving Our Company is provided below:

2. Our business and our financial condition would be materially and adversely affected if we fail to obtain new contracts.

We are a Highway Operations & Maintenance (O&M) Service providing company. We thrive to make Highway Operations & Maintenance possible cost effective and easier with the help of Innovation, Technology & out-of-the-box solutions. Our revenue constitutes two segment, major maintenance and repairs & Highway operations which was added to our portfolio Two years back. Highway operations business constituted 0%, 11.61% & 19.65% of our total revenue for the financial year ended on March 31, 2019, March 31, 2020, and March 31, 2021 respectively. Our major revenue comes from major maintenance and repairs. As part of our business, we bid for projects on an ongoing basis. Our revenue from execution of projects in major maintenance and repairs segment constituted approximately 100.00%, 88.39%, 80.35%, of our total revenue for the financial year ended on March 31, 2019, March 31, 2020, and March 31, 2021 respectively. Infrastructure projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed pre-qualification criteria. While service, quality, health and safety, records and personnel, as well as reputation, experience and sufficiency of financial resources are important considerations in final bid decisions. There can be no assurance that we would always be able to meet such financial and technical qualification criteria, whether independently or together with other joint venture partners. Further, once the prospective bidders satisfy the pre-qualification requirements of the tender, the project is usually awarded

on the basis of price competitiveness of the bid. We cannot assure you that we would bid where we have been pre-qualified to submit a bid or that our bids, when submitted or if already submitted, would be accepted. We may also not be able to secure bids due to negligence or disqualification of our joint venture partners in cases of bids in a consortium as these factors are beyond our control. The growth of our business mainly depends on our ability to obtain new contracts in the sectors in which we operate. Generally, it is very difficult to predict whether and when we will be awarded a new contract. Our future results of operations and cash flows can fluctuate materially from period to period depending on the timely award of contracts, commencement of work and completion of projects in the scheduled time period. If we are unable to obtain new contracts for our business, our business will be materially and adversely affected.

3. *Delays in the completion of current and future projects could lead to termination of contracts or cost overruns or claims for damages, which could have an adverse effect on our cash flows, business, results of operations and financial condition.*

We provide our clients with performance guarantees for completion of the construction of our projects within a specified time frame. Subject to certain customary exceptions such as (i) occurrence and continuance of force majeure events that are not within our control, or (ii) delays that are caused due to reasons solely attributable to our client, failure to adhere to contractually agreed timelines or extended timelines could require us to pay liquidated damages as stipulated in the project contract. Such liquidated damages are often specified as a fixed percentage of the contract price and our clients are entitled to deduct the amount of damages from the payments due to us. The client may also be entitled to terminate the contract in the event of delay in completion of the work if the delay is not on account of any of the agreed exceptions. With respect to some of our projects, in the event of termination for any of the aforesaid reasons, we may only receive partial payments under such agreements and such payments may be less than our estimated cash flows from such projects. Further, we may not be able to obtain extensions for projects on which we face delays or time overruns. In addition to the risk of termination by the client, delays in completion of development may result in cost overruns, lower or no returns on capital and reduced revenue for the client thus impacting the project's performance, as well as failure to meet scheduled debt service payment dates and increased interest costs from our financing agreements for the projects. The scheduled completion targets for our projects are estimates and are subject to delays as a result of, among other things, unforeseen engineering problems, force majeure events, issues arising out of right of way, unavailability of financing, unanticipated cost increases or adverse climatic conditions. We cannot assure you that such delays will not occur in the future. Such delays could jeopardize our reputation and our relationship with our existing clients and have adverse effects on our cash flows, business, results of operations and financial condition.

4. *We may not be able to realise the amounts, partly or at all, reflected in our Order Book which may materially and adversely affect our business, prospects, reputation, profitability, financial condition and results of operation.*

As of July 31, 2021, our Company's Order Book was ₹27,607 Lakh. Future earnings related to the performance of projects in the order book may not be realized and although the projects in the order book represent business that is considered firm, cancellations or scope or schedule adjustments may occur. We may also encounter problems executing the project as ordered or executing it on a timely basis. Moreover, factors beyond our control or the control of our clients may postpone a project or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions, right-of-way, and other types of difficulties or obstructions. Due to the possibility of cancellations or changes in scope and schedule of projects, resulting from our clients' discretion or problems we encounter in project execution or reasons outside our control or the control of our clients, we cannot predict with certainty when, if or to what extent a project forming part of our order book will be performed. Delays in the completion of a project can lead to clients delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such project. Even relatively short delays or difficulties in the execution of a project could result in our failure to receive, on a timely basis or at all, all payments due to us on a project.

5. *Our business involves usage of manpower and any unavailability of our employees or shortage of contract labour or any strikes, work stoppages, increased wage demands by workmen or changes in regulations governing contractual labour may have an adverse impact on our cash flows and results of operations.*

Our business involves usage of manpower and we are dependent on the availability of our permanent employees and the supply of a sufficient pool of contract labourers at our project locations. Unavailability or shortage of such a pool of workmen or any strikes, work stoppages, increased wage demands by workmen or changes in regulations governing contractual labour may have an adverse impact on our cash flows and results of operations. The number of contract labourers employed by us varies from time to time based on the nature and extent of work contracted to us and the availability of contract labour. We may not be able to secure the required number of contractual labourers required for the timely execution of our projects for a variety of reasons including, but not limited to, possibility of disputes with sub-contractors, strikes, less competitive rates to our sub-contractors as compared to our competitors or changes in labour regulations that may limit availability of contractual labour. We are subject to laws and regulations relating to employee welfare and benefits such as minimum wage, working conditions, employee insurance, and other such employee benefits and any changes to existing labour legislations, including upward revision of wages required by such state governments to be paid to such contract labourers, limitations on

the number of hours of work or provision of improved facilities, such as food or safety equipment, may adversely affect our business and results of our operations.

Further, there can be no assurance that disruptions in our business will not be experienced if there are strikes, work stoppages, disputes or other problems with sub-contractors or contract labourers deployed at our projects. This may adversely affect our business and cash flows and results of operations.

6. *Our business is capital intensive. If we experience insufficient cash flows to meet required payments on our debt and working capital requirements, there may be an adverse effect on our operations.*

Our business requires a significant amount of working capital which is based on certain assumptions, and therefore, any change of such assumptions would result in changes to our working capital requirements. In many contracts, significant amounts of working capital are required to finance the purchase or manufacturing of materials, mobilization of resources and other work on projects before payment is received from clients. Our working capital requirements may increase due to an increase in the size of our operations and the number and size of projects that are required to be executed within a similar timeframe. Since the contracts we bid typically involve a lengthy and complex bidding and selection process which is affected by a number of factors, it is generally difficult to predict whether or when a particular contract we have bid for will be awarded to us and the time period within which we will be required to mobilize our resources for the execution of such contract. In addition, we may need to incur additional indebtedness in the future to satisfy our working capital requirements.

Our capital expenditure requirements and growth strategy thus require continued access to significant amounts of capital on acceptable terms. We cannot assure you that market conditions and other factors will permit future project and acquisition financings, debt or equity, on terms acceptable to us. Our ability to arrange financing and the costs of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from financial institutions, the amount and terms of our existing indebtedness, investor confidence, the continued success of current projects and laws that are conducive to our raising capital in this manner.

7. *Our lenders have imposed certain restrictive conditions on us under our financing arrangements. Further, our Company has not received “No Objection Certificate” from few of our lenders to undertake the Issue.*

Our lenders have imposed certain restrictive conditions on us under our financing arrangements. Further, our Company has not received “No Objection Certificate” from few of our lenders to undertake this Issue. Under our financing arrangements, we are required to obtain the prior, written lender consent for, among other matters, changes in our capital structure, formulate a scheme of amalgamation or reconstruction and entering into any other borrowing arrangement. Further, we are required to maintain certain financial ratios. There can be no assurance that we will be able to comply with these financial or other loan covenants or that we will be able to obtain the consents necessary to take the actions we believe are necessary to operate and grow our business. Our level of existing debt and any new debt that we incur in the future has important consequences. Any failure to comply with these requirements or other conditions or covenants under our financing agreements that is not waived by our lenders or is not otherwise cured by us, may require us to repay the borrowing in whole or part and may include other related costs. Our Company may be forced to sell some or all of its assets or limit our operations. This may adversely affect our ability to conduct our business and impair our future growth plans. For further information, see the chapter titled “Statement of Financial Indebtedness” on page 175 of the Prospectus. Further, as on the date of this Prospectus, we have not received “No Objection Certificate” from Banks like Rattan India Finance Private Limited, RBL Bank Limited, HDFC Bank Limited & Moneywise Financial Services Private Limited. We cannot assure you that the lenders will grant us “No Objection Certificate” for this Issue. Non-receipt of such “No Objection Certificate” could lead to non-compliance of the terms of loan agreements entered into by our Company with the lenders. Though these covenants are restrictive to some extent for us, however it ensures financial discipline, which would help us in the long run to improve our financial performance. Also, few are lenders has such as RBL & Rattan India does not Issue Loan to Public Companies as per their internal policies. Our companies have taken Loans from such lenders when our companies were private company, so after being converted into public company it makes our company ineligible to take any further financing arrangements.

8. *Our business is subject to seasonal and other fluctuations that may affect our cash flows and business operations.*

Our business and operations may be affected by seasonal factors which may restrict our ability to carry on activities related to our projects and fully utilize our resources. Heavy or sustained rainfalls or other extreme weather conditions such as cyclones could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to our premises and equipment. This may result in delays in execution of projects and also reduce our productivity. During periods of curtailed activity due to adverse weather conditions, we may continue to incur operating expenses and our project related activities may be delayed or reduced. Adverse seasonal developments may also require the evacuation of personnel, suspension or curtailment of operations, resulting in damage to construction sites or delays in the delivery of materials.

9. *The continuing effect of the COVID-19 pandemic on our business and operations is highly uncertain and cannot be predicted.*

The continuing effect of the COVID-19 pandemic on our business and operations is highly uncertain and cannot be predicted. In late calendar 2019, COVID-19, commonly known as “novel coronavirus” was first reported in Wuhan, China. Since then, the virus has progressively spread globally too many countries. The World Health Organization declared the COVID-19 outbreak as a health emergency of international concern on January 30, 2020 and thereafter categorised the outbreak as a pandemic on March 11, 2020. In order to contain the spread of COVID-19 virus, the Government of India initially announced a 21-day lockdown on March 24, 2020, which, after being subject to successive extensions, is being relaxed currently. During the duration of the lockdown, there were several restrictions in place including travel restrictions and directive to all citizens to not move out of their respective houses unless essential. Whilst the lockdown required private, commercial and industrial establishments to remain closed, subsequently manufacturing units of essential commodities were permitted to be functional. The team members have been working from home during lockdown and have been able to execute their responsibilities and service clients without any disruption, difficulty or delay. Due to the rising number of infected cases of COVID-19 in the country, there is no certainty if additional restrictions will be put back in place or if another lockdown would be re-imposed to control the spread of the pandemic. We cannot assure you that we may not face any difficulty in our operations due to such restrictions and such a prolonged instance of lockdown may adversely affect our business, financial condition and results of operations. Further, our ability to ensure the safety of our workforce and continuity of operations while confirming with measures implemented by the central and state governments in relation to the health and safety of our employees may result in increased costs. In the event a member or members of our senior management team contract COVID-19, it may potentially affect our operations. Further, in the event any of our employees contract COVID-19, we may be required to quarantine our employees and shut down a part of or the entire operating facility as necessary. Risks arising on account of COVID-19 can also threaten the safe operation of our facility, loss of life, injuries and impact the wellbeing of our employees. The ultimate impact will depend on a number of factors, many of which are outside our control. These factors include the duration, severity and scope of the pandemic, the impact of the pandemic on economic activity in India and globally, the eventual level of infections in India, and the impact of any actions taken by governmental bodies or health organisations (whether mandatory or advisory) to combat the spread of the virus. These risks could have an adverse effect on our business, results of operations, cash flows and financial condition. To the extent that the COVID19 pandemic adversely affects our business and operations, it may also have the effect of heightening many of the other risks described in this “Risk Factors” section.

10. *We require a number of approvals, NOCs, licenses, registrations and permits in the ordinary course of our business. Some of the approvals are required to be transferred in the name of Markolines Traffic Controls Limited from Markolines Traffic Controls Private Limited pursuant to name change of our company and any failure or delay in obtaining the same in a timely manner may adversely affect our operations.*

We require several statutory and regulatory permits, licenses and approvals to operate our business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-obtaining or non-renewal of the said permits and licenses would adversely affect our Company’s operations, thereby having a material adverse effect on our business, results of operations and financial condition. For example, we have applied or yet to apply for Professional Tax Registration, Shops and Establishment and Trademarks for our various offices. Further we require to keep already obtained valid key approvals such as Tax Registrations, Shops and Establishment Act License, IEC Code, for running our operations in a smooth manner. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Further, some of our permits, licenses and approvals are subject to several conditions and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of relevant permits, licenses or approvals. Any failure by us to apply in time, to renew, maintain or obtain the required permits, licenses or approvals, or the cancellation, suspension or revocation of any of the permits, licenses or approvals may result in the interruption of our operations and may have a material adverse effect on the business. For further details, please see chapters titled “*Key Industry Regulations and Policies*” and “*Government and Other Statutory Approvals*” at pages 115 and 187 respectively of this Prospectus.

11. *There are certain discrepancies/errors noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 1956/2013. Any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of corporate and other law could impact the financial position of the Company to that extent.*

Our company has not complied with certain statutory provisions in the past including but not limited to the following:

- Provisions of SS-1 and SS-2 of the Companies Act, 2013 were not fully complied by the company at the time of preparation of the documents for filling of forms.
- Provisions of Section 12 of the Companies Act, 2013

- Some attachment which was to be attached in the forms filed are not attached by the Company
- Supporting documents attached in some of the Forms are not signed and stamped by the requisite authority
- Mr. Karan Atul Bora was appointed as Additional Director of the Company April 01, 2020 and the Form for Regularisation of his appointment was filed on August 20, 2021.

Any penalty or action taken by any regulatory authority in future for non-compliance with provisions of corporate and other law could impact financial position of the company to that extent.

12. Some of our Corporate records including forms filed with Registrar of Companies are not traceable.

Our Company was incorporated as a private limited company in the year 2002 under the provisions of the Companies Act, 1956. Online filing of RoC documents was initiated in the year 2006 and all forms prior to the said year were physically filed. The Company is unable to trace Form 2 (Return of Allotment) made during the year 2007-08 and Form 18 (Change in Registered Office) for change in Registered Office of the Company from Plot No. 396/ 1|8, Anandvan Colony, Opp. Cattle Market, Karad- 415110, Satara District, Maharashtra, India to Flat No. 4A, Ganga Park, B wing, Pingle Vasti, Pune- 411036, Maharashtra, India. Also, certain forms could not be retrieved from the office of Registrar of Companies, Pune. Further the Company could not retrieve some forms and some of the related documents including but not limited to Registration of charges and modification of charges, etc. Our Company cannot assure you that the filings were made in a timely manner or the information gathered through other available documents of the Company are correct. Our Company may not be in a position to attend and / or respond appropriately to any legal or business matter due to lack of lost / destroyed records and to that extent the same could affect our Company adversely in future.

13. Our Company has granted unsecured loan to related party covered in the register maintained under Section 189 of the Companies Act.

Our Company has granted unsecured loan to related parties covered in the register maintained under Section 189 of the Companies Act, 2013. As per relevant section of companies act 2013, our company had granted loan to its related party without taking prior approval of shareholder in general meeting. As on date of this Prospectus, our company have filed applications for compounding before the Registrar of Companies, Mumbai, Maharashtra, in relation to these non-compliances. There can be no assurance that the Registrar of Companies, Mumbai, Maharashtra, or any other statutory authority will not take an adverse view and impose penalties on our Company in this regard.

14. The company has conducted its annual general meeting for the financial year 2018-2019 after its due timeline.

As per section 96 of Companies Act 2013, every company shall in each year hold in addition to any other meetings, a general meeting as its annual general meeting, such annual general meeting shall be within a period of six months, from the date of closing of the financial year. In the financial year 2018-2019, the company conducted its annual general meeting on 30.10.2019. It was supposed to convene it on or before 30.09.2019 with the delay of 30 days. The said default under section 96 of Companies Act, 2013. As on date of this Prospectus, our company have filed applications for compounding before the Registrar of Companies, Mumbai, Maharashtra, in relation to these non-compliances. There can be no assurance that the Registrar of Companies, Mumbai, Maharashtra, or any other statutory authority will not take an adverse view and impose penalties on our Company in this regard.

15. Our Company has erroneously filed e-form CHG-1 for Creation of Charge instead of filing e-form CHG-1 for Modification of Charge.

Our Company had availed an incremental loan from State Bank of Hyderabad amounting to Rs. 1,200 Lakh. Our Company was supposed file e-form CHG-1 for Modification of Charge instead filed e-form CHG-1 for Creation of Charge. During the time of Satisfaction of Charge, the Company may be unable to satisfy both the charges. The additional charge created may not be satisfied. Any penalty or action taken by any regulatory authority in future for non-compliance with provisions of corporate and other law could impact financial position of the company to that extent.

16. Our Company has not utilized the CSR Amount for the financial year 2019-20

The Company has neither utilized the CSR Amount in the financial year 2019-20 nor deposited the CSR amount of Rs. 12.85 Lakh for the F.Y. 2019-20 within the specified time period i.e. within September 30, 2020 as per Section 135 of the Companies Act, 2013. Further the CSR amount for the F.Y. 2020-21 of Rs. 14.42 Lakh not yet been deposited in a separate bank account till the date of signing of the financial statement however as per management representation the due amount for F.Y.(s) 2019-20 and 2020-21 will be deposited within September 30, 2021 i.e. the due date for the F.Y. 2020-21.

17. General economic and market conditions in India and globally could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

Our business is highly dependent on economic and market conditions in India and other jurisdictions where we operate. General economic and political conditions in India, such as macroeconomic and monetary policies, industry-specific trends, mergers and acquisitions activity, legislation and regulations relating to the financial and securities industries, household savings rate, investment in alternative financial instruments, upward and downward trends in the market, business and financial sectors, volatility in security prices, perceived lack of attractiveness of the Indian capital markets, inflation, foreign direct investment, consumer confidence, currency and interest rate fluctuations, availability of short-term and long-term market funding sources and cost of funding, could affect our business. Global economic and political conditions may also adversely affect the Indian economic conditions. Market conditions may change rapidly and the Indian capital markets have experienced significant volatility in the past. The Indian economy has had sustained periods of high inflation in the recent past. If inflation or real interest rates were to rise significantly, the trends towards increased financial savings might slow down or reverse, our employee costs may increase and the sales of many of our products and services may decline.

18. If we are unable to respond to the demands of our existing and new clients, or adapt to technological changes or advances, our business and growth could be adversely affected.

Our industry is characterized by increasingly complex and integrated infrastructure and services, new and changing business models and rapid technological and regulatory changes. Our clients' needs and demands for our services evolve with these changes. Our future success will depend, in part, on our ability to respond to our clients' demands for new services, capabilities and technologies on a timely and cost-effective basis. We also need to adapt to technological advancements and keep pace with changing regulatory standards to address our clients' increasingly sophisticated requirements. Transitioning to these new technologies may be disruptive to our resources and the services we provide and may increase our reliance on third-party service providers. If we fail to adapt or keep pace with new technologies in a timely manner, provide customers with better services and user experience, or retain and attract skilled technology staff, it could harm our ability to compete, decrease the value of our services to our clients, and adversely affect our business and future growth.

19. Major fraud, lapses of internal control or system failures could adversely impact the company's business.

Our Company is vulnerable to risk arising from the failure of employees to adhere to approved procedures, system controls, fraud, system failures, information system disruptions, communication systems failure and interception during transmission through external communication channels or networks. Failure to protect fraud or breach in security may adversely affect our Company's operations and financial performance. Our reputation could also be adversely affected by significant fraud committed by our employees, agents, customers or third parties.

20. We continue to explore the diversification of our business and the implementation of new services. These diversifications and our other strategic initiatives may not be successful, which may adversely affect our business and results of operations.

In order to achieve our goal, we are constantly evaluating the possibilities of expanding our business through new models, innovations and/or starting new services. Although we believe that there are synergies between our current business and our expansion plans, we do have experience or expertise in these new areas. These new businesses and modes of delivery and the implementation of our strategic initiatives may pose significant challenges to our administrative, financial and operational resources, and additional risks, including some of which we are not aware of. The early stages and evolving nature of some of our businesses also make it difficult to predict competition and consumer demand therein. Our strategic initiatives require capital and other resources, as well as management attention, which could place a burden on our resources and abilities. In addition, we cannot assure you that we will be successful in implementing any or all of our key strategic initiatives. If we are unable to successfully implement some or all of our key strategic initiatives in an effective and timely manner, or at all, our ability to maintain and improve our leading market position may be negatively impacted, which may have an adverse effect on our business and prospects, competitiveness, market position, brand name, financial condition and results of operations.

21. We face intense competition in our businesses, which may limit our growth and prospects. Our Company faces significant competition from other companies in Highway O & M Industry.

We compete on the basis of a number of factors, including execution, depth of product and service offerings, innovation, reputation and price. Our competitors may have advantages over us, including, but not limited to:

- Substantially greater financial resources;
- Longer operating history than in certain of our businesses;

- Greater brand recognition among consumers;
- Larger customer bases in and outside India; or
- More diversified operations which allow profits from certain operations to support others with lower profitability. These competitive pressures may affect our business, and our growth will largely depend on our ability to respond in an effective and timely manner to these competitive pressures.

22. All our trademarks are our material assets and are crucial to our business operations.

As on the date of this Prospectus, we have not obtained registration for our new corporate logo as the same is applied for and the current status of the same is Formalities Check Pass and hence, we do not enjoy the statutory protection accorded to a registered trademark. We have made application for the same under Class 35 and 37, there can be no assurance that our application will succeed. Grounds for refusal of registration may include the validity or scope of the application. If we are unable to obtain a registration, we may still continue to use the corporate logo but remain vulnerable to infringement and passing-off by third parties and will not be able to enforce any rights against them. We may also need to change our corporate logo which may adversely affect our reputation and business and could require us to incur additional costs. Further, we also have to be very cautious in ensuring that our trade secrets do not fall in the hands of our competitors or any third party who could give access of such information to our competitors. In the event, any of our employees, during or after their association with our Company, disclose the crucial information regarding our intellectual property, trade secrets and other methods to our competitors, directly or indirectly, our Company may resort to litigations or other proceedings to enforce, protect or determine the validity and scope of our intellectual property rights and to defend against third party infringements, which may be expensive and resource-consuming and may also create uncertainty regarding the ownership of such rights. Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, trade secrets or proprietary technology will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations. For further details pertaining to our intellectual property, please refer to the chapter titled “Our Business” beginning on page no 94 of this Prospectus.

23. Our inability to manage growth could disrupt our business and reduce our profitability. We propose to expand our business activities in coming financial years.

We expect our future growth to place significant demands on both our management and our resources. This will require us to continuously evolve and improve our operational, financial and internal controls across the organisation. In particular, continued expansion increases the challenges we face in:

- Our ability to acquire and retain clients for our services;
- Services, products or pricing policies introduced by our competitors;
- Capital expenditure and other costs relating to our operations;
- The timing and nature of, and expenses incurred in, our marketing efforts;
- Recruiting, training and retaining sufficient skilled technical and management personnel;
- Adhering to our high quality and process execution standards;
- Maintaining high levels of customer satisfaction;
- Developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, and other internal systems.

You should not rely on yearly comparisons of our results of operations as indicators of future performance. It is possible that in some future periods our results of operations may be below the expectations of public, market analysts and investors. If we are unable to manage our growth it could have an adverse effect on our business, results of operations and financial condition.

24. Our funding requirements and the deployment of Net Proceeds are based on management estimates and have not been independently appraised. Further, our management will have discretion in the application of the Net Proceeds, and there is no assurance that the Objects of the Issue will be achieved within the time frame expected or at all.

We intend to use the Net Proceeds for the purposes described under “**Objects of the Issue**” on page 66 of this Prospectus. The Objects of the Issue include repayment/prepayment of certain loans amounting to ₹ 380.00 Lakh, funding of working Capital Requirements of our company amounting to ₹ 2,319.84 Lakh, and general corporate purposes amounting to ₹ 900.00 Lakh. Our funding requirements and the deployment of the Net Proceeds are based on management estimates for which we have relied on internal assumptions and such assumptions have not been appraised by any independent agency. The Net Proceeds may be used to repay/prepay such term and/or working capital loans. While we believe that utilization of Net Proceeds for repayment of loans would help us to reduce our cost of debt and enable the utilization of our internal accruals for further investment in business growth and expansion, the repayment of loans will not result in the creation of any tangible assets for our Company. Given the nature of our business and due to various uncertainties involved, we may be unable to utilize the Net Proceeds within the time frame or as per the schedule of deployment that we currently estimate. In the case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by means available to us, including internal accruals and additional equity and/or debt arrangements.

25. If we are unable to renew our existing leases or secure new leases for our existing or premises, or offices on commercially acceptable terms, or if we fail to comply with the terms and conditions of our leases resulting in termination of our leases, it could have a material adverse effect on our business, financial condition and results of operations.

The registered office that we are currently operating from is on leased/licensed basis. We typically enter into lease agreements for a period of 5 year for our offices. For details on the duration of existing leases for our delivery centres, see “**Our Business**” on page 94. In the event that if we fail to comply with the terms and conditions of our lease or that these existing leases are terminated or they are not renewed on commercially acceptable terms, we may suffer a disruption in our operations. If alternative premises are not available at the same or similar costs, size or locations, our business, financial condition and results of operations may be adversely affected. In addition, any adverse development relating to the landlord's title or ownership rights to such properties may entail incurring significant legal expenses and adversely affect our operations, a significant interest penalty for any delays in payment of rent and fixed price escalation clauses that provide for a periodic increase in rent. If our sales do not increase in line with our rent and costs, our profitability and results of operations could be adversely affected.

26. Our Company has a negative cash flow in its operating activities in the year 2019 and financing activities in the past 2 years and investing activities in the past 3 years, details of which are given below. Sustained negative cash flow could impact our growth and business.

Our Company had negative cash flows from our operating activities as well as investing activities in the previous year(s) as per the Restated Financial Statements and the same are summarized as under:

(₹ in Lakh)

Particulars	March 31, 2021	March 31, 2020	March 31, 2019
Net Cash from Operating Activities	903.05	677.87	(669.56)
Net Cash from Investing Activities	(155.65)	(37.42)	(667.37)
Net Cash from Financing Activities	(746.90)	(652.76)	1,335.86
Net Increase/ (Decrease) in Cash & Cash Equivalents	0.50	(12.29)	(1.07)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans, and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows in future, it may adversely affect our business and financial operations.

27. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

28. Brand recognition is important to the success of our business, and our inability to build and maintain our brand names will harm our business, financial condition and results of operation.

Brand recognition is important to the success of our business. Establishing and maintaining our brand name in the industry or for people relying on services is critical to the success of the customer acquisition process of our business. Although, we expect to allocate significant amount of resources, financial and otherwise, on establishing and maintaining our brands, no assurance can be given that our brand names will be effective in attracting and growing user and client base for our businesses or that such efforts will be cost-effective, which may negatively affect our business, financial condition and results of operations.

29. Significant disruptions in our information technology systems or breaches of data security could adversely affect our business and reputation.

We may also face cyber threats such as: (i) Phishing and Trojans - targeting our customers, wherein fraudsters send unsolicited codes or mails to our customers seeking account sensitive information or to infect customer machines to search and attempt ex-filtration of account sensitive information; (ii) Hacking – wherein attackers seek to hack into our infrastructure with the primary intention of causing reputational damage to us by disrupting services; (iii) Data theft – This can be internal i.e. by someone who has access to data of our Company or external wherein unconnected cyber criminals may attempt to intrude into our network with the intention of stealing our data or information; and (iv) Advanced persistent threat – a network attack in which an unauthorized person gains access to our network and remains undetected for a long period of time. In the event of a significant decline in the demand for our products, our business, results of operations and financial condition may be materially and adversely affected.

Our systems are potentially vulnerable to data security breaches, whether by our employees, or our service providers or others that may expose sensitive data to unauthorized persons. We process and transfer data, including personal information, financial information and other confidential data provided to us by our clients. Although we maintain systems and procedures to prevent unauthorized access and other security breaches, it is possible that unauthorized individuals could improperly access our systems, or improperly obtain or disclose sensitive data that we process or handle. Data security breaches could lead to the loss of intellectual property or could lead to the public exposure of personal information (including sensitive financial and personal information) of our clients' investors or our employees. Any such security breaches or compromises of technology systems could result in institution of legal proceedings against us and potential imposition of penalties, which may have an adverse effect on our business and reputation.

30. The nature of our business exposes us to liability claims and contract disputes and our indemnities may not adequately protect us. Any liability in excess of our reserves or indemnities could result in additional costs, which would reduce our profits.

Time is often of the essence in our business work. In the event there are delays in our current or future service, we will not be able to get extensions from our customers. Further, in some contracts, in case of delay due to deficiency in services by us, clients may have the right to complete the work at our risk and cost by engaging a third party. In the event we fail to perform under the terms of a particular contract, that could adversely affect our financial conditions and business operations. Failure to effectively cover ourselves against any of these reasons could expose us to substantial costs and potentially lead to material losses. In addition, if there is a customer dispute regarding our performance or workmanship, the customer may delay or withhold payment to us.

31. Employee fraud or misconduct could harm us by impairing our ability to attract and retain clients and subject us to significant legal liability and reputational harm.

Our business is exposed to the risk of employee misappropriation, fraud or misconduct. Our employees could make improper use or disclose confidential information, which could result in regulatory sanctions and serious reputational or financial harm. While we strive to monitor, detect and prevent fraud or misappropriation by our employees, through various internal control measures, we may be unable to adequately prevent or deter such activities in all cases. Our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect. While we have not been able to identify such issues in the past, there could be instances of fraud and misconduct by our employees, which may go unnoticed for certain periods of time before corrective action is taken. In addition, we may be subject to regulatory or other proceedings, penalties or other actions in connection with any such unauthorized transaction, fraud or misappropriation by our agents or employees, which could adversely affect our goodwill, business prospects and future financial performance. We may also be required to make good any monetary loss to the affected party. Even when we identify instances of fraud and other misconduct and pursue legal recourse or file claims with our insurance carriers, we cannot assure you that we will recover any amounts lost through such fraud or other misconduct.

32. The average cost of acquisition of Equity Shares by our Promoters is lower than the issue price.

Our Promoters' average cost of acquisition of Equity Shares in our Company is lower than the Issue Price as decided by the Company in consultation with the Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer chapter title "**Capital Structure**" beginning on page 52 of this Prospectus.

33. We have entered into related party transactions in the past and may continue to do so in the future.

Our Company has entered into various transactions with our Promoter and associate companies. While we believe that all such transactions are conducted on arm's length basis, there can be no assurance that we could not have achieved more favorable terms had such transactions were not entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details on the transactions entered by us, please refer to chapter "**Related Party Transactions**" beginning on page 156 of the Prospectus.

34. Our top 5 and top 10 customers contribute major portion of our revenues for the period March 31, 2021. Any loss of business from one or more of them may adversely affect our revenues and profitability.

Our top five and top ten customers contribute to a substantial portion of our revenues for the year ended March 31, 2021. Any decline in our quality standards, growing competition and any change in the demand for our service by these customers may adversely affect our ability to retain them. We believe we have maintained good and long-term relationships with our customers. However, there can be no assurance that we will continue to have such long-term relationship with them, also any delay or default in payment by these customers may adversely affect our business, financial condition and results of operations. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

Due to COVID-19 pandemic, there may have been a temporary reduction in demand for our services and there may have been an overall slowdown in the industry. Further, such pandemic situations may also arise in the future and that could materially and adversely affect our business, financial condition and results of operations. Our growth has required and will continue to require increased investments in management personnel and systems, financial systems and controls, and office facilities. However, we cannot assure you that such investments will yield desired results and we may incur costs that we may not be able to recover. We may also be unable to hire additional qualified personnel to support the offering of a wider range of services. If we fail to manage our growth, we may experience operating inefficiencies, dissatisfaction among our client base, and lost revenue opportunities, which may adversely affect our business, results of operations and financial condition. The contribution of our top 5 and top 10 customers to our total revenue are as follows:

Particulars	Customers
Top 5 (%)	87%
Top 10 (%)	96%

35. Our Promoter and Promoter Group will continue to retain majority control over the Company after the Issue, which will allow them to influence the outcome of matters submitted to shareholders for approval.

Upon completion of the Issue, our Promoter and Promoter Group will own 73.16 % of the Post-Issue Equity Share capital of the Company. As a result, the Promoter and Promoter Group will have the ability to exercise significant influence over all matters requiring shareholders' approval, including the election of directors and approval of significant corporate transactions. The Promoter and Promoter Group will also have an effective veto power with respect to any shareholder action or approval requiring a majority vote. Such concentration of ownership may also have the effect of delaying, preventing or deterring a change in control. For further details of Promoter' shareholding, please refer chapter titled "**Capital Structure**" beginning on Page no. 52 of this Prospectus.

36. We are dependent on a number of Key Managerial Personnel and our senior management, and the loss of, or our inability to attract or retain such persons could adversely affect our business, results of operations and financial condition.

Our performance depends largely on the efforts, expertise and abilities of our Key Managerial Personnel, senior management, and our operational personnel who possess significant experience in the industry in which we operate. We believe that the inputs and experience of our KMP and senior management, in particular, and other key personnel are valuable for the development of our business, operations and the strategic directions taken by our Company. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may require a long period of time to

hire and train replacement personnel when qualified personnel terminate their employment with our Company. Moreover, we may be required to substantially increase the number of our qualified personnel in connection with any future growth plans, and we may face difficulty in doing so due to the intense competition in the technology industry for such personnel. We may also be required to increase our levels of employee compensation more rapidly than in the past in order to remain competitive in retaining.

Further, the COVID -19 pandemic has dynamically altered the approach on workplace hygiene and safety and continuity of operations while confirming with measures implemented by the central and state governments in relation to the health and safety of our employees may result in increased costs. In the event a member or members of our senior management team contract COVID-19, it may potentially affect our operations. Further, in the event any of our employees' contract COVID-19, we may be required to quarantine our employees and shut down a part of or the entire operating facility as necessary. Risks arising on account of COVID-19 can also threaten the safe operation of our facility, loss of life, injuries and impact the well-being of our employees.

37. Our operating expenses include overheads that may remain fixed in the medium term. In case there is any decline in our operating performance, we may be unable to reduce such expenses.

Our operating expenses include various fixed costs, which are as such, not dependent on sales revenue. Any shortfall in sales may cause significant variations in operating results in any particular quarter, as we would not be able to reduce our fixed operating expenses in the short term. The effect of any decline in sales may thereby be magnified because a portion of our earnings are committed to paying these fixed costs. Accordingly, we believe that period-to-period comparisons of our results may not necessarily give a correct presentation of the performance and should not be relied upon as indications of future performance.

38. Delays or defaults in payments from our clients could result into a constraint on our cash flows. The efficiency and growth of our business depends on timely payments received from our clients.

In the event, our client's default or delay in making payments and clearing their dues, we may not have adequate resources to fund our business and implement our growth plans. This could have an adverse effect on the results of operations and our financial condition.

39. The shortage or non-availability of power facilities may adversely affect our business processes and have an adverse impact on our results of operations and financial condition.

Our business processes require substantial amount of power facilities. We do not have arrangements for alternative/independent sources of power supply as of now. We are mainly dependent on local electricity service provider for meeting our electricity requirements, there may be factors beyond our control affecting the supply of power. Any power failure may lead to increased costs, thereby affecting the profitability.

40. Our insurance coverage may not adequately protect us against losses, and successful claims against us that exceed our insurance coverage could harm our results of operations and diminish our financial position.

We maintain insurance coverage of the type and in the amounts that we believe are commensurate with our operations. Our insurance policies, however, may not provide adequate coverage in certain circumstances and may be subject to certain deductibles, exclusions and limits on coverage. In addition, there are various types of risks and losses for which we do not maintain insurance, such as losses due to business interruption and natural disasters, because they are either uninsurable or because insurance is not available to us on acceptable terms. A successful assertion of one or more large claims against us that exceeds our available insurance coverage or results in changes in our insurance policies, including premium increases or the imposition of a larger deductible or co-insurance requirement, could adversely affect our business, future financial performance and results of operations.

41. There are no alternate arrangements for meeting our requirements for the Objects of the Issue. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

As on date, we have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. We meet our working capital requirements through our owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our working capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not yet identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Issue Proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer chapter titled "**Objects of the Issue**" on page 66 of this Prospectus.

42. *There were instances where there was lost of documents during the journey from Pune to Mumbai on August 21, 2021. There may be such instances in future due to which there can be loss of data and such loss of data could result in negative impact on our company.*

Our CFO was travelling and was carrying documents relating to ROC, GST returns and some registers of our company and during his travel some of these documents got lost and misplaced, we had file a FIR for the loss of documents at CBD Belapur, Navi Mumbai but we could not track the lost documents. Any occurrence of such incident in future result in loss of information which may have an adverse effect on our business and reputation.

43. *Guarantees from Promoter & Director as well as others have been taken in relation to the debt facilities provided to us.*

In an event any of the guarantors withdraws or terminates this guarantee, the lender for such facilities may ask for alternate guarantee/s, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantee/s satisfactory to the lender and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could adversely affect our financial condition. For more information, please see the chapter titled “*Statement of Financial Indebtedness*” beginning on page 175 of this Prospectus.

44. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholder’s investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “*Dividend Policy*” on page 157 of this Prospectus.

45. *Any future acquisitions, joint ventures, partnerships, strategic alliances, tie-ups or investments could fail to achieve expected synergies and may disrupt our business and harm the results of operations and our financial condition.*

Our success will depend, in part, on our ability to expand our business in response to changing technologies, customer demands and competitive pressures. We have, in the past, explored and continue to explore opportunities on our own, through collaborations, tie-ups, strategic alliances, partnerships or joint venture across the country and regions of focus. In some circumstances, we may also decide to acquire, or invest in, complementary technologies instead of internal development. While we are currently evaluating opportunities and negotiating with several potential partners, we have not entered into any definitive agreements. The risks we face in connection with acquisitions may include integration of product and service offerings, co-ordination of R&D and marketing functions and the diversion of management’s time and focus from operating our business to addressing challenges pertaining to acquisition and integration. Our failure to address these risks or other problems encountered in connection with our acquisitions and investments could result in our failure to realize the anticipated benefits of these acquisitions or investments, cause us to incur unanticipated liabilities, and harm our business generally.

46. *Our lenders have secured with a charge created on immovable property of company and personal guarantee of director and promoters.*

Our company has taken secured loans from financial institution by creating a charge over our movable and immovable properties in respect of loans/facilities availed by us. The total amount outstanding and payable by us for secured loans were Rs. 2,013.28 Lakh as on March 31, 2021. In the event we default in repayment of the loans/facilities availed by us and any interest thereof, our properties may be forfeited by lenders, which in turn could have significant adverse effect on our business, financial condition and results of operations. For further detail please refer to chapter titled “*Financial Statements as Restated*” beginning on page 158 and financial indebtedness in chapter titled “*Statement of Financial Indebtedness*” on page 175 of this Prospectus.

47. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions,

which may not be favorable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

48. Underutilization of capacity of our facility may adversely affect our business, results of operations and financial conditions.

We cannot assure that we shall be able to utilize our facility to their full capacity or up to an optimum capacity, and non-utilization of the same may lead to loss of profits or can result in losses, and may adversely affect our business, results of operations and financial condition. Even use of the proposed production capacity is subject to several variables like availability of raw material, power, water, proper working of machinery, orders on hand, supply/demand, manpower, etc.

49. Our lenders have imposed certain restrictive conditions on us under our financing arrangements. Under our financing arrangements, we are required to obtain the prior, written lender consent for, among other matters, changes in our capital structure, and formulation of a scheme of amalgamation or reconstruction and entering into any other borrowing arrangement. Further, we are required to maintain certain financial ratios.

There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain the consents necessary to take the actions we believe are necessary to operate and grow our business. Our level of existing debt and any new debt that we incur in the future has important consequences. Any failure to comply with these requirements or other conditions or covenants under our financing agreements that are not waived by our lenders or are not otherwise cured by us, may require us to repay the borrowing in whole or part and may include other related costs. Our Company may be forced to sell some or all of its assets or limit our operations. This may adversely affect our ability to conduct our business and impair our future growth plans. Though these covenants are restrictive to some extent to the Company however it ensures financial discipline, which would help the Company in the long run to improve its financial performance.

For further information, see the chapter titled “*Statement of Financial Indebtedness*” on page 175 of the Prospectus.

50. Certain Agreements /deeds may be in the previous name of the company.

Our certain agreements and deeds may be in the name of the erstwhile name of the company i.e., Markolines Traffic Controls Private Limited. In case we fail to change the name in the agreements and deeds, it may cause adverse effect on Our company’s business.

51. Some of the KMPs is associated with our company for less than one year.

Our Key Management Personnel, Company Secretary is associated with the Company for a period of less than one year therefore they may not have been accustomed to the company affairs till date. For details of Key Management Personnel and their appointment, please refer to chapter “*Our Management*” beginning on page 127 of this Prospectus.

52. There is no guarantee that our Equity Shares will be listed on the Stock Exchanges in a timely manner or at all.

In accordance with Indian law and practice, permission to list the Equity Shares will not be granted until after the Equity Shares have been issued and allotted. Approval will require all other relevant documents authorizing the issuing of our Equity Shares to be submitted. There could be a failure or delay in listing our Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

53. Excessive reliance on our information technology systems and their failure could harm our relationship with customers, expose us to lawsuits or administrative sanctions or otherwise adversely affect our provision of service to customers and our internal operation.

As part of our business strategy, we use high quality of information technology system to deliver our services in the best possible way. We have an exemplary track record for completion of the projects within the stipulated time period but there may be the system interruptions, errors, or downtime which could result from a variety of causes including changes in technology, technology failure, changes in system, and power failure etc. these may affect our business adversely.

54. The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of Our Company.

Since, the Issue size is less than ₹10,000 Lakh, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised from this Issue, is hence, at the discretion of the management and the Board of Directors of Our Company and Our Company's management will have flexibility in applying the proceeds of the Issue and will not be subject to monitoring by any independent agency. The fund requirement and deployment mentioned in the Objects of the Issue is based on internal management estimates and have not been appraised by any bank or financial institution. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials. However, our Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. Also, in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the Issue without the Company being authorized to do so by our shareholders by way of special resolution and other compliances as applicable in this regard. Our Promoters and controlling shareholders shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

55. Negative publicity could adversely affect our revenue model and profitability.

We work in the market where trust of the customers on us and upon the services provided by us matters a lot. Any negative publicity regarding our company or the services rendered by the company due to any other unforeseen events may affect our reputation and image which leads to the adverse effect on our business and goodwill as well.

56. Industry information included in this Prospectus has been derived from industry reports commissioned by us for such purpose. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Prospectus.

57. The requirements of being a public listed company may strain our resources and impose additional requirements.

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchanges which require us to file unaudited financial results on a half yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner.

Issue Specific Risks:

58. There are restrictions on daily/weekly/monthly movements in the price of the Equity Shares, which may adversely affect a shareholders' ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by all stock exchanges in India, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchanges do not inform us of the percentage limit of the circuit breaker in effect

from time to time and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

59. After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- a. Volatility in the Indian and global capital market;
- b. Company's results of operations and financial performance;
- c. Performance of Company's competitors,
- d. Adverse media reports on Company or pertaining to the agriculture Industry;
- e. Changes in our estimates of performance or recommendations by financial analysts;
- f. Significant developments in India's economic and fiscal policies; and
- g. Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

60. You will not be able to sell immediately on Stock Exchange any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in the Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, 2013, in the event that the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

61. The Issue price of our Equity Shares may not be indicative of the market price of our Equity shares after the issue.

The Issue price of our equity Shares has been determined by fixed price method. This price is based on numerous factors and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuation after the issue and may decline below the issue price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue price. For further details you may refer chapter titled "***Basis for Issue Price***" beginning on the page 73 of this Prospectus.

Some of the factors which may affect our share price without limitations are as follows:

- Reports on research by analysts.
- Changes in revenue.
- Variations in growth rate of our financial indicators such as earning per share, income, profit etc.
- General Market Condition
- Domestic and International Economy.

62. Sale of Equity Shares by our Promoter or other significant shareholder(s) may adversely affect the Trading price of the Equity Shares.

Any instance of disinvestments of equity shares by our Promoter or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

EXTERNAL RISKS

Industry Related Risks:

63. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

64. Malpractices by some players in the industry affect overall performance of emerging Companies

The industry in which our Company operates is subject to risk associated with unethical business practices such as unethical marketing, dishonest advertising, questionable pricing practices, inaccurate claims with regards to safety and efficacy of the product etc. Consumers' attitude toward the industry today is dominated by a sense of mistrust, paving a way for regulators for stricter entry barriers and introduction of code of conducts; making the entire industry environment regulated and controlled. Malpractices by some players in the industry affects the overall performance of the emerging Companies like us as the industry norms are applicable to all at parity. Any unethical business practices by any industry player or intermediary may impact our business and results of operations.

Other Risks:

65. You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian Company are generally taxable in India. Any gain on the sale of shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if the securities transaction tax ("STT") has been paid on the transaction. The STT will be levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain on the sale of shares held for more than 12 months to an Indian resident, which are sold other than on a stock exchange and as a result of which no STT has been paid, will be subject to long term capital gains tax in India. Further, any gain on the sale of shares held for a period of 12 months or less will be subject to capital gains tax in India. Further, any gain on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a stock exchange and on which no STT has been paid, will be subject to short term capital gains tax at a relatively higher rate as compared to the transaction where STT has been paid in India.

In Finance Bill 2017, section 10(38) was amended to provide that exemption under this section for income arising on transfer of equity share acquired on or after 1st day of October 2004 shall be available only if the acquisition of share is chargeable to Securities Transactions Tax (STT) under Chapter VII of the Finance (No 2) Act, 2004. In case this provision becomes effective, sale shares acquired on or after 1st day of October 2004 on which STT was not charged will attract tax under provisions of Long-Term Capital Gains.

As per Finance Bill 2018, exemption under section 10(38) for income arising from long term gains on transfer of equity share shall not be available on or after 1st day of April 2018 if the long-term capital gains exceeds ₹ 1,00,000/- p.a. Such income arising from long term gains on transfer of equity share on or after 1st day of April 2018 in excess of ₹ 1,00,000/- pa. shall be chargeable at the rate of 10%. Capital gains arising from the sale of shares will be exempt from taxation in India in cases where an exemption is provided under a tax treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of the shares subject to relief available under the applicable tax treaty or under the laws of their own jurisdiction.

66. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements, prepared and presented in accordance with SEBI ICDR Regulations contained in this Prospectus.

As stated in the reports of the Auditor included in this Prospectus under chapter “*Financial Statements as Restated*” beginning on page 158 the financial statements included in this Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Prospectus. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this Prospectus should accordingly be limited.

67. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

68. Financial instability in Indian Financial Markets could adversely affect our Company’s results of operation and financial condition.

In this globalized world, the Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, say in the United States of America, Europe, China or other emerging economies, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors’ reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil. Any prolonged financial crisis may have an adverse impact on the Indian economy, thereby resulting in a material and adverse effect on our Company’s business, operations, financial condition, profitability and price of its Shares. Stock exchanges in India have in the past experienced substantial fluctuations in the prices of listed securities.

69. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and our industry contained in the Prospectus.

While facts and other statistics in this Prospectus relating to India, the Indian economy and our industry has been based on various government publications and reports from government agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled “*Our Industry*” beginning on page 78 of this Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

70. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in

financial markets may cause these factors to change with a greater degree of frequency a magnitude, which may negatively affect our stock prices.

71. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

72. Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

73. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

74. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice will be issued by our Company within two (2) Working Days of the Issue Closing Date, providing reasons for not proceeding with the Issue. The notice of withdrawal will be issued in the same newspapers where the pre-issue advertisements have appeared, and the Stock Exchange will also be informed promptly. The Lead Manager, through the Registrar to the Issue, will instruct the SCSBs and Sponsor Bank (in case of RII's using the UPI Mechanism), to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the Final Listing and Trading Approvals of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will file a fresh Prospectus with the Stock Exchange where the Equity Shares may be proposed to be listed.

UNDERWRITING AGREEMENT

This Issue is 100% Underwritten. The Underwriting agreement is dated August 25, 2021 and Addendum to the Underwriting Agreement dated September 06, 2021. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters are several and are subject to certain conditions specified therein.

The Underwriter have indicated its intention to underwrite the following number of specified securities being offered through this Issue:

TOTAL	51,28,000	₹ 3,999.84	100.00

As per Regulation 260(2) of SEBI (ICDR) Regulations, 2018, the Lead Manager has agreed to underwrite to a minimum extent of 15% of the Issue out of its own account. In the opinion of the Board of Directors (based on certificate given by the Underwriters), the resources of the above-mentioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The above-mentioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as broker with the Stock Exchange.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitments set forth in the table above. Notwithstanding the above table, the Lead Manager shall be responsible for ensuring payment with respect to Equity Shares allocated to investors procured by them. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the underwriting agreement, will also be required to procure / subscribe to Equity Shares to the extent of the defaulted amount. If the Underwriter(s) fails to fulfil its underwriting obligations as set out in the Underwriting Agreement, the Lead Manager shall fulfil the underwriting obligations in accordance with the provisions of the Underwriting Agreement.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company has entered into Market Making Agreement dated August 25, 2021 and Addendum to the Market Making Agreement dated September 06, 2021, with the Lead Manager and Market Maker to fulfill the obligations of Market Making:

The details of Market Maker are set forth below:

Name	Gretex Share Broking Private Limited
Address	Office No.13, 1 st Floor, New Bansilal Building, Raja Bahadur Mansion, 9-15, Homi Modi Street, Fort, Mumbai- 400023, Maharashtra, India
Tel No.	+91-22 4002 5273
Email	sherwoodpvtltd@yahoo.co.in
Contact Person	Mr. Alok Harlalka
CIN	U65900MH2010PTC289361
SEBI Registration No.	INZ000166934
Market Maker Registration No. (SME Segment of BSE)	SME MM0617628062012

Gretex Share Broking Private Limited, registered with SME Platform of BSE Limited will act as the Market Maker and has agreed to receive or deliver the specified securities in the Market Making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE Limited and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

- 1) The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
- 2) The minimum depth of the quote shall be ₹ 1.00 Lakh. However, the investors with holdings of value less than ₹ 1.00 Lakh shall be allowed to offer their holding to the Market Maker in that scrip provided that they sell their entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% (Including the 5% of Equity Shares of the Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Equity Shares would not be taken in to consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
- 4) There shall be no exemption / threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.

- 5) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, Gretex Share Broking Private Limited is acting as the sole Market Maker.
- 7) The shares of the Company will be traded in continuous trading session from the time and day the company gets listed at SME Platform of BSE Limited and Market Maker will remain present as per the guidelines mentioned under the BSE Limited and SEBI circulars.
- 8) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- 9) The Market Maker shall have the right to terminate said arrangement by giving a three month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker.
- 10) In case of termination of the above-mentioned Market Making Agreement prior to the completion of the compulsory Market Making Period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our Registered Office from 11.00 a.m. to 5.00 p.m. on working days.
- 11) SME Platform of BSE Limited will have all margins which are applicable on the BSE Limited Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE Limited can impose any other margins as deemed necessary from time-to-time.
- 12) SME Platform of BSE Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
- 13) The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
- 14) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

13. We have 21 (Twenty-One) Shareholders as on the date of this Prospectus

14. We hereby confirm that

- There has been no acquisition, sale or transfer of Equity Shares by our Promoters, Promoter Group, Directors and their immediate relatives in the last 6 months preceding the date of filing of this Prospectus.
- No financing arrangements have been entered into by the members of the Promoter Group, the Directors, or their relatives for the purchase by any other person of the securities of our Company other than in the normal course of business of the financing entity during a period of six months preceding the date of filing of this Prospectus.

15. Details of Promoters' Contribution and Lock-in for Three Years

Pursuant to the Regulation 236 and 238 of SEBI (ICDR) Regulations, 2018, an aggregate of at least 20% of the post Issue Equity Share capital of our Company held by our Promoters shall be considered as Promoters' contribution ("Promoters' Contribution") and locked-in for a period of three years from the date of Allotment.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute of the post Issue Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters' Contribution from the date of filing of this Prospectus until the commencement of the lock-in period specified above. Details of the Equity Shares forming part of Promoters' Contribution and proposed to be locked-in for a period of three years are as follows:

Name of the Promoters	Number of shares locked-in ⁽¹⁾	As a % of Post Issue Share Capital
Mr. Sanjay Bhanudas Patil	30,28,851	15.85
Mr. Karan Atul Bora	7,92,653	4.15
Total	38,21,504	20.00

⁽¹⁾ For details on the date of Allotment of the above Equity Shares, the nature of Allotment, face value and the price at which they were acquired, please refer Note no. 9 under “Notes to Capital Structure” under the chapter “Capital Structure” on page 52 of this Prospectus.

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Promoters’ Contribution under Regulation 237 of the SEBI (ICDR) Regulations, 2018. In this computation, as per Regulation 237 of the SEBI (ICDR) Regulations, our Company confirms that the Equity Shares locked-in do not, and shall not, consist of:

- The Equity Shares offered for minimum 20% Promoters’ Contribution have not been acquired in the three years preceding the date of this Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoters’ contribution;
- The minimum Promoters’ contribution does not include Equity Shares acquired during the one year preceding the date of this Prospectus at a price lower than the Issue Price;
- No equity shares have been issued to our Promoters upon conversion of a partnership firm during the preceding one year at a price less than the Issue Price;
- The Equity Shares held by the Promoters and offered for minimum Promoters’ contribution are not subject to any pledge;
- All the Equity Shares of our Company held by the Promoters are in dematerialized form and
- The Equity Shares offered for Promoters contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoters for inclusion of its subscription in the Promoters contribution subject to lock-in.

We further confirm that our Promoters Contribution of 20% of the Post Issue Equity does not include any contribution from Alternative Investment Funds or FVCI or Scheduled Commercial Banks or Public Financial Institutions or Insurance Companies.

16. Equity Shares locked-in for one year other than Minimum Promoters Contribution

Pursuant to regulation 238(b) and 239 of the SEBI (ICDR) Regulations, 2018, other than the Equity Shares held by our Promoters, which will be locked-in as minimum Promoters contribution for three years, all pre- Issue Equity Shares shall be subject to lock-in for a period of one year from the date of Allotment in this Issue, other than the Equity Shares allotted and subscribed pursuant to the Offer for Sale.

17. Inscription or Recording of non-transferability

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

18. Pledge of Locked in Equity Shares

Pursuant to Regulation 242 of the SEBI (ICDR) Regulations, 2018, the locked-in Equity Shares held by our Promoters can be pledged with any scheduled commercial bank or public financial institution or systematically important non-banking finance company or a housing finance company as collateral security for loans granted by them, provided that:

- a) if the equity shares are locked-in in terms of clause (a) of Regulation 238, the loan has been granted to the company or its subsidiary(ies) for the purpose of financing one or more of the objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan;
- b) if the specified securities are locked-in in terms of clause (b) of Regulation 238 and the pledge of specified securities is one of the terms of sanction of the loan.

Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock-in period stipulated in these regulations has expired.

19. Transferability of Locked in Equity Shares

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of SEBI (SAST) Regulations, 2011 as applicable;

- a) The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoter Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
 - b) The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoters and Promoter' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
20. Our Company, our Directors and the Lead Manager to this Issue have not entered into any buy-back or similar arrangements with any person for purchase of our Equity Shares issued by our Company.
 21. As on date of the Prospectus, there are no partly paid-up equity shares and all the Equity Shares of our Company are fully paid up. Further, since the entire money in respect of the Issue is being called on application, all the successful applicants will be issued fully paid-up equity shares.
 22. As on the date of this Prospectus, the Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
 23. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under "Basis of Allotment" in the chapter titled "**Issue Procedure**" beginning on page 216 of this Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253 (2) of SEBI (ICDR) Regulations, as amended from time to time.
 24. An over-subscription to the extent of 10% of the Net Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post Issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
 25. Our Company has not raised any bridge loan against the proceeds of this Issue. However, depending on business requirements, we might consider raising bridge financing facilities, pending receipt of the Net Proceeds.
 26. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
 27. Our Company shall comply with such accounting and disclosure norms as specified by SEBI from time to time.
 28. No payment, direct or indirect in the nature of discount, commission, allowances or otherwise shall be made either by us or our Promoters to the persons who receive allotments, if any, in this Issue.
 29. None of our Promoters and Promoter Group will participate in the Issue.
 30. Our Company shall ensure that transactions in the Equity Shares by the Promoters and the Promoter Group between the date of filing this Prospectus and the Issue Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.

SECTION VII: PARTICULARS TO THE ISSUE

Gross Proceeds from the Fresh Issue	3,999.84
Less: Issue related expenses	400.00
Net Proceeds of the Fresh Issue	3,599.84

Requirement of Funds

Our Company intends to utilize the Net Fresh Issue Proceeds for the following Objects ("Objects of the Issue"):

- a) Prepayment/Repayment of certain debt facilities availed by our Company
- b) To Meet Working Capital Requirements
- c) General Corporate Purposes

In addition to the aforementioned objects, our Company intends to strengthen its capital base and expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges, including among other things, enhancing the visibility of our brand and our Company among our existing and potential customers.

We believe that listing will enhance our corporate image and brand name and create a public market for Equity Share of our Company in India and will further enable us to avail future growth opportunities. We are a Highway Operations & Maintenance (**O&M**) Service providing company. We thrive to make Highway Operations & Maintenance cost effective and easier with the help of Innovation, Technology & out-of-the-box solutions. Our vast experience of 19 years in offering superior services in the Highway Operations & Maintenance (O&M) have earned us name in the (**O&M**) domain. Our principal business operations are broadly divided into three categories:

- i) Highway Operations under which we provide services like Toll operations, Route Patrolling and Incident management;
- ii) Highway Maintenance under which we provide services like Routine Maintenance, Preventive Maintenance and Major Maintenance & Repairs (MMR);
- iii) Specialized Maintenance Services under which we provide services which enhance the life and quality of road, these are Microsurfacing (MS), Base / Sub base Stabilization (FDR) and Cold In Place Recycling (CIPR).

The main object clause and the ancillary object clause of the Memorandum of Association of our Company enable us to undertake our existing activities and the activities for which we are raising funds through the Issue. The existing activities of our Company are within the object clause of our Memorandum. The Fund requirement and deployment is based on internal management estimates and has not been appraised by any bank and financial institution.

Utilization of Net Fresh Issue Proceeds

The Net Fresh Issue Proceeds are proposed to be used in the manner set out in the following table:

(₹ in Lakh)

Sr. No.	Particulars	Total Estimated Expenditure	Amount proposed to be financed from Net Issue Proceeds	Amount proposed to be financed from Internal Accrual
1	Prepayment / Repayment of certain debt facilities availed by our company	380.00	380.00	0.00
2	Funding of Working Capital Requirements of our company	3,386.17	2,319.84	1,066.33
3	General Corporate Purposes	900.00	900.00	0.00

(1) The entire amount is proposed to be funded from the Net Proceeds to be utilized in the Financial Year 2021-22.

Means of Finance

The above-mentioned fund requirement will be met from the proceeds of the Issue. We intend to fund the shortfall, if any, from internal accruals. Set forth below are the means of finance for the above-mentioned fund requirement:

(₹ in Lakh)

Sl. No.	Particulars	Amount
1.	Net Issue Proceeds	3,599.84

The requirements of the objects detailed above are intended to be funded from the Proceeds of the Fresh Issue and Internal Accruals.

Since the fund requirements set out for the aforesaid objects of the Issue are proposed to be met entirely from the Net Proceeds and internal accruals. Accordingly, we confirm that we are in compliance with the requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI (ICDR) Regulations, 2018 through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing identifiable internal accruals.

The fund requirements are based on internal management estimates and have not been appraised by any bank or financial institution or any other independent agency. These are based on current conditions and are subject to change in the light of changes in external circumstances or costs or other financial conditions and other external factors.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the chapter titled "**Risk Factors**" beginning on page 21 of this Prospectus.

Details of the use of the proceeds

1) Prepayment/Repayment of certain Debt Facilities availed by our company

Our Company has entered into various financing arrangements with bank. The loan facilities entered into by our Company include borrowings in the form of term loans and fund-based facilities. For further details, including indicative terms and conditions of such loan facilities, see "**Statement of Financial Indebtedness**" beginning on page 175 of this Prospectus. As at March 31, 2021, the amount outstanding under the loan facilities (all or part of which are proposed to be repaid to the extent of ₹ 380.00 Lakh from the Objects of the Issue) availed by our Company was ₹ 383.65 Lakh on a standalone basis.

Our Company proposes to utilise an aggregate amount of ₹ 380.00 Lakh from the Net Proceeds towards full or partial repayment or prepayment of certain borrowing availed by our Company from bank. The selection and extent of loans proposed to be repaid from our Company's borrowings mentioned below will be based on various commercial considerations including, among others, the costs, expenses and charges relating to the facility including interest rate of the relevant loan, the amount of the loan outstanding, the remaining tenor of the loan, presence of onerous terms and conditions under the facility, levy of any prepayment penalties and the quantum thereof, provisions of any law, rules, regulations governing such borrowings, terms of prepayment to lenders, if any and mix of credit facilities provided by lenders.

Given the nature of these borrowings and the terms of repayment, the aggregate outstanding amounts under these loans may vary from time to time and our Company may, in accordance with the relevant repayment schedule, repay or refinance some of its existing borrowings prior to Allotment. Accordingly, our Company may utilise the Net Proceeds for part prepayment of any such refinanced loans or repayment of any additional loan facilities obtained by it. However, the aggregate amount to be utilised from the Net Proceeds towards prepayment or repayment of loans (including refinanced or additional loans availed, if any), in part or full, would not exceed ₹ 380.00 Lakh. The prepayment or repayment will help reduce our outstanding indebtedness and debt servicing costs, assist us in maintaining a favourable debt to equity ratio and enable utilisation of our internal accruals for further investment in business growth and expansion. In addition, we believe that the leverage capacity of our Company will improve our ability to raise further resources in the future to fund potential business development opportunities and plans to grow and expand our business in the future. The following table provides details of loans availed by our Company as on March 31, 2021 on a standalone basis, out of which all or any of the facilities may be prepaid or repaid, in full or in part, from the Net Proceeds to the extent of an aggregate amount of ₹ 380.00 Lakh:

(₹ in Lakh)

Name of Lender	Date of Sanction	Purpose	Sanction Amount (in Rs.)	Rate of Interest	Outstanding as on March 31, 2021
OXYZO Loan No. OXYSPF11BD5D	July 14, 2020	Business Loan	280.00	16.28% p.a.	281.60
OXYZO Loan No. OXYSSPF01H2DP	July 23, 2020	Business Loan	100.00	15.50% p.a.	102.05

As certified by M/s. Gupta Agarwal & Associates, Chartered Accountants, pursuant to their certificate dated August 27, 2021 the above-mentioned loans have been deployed towards the purposes mentioned in the respective loan agreements. In due course of business, due to various operational benefits, our Company may explore possibilities of other banks participating in existing loans either in full or in part, including the loans mentioned above. Some of our financing agreements provide for the levy of prepayment penalties. In the event that there are any prepayment penalties required to be paid under the terms of the relevant financing agreements, such prepayment penalties shall be paid by our Company out of its internal accruals.

2) Working Capital Requirement

Our business is working capital intensive. We finance our working capital requirement from our internal accruals. Considering the existing and future growth, the incremental working capital needs of our company, as assessed based on the internal workings of our Company is ₹ 3,143.65 Lakh for FY 2020-2021 and expected to reach ₹ 6,529.82 Lakh respectively FY 2021-2022. We intend to meet our working capital requirements to the extent of ₹ 2,319.84 Lakh from the Net Proceeds of this Issue and the balance will be met from internal accruals at an appropriate time as per the requirement.

Justification for Holding Period Levels

Particulars	Details
Inventories: Finished Goods	We have assumed inventories holding level of 19 days in the financial year 2021-22 which is almost in line with the holding level of financial year 2020-21 as 58 days, we intend to continue the same holding policy and expect the same clearance levels as maintained in past.
Trade Receivables	We have assumed trade receivables credit period of 86 days in the financial year 2021-22 which is in line with the credit period of 103 days in financial year 2020-21, as we expect to realise our receivables in the same manner as done previously to grow our operations.
Trade Payables	We have assumed trade payables credit period of 92 days for the financial year 2021-22 as against 137 days in the financial year 2020-21, as going forward, we intend to pay our creditors more quickly than past as more funds would be available with us through our proposed initial public offer which would help us in paying our liabilities quickly. This would help us in maintaining good terms with our creditors. This would help us to avail good cash discounts and negotiate with our vendors on better price to our advantage.

Pursuant to the certificate dated August 27, 2021, M/s Gupta Agarwal & Associates, Chartered Accountants, have verified the working capital requirements for the Financial Year 2020 from the Restated Standalone Financial Information and working capital estimates for the financial year 2021 as approved by the Board pursuant to its resolution dated August 26, 2021.

SECTION VIII: ABOUT THE ISSUER COMPANY

OUR INDUSTRY

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the issue has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GOLBAL ECONOMY AT LARGE

The pandemic has taken a turn for the worse in some parts of the world since the release of the April 2021 WEO. Meanwhile, a speedy vaccine rollout has helped bring down caseloads quickly in other regions. Economies are diverging even further, influenced by differences in the pace of vaccine rollout and policy support. However, smooth and durable recoveries are not assured even in places where infections are seemingly under control. Vaccines: Close to 40 percent of the population in advanced economies has been fully vaccinated, compared with less than half that number in emerging market economies and a tiny fraction in low-income countries (Figure 1).

Figure 1. Vaccine Courses
(Percent of population)

Sources: Airfinity; and IMF staff calculations.

Note: Latest data available are for July 6, 2021. Bars show the ratio of vaccine courses needed for full vaccination (two doses generally, but one dose for Johnson & Johnson and CanSino) either delivered or administered to population by WEO economy group.

Vaccine access is the principal fault line along which the global recovery splits into two blocs: those that can look forward to further normalization of activity later this year (almost all advanced economies) and those that will still contend with prospects of resurgent infections and rising COVID death tolls. Sub-Saharan Africa is now in the grip of a third wave, parts of Latin America continue to see high levels of new deaths, and concerns still remain about the situation in parts of South and Southeast Asia. Policy support: Further fueling the divergence is the continued impact of sizable fiscal support in the United States and new measures in other advanced economies (including France, Germany, Italy, Korea, and the United Kingdom; see the Fiscal Monitor Database of Country Fiscal Measures in Response to the COVID-19 Pandemic). Many emerging market and developing economies on the other hand are looking to rebuild fiscal buffers. Some, including Brazil, Hungary, Mexico, Russia, and Turkey, have also begun normalizing monetary policy to head off upward price pressures. A patchy recovery shaped by new variants, aftershocks, and supply-demand mismatches: First-quarter GDP outturns overall surprised on the upside, notably in Asia and Latin America, while renewed lockdowns in Europe led to downside surprises. High-frequency data in the second quarter indicate the recovery is widening beyond manufacturing to services (Figure 2), especially in economies where infections are under better control.

Figure 2. Global Activity Indicators

(Three-month moving average, annualized percent change; deviations from 50 for PMIs, unless noted otherwise)

Sources: CPB Netherlands Bureau for Economic Policy Analysis; Haver Analytics; Markit Economics; and IMF staff estimates.

Note: PMI above 50 indicates expansion while below 50 indicates contraction. PMI = purchasing managers' index.

New variants: Steady recovery is not assured anywhere so long as segments of the population remain susceptible to the virus and its mutations. Recovery has been set back severely in countries that experienced renewed waves— notably India. The United Kingdom has had to delay the final step of its economic reopening because of the spread of the delta variant, even as the vaccine rollout had helped bring down hospitalizations. China's Guangdong province-imposed mobility restrictions in May following an outbreak after months of minimal new infections. Similarly, Australia reintroduced targeted lockdowns in June. Aftershocks: The unprecedented convulsion in the global economy last year continues to trigger aftershocks that weigh on the recovery in some parts of the world. Empty shipping containers have been stranded in less frequented ports alongside shortages on busier routes, contributing to increased delivery times for inputs reported in purchasing managers' surveys. Supply-demand mismatches: These likely transitory shortages have occurred amid shifting spending patterns, for instance toward housing and work-from-home electronics. Consistent with pandemic-induced rising demand for owner-occupied housing (possibly supported in some cases by generally low mortgage rates), house prices have risen more in places with lower pre-pandemic home ownership rates (Figure 3).

Figure 3. House Price Acceleration and Pre-Pandemic Home Ownership Rates
(Percent)

Sources: Mack and Martinez-Garcia (2011); Organisation for Economic Co-operation and Development; and IMF staff calculations.

Note: The change in real house price index is calculated between 2019:Q4 and 2020:Q4. The home ownership rate is the share of households owning a home (outright or with a mortgage) pre-pandemic (2019 or previous latest year available).

These shifting spending patterns and supply disruptions have generated shortages of components, such as microchips, creating bottlenecks for example in the automotive sector. Inflation pressure: The current spikes in annual inflation in part are the result of mechanical base effects from last year's low commodity prices. Moreover, prices have increased because of the likely transient supply-demand mismatches discussed above—container freight indices for example have risen significantly since mid-2020. Amid these challenges, financial conditions have remained generally supportive. Financial market sentiment has remained positive on balance given the expected global recovery. The overall picture from the most recent WEO has not changed materially despite a recent bout of volatility: buoyant equity markets, tight credit spreads, and healthy flows into emerging market hard currency funds. This constellation of asset prices continues to provide a generally positive lift to the baseline global outlook. Vaccines, therapies, and the pandemic: Local transmission of the virus is expected to be brought to low levels everywhere by the end of 2022 through a combination of better-targeted precautions and improved access to vaccines and therapies. Advanced economies are generally on track to achieve broad vaccine availability by summer 2021. Some emerging markets are assumed to get to that point later this year. Most countries are assumed to gain broad access by the end of 2022. Some countries will get to low levels of local transmission sooner than others depending on country-specific circumstances. The baseline nonetheless assumes the possibility of additional waves before vaccines are widely available.

- **Fiscal policy:** The forecast assumes additional fiscal support in the United States in line with the overall cumulative size of the current administration's proposed American Jobs Plan and American Families Plan. The baseline also incorporates expected Next Generation EU grants and loans into the forecasts for those economies. As noted in Box 2, fiscal deficits in most emerging markets are projected to decline in 2021.

- **Monetary policy:** Major central banks are assumed to leave policy rates unchanged throughout the forecast horizon (end of 2022). Some emerging market central banks have begun reducing support, and more are expected to follow suit later in 2021.

- **Rising commodity prices:** Commodity prices are expected to increase at a significantly faster pace than assumed in the April 2021 WEO. Amid the strengthening global recovery, oil prices are expected to rise close to 60 percent above their low base in 2020. Non-oil commodity prices are expected to rise close to 30 percent above 2020 levels, reflecting particularly strong increases in the price of metals and food. Handoff to private activity: The buildup of excess household savings over the past five quarters of subdued contact-intensive activity and travel is a key aspect of the unprecedented downturn and rebound. As savings tended to accumulate more in countries with larger above-the-line fiscal support to households, which buffered disposable incomes. As economies reopen, private spending is expected to pick up, financed in part by these savings. The speed at which these savings are drawn down will influence the pace of the recovery and inflation pressure. The forecast assumes a smooth handoff from extraordinary policy support to private-activity-led growth, with a gradual drawdown of excess savings. IMF staff analysis suggests a more substantial accumulation of savings in places with relatively lower pre-pandemic household saving rates, indicating some reversion to the mean and the rebuilding of household net worth, which would weigh on the immediate spending impulse. Global growth: The global economy is projected to grow 6.0 percent in 2021 and 4.9 percent in 2022 (Table 1). Although the 2021 forecast is unchanged from April, there are offsetting revisions across advanced economies and emerging market and developing economies reflecting differences in pandemic developments and policy shifts. The 0.5 percentage point upward revision for 2022 largely reflects anticipated additional fiscal support in the United States, with associated spillovers to the global economy.

INDIAN ECONOMY

Introduction

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Market size

India's real gross domestic product (GDP) at current prices stood at Rs. 135.13 lakh crore (US\$ 1.82 trillion) in Y21, as per the provisional estimates of annual national income for 2020-21. India is the fourth-largest unicorn base in the world with over 21 unicorns collectively valued at US\$ 73.2 billion, as per the Hurun Global Unicorn List. By 2025, India is expected to have ~100 unicorns by 2025 and will create ~1.1 million direct jobs according to the Nasscom-Zinnov report 'Indian Tech Start-up. India needs to increase its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030's, for productivity and economic growth according to McKinsey Global Institute. Net employment rate needs to grow by 1.5% per year from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. According to data from the RBI, as of the week ended on June 04, 2021, the foreign exchange reserves in India increased by US\$ 6.842 billion to reach US\$ 605 billion.

Recent Developments

With an improvement in the economic scenario, there have been investments across various sectors of the economy. Private Equity - Venture Capital (PE-VC) sector recorded investments worth US\$ 20 billion in the first five months of 2021, registering a 2x growth in value compared with the same period in 2020. Some of the important recent developments in Indian economy are as follows:

- Merchandise exports stood at US\$ 62.89 billion between April 2021 and May 2021, while imports touched US\$ 84.27 billion. The estimated value of service exports and imports between April 2021 and May 2021 stood at US\$ 35.39 billion and US\$ 19.86 billion, respectively.
- In May 2021, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 50.8.
- Gross GST collections stood at Rs. 141,384 crore (US\$ 19.41 billion) in April 2021.
- Cumulative FDI equity inflows in India stood at US\$ 763.58 billion between April 2000 and March 2021. Foreign Direct Investment (FDI) inflows in India stood at US\$ 6.24 billion in April 2021, registering an increase of 38% YoY.
- India's Index of Industrial Production (IIP) for April 2021 stood at 126.6 against 143.4 for March 2021.
- Consumer Food Price Index (CFPI) – Combined inflation was 5.01 in May 2021 against 1.96 in April 2021.
- Consumer Price Index (CPI) – Combined inflation was 6.30 in May 2021 against 4.23 in April 2021.
- In June 2021, foreign portfolio investors (FPIs) turned net buyers by investing Rs. 12,714 crore (US\$ 1.71 billion) into the Indian markets. According to depositories data, between June 1, 2021 and June 25, 2021, FPIs invested Rs. 15,282 crore (US\$ 2.06 billion) in equities.

Government Initiatives

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman in the Parliament on February 1, 2020. The budget aimed at energising the Indian economy through a combination of short-term, medium-term and long-term measures.

In the Union Budget 2021-22, capital expenditure for FY22 is likely to increase to increase by 34.5% at Rs. 5.5 lakh crore (US\$ 75.81 billion) over FY21 (BE) to boost the economy. Increased government expenditure is expected to attract private investments, with production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded and measured policy support is anticipated to boost the Indian economy. In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).

The Union Cabinet approved the production linked incentive (PLI) scheme for white goods (air conditioners and LED lights) with a budgetary outlay of Rs. 6,238 crore (US\$ 848.96 million) and the 'National Programme on High Efficiency Solar PV (Photo Voltic) Modules' with an outlay of Rs. 4,500 crore US\$ 612.43 million). In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22. To boost the overall audit quality, transparency and add value to businesses, in April 2021, the RBI issued a notice on new norms to appoint statutory and central auditors for commercial banks, large urban co-operatives and large non-banks and housing finance firms.

In May 2021, the Government of India has allocated Rs. 2,250 crore (US\$ 306.80 million) for development of the horticulture sector in 2021-22. In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country. Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, launched Make in India initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the

contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

Some of the recent initiatives and developments undertaken by the Government are listed below:

- In June 2021, RBI Governor, Mr. Shaktikanta Das announced the policy repo rate unchanged at 4%. He also announced various measures including Rs. 15,000 crore (US\$ 2.05 billion) liquidity support to contact-intensive sectors such as tourism and hospitality.
- In June 2021, Finance Ministers of G-7 countries, including the US, the UK, Japan, Italy, Germany, France and Canada, attained a historic contract on taxing multinational firms as per which the minimum global tax rate would be at least 15%. The move is expected to benefit India to increase foreign direct investments in the country.
- In June 2021, the Indian government signed a US\$ 32 million loan with World Bank for improving healthcare services in Mizoram.
- In May 2021, the Government of India (GoI) and European Investment Bank (EIB) signed the finance contract for second tranche of EUR 150 million (US\$ 182.30 million) for Pune Metro Rail project.
- According to an official source, as of June 2021, 29 companies including global electronics manufacturing organisations, such as companies Foxconn, Sanmina SCI, Flex, Jabil Circuit, have registered under the Rs. 12,195 crore (US\$ 1.64 billion) production linked incentive scheme for the telecom sector.
- In May 2021, Union Cabinet has approved the signing of memorandum of understanding (MoU) on migration and mobility partnership between the Government of India, the United Kingdom of Great Britain and Northern Ireland.
- In April 2021, Minister for Railways and Commerce & Industry and Consumer Affairs, Food & Public Distribution, Mr. Piyush Goyal, launched 'DGFT Trade Facilitation' app to provide instant access to exporters/importers anytime and anywhere.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is going to increase public health spending to 2.5% of the GDP by 2025.
- For implementation of Agriculture Export Policy, Government approved an outlay Rs. 2.068 billion (US\$ 29.59 million) for 2019, aimed at doubling farmers income by 2022.

Road Ahead

As indicated by provisional estimates released by the National Statistical Office (NSO), India posted a V-shaped recovery in the second half of FY21. As per these estimates, India registered an increase of 1.1% in the second half of FY21; this was driven by the gradual and phased unlocking of industrial activities, increased investments and growth in government expenditure. As per the Reserve Bank of India's (RBI) estimates, India's real GDP growth is projected at 9.5% in FY22; this includes 18.5% increase in the first quarter of FY22; 7.9% growth in the second quarter of FY22; 7.2% rise in the third quarter of FY22 and 6.6% growth in the fourth quarter of FY22. India is focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030, which is currently 30% and have plans to increase its renewable energy capacity from 175 gigawatt (GW) by 2022. In line with this, in May 2021, India, along with the UK, jointly launched a 'Roadmap 2030' to collaborate and combat climate change by 2030. India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by PricewaterhouseCoopers.

INDIAN INFRASTRUCTURE SECTOR IN INDIA

Introduction

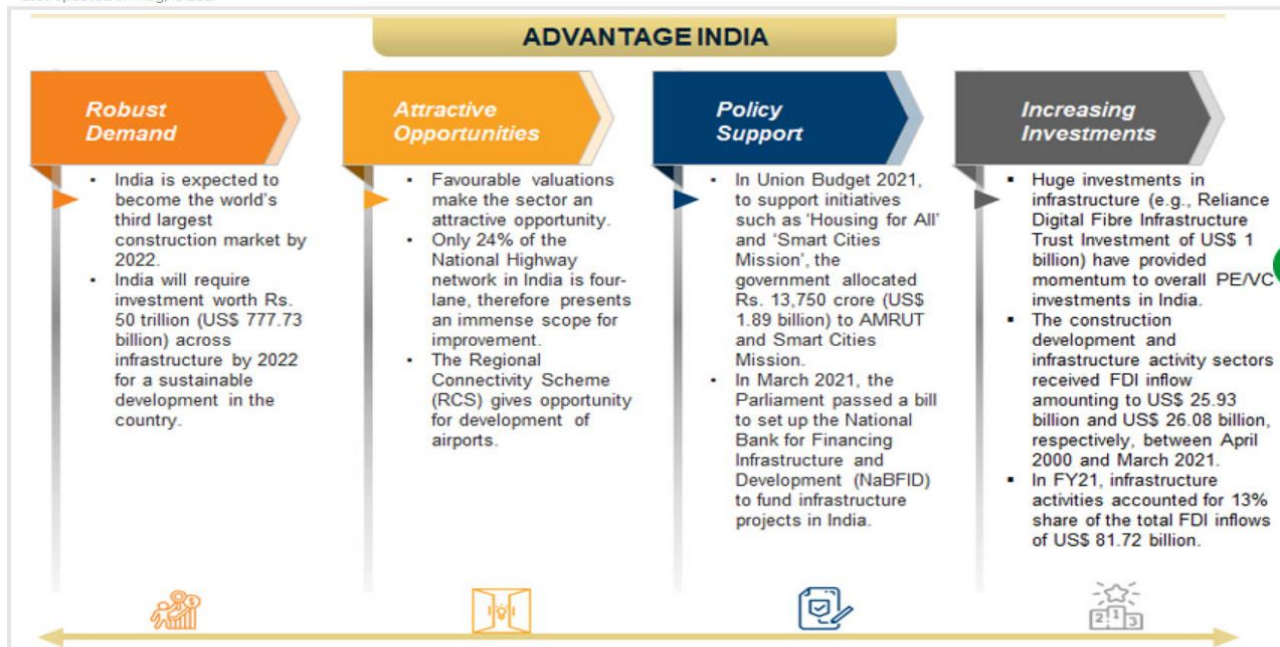

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development.

Market Size

According to the Department for Promotion of Industry and Internal Trade (DPIIT), FDIs in the construction development sector (townships, housing, built up infrastructure and construction development projects) and construction (infrastructure) activities stood at US\$ 26.08 billion and US\$ 24.72 billion, respectively, between April 2000 and March 2021. In FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion.

Government Initiatives

In Union Budget 2021, the government has given a massive push to the infrastructure sector by allocating Rs. 233,083 crore (US\$ 32.02 billion) to enhance the transport infrastructure. The government expanded the 'National Infrastructure Pipeline (NIP)' to 7,400 projects. ~217 projects worth Rs. 1.10 lakh crore (US\$ 15.09 billion) were completed as of 2020. The key highlights of the Budget 2021 are as follows:

- In June 2021, the NTPC floated a global Expression of Interest (EOI) to set up two pilot projects for standalone fuel cell-based backup power system and a standalone fuel cell-based microgrid system with hydrogen production using electrolyser at NTPC premises. Through the projects, NTPC is looking to further strengthen its footprint in green and clean fuel. The NTPC will collaborate for implementation and further commercialisation of the projects.
- In May 2021, Minister for Road Transport & Highways and Micro, Small and Medium Enterprises, Mr. Nitin Gadkari stated that the government is giving utmost priority to infrastructure development and has set a target of road construction of worth Rs.15 lakh crore (US\$ 206 billion) in the next two years.
- The Ministry of Railways plans to monetize assets including Eastern and Western Dedicated Freight Corridors after commissioning, induction of 150 modern rakes through PPP, station redevelopment through PPP, railway land parcels, multifunctional complexes (MFC), railway colonies, hill railways and stadiums.

- In March 2021, the government announced a long-term US\$ 82 billion plan to invest in the country's seaports. ~574 projects have been identified, under the Sagarmala project, for implementation through 2035.
- In April 2021, the Ministry of Power (MoP) released the draft National Electricity Policy (NEP) 2021. The MoP created an expert committee including members from state governments, the Ministry of New and Renewable Energy (MNRE), NITI Aayog and the Central Electricity Authority (CEA).
- In March 2021, the Parliament passed a bill to set up the National Bank for Financing Infrastructure and Development (NaBFID) to fund infrastructure projects in India.
- Indian railways received Rs. 1,10,055 crore (US\$ 15.09 billion), of which Rs. 1,07,100 crore (US\$ 14.69 billion) is for capital expenditure.
- Rs. 1,18,101 crore (US\$ 16.20 billion) has been allocated towards road transport and highway sector.
- In Budget 2021, the government announced the following interventions under Pradhan Mantri Aatmanirbhar Swasth Bharat Yojana (PMANSY):
 - An outlay of Rs. 64,180 crore (US\$ 8.80 billion) over six years to strengthen the existing 'National Health Mission' by developing capacities of primary, secondary & tertiary care and healthcare systems & institutions to detect and cure new and emerging diseases.
 - This scheme will strengthen 17,000 rural and 11,000 urban health and wellness centres.
 - Setting up integrated public health labs in all districts and 3,382 block public health units in 11 states.
 - Establishing critical care hospital blocks in 602 districts and 12 central institutions.
 - Strengthening the NCDC (National Centre for Disease Control) to have five regional branches and 20 metropolitan health surveillance units.
 - Expanding integrated health information portal to all states/UTs.
 - Rolling out the pneumococcal vaccine, a 'Made in India' product, across the country.
- Rs. 35,000 crore (US\$ 4.80 billion) has been allocated for COVID-19 vaccines in FY22.
- The government announced Rs. 18,998 crore (US\$ 2.61 billion) for metro projects.
- Mega Investment Textiles Parks (MITRA) scheme was launched to establish world-class infrastructure in the textile sector and establish seven textile parks over three years.
- The government announced Rs. 305,984 crore (US\$ 42 billion) over the next five years for a revamped, reforms-based and result-linked new power distribution sector scheme.

Road Ahead

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,000,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30. India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region.

INDIAN ROAD INDUSTRY

Introduction

India has the second-largest road network in the world, spanning a total of 5.89 million kilometres (kms). This road network transports 64.5% of all goods in the country and 90% of India's total passenger traffic uses road network to commute. Road transportation has gradually increased over the years with improvement in connectivity between cities, towns and villages in the country. In India, sale of automobiles and movement of freight by roads is growing at a rapid rate.

Market Size

Highway construction in India increased at 17.00% CAGR between FY16-FY21. Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. In FY21, 13,298 kms of highway was constructed across India. In May 2021, the Ministry of Road Transport and Highways constructed 1,470 kms of national highways compared with 847 kms in May 2020. In October 2020, the foundation stone was established for nine National Highway projects—with a total length of ~262 kms—worth >Rs. 2752 crore (US\$ 371.13 million) in Tripura. The Government of India has allocated Rs. 111 lakh crore (US\$ 1.4 trillion) under the National Infrastructure Pipeline for FY 2019-25. The roads sector is likely to account for 18% capital expenditure over FY 2019-25. In October 2020, The National Investment and Infrastructure Fund (NIIF) is making progress towards integrating its road and highway portfolio. The NIIF has acquired Essel Devanahalli Tollway and Essel Dichpally Tollway through the NIIF master fund. These road infra-projects will be supported by Athaang Infrastructure, NIIF's proprietary road network, assisted by a team of established professionals with diverse domain expertise in the transport field.

Road Infrastructure in India

Key Investments/Developments

The Union Minister of State for Road, Transport and Shipping has stated that the Government aims to boost corporate investment in roads and shipping sector, along with introducing business-friendly strategies, that will balance profitability with effective project execution. According to the data released by Department for Promotion of Industry and Internal Trade Policy (DPIIT), construction development^ sector attracted Foreign Direct Investment (FDI) inflow worth US\$ 26.08 billion in the between April 2000 and March 2021.

Government Initiatives

Some of the recent Government initiatives are as follows:

- Under Phase-I of Bharatmala Pariyojana, the Ministry has approved implementation of 34,800 km of national highways in 5 years with an outlay of Rs. 5,35,000 crore (US\$ 76.55 billion). Under this scheme, 22 greenfield projects (8,000 kms length) are being constructed; this is worth Rs. 3.26 lakh crore (US\$ 43.94 billion).

- The government also aims to construct 23 new national highways by 2025.
- The Minister for Road Transport & Highways and Micro, Small and Medium Enterprises, Mr. Nitin Gadkari, is targeting to construct 40 kms per day in FY22.
- In April 2021, the NHAI has decided to deploy Network Survey Vehicle (NSV) to enhance quality of the national highways. Carrying out road condition survey using NSV on the national highways was made mandatory for certifying completion of the project and every six months thereafter.
- In March 2021, the Mizoram-Myanmar Road project, which was launched under SARDP-NE, completed 92% work and is scheduled to be completed by June 2021.
- Under the Union Budget 2021-22, the Government of India has allocated Rs. 108,230 crore (US\$ 14.85 billion) to the Ministry of Road Transport and Highways.
- The NHAI awarded 1,330 km of highways in the first half of FY21, which was 1.6x of the total awards in FY20 and 3.5x of the FY19-levels. NHAI, the nodal authority for building highways across the country, has set a target of awarding 4,500km of projects in FY21.
- In February 2021, The Minister for MSMEs and Road Transport & Highways Mr. Nitin Gadkari approved construction of the 158-kms ring road worth Rs 10,000 crore (US\$ 1.37) in Telangana.
- In January 2021, the Government of India and New Development Bank (NDB) signed two loan agreements for US\$ 646 million for upgrading the state highway network and district road network in Andhra Pradesh.
- In December 2020, the MoRTH proposed to develop additional 60,000 kms of national highways (in the next five years), of which 2,500 kms are expressways/access-controlled highways, 9,000 kms are economic corridors, 2,000 kms are coastal and port connectivity highways and 2,000 kms are border road/strategic highways. The ministry also intends to improve connectivity for 100 tourist destinations and construct bypasses for 45 towns/cities.
- In December 2020, Mr. Nitin Gadkari, Union Minister of Road Transport and Highways inaugurated the three lane 1.5 km long Koilwar bridge over Sone River in Bihar.
- In December 2020, Union Minister of Road Transport and Highways, Mr. Nitin Gadkari laid foundation stones for 15 National Highways projects with a total length of 266 km, worth Rs. 4,127 crore (US\$ 560.88 million) in Nagaland.
- In December 2020, the Ministry of Road Transport and Highways signed a memorandum of understanding (MoU) with the Federal Ministry of Climate Action, Environment, Energy, Mobility, Innovation and Technology of the Republic of Austria on technology cooperation in the road infrastructure sector.
- In November 2020, Ministry of Road Transport and Highways issued the 'Motor Vehicle Aggregator Guidelines 2020' to regulate shared mobility and reduce traffic congestion and pollution.
- In November 2020, Union Minister of Road Transport and Highways, Mr. Nitin Gadkari announced a large financial relief package and released Rs. 8,000 crore (US\$ 1.08 billion) to meet the working capital requirements of contractors.

Road Ahead

The Government, through a series of initiatives, is working on policies to attract significant investor interest. A total of 200,000 km of national highways is expected to be completed by 2022. In the next five years, National Highway Authority of India (NHAI) will be able to generate Rs. 1 lakh crore (US\$ 14.30 billion) annually from toll and other sources.

The sudden hit of COVID 19 pandemic impacted countries and economies all around the world. The pandemic induced lockdown resulted in an accumulation of a lot of projects which impacted their on-time completion and cost as well. Although, now businesses have devised new ways of working amidst the pandemic. The government is also working swiftly to turn the looming economy around by introducing initiatives and announcements for infrastructure and MSME sector. According to Government reports, with an average speed of 29.81 km per day, the construction of national highways during 2020-2021 was the highest ever in the last five years despite the Covid-19 crisis and months of lockdown. The total length of National Highway construction up to February 5, 2021 was 9,242 km.

Adding to the ongoing flow of roads and highways projects, this year's budget focused immensely on strengthening the infrastructure sector. The government's effort towards further enhancing the roads and highways projects to 7,400 new projects is a welcome step which will ensure a better year for the infrastructure sector as well as for the construction equipment industry. The multitude of announcements on the highway projects in Tamil Nadu, Kerala, West Bengal and Assam will further give a much-needed boost to the sector. The Minister of Road Transport and Highways Nitin Gadkari has also set the target for 2026 and planned to expand around 60,000 km of National Highways (NHs) in the next five years. Additionally, Ind-Ra and ICRA has revised its outlook on the construction equipment sector to 'Stable' from 'Negative' following a strong ramp up in volumes.

The Off-Highway Research predicts that the availability of the Covid vaccine is expected to push the recovery rate further in 2021. Sales of road construction equipment will increase by 25 per cent to 76,375 units in 2021 and a further 16 per cent to 88,700 units in 2022. The construction market is forecast to touch 100,300 units in 2023 with a growth of 13 per cent. Another factor that will add to the growth of the road equipment industry in 2021 is technology. Technological elements like Virtual Reality, AI security and BIM are making a major impact on construction equipment productivity and efficiency. It has become necessary for every construction equipment manufacturer to equip their machines with the latest and advanced technology to make the workflow easy and resourceful. According to McKinsey, the use of innovative technologies is bolstering the construction industry with advancements such as pulsed radar object detection, drones, radio frequency identification (RFID), prefabrication, smart wearables, 3D printing, immersive solutions (VR/AR, Internet of Things (IoT) and smart materials. By harnessing industry 4.0 tools like IoT, AI and automation, processes will see 30 to 50% reduction in machine downtime; 15 – 30% improvement in labor productivity; 10 to 30% increase in throughput; and 10 to 20% decrease in the cost of quality. These advantages are important as full-scale digitization in construction could result in annual savings of between \$700 trillion and \$1.2 trillion. With the government focusing on construction and infrastructure activities we're confident that this year will be great for the CE segment. Keeping all the above initiatives in mind, the outlook for construction and infrastructure seems positive and all these efforts will play an important role in reviving the sector and bringing back the economy to normalcy.

- The Government of India has allocated Rs. 111 lakh crore (US\$ 13.14 billion) under the National Infrastructure Pipeline for FY 2019-25. The Roads sector is expected to account for 18% capital expenditure over FY 2019-25. In FY22, investments worth Rs. 30,000 crore (US\$ 4.08 billion) are expected from the private sector.
- As on December 2019, 824 projects were recommended for development by Public Private Partnership (PPP) Appraisal Committee.
- Investment of US\$ 31 billion for national highways is expected in PPP by the end of 2020. Indian Government and Asian Development Bank signed US\$ 500 million loan agreement to build the longest bridge across river Ganga, in Bihar. The bridge is expected to be ready by December 2021.
- In January 2021, the Government of India and New Development Bank (NDB) signed two loan agreements for US\$ 646 million for upgrading the state highway network and district road network in Andhra Pradesh. NHAI is planning to raise Rs. 40,000 crore (US\$ 5.72 billion) to monetise its highway assets through Infrastructure Investment Trust (InvIT). National highways under the Bharatmala Pariyojana programme aim to optimize the productivity of freight and passenger movement by filling the critical infrastructure gaps. It will also work to increase the number of districts with national highway linkages from 300 to 550.
- In December 2020, the MoRTH proposed to develop additional 60,000 kms of national highways (in the next five years). The ministry also intends to improve connectivity for 100 tourist destinations and construct bypasses for 45 towns/cities.

- By April 2021, the Ministry of Road Transport and Highways constructed 853 kms of national highways compared with 210 kms in April 2020.

India has joined the league of 15 of global alliance which will work towards the ethical use of smart city technologies. The Government aims to construct 65,000 kms of national highways at a cost of Rs. 5.35 lakh crore (US\$ 741.51 billion) by 2022. The government also aims to construct 23 new national highways by 2025. Road building in India is second least expensive in Asia. Production of commercial vehicles increased to 752,022 in FY20 from FY16 at a CAGR of 2.42% commands stronger road network in India. In FY21, 13,298 kms of highway was constructed across India. In November 2020, passenger vehicle wholesale expanded by 9%, compared with the same month last year, due to increased demand in the festive season. Financial institutions received Government approval to raise money through tax-free bonds. 100% FDI is allowed under automatic route subject to applicable laws and regulations. The Finance Bill 2019 made certain changes in the Central Roads and Infrastructure Fund Act. The central Government will now be responsible for formulating criteria for any state road project. Growing participation of PPP. Under the Union Budget 2021-22, the Government of India has allocated Rs. 108,230 crore (US\$ 14.85 billion) to the Ministry of Road Transport and Highways. Transfer to National Investment Fund (NIF) was estimated at Rs. 6,070 crore (US\$ 868.51 million) for 2019-20.

STRONG DEMAND AND POLICY SUPPORT DRIVING INVESTMENT

RISING TRADE, VEHICULAR PRODUCTION

Growing domestic trade flows have led to rise in commercial vehicles and freight movement; supported by rise in production of commercial vehicles. In April 2021, automobile production (passenger, three-wheeler and two-wheeler vehicles and quadricycle) was 1.88 million. Higher individual discretionary spending has led to increased spending on cars, motorbikes and scooters. In FY21, domestic automobile sales (passenger, three-wheeler and two-wheeler vehicles) stood at 18.61 million.

GOVERNMENT'S INITIATIVES

Under the Union Budget 2020-21, the Government of India has allocated Rs. 19,500 crore (US\$ 2.79 billion) for Pradhan Mantri Gram Sadak Yojana (PMGSY).

- As per the Union Budget 2019-20, 30,000 km of PMGSY roads were built using green technology, waste plastic and cold mix technology, thereby reducing carbon footprint. In October 2020, a memorandum of understanding (MoU) has been signed with the National Highways Authority of India (NHAI) by Guru Nanak Dev University (GNDU) to conduct advanced research on various aspects, including highway architecture, protection and revitalisation. The GNDU will undertake studies on ~137 km length of the National Highways passing through Pathankot, Gurdaspur and Amritsar districts. In October 2020, the National Investment and Infrastructure Fund (NIIF) is making progress towards integrating its road and highway portfolio. The NIIF has acquired Essel Devanahalli Tollway and Essel Dichpally Tollway through the NIIF master fund. These road infraprojects will be supported by Athaang Infrastructure, NIIF's proprietary road network, assisted by a team of established professionals with diverse domain expertise in the transport field. Government of India has set up the India Infrastructure Finance Company (IIFCL) to provide long-term funding for infrastructure projects.
- Interest payment on external commercial borrowings for infrastructure are now subject to a lower withholding tax of 5% vis-a-vis 20% earlier.
- IDF income is exempt from income tax. In December 2020, the Ministry of Road Transport and Highways signed an MoU with the Federal Ministry of Climate Action, Environment, Energy, Mobility, Innovation and Technology of the Republic of Austria on technology cooperation in the road infrastructure sector. Companies enjoy 100% tax exemption in road projects for 5 years and 30% relief over the next 5 years.
- Companies have been granted a capital of up to 40% of the total project cost to enhance viability.

FUTURE PROSPECTS REMAIN BRIGHT FOR THE ROAD SECTOR

The Ministry of Road Transport and Highways is expected to award road projects with a total length of around 4,500 kms worth Rs. 50,000 crore (US\$ 7.15 billion) in 2020. In November 2020, the Government of India and the New Development Bank signed a loan agreement for US\$ 500 million for the 'Delhi-Ghaziabad-Meerut Regional Rapid Transit System Project' to provide fast, reliable, safe and comfortable public transport system in the National Capital Region. In December 2020, the Ministry of Road Transport and Highways (MoRTH) announced that the Government of India and the World Bank have inked a pact for a US\$ 500-million project to build green national highway corridors in Rajasthan, Himachal Pradesh, Uttar Pradesh and Andhra Pradesh. In December 2020, the MoRTH proposed to develop additional 60,000 kms of national highways (in the next five years), of which 2,500 kms are expressways/access-controlled highways, 9,000 kms are economic corridors, 2,000 kms are for coastal and port connectivity highways and 2,000 kms are border road/strategic highways. The ministry also intends to improve connectivity for 100 tourist destinations and construct bypasses for 45 towns/cities.

In January 2021, the MoRTH announced that it has constructed 8,169 kms of national highways between April 2020 and January 2021 and aims to complete 11,000 kms of national highways by end-FY21. In January 2021, the Government of India approved Rs. 8,528 crore for national highway projects in Maharashtra. The NHAI awarded highway projects (extending 1,330 kms) in the first half of FY21. This was 1.6x of the total awards in FY20 and 3.5x of the FY19-levels. NHAI, the nodal authority for building highways across the country, has set a target of awarding projects (up to 4,500 kms) in FY21. In April 2021, the NHAI has decided to deploy Network Survey Vehicle (NSV) to enhance quality of the national

highways. Carrying out road condition survey using NSV on the national highways was made mandatory for certifying completion of the project and every six months thereafter.

INDIAN SERVICES INDUSTRY

Introduction

The services sector is not only the dominant sector in India's GDP, but has also attracted significant foreign investment, has contributed significantly to export and has provided large-scale employment. India's services sector covers a wide variety of activities such as trade, hotel and restaurants, transport, storage and communication, financing, insurance, real estate, business services, community, social and personal services, and services associated with construction.

Market Size

Share of the services sector accounted for 55.39% of the total GVA in FY21. India's services sector GVA increased at a CAGR of 11.43% to Rs. 101.47 trillion (US\$ 1,439.48 billion) in FY20, from Rs. 68.81 trillion (US\$ 1,005.30 billion) in FY16. Between FY16 and FY20, financial, real estate and professional services augmented at a CAGR of 11.68% (in Rs. terms), while trade, hotels, transport, communication and services related to broadcasting rose at a CAGR of 10.98% (in Rs. terms). According to RBI, in April 2021, service exports stood at US\$ 21.17 billion, while imports stood at US\$ 10.61 billion. The India Services Business Activity Index/ Nikkei/IHS Markit Services Purchasing Managers' Index fell to 46.4 in May 2021 from 54.0 in April 2021, as output and new orders declined due to COVID-19-induced restrictions to contain the spread of coronavirus.

Industry developments

Some of the developments in the services sector in the recent past are as follows:

- The services* category in India attracted cumulative foreign direct investment (FDI) worth US\$ 87.06 billion between April 2000 and March 2021. The services category ranked 1st in FDI inflow as per data released by the Department for Promotion of Industry and Internal Trade (DPIIT).
- In April 2021, the Ministry of Education (MoE) and University Grants Commission (UGC) started a series of online interactions with stakeholders to streamline forms and processes to reduce compliance burden in the higher education sector, as a follow-up to the government's focus on ease of doing business to enable ease of living for stakeholders.
- On March 17, 2021, the Health Ministry's eSanjeevani telemedicine services crossed 3 million (30 lakh) teleconsultations since its launch, enabling patient-to-doctor consultations from the confines of their home and doctor-to-doctor consultations.
- In April 2021, Elon Musk's SpaceX has started accepting pre-orders for the beta version of its Starlink satellite internet service in India for a fully refundable deposit of US\$ 99. Currently, the Department of Telecommunications (DoT) is screening the move and more developments will be unveiled soon.
- In December 2020, a cohort of six health-tech start-ups—AarogyaAI, BrainSightAI, Fluid AI, InMed Prognostics, Wellthy Therapeutics, and Onward Assist—have been selected by the India Edison Accelerator, fuelled by GE Healthcare. India Edison Accelerator, the company's first start-up partnership programme focused on Indian mentors, creates strategic partners to co-develop healthcare solutions.
- The Indian healthcare industry is expected to shift digitally enabled remote consultations via teleconsultation. The telemedicine market in India is expected to increase at a CAGR of 31% from 2020 to 2025.
- In December 2020, Gamma Skills Automation Training introduced a unique robotics & automation career launch programme for engineers, an 'Industry 4.0 Hands-on Skill Learning Centre' located at IMT Manesar, Gurgaon in Haryana.
- In December 2020, the 'IGnITE' programme was initiated by Siemens, BMZ and MSDE to encourage high-quality training and technical education. 'IGnITE' aims to develop highly trained technicians, with an emphasis on getting them ready for the industry and future, based on the German Dual Vocational Educational Training (DVET) model. By 2024, this programme aims to upskill ~40,000 employees.

- In October 2020, Bharti Airtel entered cloud communications market with the launch of business-centric 'Airtel IQ'.

Government Initiatives

The Government of India recognises the importance of promoting growth in services sector and provides several incentives across a wide variety of sectors like health care, tourism, education, engineering, communications, transportation, information technology, banking, finance and management among others.

The Government of India has adopted few initiatives in the recent past, some of these are as follows:

- According to a spokesperson, the Indian government is planning to introduce a credit incentive programme worth Rs. 50,000 crore (US\$ 6.8 billion) to boost healthcare infrastructure in the country. The programme will allow companies to access funds to ramp up hospital capacity or medical supplies with the government acting as a guarantor.
- In June 2021, India and Australia announced its collaboration in cyber-enabled critical technologies, highlighting the requirement to boost the critical information security infrastructure such as 5G telecom networks.
- Under Union Budget 2021-22, the government allocated Rs. 7,000 crore (US\$ 963.97 million) to the BharatNet programme to boost digital connectivity across India.
- FDI limit for insurance companies has been raised from 49% to 74% and 100% for insurance intermediates.
- In May 2021, the Ministry of Commerce and Industry announced that India received an FDI inflow of US\$ 81.72 billion, the highest FDI during FY 2020-21.
- In March 2021, the central government infused Rs. 14,500 crore (US\$ 1.99 billion) capital in Central Bank of India, Indian Overseas Bank, Bank of India and UCO Bank through non-interest-bearing bonds.
- On January 15, 2021, the third phase of Pradhan Mantri Kaushal Vikas Yojana (PMKVY) was launched in 600 districts with 300+ skill courses. Spearheaded by the Ministry of Skill Development and Entrepreneurship, the third phase will focus on new-age and COVID-related skills. PMKVY 3.0 aims to train eight lakh candidates.
- In January 2021, the Department of Telecom, Government of India, signed an MoU with the Ministry of Communications, Government of Japan, to strengthen cooperation in the areas of 5G technologies, telecom security and submarine optical fibre cable system.
- On November 4, 2020, the Union Cabinet, chaired by the Prime Minister, Mr. Narendra Modi, approved to sign a memorandum of understanding (MoU) between the Ministry of Communication and Information Technology and the Department of Digital, Culture, Media and Sports (DCMS) of United Kingdom Government to cooperate in the field of telecommunications/information and communication technologies (ICTs).
- In October 2020, the government selected Hughes Communications India to connect 5,000 village panchayats in border and naxal-affected states and island territories with satellite broadband under BharatNet project by March 2021.
- In September 2020, the government announced that it may infuse Rs. 200 billion (US\$ 2.72 billion) in public sector banks through recapitalisation of bonds
- In the next five years, the Ministry of Electronics and Information Technology is working to increase the contribution of the digital economy to 20% of GDP. The government is working to build cloud-based infrastructure for collaborative networks that can be used for the creation of innovative solutions by AI entrepreneurs and startups.
- On Independence Day 2020, Prime Minister Mr. Narendra Modi announced the National Digital Health Mission (NDHM) to provide a unique health ID to every Indian and revolutionise the healthcare industry by making it easily accessible to everyone in the country. The policy draft is under 'public consultation' until September 21, 2020.
- In September 2020, the Government of Tamil Nadu announced a new electronics & hardware manufacturing policy aligned with the old policy to increase the state's electronics output to US\$ 100 billion by 2025. Under the policy, it aims to meet the requirement for incremental human resource by upskilling and training >100,000 people by 2024.
- Government of India has launched the National Broadband Mission with an aim to provide Broadband access to all villages by 2022.

Road Ahead

By 2025, healthcare industry is expected to reach US\$ 372 billion. India's digital economy is estimated to reach US\$ 1 trillion by 2025. By end of 2023, India's IT and business services sector is expected to reach US\$ 14.3 billion with 8% growth. The implementation of the Goods and Services Tax (GST) has created a common national market and reduced the overall tax burden on goods. It is expected to reduce costs in the long run-on account of availability of GST input credit, which will result in the reduction in prices of services.

Note: Conversion rate used for April 2021 is Rs. 1 = US\$ 0.01334

OVERVIEW

We are a Highway Operations & Maintenance (**O&M**) Service providing company. We thrive to make Highway Operations & Maintenance cost effective and easier with the help of Innovation, Technology & out-of-the-box solutions. Our vast experience of 19 years in offering superior services in the Highway Operations & Maintenance (**O&M**) have earned us name in the (**O&M**) domain. Our principal business operations are broadly divided into three categories:

- i) Highway Operations under which we provide services like Toll operations, Route Patrolling and Incident management;
- ii) Highway Maintenance under which we provide services like Routine Maintenance, Preventive Maintenance and Major Maintenance & Repairs (MMR);
- iii) Specialized Maintenance Services under which we provide services which enhance the life and quality of road, these are Microsurfacing (MS), Base / Sub base Stabilization (FDR) and Cold In Place Recycling (CIPR).

India is a developing country & numerous new highways & express ways are the need of the hour for efficient and fast movement of material & people. Due to liberalization & reforms taken up in the year 1991, the Indian Economy has opened up & this has led to global players coming in India. As a result of this, a need for better & faster movement of goods & people was desired & this necessitated improvement in the infrastructure facilities available in India. The infrastructure development could not have been complete without development of the Highways & Expressways which are the need of the hour. Such development also requires huge funding & therefore a new concept known as PPP (Public Private Partnership) was introduced by Govt. of India. In this concept, the road development was awarded to private participants on BOT (Build Operate & Transfer) basis who are required to put in the financial funds. The concessioner had to invest and make the road at his own cost and then recover his money by collection of Toll from the commuters for certain period of time. He was also supposed to maintain the facility developed. The private players, Indian as well as global, who were in such business grabbed this opportunity & developed the highways & the express ways across the country. And obviously for recovery of their investment they were required to set up the facility for toll collection of toll from the commuters as well as maintenance of the infrastructure developed. However, since Highway operation and maintenance being a very tedious and required certain special skill sets as organization. The private players/developers whose core activity was development did not want to diversify from their core business. This sought the option of outsourcing the operation & maintenance.

This being a new sector, there were not many players having requisite knowledge & expertise to run such outsource operation.

Our company who was in the business of road marking envisaged this opportunity & ventured in this business activity Operation and maintenance of these infrastructure projects in 2009. As the same time because of its wear & tear nature of the highways, maintenance of the infrastructure developed also become mandatory. The periodic maintenance of these projects itself became one of the major activities for the various contractors.

As the time passing and maintenance of these projects becoming due and our company envisage another opportunity and decided to go in for offering complete array of maintenance services. Over the last few years, we have not only achieved huge credibility based on performance in the market but is also one of the well-known O & M operators in the country and today are one of the trusted service providers in the Highway O&M sector operating pan India basis under the Markolines Umbrella.

To keep up with trend to work with innovative and new technology, Markoline decided to go for the specialized road surfacing treatment called as Micro surfacing. This being a relatively new and cost-effective technology there is a huge potential for this business too. With the Markoline commitment, in a short span of few years of starting the operation. Our company has completed 6.6 Million SQM of Microsurfacing. Keeping up to the track record Markoline ventured into Cold In Place Recycling (CIPR) and Base / Sub base Stabilization (FDR) and has achieved experience which is unique and unmatched in India.

Subsequent to the completion of various BOT projects where the highway infrastructure was ready which needed to be re-strengthened and maintained. Realizing the potential for Monetization, Government of India came up with new model Toll Operate & Transfer (TOT), wherein the about 5/10 projects were put in the Bundle and offered for Re-strengthen and maintenance for a long period of 15/30 years.

Due to the huge requirement of Funds, Long tenure and better returns many FDI's/FI's ventured in this business. For all such institutions, this not being the core business outsourcing of O&M was obvious and that brings in huge potential of 1000s of crores of business for this sector of O&M. Being very few service providers in this sector and Markolines with high credentials and one of the preferred vendors is at an advantageous position to en-cash and clock huge growth in coming years.

Our company was incorporated on November 08, 2002 and since our inception we have gradually increased our execution capabilities in terms of the size and Number of projects that we have executed. We started our business operation with a single product that was thermoplastic road marking and over the years we have transformed into a well-known Highway Operations & Maintenance (O&M) service provider in India. For example, one of the first road projects that we executed was for Larsen & Toubro Limited, in the year 2003 with a Project Cost of ₹ 97.05 Lakh, whereas the project recently awarded to us by Mumbai Metropolitan Region Development Authority, for Execution of Rehabilitation, Overlay and Microsurfacing in the State of Maharashtra in 2021 involves a Project Cost of ₹ 13,262 Lakh. In over a decade and a half, we have transitioned from a single product company to a multi-product company and aspire to be an Indian Multinational Company (MNC) in Highway Operations & Maintenance (O&M). We have, since 2002, executed over 90+ Highway Operations & Maintenance (O&M) projects. As on date of this Prospectus we have projects for Major Maintenance & Repairs of around 285.71 km of National Highways in the state of West Bengal, Maharashtra and Rajasthan. We have projects for Toll Operations, Routine Maintenance, Route Patrolling services, of managing around 943.31 km of National Highways and diversified in the state of Rajasthan, Uttar Pradesh, Maharashtra, Jharkhand, Bihar, Tamil Nadu, West Bengal and Andhra Pradesh. As of July 31, 2021 our Company has an Order Book of ₹ 27,607 Lakh. "Risk Factors no 4. Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations."

In the year 2019, we have also received and order for Laying, joining & Commissioning of DI K-9/DI K-7 Class Pipe for Raw/ Clear Water pumping feeder. Construction of Raw water treatment Plant along with Clear water sump well and clear water pump house, overhead water tanks and water distribution network at Rampur Baghelan, Satna in the state of Madhya Pradesh under policy of Chief Minister Urban Water supply scheme. We believe that our in-house integrated model and efficient project execution capabilities have enabled us to execute projects maintaining quality standards in a timely manner, (in certain cases before the stipulated timelines)

The following table sets forth certain information on the revenue contributed by our business segments, for the periods indicated:

Year	2018-2019		2019-2020		2020-2021	
	Amount	Percentage	Amount	Percentage	Amount	Percentage
Major Maintenance	7,320.17	100%	15,124.99	88.39%	12,673.08	80.35%
Toll Operations	-	-	1,985.51	11.61%	3,097.54	19.65%
Total	7,320.17	100%	17,110.51	100%	15,770.61	100%

We strongly believe in innovation and technology. We have been pioneers in introducing latest technologies and successfully delivering high quality services to all our clients. Way back in 2002 when Road marking in India was done with small hand-held machines, we then introduced extrusion technology for road marking by importing a fully automated machine which was used to mark the road in a hassle free and precise manner. The first project of Road Marking executed for Ahmedabad Vadodara became a Landmark project in terms of quality and precision. We have done the same by introducing the Microsurfacing with Fiber in India. This use of technology and our innovative approach towards our services has helped us in completing (O&M) contracts with superior quality standards within time. This has gained us expertise and edge over competitors and also has built a trust over the years among our clientele. We understand the unique needs of our customers and offer reliable services according to their need. We are committed to surpass customer expectation and achieve customer loyalty with our excellent services delivered on schedule. We adhere strictly to ethical practices to aim for 100% customer satisfaction, with integrity.

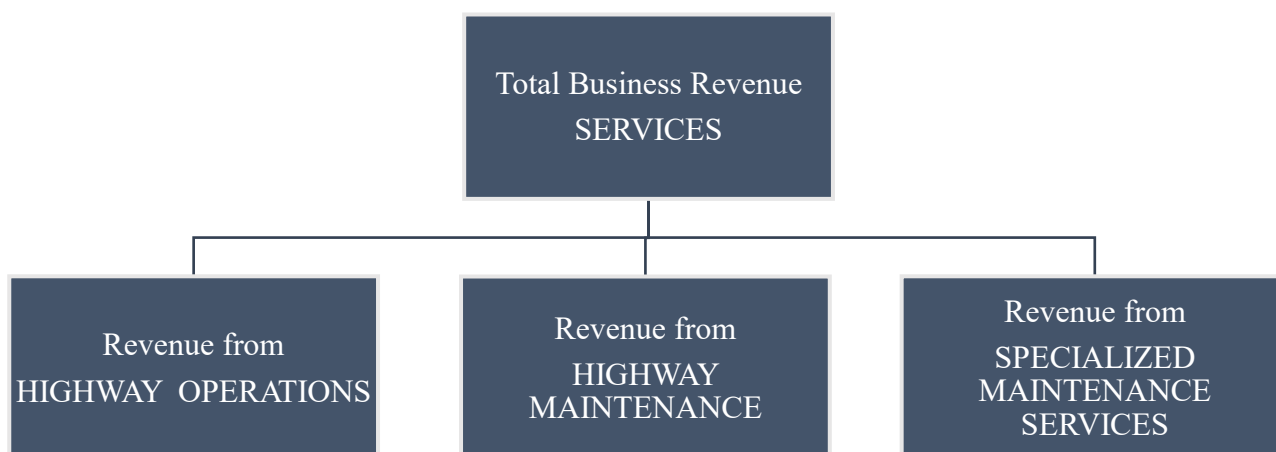

We are always committed to fulfil the requirements of our clientele according to their needs. In order to meet these requirements, we have adapted the best measures in the industry. We believe that we carry out extensive research, training and upgradation of technology to maintain the standards and quality of our services. We are providing services that ensures customer satisfaction. We believe that we have long-term and stable relationships developed over the years with our key customers through the quality of services we provide.

BUSINESS STRATEGY

Continue focusing on our Operations & Maintenance (O&M) business in Highways sector and enhancing execution efficiency

Our primary focus is to strengthen our market position in India in developing and executing O&M projects in the Highway O&M sector. Over the next few years, we will continue to focus on the operation, maintenance and development of our existing projects while seeking opportunities to expand our O&M projects in the Highways sector. We intend to capitalize on our experience and project execution expertise and continue to selectively pursue other infra segments. We believe that, given the Government's focus on improving infrastructure in India, the roads and highways infrastructure sector has high potential for growth and our experience and track record in the O&M business provides us with a competitive advantage in pursuing future opportunities. We intend to continue to focus on efficient project execution by adopting industry best practices and advanced technologies to deliver quality projects to the satisfaction of our clients.

We intend to continue to invest in modern equipment and latest technology to ensure timely, effective and efficient execution of projects. We seek to attract, train and retain qualified personnel and skilled laborers and further strengthen our workforce through more comprehensive training and provide adequate and skilled manpower to our clients. We also seek to offer our engineering and technical personnel a wide range of work experience, in-house training and learning opportunities by providing them with an opportunity to work on a variety of large, complex projects. We will continue focusing on improving our internal systems and processes and upgrade our IT systems to reduce manual intervention and improve reliability and efficiency of our business and operations. We also intend to utilize advanced technologies, designs, engineering and project management tools to increase productivity and maximize asset utilization in our activities.

Selectively expand our geographical footprint

Our Company started its operations in Gujarat and has gradually expanded in other states including West Bengal, Maharashtra, Rajasthan, Uttar Pradesh, Jharkhand, Bihar, Tamil Nadu and Andhra Pradesh, Haryana. We plan to continue our strategy of diversifying and expanding our presence in different states for the growth of our business. We are selective when we expand in a new location and typically look to geographies where we can deliver high-quality services without experiencing significant delays and interruptions on account of adverse climatic conditions or regulatory delays. We believe that our strategy of selective expansion helps us in mitigating diversification related risks.

Diversify beyond projects in the roads and highways sector by leveraging existing capabilities

While our primary focus is on Operation and Maintenance projects in highways sector, as part of our business growth strategy, we also intend to diversify in other infra sectors and have secured a large contract for executing water supply projects on turnkey basis in Madhya Pradesh. We believe that, due to the increasing levels of the Government's focus and investment in infrastructure in India, certain segments such as airport runways, and development of smart cities provide us with exciting opportunities to further develop our business and achieve higher profitability. We seek to capitalise on such opportunities in new functional areas of infrastructure development. As part of our business growth strategy, we intend to diversify into, and shall consider bidding for, projects related to maintenance of airport runways, projects related to railways and metros for Operations and maintenance (O&M). In order to mitigate the risk of over-diversification, we seek to expand in businesses that require execution skills that are similar to our existing Highways O&M business and allow us to leverage our past experience and maximize the use of our manpower, equipment for our expansion and avoid additional investment in new equipment wherever possible. Further, in new areas where we may lack experience or expertise, we may also enter into strategic alliances and joint ventures with other companies.

Strengthen Internal Systems and Continue to Focus on Technology and Operational Efficiency

Information technology is a part of almost every aspect of our operations. Our growing dependence on the IT infrastructure, applications, data management and other internal processes has caused us to have a vested interest in its reliability and functionality. We intend to strengthen our IT systems and other internal processes to reduce manual intervention, improve reliability and efficiency of our business. Given the nature of our industry, cost competitiveness is a key component of success. We believe we have low execution costs which is partly attributable to our integrated operations and investment in technologies. Further our scale of operations provides us with a significant advantage in reducing costs and sustaining our cost advantage. We also believe that operational efficiency, i.e., maintaining quality, minimizing costs and ensuring timely completion of our projects depends largely on the skill and workmanship of our employees. As competition for qualified personnel and skilled labour is increasing among Infrastructure and ancillary companies in India and as we pursue growth opportunities, we seek to attract, train and retain qualified personnel and skilled labour by increasing our focus on training our staff in basic and advanced skills and technology. We also seek to offer our engineering and technical personnel a wide range of work experience and learning opportunities by providing them with an opportunity to work on a variety of large projects.

To continue to be a key player in India's Highway Operations & Maintenance (O&M) sector.

We believe that the prospects for the Highway Operations & Maintenance (O&M) industry in India look positive with the government policy focusing on increasing investment in the infrastructure sector in India. We believe this provides tremendous business potential for an established and experienced O&M company, such as Markolines. We believe our track record in (O&M) in India will provide us with an advantage in the identification, bidding, winning, and successful execution of these projects.

Increase Brand awareness

We believe that it's critical for success to have strong brand recognition and recall value. We intend to enhance the brand recognition of our services through our presence in major cities. We also intend to focus on use of targeted marketing initiatives such as digital and print advertisements, as well as marketing through traditional channels such as outdoor advertising. Our marketing and advertising initiatives shall be directed to increase brand awareness, acquire new customers, drive customer traffic across our retail channels and strengthen our brand recall value.

Building-up as a Professional Organisation

We believe for a business to grow beyond a certain size, it needs to be run as a professional organisation. No organisation run in a promoter-centric or an unorganised manner can become a large business. We believe in transparency, commitment and coordination in our work, with all our stakeholders. We have the right blend of experienced and dynamic team and staff which takes care of our day-to-day operations. We also consult with external agencies on a case-to-case basis on technical and financial aspects of our business.

Continue to attract and retain talent

As part of our business strategy, we are focused on attracting and retaining high quality talent as we continue to expand our service offering. We have recruited and retained talented employees from a variety of backgrounds. We expect to continue to attract talented employees through our retention initiatives. We intend to invest adequate time and resources for training our employees, which we believe would foster mutual trust, improve the quality of our customer service and place further

emphasis on our continued retention.

Strategic Acquisition and Alliance Opportunities

We intend to explore and evaluate strategic acquisition and technology alliance opportunities to gain access to new clients and sectors, add new technology capabilities to our offerings that drive synergies with our existing business ventures.

OUR BUSINESS SERVICES:

Roads make a crucial contribution to economic development and growth of a nation. Well-maintained roads bring vital social benefits like providing access to employment. India's ever-widening web of roads needs smooth operation and superior maintenance, and we are here to contribute to it by offering effective and efficient management solutions in Highway Operations, Highway Maintenance, Consultancy Services.

We adopt a customer-focused approach, committed to delivering a service that directly addresses the needs of our clients and the society we work in. Our unrelenting drive to improve and our unwavering commitment towards providing our clients with best-in-class services through focus on integrity, dedication and ethics fuels our success. Our professional and dedicated team is led by commitment to deliver the best and become the most preferred company in the sector. As we move forward, we continue to keep health, safety, security and environment at the core – and these are the tenets that we do not compromise on at any time.

Our Highway Operations & Maintenance (O&M) services are briefly described below:

HIGHWAY OPERATIONS:

Highways are the vital roads that connect various regions. A perfectly running highway network is one which is well-managed and operated to deliver a safe and comfortable ride to the commuter. We offer a gamut of services to improve the performance of Highway Operations. Our solutions are designed to relieve vehicular congestion, maximise safety and boost the mobility of personal and commercial vehicles. We aspire to deliver a system that is safe, accessible and easy to navigate. Our excellent regional & cultural understanding and contingency management puts us ahead of the competition.

Services offered under Highway Operations are as follows:

1. **TOLL OPERATION:** Our team's prime objective is to collect maximum revenue by catering to maximum traffic and avoid leakages by minimising exemptions and violations. Markolines regularly imparts soft skills and toll operations training to Toll Staff to boost efficiency and save time. All our toll operations services are designed considering aspects like safety, effective traffic management and minimum vehicle processing time.
- We Ensure 24*7 operations to maintain smooth traffic flow and faster toll tax collection
 - Collect maximum revenue by catering to maximum traffic
 - Avoid leakages by minimizing exemptions and violations
 - Offer services to address safety, effective traffic management and minimum vehicle processing period
 - Impart soft skills and TMS training to Toll Collectors to boost efficiency and save time

The activities we cover under Toll Operations:

- Traffic Management
- Revenue Management

- Tolling Strategy Studies
- Staff Recruitment and Training
- Surveillance and Audit Systems
- Housekeeping Service
- MIS Reporting

Figure 1. Toll operations

2. ROUTE PATROLLING: Keeping the routes safe and obstruction-free is a vital aspect of highway operations. With the motto of prevention is better than cure, Markolines Route Patrolling Services ensure that the Highway is under round-the-clock surveillance. Our team rigorously monitors the route for encroachments, blockages, and unlawful activities. We keep an eye for any condition that can potentially disrupt services and takes adequate measures to limit and eliminate the impact. Moreover, Control Rooms manned by experienced personnel help in quick assessment of situations based on the inputs provided by our Route Patrolling Team, to avert major disruption. This helps them alert the Incident Management Team for timely action.

Under Route Patrolling, our services include:

- Highway Patrol
- Control Room & HTMS Operations
- Prevention & Removal of Obstruction /encroachment along the corridor
- Highway Asset Monitoring and Reporting
- Security Service

Figure 2. Route Patrolling

3. INCIDENT MANAGEMENT: Our Incident Management team undergoes special training to handle any untoward incident that may occur on the routes and manage it in a safe and satisfactory manner till the end. Our team attends to the incident scene in a minimal time frame and tries to restore the flow of traffic at the earliest. We provide emergency medical aid and immediate evacuation of the injured to a nearby hospital. The team also safeguards personal property, conducts accident investigations and supervises scene clearance. Our Incident Management method reduces the effects of incident-related congestion by decreasing the time to detect incidents, arrival of emergency vehicles, and resuming smooth traffic movements.

Under Incident Management our services include:

- Accident Management
- Ambulance Service Management
- Crane Service Management
- Fire Fighting Service Management

HIGHWAY MAINTENANCE:

Highways are lifelines of a nation; it is crucial to keep these in good working condition. Markolines provides a suite of maintenance services to address diverse road conditions. Weather, traffic volume and geographical conditions often impact the roads and it is important to take these factors into consideration while arriving at the right treatment. Our team of experts is experienced to handle repairs, replacements and maintenance projects, and is guided by the tenets of health, safety, security and environment (HSSE). We are updated with knowledge on the latest trends and technologies, and implement the same on our site to deliver an improved solution.

Services offered under Highway Maintenance are as follows:

1. MAJOR MAINTENANCE & REPAIRS: We undertake major maintenance and repairs of highways which covers rehabilitation, renewal or resurfacing of the assets. The complex nature of these projects involves temporary road closures and diversion during the works. Such maintenance project requires accurate planning of resources, adequate safety arrangements, advanced machinery, proper coordination, faster turnaround time and seamless traffic management. Under Major Maintenance our team designs tailor-made plans for each project and follows stringent timelines to minimise disruption time.

Our Major Maintenance activities involve:

- Pavement Milling
- Bituminous Overlay/ Resurfacing
- Repair and Rehabilitation of Pavement
- Repair/Replacement of Road Furniture like MBCB, RPM, Blinkers, and Pavement Markings etc.

Figure 4. Major Maintenance & Repairs

2. PREVENTIVE MAINTENANCE: Preventive maintenance is performed in response to triggers of deteriorating road condition that requires action before the problem gets out of hand (e.g. Microsurfacing, crack sealing, pothole patching, Rut Filling etc.). Our team is well- equipped and trained to perform the various Preventive or specialized activities such as Microsurfacing. Roads are among the most important public assets involving massive investment. We help keep the roads to the extent possible in its original condition, thus preserving the investments made on road assets.

Services managed under Preventive Maintenance:

- Microsurfacing
- Crack Sealing
- Slurry Sealing
- Fog Sealing
- Pothole Filling
- Patch Repairing
- Rut Filling

Figure 5. Preventive Maintenance

3. ROUTINE MAINTENANCE: Efficient routine maintenance keeps the road in good condition all the time and makes journeys more safe and pleasant. We take responsibility to maintain and enhance the aesthetic appeal of highways regularly by keeping it neat and operational at all times. By maintaining these vital resources, we enable convenient travel along the route. Our commitment to enhancing the travel experience for all, correct assessment of road conditions and timely delivery makes us a preferred partner.

Services managed under Routine Maintenance:

- Corridor cleaning
- Horticulture: Watering and Maintenance of median and avenue plantation
- Highway Structures and Asset Cleaning
- Repair and Rectification of highway assets
- Electrical Equipment Maintenance

Figure 6. Routine Maintenance

SPECIALIZED MAINTENANCE SERVICES:

Services offered under Specialized Maintenance Services are as follows:

1. **MICROSURFACING:** Microsurfacing is a cost-effective surface treatment for preservation and extension of life of roads. With ample technical knowledge, Markolines has ventured into Microsurfacing to execute turn-key jobs and ensure smooth journeys across India. It is an eco-friendly surface treatment used to restore and preserve the surface characteristics of the road. It is a mix of polymer modified asphalt emulsion, graded aggregate, cement, water and additives. When applied in a semi-liquid condition with specialised paving equipment, it changes chemically and sets quickly. As a result, it gives a uniform coat of cold mix dense material that allows lesser downtime, resuming traffic within two hours of laying. It is called Green Technology for infrastructure projects. By using glass fibers in Microsurfacing, we have introduced the next generation known as Microsurfacing with Suspended Fiber Technology (MS - SFT) for the first time in India. Moreover, as a step ahead Markolines has set up an exclusive Technology Centre to offer latest techniques in Microsurfacing. The Technology Centre supports the field staff for the precise technical needs of a project considering the vital aspects like condition of road, resources available & environment and delivers solutions tailor-made for it – making us the #1 in Microsurfacing in India.

Figure 7. Microsurfacing

Thousands of new road kilometres are needed and will be built over the next years to expand the network of traffic arteries in the booming economy. This requires fast-paced, reliable and economical construction processes. At the same time for the existing roads, the sub-base of roads exposed to major stresses due to heavy goods traffic is often damaged. To remedy this damage, the complete road structure must be repaired. Cold-In-Place-Recycling (CIPR) and Soil stabilization is the best solution and meet both these requirements. It has become a standard construction method on large-scale construction projects around the world. As part of pavement rehabilitation services, we undertake Cold-in-Place Recycling (CIPR)

2. COLD-IN-PLACE RECYCLING: CIPR involves removing and reusing the existing asphalt surface. It involves grinding off the top layer (up to 200mm) of the existing asphalt surface and mixing the crushed asphalt with foamed bitumen and placing it back down with a recycler and allied machinery. Our team of experts can undertake this complex and specialized activity. As described in the ARRA (Asphalt Recycling and reclaiming Association) Basic Asphalt Recycling Manual, CIR “consists of recycling asphalt pavement without the application of heat during the recycling process to produce a rehabilitated pavement. The cold-in-place process is typically performed using a “train” of equipment, which includes a water tanker, bitumen tanker, recycler, graders and rollers. We own the complete set of machinery used in the Cold-in-Place Recycling (CIPR) process. CIPR can correct deep asphalt defects such as rutting, fatigue (alligator) cracking, and utility cuts that cannot be addressed by a surface treatment or an overlay, and allows minor corrections to the profile of a road surface, reduces reflective cracking, and results in a minor inconvenience to traffic.

Advantages of Cold-In-Place Recycling:

- CIPR overlay lasts 10-15 years as compared to 5-8 years of traditional overlay (Subject to traffic and overloading)
- Shorter construction period, due to high production capacity of recycling machines
- Cost effective due to reuse as well as on site execution.
- Conserves raw materials and natural Resources.
- Conserves energy
- Reduces greenhouse gas emissions
- Work is performed with minimal traffic disruption

Figure 8. Cold-In-Place Recycling:

3. SOIL STABILIZATION converts ground of insufficient bearing capacity into soil that is highly suitable for construction of roads, airports, ports, and factories. This improves the bearing capacity, Volume stability and the

Resistance to water of the existing ground, which later forms the backbone of the new base strengthening the road pavements.

Lime Treatment reduces the soil moisture content (Drying). It reduces the plasticity of soil by aiding the compaction (Modification) and increasing early strength (Modification). It also increases the long-term strength of soil by reducing its swell potential (Stabilization).

The permeability of cement-stabilized material is greatly reduced. The result is a moisture-resistant material that is highly durable and resistant to leaching over the long term. Cement-soil Stabilization is another technique, Where Portland cement can be used to stabilize and strengthen certain type of soils.

Advantages of Soil Stabilization:

- Higher resistance (R) values
- Reduction in plasticity
- Lower permeability
- Reduction of pavement thickness
- Elimination of excavation, exporting unsuitable material and importing new materials Aids compaction

COMPETITION

In particular, we compete with other Highway (O&M) Service companies, operating in the same geographies as ours. Our competition depends on various factors, such as the type of project, total contract value, potential margins, the complexity, location of the project and risks relating to revenue generation. While service quality, technical ability, performance record, experience, health and safety records and the availability of skilled personnel are key factors in client decisions among competitors, price often is the deciding factor in most tender awards. Some of our competitors may have greater resources than those available to us. We believe that we face competition from other construction companies which operate in the same geographies as us and undertake projects in the road

Every such Company is also required to file its returns by September 30 of each assessment year.

Central Goods and Services Tax Act, 2017 (the "GST Act")

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state is levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

ENVIRONMENTAL RELATED LAWS

The Environment (Protection) Act, 1986 (the “Environment Protection Act”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to (a) prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

National Environmental Policy, 2006

The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

MARKOLINES TRAFFIC CONTROLS LIMITED provide the vision under the leadership of its Chairman and Managing Director, Mr. Sanjay Bhanudas Patil.

At the Company, the Chairman and Managing Director takes on the role of the mentor, while the onus for the successful and time bound implementation of the CSR activities/projects is on the HR Head and CSR teams.

To measure the impact of the work done, a social satisfaction survey / audit is carried out by an external agency.

Activities, setting measurable targets with timeframes and performance management:

Prior to the commencement of CSR activities/projects, we carry out a baseline study of the nearby area/villages of the Company's Site Locations.

The study encompasses various parameters such as – health indicators, literacy levels, sustainable livelihood processes, and population data – below the poverty line and above the poverty line, state of infrastructure, among others.

From the data generated, a 1-year plan and a 5-year rolling plan are developed for the holistic and integrated development of the affected people.

All activities/projects of CSR are assessed under the agreed strategy, and are monitored every quarter/year, measured against targets and budgets. Wherever necessary, midcourse corrections are made.

Budgets

A specific budget is allocated for CSR activities and spending on CSR activities shall not be less than 2% of the average net profits of the Company made during the three immediately preceding financial years, in pursuance of this policy.

In case Company fails to spend such amount, the Board shall specify the reasons for not spending the amount.

Approving authority for the CSR amount to be spent would be any one Director or the Managing Director /Chief Financial Officer of the Company after due recommendation of CSR Committee and approval of the Board of Directors of the Company.

The CSR Policy mandates that the surplus arising out of the CSR projects or programs or activities shall not form part of the business profit of a company.

The CSR projects or programs or activities undertaken in India only shall amount to CSR expenditure.

CSR expenditure shall include all expenditure including contribution to corpus, for projects or programs relating to CSR activities approved by the Board on the recommendation of the CSR Committee, but does not include any expenditure on any item not in conformity or not in line with activities which fall within the purview of Schedule VII of the Companies Act 2013.

Tax treatment of CSR spent will be in accordance with the Income Tax Act as may be notified by CBDT.

Information dissemination

The Company's engagement in this domain is disseminated on its website & annual reports.

Internal Complaints Committee

An Internal Complaints Committee is constituted for our Company by the Board to look into the matters concerning sexual harassment pursuant to resolution of the Board of Directors dated August 23, 2021. The Internal Complaints consists of the following members:

Sr. No.	Name of Director	Status in Committee	Gender
1.	Ms. Yasmin Niyaz Momin	Presiding Officer	Female
2.	Ms. Vaishali Holmukhe	Member	Female
3.	Ms. Darshana Garg	Member	Female
4.	Mr. Prashant Mohite	Member	Male

A complainant can approach any member of the committee with her written complaint.

Tenure

The President and other members of the committee shall hold office for such period, not exceeding 3 (three) years, from the date of their nomination as may be specified by the employer.

Scope

This policy is applicable to employees, workers, volunteers, probationer and trainees including those on deputation, part time, contract, working as consultants or otherwise (whether in the office premises or outside while on assignment). This policy shall be considered to be a part of the employment contract or terms of engagement of the persons in the above categories.

Where the alleged incident occurs to our employee by a third party while on a duty outside our premises, the Company shall perform all reasonable and necessary steps to support our employee.

What Constitutes Sexual Harassment?

Sexual Harassment means such unwelcome sexually determined behaviour (directly or through implication), like physical contact and advances by the employee(s) including:

1. A demand or request for sexual favours, sexually coloured remarks, showing pornography, any other unwelcome physical conduct of sexual nature, lurid stares, physical contact or molestation, stalking, sounds, display of pictures, signs;
2. Eve teasing, innuendos and taunts, physical confinement against one's will;
3. A demand or request for sexual favours, whether verbally or non-verbally, where the submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or promotion / evaluation of work thereby denying an individual equal opportunity at employment;
4. An act or conduct by a person in authority which makes the environment at workplace hostile or intimidating to a person or unreasonably interferes with the individual's privacy and productivity at work;
5. Verbal harassment of a sexual nature, such as lewd comments, sexual jokes or references, and offensive personal references; demeaning, insulting, intimidating, or sexually suggestive comments (oral or written) about an individual's personal appearance or electronically transmitted messages (Jokes, remarks, letters, phone calls);
6. Any other behaviour which an individual perceives as having sexual overtones.

Redressal Mechanism:

Once the complaint is received by the Committee:

- i. The person who is accused by the complainant will be informed that a complaint has been filed against him (he will be made aware of the details of the allegation and also the name of the complainant as it would be necessary for proper inquiry) and no unfair acts of retaliation or unethical action will be tolerated.
- ii. The complainant has the opportunity to ask for conciliation proceedings by having communication with the accused in the presence of the Committee. Please note that in such conciliation the complainant cannot demand monetary compensation.
- iii. The Committee shall provide the copies of the settlement as recorded during conciliation to the aggrieved employee and the respondent.
- iv. If the matter has been settled by conciliation but the respondent is not complying with the terms and conditions, the aggrieved party can approach the Committee for Redressal.
- v. The Committee will question both the complainant and the alleged accused separately. If required, the person who has been named as a witness will need to provide the necessary information to assist in resolving the matter satisfactorily.
- vi. The Committee shall call upon all witnesses mentioned by both the parties.
- vii. The Committee can ask for specific documents from a person if it feels that they are important for the purpose of investigation.

- viii. The complainant has the option to seek transfer or leave so that the inquiry process can continue smoothly and to prevent recurrence of similar situations or discomfort to the complainant. The leave can extend for a maximum period of 3 months. Leave granted under this provision will be paid leave and will not be counted in the number of leaves that the complainant is statutorily entitled to. The complainant may be required to work from home, if it is practicable, keeping in mind the nature of work of the complainant, health and mental condition. However, the complainant is under a good faith obligation and shall not abuse the process to request unjustifiably long periods of leave, keeping in mind the economic effects of the leave to the organization. The Committee shall have the discretion to grant leave of an appropriate duration, depending on the facts and circumstances of the case, or grant an alternate measure such as transferring the employee or the accused, as it deems fit.

Where leave is granted to the complainant, the Committee shall make best attempts to ensure speedy completion of the inquiry process and to minimize adverse economic consequences to the Company arising out of the absence of the complainant from the workplace.

- i. The complainant and the accused shall be informed of the outcome of the investigation. The investigation shall be completed within 3 months of the receipt of the complaint. If the investigation reveals that the complainant has been sexually harassed as claimed, the accused will be subjected to disciplinary action accordingly.
 - a. The report of the investigation shall be supplied to the employer (or the District Officer), the accused and the complainant within 10 days of completion of the investigation.
 - b. The employer or the District Officer will act on the recommendations of the Committee within 60 days of the receipt of the report.
- ii. The contents of the complaint made, the identity and addresses of the aggrieved employee, respondent and witnesses, any information relating to conciliation and inquiry proceedings, recommendations of the Internal Committee and the action taken by the employer shall not be published, communicated or made known to the public, press and media in any manner

Any party aggrieved by the report can prefer an appeal in the appropriate Court or Tribunal in accordance with the service rules within 90 days of the recommendation been given to the employer/ District Officer.

Disciplinary Action:

Where any misconduct is found by the Committee, appropriate disciplinary action shall be taken against the accused. Disciplinary action may include transfer, withholding promotion, suspension or even dismissal. This action shall be in addition to any legal recourse sought by the complainant.

If it is found out through evidence by the Committee that the complainant has maliciously given false complaint against the accused, disciplinary action shall be taken against the complainant as well.

Regardless of the outcome of the complaint made in good faith, the employee lodging the complaint and any person providing information or any witness, will be protected from any form of retaliation. While dealing with complaints of sexual harassment, the Committee shall ensure that the complainant or the witness are not victimized or discriminated against by the accused. Any unwarranted pressures, retaliatory or any other type of unethical behavior by the accused against the complainant while the investigation is in progress should be reported by the complainant to the Complaints Committee as soon as possible. Disciplinary action will be taken by the Committee against any such complaints which are found genuine.

This policy shall be disseminated to each employee of the Company as well as new recruits who will have to acknowledge that they have read and understood the policy and that they shall abide by the policy.

POLICY ON DISCLOSURES AND INTERNAL PROCEDURE FOR PREVENTION OF INSIDER TRADING

The provisions of Regulation 9(1) of the SEBI (Prohibition of Insider Trading) Regulations, 2015 ("SEBI PIT Regulations") will be applicable to our Company immediately upon the listing of its Equity Shares on the SME Platform of BSE Limited. NOTES FORMING PART OF FINANCIAL STATEMENTS

Annexure-IV

SIGNIFICANT ACCOUNTING POLICIES

(A) Corporate Information:

The Company was originally incorporated on November 8, 2002 vide Certificate of Incorporation bearing Registration Number 156371 issued by the Registrar of Companies, Mumbai with the name & style of MARK-O-LINE TRAFFIC CONTROLS PRIVATE LIMITED. The company changed its name to MARKOLINES TRAFFIC CONTROLS PRIVATE LIMITED with approval of Central Government and ROC dated March 12, 2018 and again company converted to public limited company and changed its name to MARKOLINES TRAFFIC CONTROLS LIMITED with approval of Central Government and ROC dated August 10, 2021. The company has passed shareholders resolution to change its name to "Markolines Pavement Technologies Limited" vide EGM dated 17th August, 2021, however the name change approval is not yet approved by ROC.

The Company is engaged in the business of providing highway operations & maintenance services. Since inception the Company has shown increasing trend in the revenues by endeavoring to reach consumers at large by providing quality products.

(B) Basis of Preparation:

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies have been consistently applied except where specifically stated in financial statement and notes to accounts of the non-conformity with the relevant Accounting Standard.

(C) Significant Accounting Policies:

(a) Use of Estimates:

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the end of the reporting period and the reported amounts of revenue and expenses during the reported period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the Carrying amounts of Assets or Liabilities in future periods.

(b) Property, Plant and equipment:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. The cost of an asset comprises of its purchase price and any directly attributable cost of bringing the assets to working condition for its intended use. Expenditure on additions, improvements and renewals is capitalized and expenditure for maintenance and repairs is charged to profit and loss account.

Depreciation is provided on Written Down value basis based on life assigned to each asset in accordance with Schedule II of the Act or as per life estimated by the Management.

An asset is treated as impaired asset when the carrying cost of the asset exceeds its recoverable value. An impairment loss is charged to the profit & loss account is identified as impaired. The impairment loss

NOTES FORMING PART OF FINANCIAL STATEMENTS

recognized in prior accounting period is reversed if there has been changed in the estimate of recoverable amount.

(c) Revenue Recognition:

Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection. Revenue from sale of goods or services are recognized on delivery of the products or services, when all significant contractual obligations have been satisfied, the property in the goods is transferred for price, significant risk and rewards of ownership are transferred to the customers and no effective ownership is retained.

In the financial statement, revenue from operation does not include Indirect taxes like sales tax and/or Goods & service tax.

(d) Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of Investments.

On disposal of investment, the difference between its carrying amount and net disposal proceeds are charged or credited to the statement of profit and loss.

(e) Inventories:

Inventory of W-I-P and Raw materials are valued at lower of cost and net realizable value. Cost is determined on FIFO basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

There is no stock of Finished goods lying with the company.

(f) Employee Benefits:

Retirement benefit in the form of provident fund is a defined contribution scheme. The contribution to the provident fund is charged to the statement of profit and loss for the year when an employee renders the related services.

During the financial years 2020-21, 2019-20 and 2018-19 gratuity payable to employees of Rs. 37,04,651/-, Rs. 22,67,077/- and Rs. 18,66,059/- respectively are provided based upon actuarial valuation report.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our Financial Statements as Restated which is included in this Prospectus. The following discussion and analysis of our financial condition and results of operations is based on our Financial Statements as Restated, as restated for the years ended March 31, 2021, 2020 and 2019 including the related notes and reports, included in this Prospectus is prepared in accordance with requirements of the Companies Act, 2013 and restated in accordance with the SEBI (ICDR) Regulations, 2018, which differ in certain material respects from IFRS, U.S. GAAP and GAAP in other countries. Our Financial Statements, as restated have been derived from our audited statutory financial statements. Accordingly, the degree to which our Financial Statements as Restated will provide meaningful information to a prospective investor in countries other than India is entirely dependent on the reader's level of familiarity with Indian GAAP, Companies Act, SEBI Regulations and other relevant accounting practices in India.

This discussion contains forward looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these Forward-Looking Statements as a result of certain factors such as those described under chapters titled "Risk Factors" and "Forward Looking Statements" beginning on pages 21 and 14, respectively of this Prospectus.

Our Financial Year ends on March 31 of each year. Accordingly, all references to a particular Financial Year are to the 12 months ended March 31 of that year.

We are a Highway Operations & Maintenance (O&M) Service providing company. We thrive to make Highway Operations & Maintenance cost effective and easier with the help of Innovation, Technology & out-of-the-box solutions. Our vast experience of 19 years in offering superior services in the Highway Operations & Maintenance (O&M) have earned us name in the (O&M) domain. Our principal business operations are broadly divided into three categories: i) Highway Operations under which we provide services like Toll operations, Route Patrolling and Incident management; ii) Highway Maintenance under which we provide services like Routine Maintenance, Preventive Maintenance and Major Maintenance & Repairs (MMR); iii) Specialized Maintenance Services under which we provide services which enhance the life and quality of road, these are Microsurfacing (MS), Base / Sub base Stabilization (FDR) and Cold In Place Recycling (CIPR).

India is a developing country & numerous new highways & express ways are the need of the hour for efficient and fast movement of material & people. Due to liberalization & reforms taken up in the year 1991, the Indian Economy has opened up & this has led to global players coming in India. As a result of this, a need for better & faster movement of goods & people was desired & this necessitated improvement in the infrastructure facilities available in India. The infrastructure development could not have been complete without development of the Highways & Expressways which are the need of the hour. Such development also requires huge funding & therefore a new concept known as PPP (Public Private Partnership) was introduced by Govt. of India. In this concept, the road development was awarded to private participants on BOT (Build Operate & Transfer) basis who are required to put in the financial funds. The concessioner had to invest and make the road at his own cost and then recover his money by collection of Toll from the commuters for certain period of time. He was also supposed to maintain the facility developed. The private players, Indian as well as global, who were in such business grabbed this opportunity & developed the highways & the express ways across the country. And obviously for recovery of their investment they were required the set up the facility for toll collection of toll from the commuters as well as maintenance of the infrastructure developed. However, since Highway operation and maintenance being a very tedious and required certain special skill sets as organization. The private players/developers whose core activity was development did not want to diversify from their core business. This sought the option of outsourcing the operation & maintenance.

This being a new sector, there were not many players having requisite knowledge & expertise to run such outsource operation.

Our company who was in the business of road marking envisaged this opportunity & ventured in this business activity Operation and maintenance of these infrastructure projects in 2009. As the same time because of its wear & tear nature of the highways, maintenance of the infrastructure developed also become mandatory. The periodic maintenance of these projects itself became one of the major activities for the various contractors.

As the time passing and maintenance of these projects becoming due and our company envisage another opportunity and decided to go in for offering complete array of maintenance services. Over the last few years, we have not only achieved huge credibility based on performance in the market but is also one of the well-known O & M operators in the country and today are one of the trusted service providers in the Highway O&M sector operating pan India basis under the Markolines Umbrella.

To keep up with trend to work with innovative and new technology, Markoline decided to go for the specialized road surfacing treatment called as Micro surfacing. This being a relatively new and cost-effective technology there is a huge potential for this business too. With the Markoline commitment, in a short span of few years of starting the operation. Our company has completed 6.6 Million SQM of Microsurfacing. Keeping up to the track record Markoline ventured into Cold In Place Recycling (CIPR) and Base / Sub base Stabilization (FDR) and has achieved experience which is unique and unmatched in India.

Subsequent to the completion of various BOT projects where the highway infrastructure was ready which needed to be re-strengthened and maintained. Realizing the potential for Monetization, Government of India came up with new model Toll Operate & Transfer (TOT), wherein the about 5/10 projects were put in the Bundle and offered for Re-strengthen and maintenance for a long period of 15/30 years.

Due to the huge requirement of Funds, Long tenure and better returns many FDI's/FI's ventured in this business. For all such institutions, this not being the core business outsourcing of O&M was obvious and that brings in huge potential of 1000s of crores of business for this sector of O&M. Being very few service providers in this sector and Markolines with high credentials and one of the preferred vendors is at an advantageous position to en-cash and clock huge growth in coming years.

Our company was incorporated on November 08, 2002 and since our inception we have gradually increased our execution capabilities in terms of the size and Number of projects that we have executed. We started our business operation with a single product that was thermoplastic road marking and over the years we have transformed into a well-known Highway Operations & Maintenance (O&M) service provider in India. For example, one of the first road projects that we executed was for Larsen & Toubro Limited, in the year 2003 with a Project Cost of ₹ 97.05 Lakh, whereas the project recently awarded to us by Mumbai Metropolitan Region Development Authority, for Execution of Rehabilitation, Overlay and Microsurfacing in the State of Maharashtra in 2021 involves a Project Cost of ₹ 13,262 Lakh. In over a decade and a half, we have transitioned from a single product company to a multi-product company and aspire to be an Indian Multinational Company (MNC) in Highway Operations & Maintenance (O&M). We have, since 2002, executed over 90+ Highway Operations & Maintenance (O&M) projects. As on date of this Prospectus we have projects for Major Maintenance & Repairs of around 285.71 km of National Highways in the state of West Bengal, Maharashtra and Rajasthan. We have projects for Toll Operations, Routine Maintenance, Route Patrolling services, of managing around 943.31 km of National Highways and diversified in the state of Rajasthan, Uttar Pradesh, Maharashtra, Jharkhand, Bihar, Tamil Nadu, West Bengal and Andhra Pradesh. As of July 31, 2021 our Company has an Order Book of ₹ 27,607 Lakh. "Risk Factors no 5. Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations." on page 158.

Our Business Model includes:

Highway Operations:

Highways are the vital roads that connect various regions. A perfectly running highway network is one which is well-managed and operated to deliver a safe and comfortable ride to the commuter. We offer a gamut of services to improve the performance of Highway Operations. Our solutions are designed to relieve vehicular congestion, maximize safety and boost the mobility of personal and commercial vehicles. We aspire to deliver a system that is safe, accessible and easy to navigate. Our excellent regional & cultural understanding and contingency management puts us ahead of the competition.

Highway Maintenance:

Highways are lifelines of a nation; it is crucial to keep these in good working condition. Markolines provides a suite of maintenance services to address diverse road conditions. Weather, traffic volume and geographical conditions often impact the roads and it is important to take these factors into consideration while arriving at the right treatment. Our team of experts is experienced to handle repairs, replacements and maintenance projects, and is guided by the tenets of health, safety, security and environment (HSSE). We are updated with knowledge on the latest trends and technologies, and implement the same on our site to deliver an improved solution.

Specialized Maintenance Services:

We have always believed in latest Technology to increase the efficiency and performance of the highways for the better experience of the ultimate user. We provide various services under specialized maintenances such as Microsurfacing, Cold In Place Recycling, Soil Stabilization and Reclaimed Asphalt Pavement (RAP)

COMPETITION:

In particular, we compete with other Highway (O&M) Service companies, operating in the same geographies as ours. Our competition depends on various factors, such as the type of project, total contract value, potential margins, the complexity, location of the project and risks relating to revenue generation. While service quality, technical ability, performance record, experience, health and safety records and the availability of skilled personnel are key factors in client decisions among competitors, price often is the deciding factor in most tender awards. Some of our competitors may have greater resources than those available to us. We believe that we face competition from other construction companies which operate in the same geographies as us and undertake projects in the road

We are a well-known Highway Operations & Maintenance (O&M) service enabling company with diversified Services portfolio.

We are one of the few Indian Highway (O&M) service enabling company in India offering complete spectrum of Highway O&M Services. We presently derive revenues from each of our Highway Operations, Highway Maintenance and Specialized Maintenance Services roads segments. We provide Highway O & M Services Pan India basis and are currently have projects across 9 states in India.

We have a proven track record for winning, developing and operating projects successfully.

We believe that we have a strong reputation in the Highway O & M domain and that we have a track record for winning projects and operating them, successfully. We believe that our ability to manage to various resources, use of Technology, collaboration with potential partners and industry experts and most importantly our research-based approach to providing solution to customers problem area puts us ahead of competition and achieve the highest customer satisfaction.

Efficient business model

Our growth is largely attributable to our performance base customer approach which involves careful identification of our projects and cost optimisation, which is a result of executing our projects with careful planning and strategy. This model has facilitated us in maximising our efficiency and increasing our profit margins. Additionally, our fleet of modern equipment ensures better control over execution and timely completion of projects. Our Company follows a strategic approach during the pre-bidding stage, which involves undertaking technical surveys and feasibility studies and analysing the technical and design parameters and the cost involved in undertaking the project. We believe that our strategic approach during the pre-bidding stage and providing customised solutions enables us not only to bid at competitive prices but helps us to successfully win projects. Once we win a bid, our focus is to ensure highest quality during the execution stage of the project, as a result of which, we believe, we are able reduce maintenance and repair costs and therefore realize higher margins during the operation and maintenance stage of the project. Through our experience of executing projects of varying sizes, we believe that we have developed internal systems and processes which help us in effective execution and management of our ongoing projects. Our experienced engineering and management teams are responsible for ensuring that we execute the project in a systematic and cost-effective manner by monitoring operational costs, administrative costs and finance costs at every stage of the project cycle and applying checks and controls to avoid any cost and time overruns.

Established brand and reputation in Highway O&M domain

We believe that our Group brand 'Markolines' is a recognizable brand in India when it comes to Highway O&M domain and is a differentiating factor for our customers. Our vast experience and proven track record help us to establish customer confidence. We also believe that our established brand and reputation has enabled and will enable us to obtain future business opportunities. We have gained significant experience and have established track record and reputation for efficient project management, execution and timely completion of projects in Highway O&M sector.

Visible growth through our growing Order Book and improved pre-qualification credentials

Our Order Book as of a particular date consists of estimated revenue from unexecuted or uncompleted portions of our ongoing projects, i.e., the total contract value of such ongoing projects as reduced by the value of work billed until such date. Our growth strategy has been focused on selecting quality projects with potentially higher margins. We believe that by expanding our operations in different geographical regions, we are able to pursue a broader range of project Bid and therefore maximize our business volume and profit margins. Based on our experience and our various unique prequalification credentials give us a leading edge over competition. Our order book has grown significantly over the last three years, from ₹ 19928.80 Lakh as of March 31, 2019, to ₹ 16443.87Lakh as of March 31, 2020 and ₹ 20081.68 Lakh as of March 31, 2021 respectively. (B) Basis of Preparation:

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies have been consistently applied except where specifically stated in financial statement and notes to accounts of the non-conformity with the relevant Accounting Standard.

(C) Significant Accounting Policies:

(a) Use of Estimates:

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the end of the reporting period and the reported amounts of revenue and expenses during the reported period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the Carrying amounts of Assets or Liabilities in future periods.

(b) Property, Plant and equipment:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. The cost of an asset comprises of its purchase price and any directly attributable cost of bringing the assets to working condition for its intended use. Expenditure on additions, improvements and renewals is capitalized and expenditure for maintenance and repairs is charged to profit and loss account.

Depreciation is provided on Written Down value basis based on life assigned to each asset in accordance with Schedule II of the Act or as per life estimated by the Management.

An asset is treated as impaired asset when the carrying cost of the asset exceeds its recoverable value. An impairment loss is charged to the profit & loss account is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been changed in the estimate of recoverable amount.

(c) Revenue Recognition:

Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection. Revenue from sale of goods or services are recognized on delivery of the products or services, when all significant contractual obligations have been satisfied, the property in the goods is transferred for price, significant risk and rewards of ownership are transferred to the customers and no effective ownership is retained.

In the financial statement, revenue from operation does not include Indirect taxes like sales tax and/or Goods & service tax.

(d) Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of Investments.

On disposal of investment, the difference between its carrying amount and net disposal proceeds are charged or credited to the statement of profit and loss.

(e) Inventories:

Inventory of W-I-P and Raw materials are valued at lower of cost and net realizable value. Cost is determined on FIFO basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

There is no stock of Finished goods lying with the company.

(f) Employee Benefits:

Retirement benefit in the form of provident fund is a defined contribution scheme. The contribution to the provident fund is charged to the statement of profit and loss for the year when an employee renders the related services.

During the financial years 2020-21, 2019-20 and 2018-19 gratuity payable to employees of Rs. 37,04,651/-, Rs. 22,67,077/- and Rs. 18,66,059/- respectively are provided based upon actuarial valuation report.

Qualitative Disclosure about Market Risk

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations and our access to funds.

Effect of Inflation

We are affected by inflation as it has an impact on the raw material cost, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

Reservations, Qualifications and Adverse Remarks

Except as disclosed in chapter titled “*Financial Statements as Restated*” beginning on page 158 of this Prospectus, there have been no reservations, qualifications and adverse remarks.

Details of Default, if any, including therein the Amount Involved, Duration of Default and Present Status, in Repayment of Statutory Dues or Repayment of Debentures or Repayment of Deposits or Repayment of Loans from any Bank or Financial Institution.

Except as disclosed in chapter titled “*Financial Statements as Restated*” beginning on page 158 of this Prospectus, there have been no defaults in payment of statutory dues or repayment of debentures and interest thereon or repayment of deposits and interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

FACTORS THAT MAY AFFECT THE RESULTS OF THE OPERATIONS

Unusual or infrequent events or transactions

There are no transactions or events, which in our best judgment, would be considered unusual or infrequent that have significantly affected operations of the Company.

Significant economic changes that materially affected or are likely to affect income from continuing operations

There are no significant economic changes that materially affected Company’s operations or are likely to affect income from continuing operations. Any slowdown in the growth of Indian economy or future volatility in global commodity prices, could affect the business including the future financial performance, shareholders’ funds and ability to implement strategy and the price of the Equity Shares.

Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations

Other than as disclosed in the chapter titled “*Risk Factors*” beginning on page 21 of this Prospectus to our knowledge, there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future changes in relationship between costs and revenues in case of events such as future increase in labour or material cost or prices that will cause material change

According to our knowledge, there are no future relationship between cost and income that would be expected to have a material adverse impact on our operations and revenues. However, increase in the cost of the goods in which the Company deals, will affect the profitability of the Company. Further, the Company may not be able to pass on the increase in prices of the services to the customers in full and this can be offset through cost reduction.

The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased prices

The increase in revenue is by and large linked to increase in volume of all the activities carried out by the Company.

Total turnover of each major industry segment in which the Issuer Company operates

Our Company is primarily engaged in the business of software development and providing educational services.

Relevant industry data, as available, has been included in the chapter titled “*Industry Overview*” beginning on page 78 of this Prospectus.

Any significant dependence on a single or few suppliers or customers

The % of Contribution of our Company’s customer and supplier vis-a-vis the revenue from operations and expenses respectively as on March 31, 2021 is as follows:

Particulars	Customers	Suppliers
Top 5 (%)	87.00	58.00
Top 10 (%)	96.00	74.00

Competitive Conditions

We have competition with Indian and international financial service providing companies and our results of operations could be affected by competition in the financial services industry in India and international market in the future. We expect competition to intensify due to possible new entrants in the market, existing competitors further expanding their operations and our entry into new markets where we may compete with well-established unorganized companies/ entities. This we believe may impact our financial condition and operations. For details, please refer to the chapter titled “*Risk Factors*” beginning on page 21 of this Prospectus.

Increase in income

Increases in our income are due to the factors described above in in this chapter under “*Factors Affecting Our Results of Operations*” and chapter titled “*Risk Factors*” beginning on page 21 of this Prospectus.

Status of any Publicly Announced New Business Segments

Except as disclosed elsewhere in the Prospectus, we have not announced and do not expect to announce in the near future any new business segments.

OTHER MATTERS BASED ON THE MATERIALITY POLICY OF THE COMPANY

1. Markolines Traffic Controls Private Limited VS Sion-Panvel Tollways Private Limited

Our company is the operational creditor who has sent a demand notice under Section 8(1) of the Insolvency and Bankruptcy Code, 2016 for an amount of Rs 39,34,445 (Rupees Thirty-Nine Lakh Thirty-Four Thousand Four Hundred Forty-Five Thirty Only). Our Company was appointed as a contractor for carrying out the toll collection operations at Sion Panvel Highway and had raised invoices for the payment towards the work performed by them which were neither fully realized nor in time. A legal notice was issued for recovery of the amount due and interest to which the corporate debtor issued a formal reply notice agreeing to reconcile the accounts and settle the dispute. Thereafter, in January 2018, corporate debtor sent reconciled statements admitting the amount of Rs 24,67,316 (Rupees Twenty-Four Lakh Sixty-Seven Thousand Three Hundred Sixteen Only) as being due and payable. However, the said amount was still not paid. The said matter is pending before Hon'ble National Company Law Tribunal, Mumbai Bench.

2. Markolines Traffic Controls Pvt. Ltd V. Damoh-Jabalpur Toll Roads Limited

Our Company has filed an application in National Company Law Tribunal by invoking Section 8 and 9 of the Insolvency and Bankruptcy Code, 2016 against the respondent company, Damoh-Jabalpur Toll Roads Limited for non-payment of our dues for the work of road maintenance services. Our company had sent a legal notice on November 21, 2017, demanding an amount of Rs. 1,33,73,325 (Rupees One Crore Thirty-Three Lakh Seventy-Three Thousand Three Hundred Twenty-Five Only) inclusive of interest. The respondents then replied to this notice denying the amount due and any interest which was payable. On January 18, 2018, via email the parties reconciled, and the respondents admitted that only an amount of Rs. 1,06,02,401 (Rupees One Crore Six Lakh Two Thousand Four Hundred One Only) was due from their side however they still did not pay the same. The Hon'ble National Company Law Tribunal, Mumbai Bench held that there is a default committed by the Damoh-Jabalpur Toll Roads Limited in repayment of debt to our Company. The said matter is pending before the Hon'ble Tribunal.

3. Markolines Traffic Controls Private Limited. Vs Western MP Infrastructure & Toll Roads Private Limited

Our Company has filed a claim on May 10, 2019 under Section 23 of the Arbitration & Conciliation Act, 1996 for payment of Rs. 13,64,71,782 (Rupees Thirteen Crores Sixty-Four Lakh Seventy-One Thousand Seven Hundred Eighty-Two Only) against the respondent i.e. Western MP Infrastructure & Toll Roads Private Limited. A work order dated December 4, 2015 was issued by the Respondent to our Company and a revised work order was also issued on June 21, 2016 bearing no. 501216170012 and thereafter a termination notice was issued against our Company. Later, our Company filed an Application under Section 9 of the Arbitration and Conciliation Act, 1996 before the Hon'ble District Court, Ratlam, Madhya Pradesh against the Respondents and for appointment of an Arbitrator. On March 1, 2019 the High Court appointed a sole Arbitrator. As such the matter is pending before the High Court for the re-appointment of Arbitrator.

The time for applying for Retail Individual Investors on Issue Closing Date maybe extended in consultation with the Lead Manager, Registrar and Share Transfer Agent and SME platform of BSE Limited taking into account the total number of Applications received up to the closure of timings.

Due to the limitation of time available for uploading the Application Forms on the Issue Closing Date, Applicants are advised to submit their applications 1 day prior to the Issue Closing Date and, in any case, not later than 3:00 p.m. (IST) on the Issue Closing Date. Any time mentioned in this Prospectus is IST. Applicants are cautioned that, in the event a large number of Application Forms are received on the Issue Closing Date, as is typically experienced in public issue, some Application Forms may not get uploaded due to the lack of sufficient time. Such Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday

to Friday (excluding any public holidays). Neither our Company nor the Lead Manager is liable for any failure in uploading the Application Forms due to faults in any software/ hardware system or otherwise.

In accordance with ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application Amount) at any stage. Retail Individual Investors can revise or withdraw their Application Forms prior to the Issue Closing Date. Allocation to Retail Individual Investors, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Application Form, for a particular Applicant, the details as per the file received from SME platform of BSE Limited may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Minimum Subscription

In accordance with Regulation 260(1) of ICDR Regulations, this Issue is 100% underwritten, so this Issue is not restricted to any minimum subscription level.

As per section 39 of the new Companies Act, if the “stated minimum amount” has not been subscribed and the sum payable on Application is not received within a period of 30 days from the date of Prospectus, the Application Amount has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of 100% of the Issue through this Offer document including devolvement of Underwriters, our Company shall forthwith unblock the entire subscription amount received. If there is a delay beyond 8 days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable law.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for Disposal of Odd Lots

The trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261 (5) of the ICDR Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the SME platform of BSE.

Application by Eligible NRIs, FPIs/ FIIs Registered with SEBI, VCFs Registered with SEBI and Eligible QFIs

It is to be understood that there is no reservation for Eligible NRIs or FPIs/ FIIs registered with SEBI or VCFs or Eligible QFIs. Such Eligible NRIs, Eligible QFIs, FIIs registered with SEBI will be treated on the same basis with other categories for the purpose of allocation.

NRIs, FPIs/ FIIs and foreign venture capital investors registered with SEBI are permitted to purchase shares of an Indian company in a public issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents. The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment (“FDI”) Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/ or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/ RBI while granting such approvals.

As per the Extant Policy of the Government of India, OCBs cannot Participate in this Issue.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 03, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for Equity Share allocation.

Restrictions on Transfer and Transmission of Shares or Debentures and on their Consolidation or Splitting

Except for lock-in of the pre-issue Equity Shares and Promoter minimum contribution in the Issue as detailed in the Section titled, '*Capital Structure*', beginning on page 52 of this Prospectus, and except as provided in the AoA of our Company, there are no restrictions on transfer and transmission and on their consolidation/ splitting of Equity Shares. For further details, please refer to the Section titled, '*Main Provisions of the Articles of Association*', beginning on page 234 of this Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the Lead Manager are not liable to inform the Applicants of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

Allotment of Equity Shares in Dematerialized Form

In accordance with the ICDR Regulations, Allotment of Equity Shares to successful Applicants will only be in the dematerialized form. Applicants will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only on the dematerialized segment of the Stock Exchange.

Migration to Main Board

BSE Circular dated March 10, 2014, our Company will have to be mandatorily listed and traded on the SME Platform of BSE Limited for a minimum period of two years from the date of listing and only after that it can migrate to the Main Board of the BSE as per the guidelines specified by SEBI and as per the procedures laid down under Chapter IX of the SEBI (ICDR) Regulations, 2018.

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018, our Company may migrate to the main board of BSE from the SME Platform of BSE Limited on a later date subject to the following:

- If the Paid-up Capital of the Company is likely to increase above Rs.25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the Company has obtained in-principal approval from the main board), we shall have to apply to BSE for listing our shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.
- If the Paid-up Capital of the Company is more than Rs.10 crores but below Rs. 25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

ISSUE PROCEDURE

All Applicants should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular SEBI/HO/CFD/DIL2/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the “General Information Document”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the Securities contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957, and the SEBI ICDR Regulations. The General Information Document is available on the websites of the Stock Exchange and the LM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, especially in relation to the process for Applications by Retail Individual Bidders through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/on or after May1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Prospectus

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Issue Closing Date, the Applicant shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days

Our Company and Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and is not liable for any amendment, modification or change in the applicable law, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that their application are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus and the Prospectus.

This section applies to all the Applicants, please note that all the Applicants are required to make payment of the full Application Amount along with the Application Form. Further, the Company and the LM are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019, circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 and circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (collectively the “**UPI Circulars**”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three working days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI payment mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

Retail Individual Investors submitting their application form to any Designated Intermediaries (other than SCSBs) failed to mention UPI ID are liable to be rejected. Retail Individual Investors may also apply through the SCSBs and mobile applications using the UPI handles as provided on the website of the SEBI.

ASBA Applicants shall ensure that the Applications are made on Application Forms bearing the stamp of the Designated Intermediary, submitted at the Collection Centres only (except in case of Electronic Application Forms) and the Application Forms not bearing such specified stamp are liable to be rejected.

The prescribed colour of the Application Form for various categories is as follows:

Category	Colour ⁽¹⁾
Resident Indians and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents and Eligible NRIs, FIIs, FVCIs, etc. applying on a repatriation basis	Blue

⁽¹⁾ *Excluding electronic Application Form*

Designated Intermediaries (other than SCSBs) shall submit / deliver the Application Form (except the Application Form from a RII bidding using the UPI Mechanism) to the respective SCSB, where the Applicant has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchange. Stock Exchange shall validate the electronic bids with the records of the CDP for DP ID / Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchange. Stock Exchange shall allow modification of either DP ID / Client ID or PAN ID, bank code and location code in the Application details already uploaded

For RIIs using UPI Mechanism, the Stock Exchange shall share the Application details (including UPI ID) with Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIIs for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to RIIs, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchange applying platform, and the liability to compensate RIIs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions / investor complaints to the Sponsor Banks and the Bankers to the Issue. The LM shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analysing the same and fixing liability.

Electronic registration of Applications

The Designated Intermediary may register the Applications using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Issue on a regular basis before the closure of the Issue.

On the Issue Closing Date, the Designated Intermediaries may upload the Applications till such time as may be permitted by the Stock Exchanges and as disclosed in the Prospectus.

Only Applications that are uploaded on the Stock Exchanges Platform are considered for allocation / Allotment. The Designated Intermediaries are given till 1:00 pm on the next working day following the Issue Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Issue Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws in the United States. Accordingly, the Equity Shares are being offered and sold outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Who Can Apply?

In addition to the category of Applicants set forth in the General Information Document, the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines:

- Scientific and / or industrial research organizations in India, which are authorised to invest in equity shares; and

The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Applications by HUFs may be considered at par with Applications from individuals.

APPLICATION BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Applicant applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB or should confirm / accept the UPI Mandate Request (in case of RIIs using the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRI Applicant applying on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm / accept the UPI Mandate Request (in case of RIIs applying using the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Application Amount, at the time of the submission of the Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA regulations. NRIs applying in the Issue through the UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such Application.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour).

For details of investment by NRIs, see "*Restrictions in Foreign Ownership of Indian Securities*" on page 233 of this Prospectus. Participation of eligible NRIs shall be subject to NDI Rules

APPLICATION BY INDIAN PUBLIC INCLUDING ELIGIBLE NRIs APPLYING ON NON-REPATRIATION

Application must be made only in the names of individuals, limited companies or statutory corporations / institutions and not in the names of minors (other than minor having valid depository accounts as per demographic details provided by the depository), foreign nationals, non-residents (except for those applying on non-repatriation), trusts, (unless the trust is registered under the Societies Registration Act, 1860 or any other applicable trust laws and is authorized under its constitution to hold shares and debentures in a company), Hindu Undivided Families (HUF), partnership firms or their nominees. In case of HUFs, application shall be made by the Karta of the HUF.

Eligible NRIs applying on a non-repatriation basis may make payments by inward remittance in foreign exchange through normal banking channels or by debits to NRE / FCNR accounts as well as NRO accounts.

An applicant in the Net Public Category cannot make an application for that number of Equity Shares exceeding the number of Equity Shares offered to the public.

APPLICATION BY FPI

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by each FPI shall be less than

10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs could be up to 100%, being the sectoral cap, of the paid-up Equity Share capital of our Company on a fully diluted basis.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any Application without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Application Form for Non-Residents (blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“MIM Structure”), provided such Applications have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Applications received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications are liable to be rejected. Further, in the following cases, the Applications by FPIs will not be considered as multiple Applications: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level / sub fund level where a collective investment scheme or fund has multiple investment strategies / sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules

APPLICATION BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS (VCF) AND FOREIGN VENTURE CAPITAL INVESTORS (FVCI)

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of their investible funds in one investee company. A category III AIF cannot invest more than 10% of their investible funds in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of their investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

Participation of AIFs, VCFs and FVCIs was subject to the FEMA Rules

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company in consultation with the Lead Manager reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers prescribed in Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 ("IRDAI Investment Regulations") are set forth below:

- a. Equity shares of a company: the lower of 10% ⁽¹⁾ of the investee company's outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or a reinsurer;
- b. The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or a reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c. The industry sector in which the investee company operates: not more than 15% of the respective fund of a life insurer or a reinsurer or health insurer or general insurance or 15% of the investment assets, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) or (iii) above, as the case may be.

** The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 500,000 million or more but less than ₹ 2,500,000 million.*

Insurer companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by the IRDA from time to time including the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (“**IRDA Investment Regulations**”).

APPLICATION BY PROVIDENT FUNDS / PENSION FUNDS

In case of applications made by provident funds / pension funds, subject to applicable laws, with minimum corpus of ₹ 25 Crores, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund / pension fund must be attached to the Application Form. Failing this, the Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY BANKING COMPANIES

In case of Applications made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company’s investment committee are required to be attached to the Application Form, failing which our Company in consultation with the LM, reserve the right to reject any Application without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("Banking Regulation Act"), and the Reserve Bank of India ("Financial Services provided by Banks") Directions, 2016, as amended is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks ‘interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company’s paid up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the investee company’s paid-up share capital and reserves.

APPLICATION BY SYSTEMICALLY IMPORTANT NON-BANKING FINANCIAL COMPANIES

In case of Applications made by systemically important non-banking financial companies registered with RBI, a certified copy of the certificate of registration issued by the RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor(s), and such other approval as may be required by the Systemically Important NBFCs must be attached to the Application Form. Failing this, our Company in consultation with the LM, reserves the right to reject any Application, without assigning any reason thereof. Systemically Important Non-Banking Financial Companies participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

APPLICATIONS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013 issued by SEBI. Such SCSBS are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Failing this, our Company in consultation with the LM, reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof. Our Company in consultation with the LM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form, subject to such terms and conditions that our Company in consultation with the LM, may deem fit.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure any single Application from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in the Draft Prospectus or the Prospectus

In accordance with RBI regulations, OCBs cannot participate in the Issue.

Information for the Applicants

In addition to the instructions provided to the Applicants in the *General Information Document for Investing in Public Issues*, Applicants are requested to note the following additional information in relation to the Issue.

1. The Issue Period shall be for a minimum of three Working Days and shall not exceed ten working days. The Issue Period may be extended, if required, by an additional three working days, subject to the total Issue Period not exceeding ten working days
2. The relevant Designated Intermediary will enter each Application into the electronic bidding system as a separate Application and generate an acknowledgement slip (“**Acknowledgement Slip**”), for each price and demand option and give the same to the Applicant. Therefore, an Applicant can receive up to three Acknowledgement Slips for each Application Form. It is the Applicant’s responsibility to obtain the TRS from the relevant Designated Intermediary. The registration of the Application by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated / allotted. Such Acknowledgement will be non-negotiable and by itself will not create any obligation of any kind. When an Applicant revises his or her Application (in case of revision in the Price), he / she shall surrender the earlier Acknowledgement Slip and may request for a revised TRS from the relevant Designated Intermediary as proof of his or her having revised the previous Application.
3. In relation to electronic registration of Applications, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and / or the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Prospectus or the Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.
4. In the event of an upward revision in the Price, Retail Individual Applicants could either (i) revise their Application or (ii) shall make additional payment based on the revised Price (such that the total amount i.e., original Application Amount plus additional payment does not exceed ₹ 2 Lakh. The revised Applications must be submitted to the same Designated Intermediary to whom the original Application was submitted. If the total amount (i.e., the original Application Amount plus additional payment) exceeds ₹ 2 Lakh, the Applicant will be considered for allocation under the Non-Institutional Portion. If, however, the Retail Individual Applicant does not either revise the Application or make additional payment the number of Equity Shares applied for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the Retail Individual Applicant and the Retail Individual Applicant is deemed to have approved such revised Application.
5. In the event of a downward revision in the Price, Retail Individual Applicant may revise their application; otherwise, the excess amount paid at the time of Application would be unblocked after Allotment is finalised.
6. Any revision of the Application shall be accompanied by instructions to block the incremental amount, if any, to be paid on account of the upward revision of the Application.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

- 3) Details of all unutilized monies out of the Fresh Issue, if any shall be disclosed under the appropriate separate head in the balance sheet indicating the form in which such unutilized monies have been invested.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The responsibility of granting approval for foreign investment under the Consolidated FDI Policy and FEMA has been entrusted to the concerned ministries / departments

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry (formerly Department of Industrial Policy and Promotion), Government of India (“DPIIT”) issued the Consolidated FDI Policy, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. Up to 100% foreign investment under the automatic route is currently permitted in the sector of “Manufacturing”, which includes manufacture of cement and concrete products.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that: (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations, (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI policy, and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction / purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Each Applicant should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold (i) outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur; and (ii) to “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act), pursuant to the private placement exemption set out in Section 4(a) of the U.S. Securities Act.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. (i) Any sum which by the terms of issue of share become payable on allotment or at any fixed date, whether on account of the nominal value of shares or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of call duly made and notified.

18. The Board-

(a) may, if it thinks, fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the member paying the sum in advance.

TRANSFER OF SHARES

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 decline to register-

- a) the transfer of a share, not being fully paid share, to a person of whom they do not approve; or
- b) any transfer of shares on which the company has a lien.

21. The Board may decline any instrument to transfer unless-

- a) the instrument of transfer is in such form as prescribed in rules made under sub-section (1) of section 56.
- b) the instrument of transfer is accompanied by the certificate of shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- c) the instrument of transfer is in respect of only one class of shares

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. (i) On the death of any member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or his legal representatives where he was a sole holder, shall be the only person recognised by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of the deceased joint holder from any liability in respect of any share which had been jointly held by him with other person.

24. (i) Any person becoming entitled to a share in consequence of death, insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject hereinafter provided, elect, either-

- (a) to be registered himself as holder of the share; or
- (b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the shares before death or his insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer as signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may at any time, give notice requiring any such person either to be registered himself or to transfer, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or monies payable in respect of the share, until the requirements of the notice have been complied with.

27. In case of a One Person Company-

- (i) on the death of the sole member, the person nominated by such member shall be the person recognized by the company as having title to all the shares of the member;
- (ii) the nominee on becoming entitled to such shares in case of members' death shall be informed of such event by the Board of the company
- (iii) such nominee shall be entitled to the same dividends and other rights and liabilities to which the sole member of the company was entitled or liable;
- (iv) on becoming member, such nominee shall nominate such other person with the prior consent of such member who, shall in the event of the event of the member, become the member of the company.

FORFEITURE OF SHARES

28. If a member fails to pay any call, or installment of a call, on the date appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
29. The notice aforesaid shall-
- (a) name a further day (not being earlier than expiry of fourteen days from the date of service of notice) on or before such payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day named, the shares in respect of which call is made shall be liable to be forfeited.
30. If the requirements of any notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
31. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
32. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all the monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
- 33.(i) A duly verified declaration in writing that declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all person claiming to be entitled to the share;
- (ii) The company may receive consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposal of;
- (iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share

34. The provisions of these regulations as to forfeiture shall apply in case of non-payment of any sum which, by the terms of issue of share, become payable at fixed time, whether on account of nominal value of share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

35. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

36. Subject to the provision of section 61, the company may, by ordinary resolution-

- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum
- (d) cancel any share which, at the date of passing of the resolution, have not been taken or agreed to be taken by any person

37. Where shares are converted into stock-

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulation under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of shares from which the stock arose

(b) the holders of stock shall, according to the amount of stock held by them, have rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privileges or advantages (except in the participation of dividends and profits of the company and in the assets of the winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.

38. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law-

- (a) its share capital;
- (b) any capital redemption reserve account
- (c) any share premium account

CAPITALISATION OF PROFITS

39. (i) The company in a general meeting may, upon the recommendations of the Board, resolve-

- (a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserves accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
- (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have entitled thereto, if distributed by way of dividend and in same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause

(iii), either in or towards-

- (A) Paying up any amounts for the time being unpaid on any shares held by such shares respectively;
- (B) Paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
- (C) Partly in the way specified under clause (A) and partly in that specified in clause (B)
- (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares.
- (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

40. (i) Whenever such resolution as aforesaid shall have been passed, the Board shall-

(a) make all the appropriations and applications of the unpaid profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and

(b) generally do all acts and things required to give effect thereto

(ii) The Board shall have power-

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions;

(b) to authorize any person to enter, on behalf of all members entitled thereto, into an agreement with the company providing for allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportion of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares:

(iii) Any agreement made under such authority shall be effective and binding on such members

BUY-BACK OF SHARES

41. Notwithstanding anything contained in these articles but subject to the provisions of section 68 to 70 and other applicable provisions of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS OF THE BOARD

42. All general meetings other than the annual general meeting shall be called extra-ordinary general meeting.

43. (i) The Board may, whenever it thinks fit, call an extra ordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or two members of the company may call an extra ordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

PROCEEDINGS AT GENERAL MEETINGS

44. (i) No business shall be transacted at any general meetings unless a quorum of members is present at the time when meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103

45. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

46. If there is no Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as a chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

47. If at any meeting no director is willing to act as a Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

48. In case of One Person Company-

- i) the resolution required to be passed at the general meetings of the company shall be deemed to have been passed if the resolution is agreed upon by the sole member and communicated to the company and entered in the minutes book maintained under section 118
- ii) such minutes book shall be signed and dated by the member;
- iii) the resolution shall become effective from the date of signing such minutes by the sole member.

ADJOURNMENT OF MEETING

49. (i) The Chairperson may, with the consent of any meeting at which quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

50. Subject to any rights or restrictions for the time being attached to any class or class of shares-

(a) on show of hands, every member present in person shall have one vote; and

(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

51. Any member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

52. (i) In case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

53. Any member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

54. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

56. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power of attorney, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in case of a poll, not less than 24 hours before the time appointed for taking of the poll; and in default the instrument of proxy shall not be treated as valid.
58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
59. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company as its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

 - (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote
- 69. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
- 70. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
 - (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors may choose one of their member to be Chairperson of the meeting.
- 71. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
 - (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
- 72. (i) A committee may elect a Chairperson of its meetings.
 - (ii) If no such Chairperson is elected, or if a meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
- 73. (i) A committee may meet and adjourn as it thinks fit.
 - (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes by the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
- 74. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there were some defect in the appointment of any or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
- 75. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if had been passed at a meeting of the Board or committee, duly convened and held.
- 76. In case of One Person Company-
 - (i) where the company is having only one director, all the businesses to be transacted at the meeting of the Board shall be entered into minutes book maintained under section 118;
 - (ii) such minutes book shall be signed and dated by the director;
 - (iii) the resolution shall become effective from the date of signing such minutes by the director.

CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER

77. Subject to the provisions of the Act-

- (i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board.
- (ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

78. A provision of the Act of these regulations requiring or authorizing a thing to be done or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

79. (i) The Board shall provide for the safe custody of the seal.

- (ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of at least two directors and of secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or such other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVES

80. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

81. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

82. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

- (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as reserve.

83. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any shares in the company, dividends may be declared and paid according to the amounts of shares.

- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

- (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

84. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

85. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through post directed to the registered address of the holder or, in the case of joint holders, to the registered address

of that one of the joint holders who is first named on the first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

86. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share,

87. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

88. No dividend shall bear interest against the company.

ACCOUNTS

89.(i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

WINDING UP

90. Subject to the provisions of Chapter XX of the Act and rules made thereunder-

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

91. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
